66TH YEAR, NO. 7

CULVER, INDIANA, WEDNESDAY, FEBRUARY 17, 1960

TEN CENTS

By Al Spiers

A Million-Dollar Hoosier Fraud — Almost!

EARLY IN 1944 a neat, business-like man of 50 presented for new-account deposit an \$8,541.22 check to a Louisville bank executive.

The check, plainly valid, was drawn on a big Evansville aviation firm, payable to the Waycross Electrical Co., Indianapolis.

"My name's Braxton," the depositor said. "I own Waycross. We're opening branches in Louisville and Evansville soon."

On request, he named his firm's Indianapolis bank, then casually added, "There's no hurry. We won't use the account until our branches open. Notify me by mail when you've verified the check. Our temporary address is P.O. Box 763, Evansville."

THE CHECK WAS GOOD, the transaction common. The bank couldn't lose. Yet something about the smooth, pat deal troubled the banker. Maybe it was the postal address.

More curious than suspicious, he phoned the depositor's Indianapolis bank. No Waycross account.

"Humm," the banker mused, and phoned the aviation firm across the river in Indiana. "Thanks — we'll check," said a top executive.

THE EXECUTIVE CHECKED. Purchasing said, "We never heard of Waycross." But accounting reported, "Yes, we have a Waycross file and it's in perfect shape — purchase order, invoices, shipping receipts, the works."

Wisely, the executive called the FBI.

Thus did a banker's intuitive hunch and some hard, fast FBI sleuthing snag a slick, near-perfect fraud scheme that in two more months might have netted a cool million without leaving a scrap of evidence.

CORPORATE FRAUDS are usually complex, hard to detect and harder to prove — one reason why many FBI agents are trained accountants.

Two such agents sped to the aviation firm to ascertain: 1. Was there a fraud? 2. Was Uncle Sam owed?

FROM FILES AND LEDGERS emerged two big yesses.

The fraud was a beaut — 14 fake pay-outs to eight fictitious firms, all documented with forged forms, perfectly signed and stamped. Checks totaling \$226,350 had been mailed to addresses in Louisville, Chicago, St. Louis and Indianapolis. Uncle Sam had reimbursed the cost-plus firm for at least one. That made it a clear-cut FBI case.

Obviously, the schemers knew intimately the firm's auditing procedures. It had to be an inside (Continued on Page 15)

The Old Timer

"Many a boy is the kind of kid his mother wouldn't want him to play with."

Strong Candidate

DR. OTIS R. BOWEN

"Good Sport" To Try For Political Comeback

Dr. Otis R. Bowen Again To Run For Legislature

Lost In '58 By Only 4 Votes!

Best political news of the week is that Otis R. Bowen, M. D., of Bremen, has agreed to seek to regain his former seat in the State Legislature as Representative from Marshall County.

Dr. Bowen, who made such an outstanding record in the General Assembly from 1957 to 1958, lost his bid for re-election by just 4 votes, far out-distancing all of his fellow Republican running mates by several hundred votes.

Refused To Demand Recount
Dr. Bowen, a firm believer in good sportsmanship, refused to demand a recount — a legal procedure that might easily have turned the tide in his favor inasmuch as only 4 votes separated the Democrat winner from the loser.

The Culver Citizen believes that Dr. Bowen was one of the best qualified and most conscientious State Representatives in Marshall County history. Accordingly, it will enthusiastically support him in both the Republican primary and in the general election in November.

ACADEMY CHAPEL CHOIR WILL SING TWICE AT SOUTH BEND SUNDAY

The Culver Military Academy Chapel Choir will sing Sunday at the 9 and 10:50 a.m. services of the First Presbyterian Church of South Bend.

At the services the Choir will sing two anthems — "Laudate Nomen Domini," by Christopher Tye and "Hallelujah, Amen," by George Friedrich Handel, from the oratorio "Judas Macabbeus," and an introit and several prayer responses.

Members of the group that will sing in South Bend come from 11 states and the District of Columbia. They represent several religious faiths.

The group of 40, selected from the 60 members of the Chapel Choir by Choirmaster Claude Zetty, is making the first of five appearances it has scheduled this spring throughout the East and Midwest.

HAROLD ROBINSON IN PARKVIEW HOSPITAL

Harold Robinson was admitted to Parkview Hospital at Plymouth on Tuesday morning for observation and treatment.

SEASON'S LAST GAME

This Friday night Culver plays its last game before the tournament with Lakeville. The game

General Motors' Science Show Hailed By Lions

Delco-Remy Program Terrific

General Motors Corporation's Delco-Remy Division at Anderson on Feb. 10, without a penny of expense, provided a Ladies' Night program at the Culver Lions Club that has never been excelled in the organization's history.

In charge of the magnificent and enlightening traveling science show, "Engineering — The Key To Progress," was Fred M. Mullen of Delco-Remy's outstanding public relations staff.

First Culver Astronaut!
Clarence W. Epley Jr. added greatly to the entertainment after he was "drafted" by Mr. Mullen to assist him as a spaceman on his first rocket trip.

The science show, in its first Indiana performance for 1960, was so enthusiastically received that both Culver school and Academy officials are discussing the possibility of a return engagement this spring in the Epley Auditorium for both groups.

RETURNS FROM HOSPITAL

Elgie Good returned home on Tuesday, Feb. 9, from Parkview Hospital, Plymouth, where he underwent surgery on Friday, Feb. 5. He is getting along very satisfactorily.

WILLIAM H. FRANKLIN, FORMER COUNTY SHERIFF, DIES AT AGE 94

Culver friends of William H. Franklin of Bremen were sorry to learn of his recent death at age 94.

Mr. Franklin was a highly respected sheriff of Marshall County for two terms and was an ardent Republican.

State Senator D. Russell Bontrager of Elkhart, one of the (Continued on Page 2)

Lions Will Host Big Convention Here April 24

1,000 Expected From 52 Clubs

EARL DEAN OVERMYER
Convention Chairman

Robert Cultice, president of the Culver Lions Club, and Earl Dean Overmyer, former district governor of Lions International, told The Citizen last evening that final plans are rapidly shaping up for a huge Lions convention in Culver on Sunday, April 24.

An attendance of at least 1,000 is expected from the 52 Lions Clubs which comprise District 25G of the famed service club organization. Seven Hoosier counties are expected to send large delegations of members and their wives: St. Joseph, Elkhart, Kosciusko, Fulton, Miami, Wabash, and Marshall.

Culver Military Academy, in another fine gesture of helpful community relations, will turn over its \$1.6 million Epley Auditorium for the convention sessions and will give the big throng the thrill of attending the banquet in the Dining Hall. Maj. Gen. Delmar T. Spivey, Admiral John W. Bays, and Col. Judd T. Stinchcomb compose the Academy committee on arrangements. A special garrison parade of the corps of cadets has been scheduled for the visitors.

Mr. Overmyer is general chairman. Norman Kelly heads the Registration Committee, and Chester W. Cleveland will handle the publicity. Other appointments will follow shortly.

The convention program will start at 1:30 p.m. and continue through the evening.

DONALD MIKESSELL CHAIRMAN OF ANNUAL SWEETHEART BALL

Donald Mikesell, senior attending Ball State Teachers College, was chairman of band for the annual Blue Key Sweetheart Ball Saturday, Feb. 13. Mikesell is the son of Mr. and Mrs. Don Mikesell, 611 School St., Culver. He is a secondary education major specializing in health and physical education for men. He is a member of Theta Chi social fraternity and Blue Key service organization.

SATURDAY'S FIRE ALARM

The Culver Volunteer Fire Department was called to the Academy Apartment in the former K. K. Culver cottage on East Shore Drive at 1 p.m. on Saturday, where an overheated water heater caused a chimney fire filling the attic with smoke.

ACADEMY PRESENTATION

The faculty playreading group at the Academy will present the reading of a play by Dylan Thomas, "Under Milkwood," Friday at 8:15 p.m. in Epley Auditorium. There is no admission charge.

All kinds of office supplies on

First in Peace ...

Courtesy John Hancock Mutual Life Insurance Company

He was a big, sturdy man... no longer young... and tired by six hard years of war. Now they were offering him a new job.

The work was exhausting. The hours were endless. The future was uncertain. The pay was small.

But the boss—you couldn't say "No" to that boss.

So the man whose name was George Washington took the job called the Presidency of the United States. And for the first time in the history of the world, a whole people became their own boss.

George Washington placed his right hand on the Bible, and a blacksmith in New Hampshire sang as he pounded the anvil. He was a free man, and George Washington was working for him.

George Washington sat down at the Presidential desk... and a fisherman on the Grand Banks, a farmer in Virginia, a schoolmaster in Con-

necticut, all stood up a little straighter. They were free men, and George Washington was working for them.

All over the world, wherever the news spread, men stopped to wonder at this new American thing—a people who would not be ruled, but governed themselves. A people who had taken the love of independence that is in all men, and made it work as a way of life.

Independence as a way of life is no longer something to wonder about. Faith in the things George Washington stood for has made independence work for Americans for more than one hundred and fifty years.

Holding to that faith will make independence work—

Friday's Lincoln Day Dinner At Plymouth

(Continued from Page 1)
Best speakers in the Legislature will address the gathering. Stewart W. Robertson, Marshall County chairman, will preside.
The famed Glee Club of the University of Notre Dame will present a fine program of popular music.

Senator Bontrager's Career Full Of Achievement

State Senator D. Russell Bontrager of Elkhart was born in 1908 on a farm in Johnson County, Iowa.

After being graduated from the Kalona, (Iowa) High School, he took a normal training course at Coe College, Cedar Rapids, Iowa. Thereafter, he was a teacher in the public schools of Iowa for five years.

While engaged in his teaching activities, Senator Bontrager took a correspondence course in law and in December, 1932, acquired his LL.B. degree from LaSalle Extension University, Chicago.

He was admitted to the Indiana Bar in April of 1932 and continuously since that date has been engaged in the general practice of law in Elkhart. He now heads one of the major firms in that city and is recognized as an outstanding trial lawyer.

In 1938, he was elected Judge of the Elkhart City Court and served his community in that capacity for four years. Subsequently he served as Prosecuting Attorney of Elkhart County.

Elected Senator In 1948

In 1948, Senator Bontrager was elected to the Indiana State Senate of which body he is currently a member. He has headed many important committees in the Senate and in the 1957 session of the Legislature was Chairman of the Judiciary A and Education Committees.

His ability as a legislator first commanded public attention when, in 1951, he co-authored and spear-headed the drive to enactment of Indiana's anti-secrecy warfare bill.

From that time forward, he has been prominently identified with many of the most important legislative actions taken by Indiana's Legislature.

In 1957, he was a Senate sponsor of the "Right-To-Work" law.

An Outstanding Legislator

On three occasions since Senator Bontrager has been serving in the Senate, he has been acclaimed by newspaper reporters covering the Legislature as being one of the five most competent persons serving in the Legislature. On one of those occasions, he was rated as being tied with one of his colleagues as being the most valuable Senator.

Senator Bontrager is a member of the Presbyterian Church and is affiliated with the Masonic Lodge (Blue Lodge, Consistory, and Shrine), the Elks, as well as the Elkhart City and County, the Indiana State, and the American Bar Associations.

Additionally, he has been extremely active in the service club movement having served not only as president of the Elkhart Exchange Club but also as president of the Indiana State Exchange Clubs and as president of the National Exchange Club. He is currently the chairman of the National Committee on Jurisprudence and Laws of the National Exchange Club.

The Senator is married to the former Wilene Parnest of Elkhart, and has three sons, David, 20; William 18; and Charles, 15.

Miss Rosalie Oberlin has returned from a ten-day trip to Denver, Colo., where she visited Miss Patricia Conner and Miss Marjorie Palm.

Bev Barnett, Ace Hollywood Press Agent, Dies

Bev Barnett, 47, one of Hollywood's best known and most successful publicity men, died suddenly of a heart attack in that city Sunday, according to word received here Monday morning by his close friend, Chester W. Cleveland, publisher of The Culver Citizen.

John Wayne, Gene Autry, Dick Powell, and other motion picture stars and celebrities owed much of their fame and fortune to Bev Barnett's tremendous promotional talent and as their adviser and personal representative.

Mr. Barnett twice was a guest in the Cleveland home here during the past year or so. He always generously gave Mr. Cleveland credit for helping him land his first Hollywood job soon after his college graduation, which eventually led to the founding of his own business as a top press agent in the entertainment world.

Services Being Held Today For Henry D. Calhoun

Henry Delbert (Del) Calhoun, age 78, of Route 4, Rochester, died Monday morning at Woodlawn Hospital, Rochester, after an illness of several months.

The son of the late Margaret Jones and John C. Calhoun, he was born in Fulton County, Oct. 10, 1881, and spent his entire life in Fulton and Marshall counties most of the time farming. Mr. Calhoun had worked for a few years as a gardener and florist at the Culver Military Academy. His wife, Tessie, preceded him in death on Aug. 16, 1958.

Surviving are a daughter, Miss Margaret Calhoun, Route 2, Rochester; a son, Charles Calhoun, Crown Point; two brothers, Chesley Calhoun, Rochester and Louis Calhoun, Plymouth; a sister, Mrs. Bertha Vermillion, Culver; four grandchildren and three great grandchildren.

Services will be held at 2 p.m. today at the Easterday Funeral Home, Rev. Kendall Sands, pastor of the Culver Methodist Church, will officiate and burial will be at the Monterey L.O.O.F. Cemetery.

TERRY HAND CO-CHAIRMAN OF COLLEGE RECORD HOP

Terry Hand, sophomore attending Ball State Teachers College, was co-chairman for the Journalism Club Record Hop Feb. 8. Hand is the son of Mr. and Mrs. Donald Hand, 426 State St., Culver. He is a secondary education major specializing in art.

All kinds of office supplies on sale at The Citizen.

Dr. C. E. Savery, Noted South Bend Physician, Dies

Charles E. Savery, M. D., prominent as a South Bend eye, ear, nose, and throat specialist for 15 years, died Saturday at Deerfield Beach, Fla. He was 71.

After his retirement the well known physician, who had many patients in this area, turned over his practice in the Sheridan Building to his son-in-law, Dr. James M. Hall, who had become associated with him in 1950.

Dr. Savery was born in Knox in 1885 and received his M. D. degree from Indiana University.

Raised Hereford Cattle

Widely known as a raiser of prize-winning purebred Hereford cattle, Dr. Savery purchased the Clover Leaf Farm on North Ironwood Road near South Bend in 1947 from the Studebaker family for his stock raising activities.

He is survived by his wife, the former Mary Graves Chadsey; a son, Charles E. Savery Jr., Holly Bluff, Miss.; a daughter, Mrs. Hall; two sisters, Mrs. Charles Mackey and Mrs. Mae Bailey, and a brother, Clarence, all of Knox; and 10 grandchildren. Chester W. Cleveland, publisher of The Culver Citizen, was a cousin; his mother, Mrs. Laura Groshans Cleveland, of Plymouth, being Dr. Savery's aunt.

Services are being held at the Forest G. Hay Funeral Home in South Bend at 1:30 this afternoon.

American Legion Weekly Report

WILLIAM ALEXANDER
FLEET POST 103
By J. T. STINCHCOMB

The social event scheduled for this month, Feb. 25, has been cancelled because this date conflicts with a popular performance at the Eppler auditorium.

Also only two weeks later is the birthday party on March 18. This is the biggest social event of the year. Two tickets will be mailed to each legionnaire, including a return envelope. The dinner will be served by the Burr Oak Church ladies.

Mrs. Trala McKee was a Saturday dinner guest of Mr. and Mrs. Eugene Thomas and children.

Wins Investors Diversified Services Award

Arnold Schipper of South Bend, well known in Culver, district sales manager for Investors Diversified Services, Inc., 65-year-old investment management corporation, and Investors Syndicate Life Insurance and Annuity, its wholly-owned subsidiary, has received national recognition for record sales during Nov. 1959. Joseph M. Fitzsimmons, president, has announced.

Mr. Schipper, who has a Pretty Lake cottage northeast of Culver, qualified on the volume of business produced in his district, as well as on his personal sales production.

Named To President's Club

In addition to an award for sales achievement, Mr. Schipper won membership in the President's Club, an annual honor roll of Investors leading sales representatives. He competed with 1,256 Investors representatives who service more than 1 million customer accounts throughout the U.S. Jules Reubens, divisional sales manager, said.

Pointing out that November is designated "President's Month" in honor of Mr. Fitzsimmons, M. D. Campbell, Investors vice president-sales, said that securities sales production for the month totaled \$104,548,552 and life insurance sales totaled \$37,183,614, for a combined record total of \$141,732,166. For the entire year, sales of securities distributed by the Investors

Group of companies amounted to approximately \$667 million, compared with \$586 million for 1958. Investors Diversified Services, Inc. currently has under management assets in excess of \$3.1 billion. The company is national distributor and investment manager for Investors Syndicate of America, Inc., a wholly-owned certificate-issuing subsidiary, and for five IDS-affiliated open-end mutual funds.

Sister Of Carl Stubbs Dies At Monterey

Miss Evelyn E. Stubbs, 51, Rural Route, Monterey, sister of Carl Stubbs, Route 2, Culver, died Friday night, Feb. 12, at Woodlawn Hospital, Rochester, following a lingering illness.

Miss Stubbs was born Sept. 24, 1908, in Pulaski County to Leslie and Dorabelle Wolf Stubbs.

Surviving are her father; two other brothers, Walter and Ivan, both at home; five sisters, Mrs. Inez Murray of Rochester, Mrs. Earl G. DeMont of LaPorte, Mrs. Theodore Barth of Mishawaka, Mrs. David Bradway of Akron, and Miss Helen Stubbs at home.

Services were held at 1:30 Tuesday afternoon at the Harrison Funeral Home in Kewanna and interment was made in the Sharon Cemetery near Letters Ford.

Mr. and Mrs. Paul Kaley and Don were Sunday guests of Mr. and Mrs. George Krvin and family at Benton Harbor, Mich.

McIntyre-Foster Vows Solemnized In Nevada

MRS. DANIEL RONALD FOSTER

Mr. and Mrs. W. A. McIntyre, Route 1, Culver, announce the marriage of their daughter, Sharon Lee, to Daniel Ronald Foster of Wappinger Falls, N. Y. The wedding was solemnized in the Wee Kirk of the Heather Chapel in Las Vegas, Nev., on Jan. 18.

Mr. Foster is employed with the Household Finance Co. in Huntington Park, Calif. and Mrs. Foster is employed with the Harwick Chemical Co. in Los Angeles.

The newweds are at home at 846SA San Gabriel, South Gate, Calif.

Mrs. Foster is a 1952 graduate of Abbeensauher High School and attended Anderson College.

S-S-S County Scottish Rite Ladies' Night At Plymouth February 18

C. L. Sloan, 425 Charles St., Plymouth, has issued invitations to all Marshall County 32nd-degree Masons and their ladies to attend a dinner at 7 p.m., Thursday, Feb. 18, in the Methodist Church Educational Building in the county seat.

The large and highly popular Scottish Rite Choir from South Bend will provide the entertainment. Several Culver members and their wives are planning to attend the event.

S-S-S Program For Music And Art Group Is Changed

Members of the Music and Art group of the Culver City Club will meet at 2:30 p.m. on Thursday, Feb. 18, in the home of Mrs. L. E. Rehou as stated in last week's Citizen.

However, there is a change in the program for this meeting. Mrs. Newton White will give demonstrations in oil painting.

Hostesses for the affair will remain the same, namely: Mrs. Kenneth Hegard, Mrs. Troy Babcock, and Mrs. A. S. Kennedy.

S-S-S
Mr. and Mrs. Clarence Kline spent the weekend with Mr. and Mrs. Stephen Flak and children at Palos Heights, Ill.

Subscribe to The Citizen — a GOOD newspaper in a GOOD town.

New Arrivals

Mr. and Mrs. James Johnson of Gladstone, Mich., announce the birth of an 8 pound, 13 ounce son, James Allen II, on Feb. 5. Mrs. Johnson is the daughter of Mr. and Mrs. W. J. Graham, Lake Shore Dr., Culver.

Rev. H. W. Hohman and Family Honored At Grace Church Reception

A reception was held from 2 to 4 p.m. Sunday in the Grace United Church of Christ social rooms in honor of Rev. H. W. Hohman, Mrs. Hohman, and their daughter, Sheryl, who moved to Culver recently when Rev. Hohman assumed his duties as pastor of the church.

Approximately 100, members and their families, were present at the reception to greet the new minister.

Ladies of the Guild of the Church, under the direction of Mrs. Larry Lindvall, president, were in charge of arrangements. Mrs. Orville Phelps and Mrs. Everett Hoessel served as the decorating committee and Mrs. Wilfred Craft was chairman of the refreshment committee.

Mrs. Hoessel, Mrs. Roger Thews, Miss Florence Page and Mrs. Bruce Ozden, Sr. presided at the tea table which was decorated with a beautiful floral centerpiece of red carnations and white mums.

In the receiving line with the Hohmans were Howard Albert, president of the consistory, and Mrs. Albert.

S-S-S Mrs. Norman Davis Is Hostess To Homemakers Club Of Green Township

The Green Township Homemakers Home Demonstration Club met Wednesday afternoon with Mrs. Norman Davis. Mrs. Charles Smith, president, opened the meeting and Mrs. Doyle Fishburn gave devotions, reading scripture from the 4th chapter of I John and closed with prayer. Mrs. Alfred Winenger led group singing.

Sewing and cooking lessons were mentioned most often when the 18 members responded to roll call with "A club program I enjoyed most." Mrs. Gerald Hess and Mrs. Meryl Shivers were named to represent the club on the County Home Demonstration Week committee which will plan a program and coffee hour for the morning of May 4.

Mrs. O. C. Gibbons and Mrs. Hess presented the lesson on "Good Grooming" and distributed rating check lists. Mrs. Frank Ruffing Jr. gave the lesson on "Club and Family Recreations," explaining several get acquainted games and displaying various games and puzzles. Contests were conducted with Mrs. Stephen Savage and Mrs. Meryl Shivers winning prizes which were clever valentine corsages Mrs. Ruffing had made.

Mrs. Ronald Spittler gave a lesson on "Safety in Action," stressing the importance of taking steps to prevent accidents. Mrs. Fishburn reported on the census.

taking there are three censuses taken, Population, Housing and Agriculture. All questions are confidential and are of national importance.

Mrs. Davis served refreshments with a valentine motif. Mrs. Hess will be hostess on March 8 when Mrs. Gladys Carr will demonstrate hair styling.

S-S-S Home and Hobby Club Met With Mrs. Marion Taylor

Mrs. Harry McPherron was hostess on Tuesday afternoon to the Home and Hobby Home Demonstration Club with the president, Mrs. Marion Taylor, presiding.

Mrs. Merle McCune read the 24th Psalm for devotions and read an article "Women are Wonderful!" Roll Call was answered with "A club program I enjoyed most" with the Christmas program proving to be the most popular. Eight children, Mrs. Larry Lowry, Mrs. Chester Lemler and Mrs. Jane Gentry were guests.

Mrs. McCune, Citizenship chairman, presented a Census Playlet in which Mrs. Roy O'Dell, Mrs. Cecil Warner, Mrs. Chauncey Denie and Mrs. Taylor participated. Mrs. O'Dell reported on Polio Immunization and stated a recent survey of the local school revealed that 61% of the students had been immunized.

In connection with the lesson on Good Grooming, Mrs. Larry Lowry of Culver demonstrated hair cutting, how to give a home permanent and gave pointers on hair dressing.

Mrs. McPherron served lovely refreshments. Mrs. Deway Warner will entertain the club on March 8.

S-S-S V.F.W. Auxiliary Holds February Meeting

The V.F.W. Ladies Auxiliary met on Monday, Feb. 15 at the post home.

President, Mrs. Shirley Carter, conducted the business session. The Auxiliary is sending a sub-

scription to the U.S. News and World Report for the patients of the Veterans' Hospital at Marion.

The mystery prize was won by Mrs. Clyde Hickman.

Following the meeting, refreshments were served by Mrs. Don Brown.

The next meeting will be on March 7, when there will be a jewelry party.

S-S-S Grace Youth Fellowship Meets

Ten members of the Grace United Church Senior Youth Fellowship met Sunday Feb. 14, in the church social rooms.

The opening prayer was led by Anton Marion and scripture was read by Bob Dickson and Barbara Hatten. Topic for the evening was "Exciting, So What?" and dealt with juvenile delinquency. Four case histories were read by Linda Kose, Betty Kose, Gary Dillon, and Brian Lihart. Mr. Marton read an open letter to teenagers written by Judge Phillip B. Gilliam of Denver, Col.

Rev. and Mrs. Hohman and daughter, Sheryl, were guests and supper was served to conclude the evening.

S-S-S Epsilon Nu Members Of Tri Kappa Sorority Hold Monthly Meeting

The Epsilon Nu Chapter of Kappa Kappa Kappa held their regular monthly meeting in the home of Mrs. K. K. Kranlag Monday evening, Feb. 15.

After the business meeting refreshments and a social hour were enjoyed.

S-S-S The Donald Osborns Return From Western Vacation

Mr. and Mrs. Donald Osborn returned Friday evening from a six-weeks western vacation. They visited in Denver, Colo., with Mr. Osborn's sister, Mrs. Ira Johnson, and Mr. Johnson, in Tucson, Ariz., they visited Mr. Osborn's mother and sister, Mrs. Everett Osborn ad-

Mrs. John Suedmeier, and Mr. Suedmeier.

S-S-S Mrs. E. W. Carter Hostess To Hibbard E.U.B. Ladies Aid

Mrs. E. W. Carter opened her home Thursday evening to 17 members of the Hibbard E.U.B. Ladies Aid and two guests, Mrs. A. R. McKesson and Mrs. Noah Kersey.

The meeting was called to order by Mrs. Arnold Lowry, president, who conducted the business session. The missionary lesson was then presented by Mrs. Alfred Large and Mrs. Coleman Lowry with the closing prayer by the latter.

The program committee then entertained the group with contests and prizes were won by Mrs. James Jones, Mrs. Alfred Large and Mrs. Arnold Lowry. A monthly project was supervised by Mrs. Howard Shock.

At the close of the meeting refreshments were served by the hostess assisted by Mrs. Herbert Crabbe.

S-S-S Community Civic Circle Holds All-Day Meeting With Mrs. Warren Conover

The Community Civic Circle of Letters Ford community held an all-day meeting Thursday, Feb. 11, in the home of Mrs. Warren Conover.

A covered dish dinner was served at noon to 11 members and a guest.

The day was spent in tying 15 lap covers to be presented to the hospital ward at the Beatty Memorial Hospital in memory of Mrs. Lena Archer, mother of Mrs. Blanch Ricks, president of the circle.

Thursday, February 18—
2:30 p.m. — Music and Art group of Culver Club meets at home of Mrs. L. E. Bebout.
7:30 p.m. — Wide Awake Class of the Methodist Church will meet in the Ladies Lounge.
8:00 p.m. — Culver City Club Literature group meets with Mrs. Shelton Kaiser.
Monday, February 22—
6:45 p.m. — Boy Scouts meet at Methodist Church.
8:00 p.m. — League of Women Voters meet with Mrs. Martin Uebel.
Tuesday, February 23—
7:30 p.m. — O.E.S. Auxiliary meeting at the home of Mrs. Clark Ferrier.
8:00 p.m. — Culver Rebekah Lodge regular meeting in Lions Den. Also degree practice.
Thursday, February 25—
1:00 p.m. — Stitchery Club will meet with Mrs. Charles Medbourn.

King's Daughters' Class Meets With Mrs. Ira Kline
The King's Daughters' Class of the E.U.B. Church met in the home of Mrs. Ira Kline Friday afternoon. The meeting was opened with the singing of "Near The Cross."

Devotions were given by Mrs. J. L. Hoessel. Poems entitled, "Under The Snow," "The Falling Leaves," and "Seeing Beauty" were read by Mrs. Hoessel.

Mrs. Kline related incidents from the life of Lincoln. Business was conducted by the president and refreshments were served by the hostess, Mrs. Kline.

50th Wedding Anniversary Observed By Mr. and Mrs. Franklin W. Bates

Former Culver residents, Mr. and Mrs. Franklin W. Bates, pictured on the front page of The Citizen on Feb. 2, recently celebrated their 50th wedding anniversary at their Miami, Fla., home.

Mr. Bates was a History instructor at the Academy from 1920 until his retirement in 1948.

League Of Women Voters Meet Monday

The League of Women Voters will meet in the home of Mrs. Martin Uebel on Fleet Parkway on Monday, Feb. 22, at 8 o'clock.

Peter Trone, president of the Town Plan Commission, and Mrs. Warner Williams, a member of this Commission and Secretary of the Board of Zoning Appeals, will present a program on local zoning.

O.E.S. Auxiliary To Meet

Members of the Order of Eastern Star Auxiliary will meet at the home of Mrs. Clark Ferrier at 7:30 p.m. on Tuesday, Feb. 23.

REV. G. D. CONGDON TO SPEAK AT CULVER BIBLE CHURCH SUNDAY

A South African mission field candidate, Rev. G. Dalmain Congdon, will be speaking and showing colored slides of Africa at Culver Bible Church Sunday evening, Feb. 21, at 7:30.

Rev. Congdon, with his wife who is a registered nurse, will be working under the auspices of The Evangelical Alliance Mission.

BLACKSMITH SAM AGNEW MAKES INDIANAPOLIS STAR'S MAGAZINE

Sam Agnew, veteran blacksmith in charge of the Culver Military Academy's famed Black Horse Troop of 136 beautiful animals, rated a nice feature story in last Wednesday's Citizen.

Then last Sunday, Feb. 14, The Indianapolis Star Magazine saluted him with a well-written illustrated article, "Sam Keeps 'Em In Shoes."

Congratulations, Sam, on bringing all of this fine publicity to our community.

Woman's Guild Enjoy February 11 Meeting

The Woman's Guild of the Grace United Church met Feb. 11 in the social rooms of the church. The meeting was opened by the president, Mrs. Lindvall with a thought, "Talk To God."

Mrs. Edward Easterday, chairman of the social action committee, gave a ten-minute talk on "Peace" and announced that the spring regional meeting will be held at Woodland on April 22 with Dr. Gerald Judd as speaker.

The program consisted of a solo by Mrs. Roger Thews, a poem by Mrs. Shelton Kaiser, and two songs with Mrs. Robert Rust at the piano. Suggestions and

comments were given by Mrs. Kaiser, Mrs. Emma Swigart, Mrs. Peter Onesti, Mrs. C. W. Brooks, and Mrs. Thews.

Refreshments were served by the committee composed of Mrs. Kaiser, Mrs. Noah Waggoner, Mrs. Emil Ruhnnow, Mrs. Swigart, Mrs. Onesti, Mrs. Brooks, and Mrs. Thews.

CMA Basketball Team Loses To Plymouth But Whips Whiting

Culver Military Academy's varsity basketball team split two close games over the weekend, losing to Plymouth High School Friday night 56-51 and edging by Whiting High School in a down-to-the-wire thriller Saturday, 58-56.

Team captain Tom Mortell led the Culver scoring with 12 points. Rich Ashby added 10, and Pete Hicks tossed in 9.

Mortell tossed in a one-handed push shot from the foul circle to win Saturday night's game, with five seconds of playing time left. Paul Schults tied up the game, sinking two free throws with less than a minute left to play. Then Mortell sank the game-winning basket.

Mortell led the Culver scoring with 21. Schults was second with 17.

The Eagles play LaPaz at Plymouth Friday night at 8 p.m. and host Hobart High School Saturday night at 6:30.

Michigan Swimmers Snap Cadets' Two-Year Streak Of Victories

Our Academy swimmers were handed their first defeat in two years Saturday at Kimball High School, Royal Oak, Mich. The Kimball team, Michigan state champs, beat the Eagles 48-38.

Team co-captain, Don Kohla set a Kimball school record in the 100 yard breast stroke, going the distance in 1:10.4. Two Kimball men set records, in the diving and the 200 yard individual medley.

The Eagles captured three second-places and five thirds.

The other Culver winners were Edna Fry, in the 100 yard free style; Al Roberts, Tom Berner, Jerry Soest and John Tausig in the 200 yard medley relay; and Bill Oberlin, Murphy Thomas, Dave Warkentine and Pete Johnson in the 200 yard freestyle relay.

The Eagles wind up their season with a meet at Washington High School, South Bend, Friday, Feb. 26.

Split Weekend Games With Cincinnati Polo Club

Culver Military Academy's varsity polo team lost a game and tied one last weekend, while the junior varsity won two from the Cincinnati Polo Club's jayvees.

Saturday, Cincinnati topped

Culver 12, while the Academy jayvees romped, 17-7. Sunday's varsity clash ended in a 9-9 tie, as the junior varsity again won, 17-6.

Valuable Metals Underneath Your Land Or Farm

Babson's Exciting News From Russia

BABSON PARK, MASS.—This week I want to write on the most exciting piece of news which I learned while recently visiting Moscow, Russia. It should interest every reader in every state wherever he may live.

While Mr. K has been feeding us with news about "flying to the moon," his scientists have been at work breaking open the crust of the earth and finding out what is under it.

In fact, whenever Mr. K tells us what he is doing, it is not important. The things which are important Mr. K does not tell us about.

I have already told you about the one million scholars who are in Moscow's schools today. All are given equal opportunities, but the number is sifted and boiled down to about 5,000 who are trained to be scientists. These are given intensive training in mathematics, physics, and chemistry.

About two-thirds of them are concentrating on rocketry and submarine missilery. They are told not to be content with hitting any one city, but to pinpoint a definite building in that city.

The other third of these students study the crust of the earth and what is under it.

Millions of Years Involved
Originally the earth was a form of gas which, through millions of years, gradually turned into a solid mass.

What is inside this mass is now one of the problems of the Gravity Research Foundation of New Boston, New Hampshire.

It is supposedly molten metals of various kinds. All we really know is that the core of the earth is covered with a shell of granite or other material.

The oil that we use to heat our homes and the gasoline with which we operate our cars have been collecting on the outside of this crust.

No one has known what was under the crust until the Russians recently cracked it 4,000 feet deep in the Ukraine.

U. S. Firms Make Study
Hearing of this work, the St. Joseph Lead Company and the

Bethlehem Steel Company made a study of what was under the crust in this country. So far they have found that the crust is the thinnest about 26 miles from Salem, Missouri, where they broke through the shell which was about 12,000 feet thick.

In accordance with borings previously made, they found a great bed of iron ore with copper, uranium, and even traces of silver and gold.

Here I come to the exciting piece of news that I spoke of above.

The Situation In Florida
The crust of the earth consists mostly of granite of various thicknesses, varying in depth below the surface, while in Florida one must drill through an overlay of sand, etc., more than 10,000 feet before coming to the crust.

There still may be valuable ore under the crust in Florida; but the process of getting it out would be very expensive under present known methods of extraction.

The Russians are said to be pumping this metal to the surface. The crust is supposed to be the thinnest in Central America on lands owned or leased by the United Fruit Company.

Let me, however, emphasize that wherever you live your land or farm may be underlain by most valuable metals.

The major metal which underlies your land is probably iron ore, but it may be uranium or even gold.

If your state or county has not already made proper geophysical surveys, you should insist that it do so at once.

In short, my "exciting news" is that you may be living on a most valuable body of ore.

Hence you should not sell your land without an aeromagnetic survey which will tell you (1) the distance from your doorstep to the top of the crust, (2) the thickness of the crust, and (3) what is under it.

Be Slow Selling Land

I have often advised my readers to be slow in selling raw land—especially near the sea coast, navigable rivers, or other chief outlets to markets.

Since my trip to Russia I feel more strongly about this than ever.

Houses can be improved or rebuilt, but only God can make more land and put great wealth under it.

Let me repeat that such wealth is already under the land where you live. Its value depends upon the distance down to the crust and the thickness of the crust at your place of residence, together with the outlets to the nearest market.

MASTITIS CONTROL MEASURES

Dairymen can reduce mastitis by sound herd management, correct milking procedures and early diagnosis and proper treatment of the disease, asserts Dr. F. A. Hall, Purdue University extension veterinarian.

Treatment alone has not reduced the incidence of the disease. Use of antibiotics has not solved the problem, but has created new problems for the dairy industry. Antibiotics originally effective against some of the bacteria associated with mastitis have seemingly lost their effectiveness, Dr. Hall adds. Medical authorities are concerned over the problem of human sensitivity to the drugs when they are present in milk or milk products.

Sound herd management includes practices that help reduce injuries to udders and teats and make cows more comfortable, such as using ample bedding, keeping barnyards free of mud holes and trash and separating from the herd cows that are in heat.

Correct milking procedures include using a separate towel for each cow when washing the udder, testing each quarter with a strip cup before milking, using two sets of inflation rubbers and alternating them each week. The alternate set should be soaked in a five to eight percent cold lye solution. Correct pulsation, seep and vacuum on the milking machines should be maintained at all times.

THE CITIZEN PAGE 5

Culver, Indiana
Wednesday, February 17, 1960

If the strip cup reveals signs of mastitis, the cow should be removed from the milking string until cleared of the trouble. If antibiotics are used in the treatment, 72 hours or six complete milkings should elapse to prevent adulterating the milk with the drug.

Mr. and Mrs. Fred Adams were weekend guests of Mr. and Mrs. Raymond Von Spreckelsen Jr. in Indianapolis.

State Chamber Is One Of Indiana's Biggest Assets

Fred M. Crapo Is New President

FRED M. CRAPO

INDIANAPOLIS — Fred M. Crapo of Muncie was elected president of the Indiana State Chamber of Commerce at the organization's recent annual meeting here, succeeding Clarence A. Jackson of Indianapolis, president of American United Life Insurance Company.

Mr. Crapo, who is president of Indiana Steel and Wire Company and a vice-president of General Cable Corporation, had served as the State Chamber's first vice-president for the past two years. At the time of his election to the presidency, he was hospitalized in Duisburg, Germany, as a result of injuries suffered near there in an automobile accident. He is still there but is recovering.

Other officers elected by the Chamber include J. Ralph Thompson of Seymour, president of Thompson Dairy Company, first vice-president, and Otto N. Frenzel of Indianapolis, president of Merchants National Bank and Trust Company, re-elected treasurer.

Other vice presidents elected are Otis T. Fitzwater of Indianapolis, president of Indianapolis

Power and Light Company; Newton T. Forsythe of Richmond, president of National Automatic Tool Company; William J. Riley of East Chicago, president of the First National Bank of East Chicago; and F. Edwin Schouweiller of Fort Wayne, president of Old Fort Supply Company.

New Directors Named

New directors elected to the State Chamber board are: Frank E. McKimney of Indianapolis, chairman of the board of American Fletcher National Bank and Trust Company; George W. Stark of Indianapolis, president of Stark, Wetzel and Company; and James D. Wiesen, vice-president of the Indianapolis division of the Kroger Company.

Harold W. McMillen, Director of Directors re-elected to the board include:

Relly G. Adams, Indianapolis, president, Stewart-Carey Glass Company, Inc.

Joseph E. Cain, Indianapolis, president and director, P. R. Mallory & Co., Inc.

Otto N. Frenzel, Indianapolis, president, Merchants National Bank & Trust Co.

Frederic M. Hadley, Indianapolis, executive vice-president, Eli Lilly and Company.

Joseph L. Hanna, Indianapolis, manager, General Outdoor Advertising Co., Inc.

Donald E. Wood, M.D., Indianapolis, Co-Chairman, Legislative Committee, Indiana State Medical Association.

Clarence W. Bader, Gary, president, Bader Corporation.

Thomas W. Hunter, Gary, general superintendent, Gary Steel Works, United States Steel Corp.

Hugh A. Barnhart, Rochester, president, The Barnhart-Van Trump Company.

Leland M. Feigel, Evansville, president, Interstate Finance Corporation.

John Platts, Evansville, general manager, Evansville Division, Whirlpool Corporation.

John W. Fisher, Muncie, vice-president for sales, Ball Brothers Company, Inc.

John W. Hillenbrand, Batesville, president and manager, Hillenbrand Industries.

Paul W. Kerr, Elkhart, chairman of board, Henry Weis Manufacturing Company.

Harold W. McMillen, Fort Wayne, chairman of board, Central Soya Company, Inc. (A Culver summer resident).

Joseph A. Osborn, Marion,

Was Mary Todd Lincoln the victim of a conspiracy?

...you be the jury as hidden facts of history are put on record.

"The story of Mary Lincoln's commitment and the entry of her name in the Lunatic Record is heart-rending."

—N. Y. Herald Tribune

"An interesting presentation of a seldom-cited incident in our nation's history."

—Chicago Tribune

"Certain to stir a furor among Lincoln scholars."

NEW SIGNS FOR HOOSIER HIGHWAYS

In 1953 a program was developed to start re-signing some of the primary roads. This was called the "2,000 Mile Program" since it involved approximately 2,000 miles of roads. It called for replacing all signs which were illegible, sub-standard, outmoded, or too small to be read. This program has since been expanded to include all primary and the more important secondary roads. Signs on these roads are being brought up to the standard established throughout the United States.

Many old highway signs were too small to be easily read. Old style route markers were 16 inches x 16 inches (lower left); they are being replaced with signs 2 foot square. In addition, all signs are being placed at a uniform height, in standard locations, and at a uniform distance from the edge of the road.

Several new signs have been developed to replace old ones.

The most noticeable of these is the distance sign showing the distance to the next incorporated city, and the next important city on the route (lower center). These signs have a green background with silver letters and numerals. The first letter and all numerals are 6 inches tall with the others 4 inches for greater ease in reading.

Not shown here are new design overhead signs to be placed over the road at special locations to direct the driver. These will have 18 inch letters and will be from 4 feet to 6 feet in height and from 8 feet to 16 feet in length. All signs are being reflectorized so they can be seen at night.

A budget of \$920,000.00 per year has been established for the sign program.

president, Osborn Mid-West Paper Co.

William J. Riley, East Chicago, president First National Bank.

Edwin J. Sommer, Crawfordsville, Mid-States Steel & Wire Company; and

Burr S. Swezey, Lafayette, chairman of board, Lafayette National Bank.

William J. Riley, East Chicago, president, First National Bank.

Directors whose terms did not expire this year, and who therefore will continue to serve on the State Chamber board along with retiring president Clarence A. Jackson, include:

Lake Summer Resident

C. Harvey Bradley Director

Charles H. Buesching, P. Edwin Schouweiller, and Walter W. Walb, Fort Wayne; George C. Carroll and Welby M. Frantz,

Terre Haute; James R. Cypher, Kokomo; Arthur F. Endres, Whiting; Charles B. Enlow and Louis Ruthenburg, Evansville; Newton M. Forsythe, Richmond; Walter L. Golden and Glenn W. Thompson, Columbus; John R. Ibach, Newburgh; Robert Ingalls, Bedford; Hjalmar W. Johnson, Chicago; William J. Johnson, Goshen; J. Allan MacLean, Mishawaka; Charles S. McGill, Valparaiso; R. H. McMurtrie, Huntington; C. A. Michel and Byron L. Stewart, Anderson; Dean H. Mitchell, Hammond; Clifford F. Payne, New Castle; William B. Prosser and Lathair Teeter, Hagerstown; Lincoln A. Sollitt, South Bend; J. Ralph Thompson, Seymour; David G. Wylie, Bloomington; Floyd A. Hines, Connersville, and Lyman S. Ayres, C. Harvey Bradley, (a Culver summer resident), Alden

P. Chester, Otis T. Fitzwater, Harry S. Hanna, Wilson Mothershead, E. B. Newell, George S. Olive, and Harry T. Lee, all of Indianapolis.

When Uncle Sam counts every American in the April 1960 Census he will be counting about 45 times the number he counted in the First Census in 1790 — 180 million as against 3.5 million.

County Assessor Explains New Rate Changes

THOMAS V. LANGDON
MARSHALL COUNTY ASSESSOR
PLYMOUTH, INDIANA
Editor, CITIZEN:

Enclosed is a copy of the article which appeared in the February 11 issue of the Plymouth Pilot-News. If possible we would appreciate your running this article in your next edition.

I am sorry that I was not able to contact you personally concerning this article, but hope this will serve the same purpose.

I will have another story for you concerning assessment and the issuing of duplicate assessment sheets throughout Marshall County at a later date.

THOMAS V. LANGDON

To Use 40% Rate

The State Tax Commission has recommended the use of the 40 per cent rate rather than the 70 per cent rate used in previous years for assessment of personal property throughout Indiana.

The state board recommended the new lower rate at a meeting of district assessors at Valparaiso Wednesday. Tom Langdon, Marshall County assessor, said a township trustee meeting will be held next Tuesday evening to ascertain the policies to be used in the coming assessment period. Langdon added that the 40 per cent proposal will be decided at this time.

The state tax board hopes that the new lower rate on assessing personal property will equalize evaluation. A true and accurate assessment of county business inventories must be given to make the 40 per cent rate work in the county.

The board of review, which meets in June, has the authority to assess as high as 100 per cent if the county assessors do not receive true disclosures of personal property.

Assessing Begins March 1

The 1960 assessment period will begin March 1 and continue through May 15. Property re-assessment, real estate, or improvements on real estate, will begin 1961 in the county.

Langdon issued another reminder to automobile owners to have the motor or serial number of their cars available when the assessor arrives.

All autos will be assessed the same as in 1959, that is 70 per cent of the average financial value of the vehicle. Farm implements will also be assessed the same as last year on the cash value through the use of the tractor implement book, the county assessor added.

Affects 1962 Car Plates

Another new method to be used according to Langdon, will affect the purchase of 1962 auto license plates. All owners must show the assessor's copy of the car registration for 1960 with the assessor's stamp on the registration and the treasurer's stamp on the tax duplicate at the time of the purchase of plates. This will show the car has been assessed and taxes paid.

Many Cars Not Reported

Langdon stated that in past years many cars have missed assessment because they were not reported to the assessor. This new method calls for the assessor's office to check the 1960 car registrations against the assessor's 1960 schedules, to see if all cars in the county have been assessed.

The assessor will then affix his stamp to the car registration to be sent to the county treasurer's office. When the tax installment is paid in November of 1961 the county treasurer will attach the car registration to the tax duplicate. The car owner must then keep the registration and tax du-

plates.
Trustees Attend Meeting
Besides Langdon, Center Township Assessor Ralph Bowman and the county township trustees attended the Valparaiso meeting. They are Steve Savage, Green, also a member of the district agriculture committee; Ernest Watkins, Bourbon; Welcome Trowbridge, Tippecanoe; George Eley, Walnut; Mrs. Marynard Ealing, German; Frank Everts, Polk; John Ruff, West; Gene Benedict, Union; and Clyde McCollough, North Township.

The township trustees, Bowman, and Langdon will meet next Tuesday to set the county assessment policies.

POPPING — Last year there was a record production of 61,600,000 pounds of popcorn in Indiana and more than a tenth of it was grown in Harrison County. One of the largest producers was the Gettlefinger farm, near Bradford, operated by two brothers, Herbert and Irvin Gettlefinger. They credit their boyhood desire for a bicycle with getting them into business. As boys they asked their father, for a bike. Instead of handing over the money he turned over a half acre to the boys for the raising of popcorn. The half acre yield was 900 pounds which they sold for \$36. They bought their bicycle for \$17 and invested the remaining \$19 in seed for another crop. They ship from coast to coast, as much as 3,000,000 pounds annually.

Homer Carter of Alvin, Ill., was a Monday overnight guest of his brother, Ernest Carter, and Mrs. Carter.

The Week With Governor Handley

Makes Eventful Washington Trip For Our Benefit

INDIANAPOLIS, Feb. 8 — Governor Harold W. Handley gave a report to Vice President Richard M. Nixon in Washington on Tuesday regarding the bright economic situation in Indiana.

On Tuesday afternoon the Governor presented Indiana's formal request to the Civil Aeronautics Board for more extensive local and commercial airline service throughout Indiana. He pointed out that this service into Indianapolis would help support the jet nonstop service from Indianapolis to metropolitan points throughout the nation, which the Governor has advocated for many months.

Port of Indiana Fight

While in Washington the Governor also conferred with Senator Clinton P. Anderson, of New Mexico, ranking member of the Senate Interior and Insular Affairs Committee. The Governor subsequently announced that he is convinced the committee will respect the views of Indiana's two United States Senators in their opposition to sidetracking of the Port of Indiana project for a national park.

Before he went to Washington on Monday Governor Handley was informed that the final survey of the Port project had been forwarded by the District Office of the U. S. Army Engineers to the Division Office for review.

The Governor was informed that the Division Office intends to forward the report to Washington by March or mid-April, to the Army Chief of Engineers and

The United States Constitution assigns jurisdiction over all navigable inland waters to the Army. The 1957 Indiana Legislature appropriated \$2 million to buy on-shore property for the port area. The federal government would build off-shore installations, and the general port construction would be financed by a privately-supported revenue-producing bond issue similar to the way the Indiana toll road is being paid for by those who use it.

Governor Handley appeared on Friday in Indianapolis before a select committee of the United States Senate which is considering water resources and control. He detailed what Indiana is doing to prevent floods and conserve water, and concluded:

"We hope that activities of various federal agencies concerned with this vital problem will be better coordinated by the necessary Congressional action, that the relationships of the federal government and the state governments will be clarified, and the riparian rights and other inherent interests of individual property owners will be respected by a recognition that state and local authorities can better handle these diverse situations than can Washington."

While in Washington Governor Handley also conferred at a luncheon with Representatives Charles A. Halleck, E. Ross Adair, and William G. Bray regarding matters of particular interest to Hoosiers that are now before Congress.

Salute To Future Farmers

On Thursday Governor Handley proclaimed Feb. 20-27 as Future Farmers of America Week throughout Indiana. The Governor met with state officers of F.F.A. He praised F.F.A. and the 4-H Clubs as providing "the progressive, intelligent, vigorous leadership essential to continued success of American agriculture."

The Governor also proclaimed

Indiana as a part of the golden anniversary of American Scouting.

Mt. Hope

By Mrs. Guy B. Davis
Phone Letters Ford 2595

Do not forget S.S. services each Sunday at 10 a.m. Attendance last Sunday 100.

Sixteen Boy Scouts of the Leitch Ford Troop No. 57 and their scoutmaster, Bob Lancaster, attended S.S. services here Sunday morning.

Rev. and Mrs. Clyde Hickman and daughter of Evanson, Ill. were Saturday night and Sunday dinner guests in the home of Mr. and Mrs. Guy Davis.

Do not forget the spaghetti supper which will be held in the church basement next Saturday evening by the ladies of the W. S.C.S. Supper will be served from 5:30 until 8 p.m. The menu is Italian spaghetti, hot rolls and butter, relish and a choice of salad and dessert with plenty of coffee or milk. The price is adults \$1.00 and children 75c.

The Willing Workers' Class held their regular class meeting Thursday evening with Mr. and Mrs. Paul R. Winn.

Mrs. Elvora Fries is now staying with her daughter, Mrs. Robert Kline. She had been in the home of Mr. and Mrs. Emory Davis in South Bend. Mr. and Mrs. Davis are in Florida for awhile.

Mr. and Mrs. Robert Kline attended the wedding of their niece, Miss Carol Hartz to Dean Lahman at the Leitch Ford Methodist Church Sunday afternoon.

The Indianapolis Star and The Milwaukee Journal are two more newspapers that increased their subscription rates on Feb. 1.

1960
CHAMPS

Colored Circles

By MRS. NELLIE JACKSON

The pastor, J. C. Smith, will be with us the third Sunday, Feb. 21, '60. Preaching at 3 p.m. The first and third Sundays from LaPorte he comes, being accompanied by some of the parishioners of which the two places form a mission. You are invited to worship with us.

The first Sunday he was accompanied by Mr. and Mrs. Welch. Following services a "coffee break" was given by the Steward and Stewardess Board. N. L. Jackson, president of Stewardess Board, and Alex Joplin, president of Steward Board. That evening at 7 o'clock the pastor on returning home was to speak before the M.E. Church in LaPorte.

"Old friends never die" quote "they just fade away." Such a personality is with us again from her home in Berkeley, Calif. Mrs. David Whitted, "Pete" as she was familiarly known when living here.

She received word at her home in Berkeley where she lives with her oldest son, Palmer, now Prof. in the Berkeley High School, that her second son, David, "Babe" had been seriously hurt in the factory of Griffens Products, the Chicago firm where he has been employed over the years. Mrs. Whitted took a flight to Los Angeles and from there in 3 hours and 45 minutes she was at the bedside of her son who is now in fair condition. Fortunately they

"John Smiths" A Social Security Office Problem

There are 348 Smiths listed in the South Bend telephone directory. This points out the difficulty of trying to keep records on the basis of names alone.

Nationally, there are hundreds of thousands of people with not only the same last name but first name as well.

There are, for example, nearly 1,300,000 different Smiths holding social security numbers. Of this number probably 65,000 are just plain John Smith.

Social security numbers are a convenient method used by the program to keep earnings separate

even for people with the same name. R. A. Hoyer, district manager of the South Bend social security office told The Citizen.

Hoyer pointed out one of the most frequent situations when name and number do not agree. When a woman marries, her last name usually changes, but she forgets to have us change her name in our records. Her employer, of course, reports her earnings under her new name, but the Social Security Administration has no way of knowing about the new name unless the woman tells them.

Married Name Required

When a Miss becomes a Mrs. she should get a social security card showing her new name and her original number. This will assure her that all of the earnings of the new Mrs. Mary Doe will be properly combined with the earnings record of the former Miss Mary Smith.

Hoyer explained that it is easy to change your name on your social security account. Just take your old card to the local office and you can walk away minutes later with a card bearing your new name. If you cannot come in, you may request a change-of-name card by mail or telephone from the social security office. Applications to change your name are also available at all post offices outside of South Bend. By mailing back this application with your old card you will be mailed a new card in a few days.

For further information contact the South Bend office at 335 N. Lafayette Blvd.

The new aluminum storm door on the M & M Restaurant is a fine improvement.

IT FINALLY HAPPENED

You've heard the expression "everything but the kitchen sink." Well, burglars who looted a vacant house in Michigan City not only stole the sink from the first floor kitchen but also the bathtub from the second floor bathroom.

THE CITIZEN PAGE 14
Culver, Indiana
Wednesday, February 17, 1960

PLANNING 1960

HOME GARDENS

Home owners planning their 1960 gardens should not overlook vegetables for fall harvest, points out Leslie Hafen, Purdue University horticulturist.

Late cabbage, cauliflower, head lettuce, turnips and other vegetables may be transplanted or seeded in late July, August or even early September. They still will mature before cold weather.

After vegetables with short maturity requirements have been harvested, the same area may be refertilized and replanted to other short season vegetables.

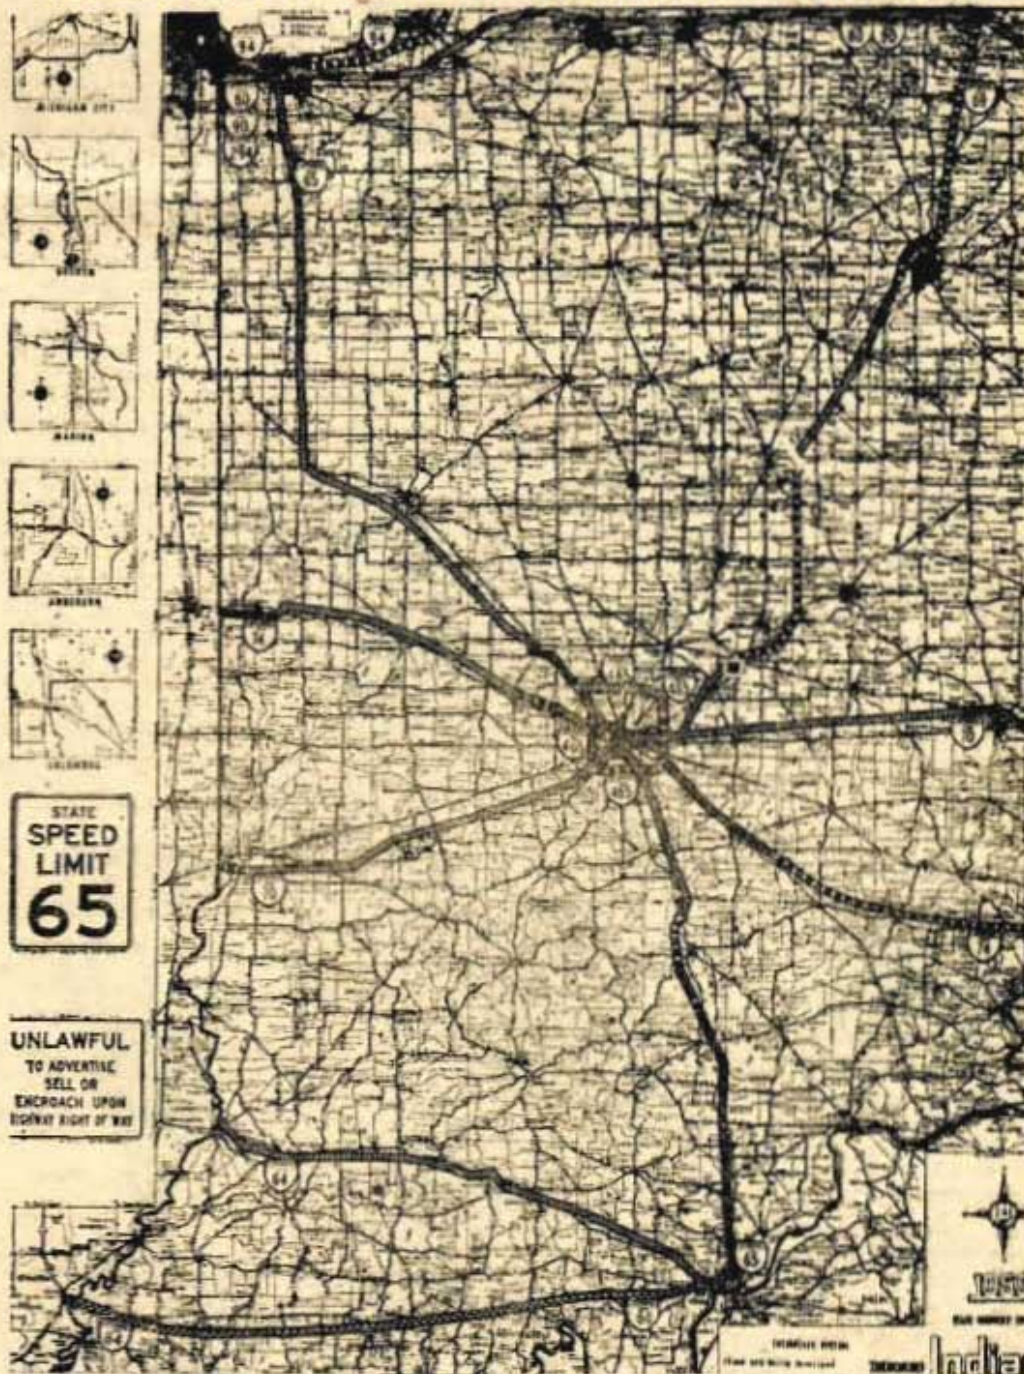

Hafen says an ideal garden site is one near the house, close to a source of water and protected from cold winds. The soil should be a sandy loam, well drained, fertile and slightly acid.

A publication of interest to home gardeners is available without charge to Indiana residents from the Agricultural Publications Office, AES Building, Purdue University, Lafayette, or from county extension offices. It is Bulletin 238, "Helps for the Home Gardener."

Recent house guests of Mrs. Mabel G. Tyson of East Shore Lane were her daughter and husband, Mr. and Mrs. Thomas Scott Cutshaw, and Tom Jr. and Julia, of Mishawaka — also Father Patrick Dolan of the History Department of the University of Notre Dame.

The family that prays together stays together.

INDIANA INTERSTATE HIGHWAY PROGRESS

More than 149 New miles of Interstate Highway will be opened for use in 1960. At present 23.22 miles are open, including 11.22 miles on Interstate 65 between Indianapolis and Lebanon. All told more than a Thousand miles of these Superhighways are to be built in Indiana. Some 160 miles of the Indiana Toll Road is now functioning as a part of the Interstate. The entire thousand miles of Indiana Interstate is being built on a pay-as-you-go basis with Tax money and is completely debt free at all stages of construction and completion.

LEST WE FORGET

George Had A Different Problem

When George Washington was President he had a problem that he wouldn't have today.

He headed a group of states and citizens who were so independent they were downright unruly. Under his leadership they had thrown off an oppressive government, and most of them were perfectly happy to tend to their own affairs with no help or interference from the new U.S. Government.

Washington and several of his successors had to work long and hard to persuade those early Americans to give up a few local rights and powers in order to strengthen the infant nation.

Many of today's descendants of those rugged independents are willing enough to turn over local rights and powers to the Federal Government — if it will take over their local problems.

They accept high taxes as a matter of course. But in exchange they seem to expect that Federal bureaucrats will somehow magically see that everyone has a good job, good pay, good home, good roads, good education, good health, and carefree old age.

Washington's problem was to get the people to support the Government.

We doubt if it ever crossed his mind that a day might come when the people would expect the Government to support them.

LETTERS TO THE EDITOR

The Citizen Brings Back Nostalgic Memories

Route 3
Elkhart, Ind.

Editor, CITIZEN:

The Culver Citizen arrived per usual this Thursday morning, delivered by our ever faithful mailman. I love this little old paper, for it always brings back nostalgic memories of days gone by.

"Hoosier At Large" by Al Spiers always gives me a heart tug and this morning's paper carried an article on Sam Agnew and his manure job for the Black Horse troop at the Academy. I enjoyed that especially. It's the human interest angle you use in your paper which makes it really worthwhile reading. The material is enjoyable as well as refreshing. I believe people today are sick and tired of death of listening to and reading about violence which the larger papers are plastered with and which TV constantly crams down our throats. People today need to know and remember that

a bunch of dry leaves dangling on the limb of a dead tree. We need something today to help us remember from "whence we are." And I believe your paper helps us to remember that we do have roots, that we do belong, and are entwined to others.

I was born and raised in Culver but haven't lived there since 1929. We have relatives living there — and dead ones buried there. We don't keep in close contact anymore with friends and I guess that nothing could bring their activities to us more vividly than The Culver Citizen.

I would like to subscribe for The Citizen as a gift for my brother, William N. Wiser, Wiser Auto Sales, 1012 South Main, Elkhart, for my sister, Mrs. Louis Long, 11502 E. Jefferson, Mishawaka; and also extend my subscription. The death notices are especially interesting for '59. I shouldn't say "interesting," but important as quite a few of our relatives and friends passed away in '59.

MRS. W. H. ZITTLAW

P.S. I wonder if Al Spiers ever knew my grandfather, Steve Wiser. — now he was a story teller! Kids and their TV have nothing on what we listened to when we kids were small. He'd gather us around his knees and as the fire crackled and the tea kettle sang on cold nights, he'd tell us of

him and the Indians, etc. Grandmother used to admonish him and tell him to "hush up and quit filling our heads with such nonsense" and everyone laughed and said his stories were figments of the imagination. But just the same grandpa said they were true. Whether they were or not I remember him as a great yarn spinner and the pictures he spun were highly colorful. He had a long, long white beard and as he talked he'd stroke it and his eyes would have a far-away look and then they would light up and twinkle as he talked. It was better than any TV serial — well, I think so anyway.

This, Mr. Editor, is what I mean by the nostalgic memories your paper brings back to me.

Expresses Appreciation

Goshen General Hospital
Goshen, Indiana

Editor, CITIZEN:

I have received many fine cards, letters and lots of visitors during my stay here at Goshen Hospital since Jan. 20. Without a doubt the fine front page publicity in The Citizen was in a large measure responsible for this response. It is difficult to find words to express my full appreciation.

According to the latest word from the doctor I will probably be able to be home by Sunday Feb. 21. At that time my leg will be in a cast, but that will be a change for the better. I have been flat on my back all the time I've been here and that sure gets tiresome.

I have been getting along fine in every way. The food and the hospital care is the finest, but I certainly look forward to being back at Culver.

JEROME J. ZECHIEL

Travel Letter

Mr. and Mrs. J. R. Black of Key West, Fla., who operate shrimp boats, write the following letter from Georgetown, British Guiana, South America, to Mrs. Black's parents, Mr. and Mrs. Howard Oberlin of Culver:

"We left Miami, Fla., Feb. 9 at 10:40 a.m. on the KLM Royal Dutch Airlines for Georgetown, British Guiana, to operate a shrimp boat. We stopped at Havana, Cuba, for 30 minutes where we saw Castro soldiers in the terminal with uniforms and hair down to their shoulders and, of course guns.

"Next stop was Kingston, Jamaica. The weather was clear and we flew low so got a wonderful view of Jamaica.

"Next stop was Aruba, then Curacao where we stayed overnight at the expense of KLM. Next morning we left and made one stop at Port of Spain, Trinidad, then on to Georgetown.

"When we landed, we were 25 miles from town, right in the jungle. A taxi brought us to town so we got to see some of the country which has lots of trees and tropical plants. We contacted Mr. Vassilagi about the shrimp boat we were to operate and he took us to the Hotel Tower, the

REACHING OUT!

nicest hotel in town. Everyone takes cold showers for there is no hot water. The temperature stays 50 or over all the time. There are no screens on the windows, but we have a mosquito

net over the bed. Georgetown is very modern with nice stores and even a super market. "This trip is a wonderful experience and we are having lots of fun.

THE CULVER PRESS
Citizen Building

Although the U.S. population has increased from the 151 million counted in the 1950 Census to about 180 million in April 1960, when the 18th Decennial Census will be taken, the population density is expected to remain at about the level of 1950 — 50 persons to the square mile. Reason for the near standstill in this respect is the addition since the last census of vast Alaska with its 571,000 square miles of land area and comparatively few inhabitants.

PAUL SWEARINGTON GETS ANOTHER U.S. BOND SALES REPORT

Marshall County's U.S. Savings Bonds sales for January were \$100,998.61 compared with \$96,502.44 for the corresponding period of last year, according to a report made to Paul Swearington, Plymouth shoe merchant, chairman of the county's U.S. Savings Bonds Committee.

Indiana's sales for the month were \$12,879,865 which showed a loss of 3.2 per cent from the sales of \$13,407,935 for the like period of 1959.

SOLICITOUS — Two young men who stopped at a Warsaw filling station seemed friendly enough and one of them asked the attendant, Donald Taylor, "How's business?" "It hasn't been too good," Taylor replied. "That's too bad," said the man. "We hoped it would be good because we came to rob you." The two then took \$50 in bills and a money changer containing \$25.

Sunday School 9:15, Worship
Services 10:15.
The new baby of Mr. and Mrs.
Dennis Mischler is in the Wood-
lawn Hospital at Rochester. Mrs.
Mischler was admitted over the
weekend.

Mrs. Laverne Hilmer of Rich-
land Center, daughter of Mr. and
Mrs. Stanley Kelley of Delong,
was admitted to Woodlawn Hos-
pital Friday.

Miss Bonnie Lou Hoover of
Hammond was a weekend visitor
of her parents, Mr. and Mrs. Paul
Hoover. Mrs. Harry Leopold of
Culver was a Sunday visitor also.

Mrs. D. R. Carr returned home
from Huntington Friday where
she has been visiting her cousins,
Mr. and Mrs. Bill Robinson.

Visitors of Mrs. Clara Wilson
at dinner Saturday in celebration
of her birthday were her children
and their families, Mr. and Mrs.
Bill Bottorff, Mr. and Mrs. Lincoln
Porter of Gary, Mr. and Mrs. John-
nie Hutchins, Crown Point, Mr.
and Mrs. Norman Floyd, Lake
Village, Mr. and Mrs. Charles
Kreischer of Hobart, Mr. and Mrs.
Howard Eatcheson of Argos, and
Mr. and Mrs. Raymond Kreischer
and Sam Kelley.

Mr. and Mrs. Fred Fisher of
Kewanna, Mr. and Mrs. Glenn
Neidinger of Walkerton and Mrs.
Verl Peterson of Monterey were
callers in the Homer Fisher home
Sunday.

Mr. and Mrs. Leroy Thomas and
family of Maxinkuckee were Sun-
day supper guests of his mother,
Mrs. William Thomas, and aunt,
Mrs. David Thomas.

Roger Kelley of Plymouth and
Miss Caroline Fouts of Walkerton
called in the home of his parents,
Mr. and Mrs. Stanley Kelley, Sat-
urday evening.

MISS SUSAN VERKOUILLE

Miss Susan Verkouille, daugh-
ter of Mr. and Mrs. T. C. Verkou-
ille, 15641 Eastburn, Detroit 5,
Mich., was a member of the gradu-
ation class of Edwin Denby High
School on Tuesday evening, Feb.
2.

Her mother, Mrs. Verkouille, is
the former Mary Riggins, daugh-
ter of Mrs. Cora Riggins and the
late J. W. Riggins of Culver.

Miss Verkouille has been work-
ing the past two years as an in-
structor at the YMCA and is pre-
paring to enter nurses training in
September at Harper Hospital in
Detroit.

Among those attending an open
house party in her honor on
Saturday evening, Jan. 30, were
her aunt, Mrs. Harold Dunlap and
daughter Karalee of South Bend,
and Mr. and Mrs. Cecil Asper of
Detroit.

Mrs. Vern McKee and daugh-
ters were Saturday afternoon
callers of Mrs. Trula McKee.

and Mrs. Raymond Lowry were
Mr. and Mrs. Vern McKee and
family, Mr. and Mrs. Larry Lowry
and Mr. and Mrs. Richard Over-
myer and son all of Culver.

Mr. and Mrs. Clarence Broeker
and family were Sunday dinner
guests of Mr. and Mrs. Harold
Peterson and family at Culver.

Mrs. Ross Pollock returned
home from the hospital Wednes-
day. She is improving but has to
be in bed for a while yet.

"Hoosier At Large"

(Continued from Page 1)

job. But who? The company had
auditors and accountants galore.

The ubiquitous FBI went to
work. In Louisville, St. Louis,
Indianapolis and Chicago agents
sought leads via the scheme's
mail drops and checked printers
to learn who had ordered the forg-
ed forms.

THE LOUISVILLE BANKER
described "Barxton" and provid-
ed his mailing address—the fatal
slip. The Evansville postal box
had been rented by one Ralph
Verdon, an Air Force auditor at
the aviation firm.

THE FBI NEEDED only 48
hours to "finger" Verdon. Proving
his guilt took longer.

Bit by patient bit, agents drew
an evidential net around Verdon.
Shown Verdon's photo, the Louis-
ville banker said, "That's Brax-
ton." Laborious legwork turned
up an Evansville printer who had
sold Verdon fake invoices, a sta-
tioner who had sold him rubber
stamps used in the scheme.

GIVEN SAMPLES of Verdon's
handwriting to compare with the
fake documents, the FBI's fine
Washington lab provided the
clue: The specimens were
identical.

Nine days after being called,
the FBI arrested Verdon. He was
glam—but mum.

Meanwhile Indianapolis agents
had turned up a loose end con-
firming their suspicions that
Verdon wasn't the only schemer
involved.

A MAN NAMED Jack Westover
had arranged one mail drop by
duping an Indianapolis printer.
After Verdon's arrest, he wrote
the printer from South Bend say-
ing, "Keep mum—and burn this
letter."

Instead, the printer, a good
citizen, gave the FBI the letter.
Westover had been a cost analyst
at the aviation firm. Handwriting
checked, and some switched bank
accounts clinched the link.

Westover had ducked, but when
he learned only part of the score
against him he meekly surren-
dered.

IN DECEMBER, a grand jury
indicted Verdon. Aware now of
the solid case against him, he
confessed fully.

"We thought we had a fool-
proof system," he said wryly.
"We aimed to get \$1 million in
three months and then remove
and destroy all the fake papers.
We might be suspected—but

nothing could be proved." Verdon
grimaced. "One little slip..."

Verdon and Westover returned
the \$220,350 they'd filched and
having no prior criminal records,
got lenient, seven-year sentences.
Both have since been paroled—
so the names used here are ficti-
tious.

Could such a scheme succeed
today? It's unlikely. Government
auditing is sharper, tighter and
free of war pressures.

But no system is wholly fraud-
proof, and if federal laws aren't
involved, a bilked firm can't get
skilled, efficient FBI help to un-
ravel a complex swindling scheme.

SO IT BEHOOVES executives
to heed this two-fold tip concern-
ing money-handlers which the
FBI offers:

"Employ only trustworthy men
... and be alertly suspicious even
of them."

Vern Flosenzier Jr., Manager

An open letter to the Businessmen of

THIS COMMUNITY

Dear Sirs:

One of the easiest ways to let everybody in town
know who you are, where you are and what you do for
your customers is to make sure you are listed in the
Yellow Pages of your Telephone Directory. And not
merely listed, but adequately explained, too.

If you sell more than one kind of merchandise,
make sure that customers know this — through
separate Yellow Pages classifications that describe
them. If you perform more than one kind of service,
list them all. It is better to have several irons
in the fire! And multiple listings make it easier
for prospects to find you, so you get more
chances to make more sales.

Your new Telephone Directory is now in
preparation. Make sure you're in the Yellow Pages
with a complete and accurate listing of the
products you sell or the services you render.

The Yellow Pages representative who calls on
you will be glad to discuss your particular needs
and offer assistance and advice in preparing your
advertisement.

Sincerely yours,

INDIANA BELL TELEPHONE COMPANY

Culver Indians Win Final Home Game, 78 to 63

B-Team Suffers Their Tenth Loss

By KARL D. MISHLER

Our Culver Indians evened their seasonal record at 10-10 Tuesday night by tromping Winamac, 78-63, in the final home game of the season. The Indians will attempt Friday night to gain a winning season against rugged Lakeville at Bremen.

Culver and Winamac traded baskets in the first half at a rapid clip, with the visitors, also called the Indians, hitting over Culver's ineffective zone defense, while the local boys blitzed back with their patented two-pass fast break.

Winamac held a 43-46 halftime lead. But from the start of the second half, it was evident that the visitors could not keep up with the pace set by the charged-up Culver squad. Behind Dave Washburn and Gene Benedict, Culver raced to a 59-51 lead after three quarters, and kept right running to register victory number ten, 78-63.

Washburn led all scorers with 28 points, as the chunky left-hander showed the flashy ball-handling and shooting style that have typified his driving play for the past four seasons. Benedict and junior center Lance Overmyer added 17 and 16 points, respectively to aid the cause. Denny Geiger, along with Washburn and Benedict, was playing his final home game of their high school careers, as was student manager Sam Prosser. Congratulations and thanks to these seniors for many minutes of thrilling basketball action. Dave Ash and Riley Lanz led the losers with 17 apiece.

The B-Team fell before the visitors' tall and hustling team, 51-28. Corky Walter's 14 points led the Papooses, who took their tenth loss in 17 games.

ACADEMY WRESTLERS WIND UP SEASON WITH ANOTHER VICTORY

Culver Military Academy's wrestlers wound up their season Feb. 9 with a 21-21 win over visiting Marion High School, giving the team a 9-3 record for the year.

Five Culver men pinned their Marion opponents, and two more won on decision. The meet was tied going into the 178 pound weight class, when Burr Cain, 178, and Jack Prucha, heavy-weight, pinned their men to give Culver the meet.

Team captain Jay Gehrlin, 115; Mike Hood, 123; and John Schnert, 130, also pinned their men, while Bob Hightower, 98 pounds, and Bud Wellman, 148, decisioned their opponents.

O.E.S. Initiation Ceremony Given Tuesday

About 50 members and guests of the Emily Jane Culver Chapter, Order of Eastern Star, attended the stated meeting in the Masonic Hall on Tuesday evening, Feb. 16.

Following the opening of the chapter the initiatory ceremony was given by the officers for C. W. Brooks.

Guests present were Leslie E. Dunkin, worthy patron of Mishawaka Chapter, and Mrs. Dunkin.

After the close of the chapter refreshments were served in the clubrooms from a table decorated in the patriotic motif. Serving on the refreshment committee were Mrs. Lawrence Lindvall, Mrs. Clarence Blair, Mrs. A. R. McKesson and Mrs. Edgar Shaw.

Glee Club From Notre Dame At Plymouth Friday

When the "Winona Irish" of the Notre Dame Glee Club perform at the traditional G.O.P. Lincoln Day dinner at the Catholic School auditorium in Plymouth Friday at 8:30 p.m., the famous "Victory March" of the "Fighting Irish" football teams will close the concert.

Once the inspiration of football greats such as George Gipp, Johnny Lujack, and Johnny Lattner, the strains of Notre Dame's "Victory March" have long echoed outside the Irish stadium in far-off corners of the world — carried there by alumni, students, and just plain fans.

World War II came to emphasize the international character of the song. The official Navy combat film "Appointment in Tokyo" pictures Marines singing the "Victory March" in a Pacific landing, and the men of the 36th Army division hitting the beaches of Salerno were reported by several national magazines to have been singing the Notre Dame "Victory March" as they waited to go into battle.

English prisoners of war in Poland, children in an Italian orphanage, and street vendors in Trieste, have translated the familiar tune into numerous dialects and tongues.

L.U. Game Inspired Song

It was an Indiana-Notre Dame football game that first inspired the "Victory March" for two Notre Dame students back in 1908. Mike and Jack Shea, who had often fitted Notre Dame lyrics to various Eastern college songs, hit upon the idea that day of attempting an original song for the Irish.

Mike, who later studied at the Pontifical School of Music in Rome and became the Rev. Mi-

Anna Russell, TV And Stage Star, Here On Feb. 25

International concert comedienne Anna Russell will present a concert in the Eugene C. Eppley Auditorium of Culver Military Academy Thursday, Feb. 25, at 8:15 p.m.

An accomplished singer and actress, Miss Russell has won fame by spoofing opera, popular music, and practically everything and everyone in the world of music.

Tickets for Miss Russell's Culver performance will go on sale today. Seats are available in either the orchestra or balcony for \$2.50 or \$2. Mail or telephone orders may be placed with William J. Martin, Director of Theater, Culver Military Academy, Viking 2-3311, extension 203. Requests received through Feb. 21, will be filled by mail. Those received after that date will be held

at the reservation desk of the Eppley Auditorium the night of the performance.

Miss Russell's successes run gamut of show business audiences. During one season, she gave six recitals in New York alone, at Town Hall and Carnegie Hall.

First performed at the traditional Washington's Birthday exercises at Notre Dame in 1909, the "Victory March" went on to become a world-famous trademark of the Notre Dame spirit.

A Talented Accompanist

John Oliver, from Janesville, Wis., is the accompanist and assistant director of the Glee Club. Serving in this capacity, he is often called upon to help train the group for various programs throughout the year as well as to accompany them for concerts.

John, in his third year with the Glee Club, has been in the University Theatre since his freshman year and has appeared in its productions of "Murder in the Cathedral," "The Boy Friend," and "Oklahoma."

ANNA RUSSELL
International Comedienne and
Columbia Record Star

at the reservation desk of the Eppley Auditorium the night of the performance.

Miss Russell's successes run gamut of show business audiences. During one season, she gave six recitals in New York alone, at Town Hall and Carnegie Hall.

Guest On TV Programs

She has appeared on television a number of times. Guest performances include the Steve Allen, Garry Moore, Ed Sullivan, Fred Waring, and Omnibus programs. Miss Russell has soloed with a number of symphony orchestras, including the New York Philharmonic, Rochester, Toronto, Melbourne (Australia), and National (Washington, D.C.).

Widely Traveled Star

She was the witch in both the movie and the New York City Opera Company's version of "Hansel and Gretel," and has recorded a number of albums.

Miss Russell has toured her one-woman show throughout the world. She has given recitals throughout North America, the British Isles, Europe, South Africa, Australia, New Zealand, and Tasmania. Coming up is a tour of the Far East.

HARRY LACKEY, VETERAN PLYMOUTH REALTOR, A GREAT GRANDFATHER

Harry Lackey of Plymouth, dean of Marshall County realtors, lunched at the M & M Saturday and proudly told local friends that he is now a great-grandfather. Mr. and Mrs. Gary L. Bonham of Indianapolis recently became parents of a son, Michael. Mrs. Bonham is the former Caroline Coll, daughter of Dr. and Mrs. Herschell R. Coll, of Syracuse and Port Wayne. Mrs. Coll is Mr. Lackey's twin daughter.

7n

we cordially invite...

our city neighbors to join us this year, as we celebrate the 25th birthday of rural electrification.

THERE'S A GOOD REASON. City jobs are more secure, paychecks fatter, and business is better, since rural Americans banded together to serve themselves with electric light and power.

THIS YEAR THEY WILL BUY over a *billion* dollars worth of electric appliances and equipment—made and sold in cities and towns. And this market didn't exist until rural America was electrified by member-owned, private enterprises, such as ours.

THOUSANDS OF MEN, WOMEN, CHILDREN—our city neighbors—live happier, safer lives today, because of this great surge of buying power provided by the growing needs of rural America.

That's why we're proud to say . . .

RURAL ELECTRIFICATION
is good for ALL Americans!

Speech Making Wins State 4-H Award

Donna Druley

A Webster High school senior talked herself into the top state Hoosier award in the 4-H public speaking program for 1959.

She is Donna Druley, 18, of Richmond, who was awarded a certificate of honor by the Pure Oil Co., the State 4-H Club office has announced.

Miss Druley's winning speech, "What 4-H Means to Me," was her 218th public appearance since she joined 4-H in 1951. This busy Wayne countian is the daughter of Mr. and Mrs. Earl Druley.

She was 1959 president of her local club and is now co-leader with her mother in another club.

Paul Kline In Honor Society

By SHARON BAKER
AND MARGARET KRULL

The National Honor Society met last week to nominate the person they would like to have in the Hall of Fame in New York City. The group cast its vote for Thomas A. Edison.

Hi-Y: The Hi-Y is giving a party for members and Sunshine Girls after the basketball season closes, on March 11.

Culver Sunshine Society held a business meeting last Friday at which time plans went into high gear for the Father-Daughter supper which is held each year in February. The menu was planned and committees selected. Also a sale was discussed and tentative plans made. This will be a Used Formal Sale. The idea back of this is: many girls have formal dresses that they have worn several times, but which are far from worn out. The dresses would be brought in for a sale with Sunshine receiving a given amount for each transaction.

This would give many girls a chance to realize a little profit from dresses now hanging in the back of the closet, and would also give many girls a chance to have that "extra" dress that they just can't quite swing at regular prices.

This sale will be open to all girls in the community, either to bring or to buy. Girls, keep this in mind. Details later.

Paul Kline has become a member of National Honor Society. He received his pin and membership card from Principal R. J. Ives Jr. at a special assembly Friday morning. Paul reached the necessary point average after the end of the seventh semester. Congratulations, Paul, and welcome to National Honor Society.

Match Magazine Titles and Persons

By KAREN KEMPLE
AND ROCHELLE GOOD

What personality of Culver High School fits this magazine title? This was the question asked this week, here are the magazine titles and the person we thought best fit each one.

Seventeen — Betty Kose.
Hot Rod — Jerry Kimmel.
Glamour — Joyce Morrison.
Jack and Jill — Sandy Fisher and Buddy Watson.

Popular Mechanics — Joe Rosebaum.

Calling All Girls — Corky Walter.

Sport — Dave Washburn.

American Girl — Nancy Florenz.

Farm Journal — Anne Behmer.

Motor Boating — Anne Osborn.

Mademoiselle — Shari Yocom.

and Emily Allen.

Popular Photography — Earl Mishler.

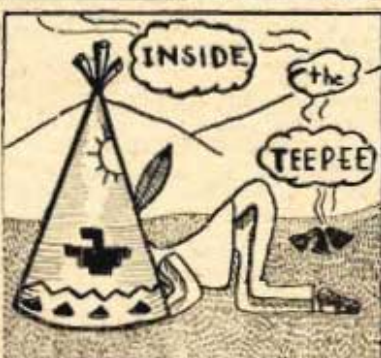

Down Beat — Jim Hall and Sam Medbourn.

Information — Mr. Robinson.

Handyman — Stanley Curtis.

DISPLAY ATTRACTS — Will the roundhouse ever break into the trucking industry? Several students at Tri-State College, Angola, think so. They are majoring in Motor Transport Management at the college and have built a display of a model truck terminal. The terminal is round with dock doors on the outside and toy tractors and trailers backed up to each. The display also includes an office building, maintenance shops, heliport and parking areas. The scale model was viewed by an estimated 500,000 persons at the Chicago auto show.

Read Today's Classified Ads!

Gela, gela! (Hello, as we say it in Africa.) If you doubt the fact this is an official greeting in Africa, just ask Susie Medbourn. She has a pen pal there and should be well informed about African salutations and such. As a matter of fact, if you are interested in greetings from Australia, Mexico, England, Norway or Columbia, the Spanish II class might fill you in.

Fairy tale time: Once upon a time there was a girl named Joycerella. She had a bad habit of waking up just five minutes before early morning bus trips, and trying to make the bus. Well, this particular trip was a slightly different story. In that she had been sick and the wicked step-mother didn't want her to go. Joycerella was bound to go to Chicago with the rest of the Seniors, so with hose in pockets and hair in pins, she ran toward the school at 6:43 . . . rumble, rumble . . . she had missed the bus! (Trumpet fanfare) . . . Prince Sammy to the rescue! They sped after the bus in his black and white steed and overtook it in the nick of time. Joycerella vowed to give herself a ten minute leeway hereafter and the day was spent happily even after.

Yes, the day was a success, thanks to the wonderful planning administered by the banks. Around home, all was bliss with the Juniors ruling teepee with an iron hand. Tribe two goes through it every year.

Bon voyage to Barbara Kauffman. We mean that literally, too, since the new Washington Clay has a swimming pool. Come back and visit us soon.

We have a complaint from Denny Geiger who says that the writers of this column just ramble on and never get anything said. What could he mean, we just ramble on? Why, this column is . . . I mean this column contains all sorts of . . . well, we don't just ramble on and get nothing said. That remark was emulefying! Sometimes we, that is, the meanings of things we say are a little hard to grasp, but we don't ramble on and get nothing said!

Welcome, Mr. Kepler, our new science teacher, always glad to have another brave join our tribe.

Also new Freshman maiden took vows of Culver Indian tribe. Welcome, Sheryl Hohman, and we hope you will like Culver.

Several Culver Indians visited "Canoe Show" in Chicago. Many yacht-size and submarine type canoes were seen. Many interesting people decked the halls at the Amphitheatre: sailors, models, celebrities, old friends, blond hula girls, and the like.

That's a mighty pretty sweater Melissa. Her brother, Jerry sent it from Labrador, Cashmere, no less!

Anna Lutz just got out of the hospital. Bud Watson just went in. Welcome back, Anna; hurry back, Bud!

Since this is the Valentine season, it seemed fitting and proper for John Kelter to say to Bev Thomas, "Don't turnip your nose at me, I could go steady with you, since U R 4 me!"

The Singing Hoosiers were seen at Plymouth the other night by some of our choir members.

Floor Burns Bother Mimi

By MARY JANE GUISE

I first encountered our victim in first period study hall, where she was diligently complaining about her floor burns which she had received in gym class. Our victim had a new hair-do . . . and very becoming I might say. The next period she was in study hall with me, but I never did find out the cause of all the hilarious laughter coming from her direction. The Shadow edged closer and closer, but still couldn't get near enough to detect the source of the fun.

I lost contact with her the next period, but found her again fourth period in gym. In the dressing room she didn't hasten to voice her approval of this class. She didn't Disapprove . . . let's just say she was less than enthused! After a period of vigorous exercising (and still complaining about floor burns) our victim leaped into the dressing room and into the cafeteria before I could catch her.

Just before fifth period our victim was in a turmoil. She came dashing up to me wanting to know about a test in English. When told that there was to be no test that day, she went down the hall grumbling and mumbling to herself, quite sure that someone had given her a wrong clue. Now, who'd do that?

In fifth period geometry our victim was very quiet, except for a giggle now and then. Sixth period I lost her again, but seventh period during choir she sang heartily along with the rest of us.

The last I saw of Melissa Fisher that day was when she went trudging slowly out to her school bus to return home after her hard day of work. Be careful! YOU may be the Shadow's next victim.

Juniors Work On Supper, Prom

By LESLIE WOOLFRE
AND SAM MEDBOURN

Seniors: Caps and gowns were ordered last week. A list of Seniors owing money to the Senior class has been posted on the bulletin board. Everyone is urged to pay promptly.

Juniors: This time of year is a very busy one for the industrious Junior class. They have been busy making plans for the annual Junior Ham Supper, March 26; also they are planning for the Junior-Senior Prom.

Sophomores: The Sophomore class is doing a little bit of boasting. Everyone has paid their dues for the year. This is quite an accomplishment!

Freshmen: The Freshman class has a new addition to their class. She is pert and pretty Sheryl Hohman. Welcome to Culver, Sheryl!

We have received word that Sam Medbourn received a mysterious Valentine. Who was it from? Your guess is as good as his!

Come one, come all! The Juniors have decided to add some life to dear old Culver. The Junior girls will be challenging the Junior boys in a game of basketball soon. This ought to be good!

No, Carmen Greter is not on the war path. She just spilled her tomato juice all over the cafeteria. She is thinking of making "a scrubwoman" her career.

Anyone have any news for the Teepee? Please see Joyce Morrison or Sharon Spahr and let them in on the very latest.

Culver Teacher Braggs Of Seven Grandchildren

By ANNE BEHMER

Many of us in high school have had Mrs. McLane for our teacher in either the first or second grades. I am going to tell you some things you may not know about her.

Mrs. McLane is married to the Marshall County Superintendent of Schools, and she is Miss Overmyer's sister. She has two children; Marjorie, who lives in Washington, D.C., and Frank, who lives in Indianapolis. She has seven grandchildren.

Some of her favorites are: foods — chicken, lobster salad and fried clams; sports — basketball (another Culver fan), and swimming. Her favorite subject in school was Children's Literature. Her hobby is traveling and she has been in the Southwest, Northwest, Florida, and Washington, D.C.

Mrs. McLane graduated from C.H.S. in 1926. She has also attended I.U. and Manchester College. Mrs. McLane was graduated from Manchester just one week before her son was graduated from DePauw University.

Her pet peeve is people that just won't finish their work.

Mrs. McLane just loves teaching at Culver. She has taught here 17 years. We all hope that she will be with us many more years.

MOORE AND MOORE — There are two boys enrolled in the Central elementary school at Cambridge City (Wayne County) with identical names. Both are named Gary Lee Moore, and they are not kin. Both boys are in the same fourth grade class and the school principal, Miss Eunice Ballinger, said, "It gets confusing."

DON'T FORGET

The last Basketball game on Culver's regular schedule is with Lakeville Friday night and is to be played at Bremen, not Lakeville.

Best in 4-H Dairy, Home Ec Projects

A Purdue freshman and a Taylor University sophomore were in Chicago recently to attend the 38th National 4-H Club Congress.

They are Stephen White, 18, of New Castle, and Marjorie Cook, 19, of Claypool, whose achievements in the dairy and girls' home economics 4-H programs, respectively, merited the expense-paid trips, according to the Cooperative Extension Service.

Stephen White

Miss Cook

An outstanding 4-H'er, White is 1959 state dairy expert, and received the Oliver Corporation trip award. During his 10 years in 4-H his Jersey cattle have won championship awards every year.

Miss Cook, winner of the Montgomery Ward sponsored trip, has an outstanding record in nearly all phases of successful home making, including sewing.

Miss Cook has served two terms as president and has held other offices in the Claypool Cloverettes 4-H Club. She is now attending Taylor with the aid of several scholarships.

Seniors Guests Of Bank On Trip To Chicago

By SUSAN MEDBOURN and
JUDY LOWRY

On Wednesday, Feb. 3, the Senior class as guests of the Culver, Argos, and LaPar banks, visited several points of interest in Chicago. Our trip began about 5:30 a.m. as many sleepy Seniors boarded the chartered bus in front of the school. Our first stop was at the Waffle Shop where we enjoyed a delicious breakfast.

When we arrived in Chicago we went to the Continental Illinois National Bank and Trust Company. On our tour of the bank we were shown the many different departments and machines; the functions of the bank were explained to us. At noon we were guests of the Chicago bank for a very fine lunch. After lunch, we walked across the street to the huge Board of Trade Building. Here we saw a movie about the buying and selling that was going on out on the floor. Then, we went onto the visitor's gallery overlooking the floor and tried to figure out the different hand motions being used to indicate buying and selling on the market.

Our day in Chicago ended with a visit to the Merchandise Mart, one of the showplaces of America, where we were shown many displays of merchandise as we toured the building.

After a very exciting and busy day, we stopped at Tichel's restaurant for the evening meal, where everyone had all they could eat. Soon, we were back in Culver, commenting to everyone we saw, about our exciting and educational trip.

Latest Fads Seen At CHS

By LINDA ROSE
AND JEAN WARNER

In our high school like many others, we have fads and fashions. They come and go. Some stay for only one day, others never seem to go out of existence. Upon looking among the students this week we came up with our latest fads.

First we notice the girls. (The boys notice them, too!) Their latest fads seem to be wearing belted skirts with crew-neck sweaters and to add spice to the outfit they wear leotards of many various colors. They help not only to add spice to the outfit, but also to keep the legs warm on these cold winter mornings.

They also can be seen "spruced-up" in plaid skirts of many different colors and bulky knit sweaters. To add more to the outfit, many girls wear various colors of canvas shoes, pixie boots, or just saddle shoes.

One of the popular fads that was started during the fall and which has continued on through winter is that of wearing tennis shoes. They seem to give a "sporty" touch to the outfit.

Some of the most popular colors are loden green, beige, and brown. You can see many vests, skirts, sweaters, and blouses of these colors worn by the C.H.S.

Of course, we couldn't forget the boys in our little canvass for fads. Although they don't have as many as the girls, they do have a few.

The biggest fad is wearing tyrolean hats. They really look sharp!

We've also noticed the many different crew-neck and bulky-knit sweaters they have been wearing.

Blue jeans, which used to be so popular a few years ago, have almost been replaced by slacks and ivy league pants. This is a welcome change for many people.

Fads don't necessarily have to be restricted to a few individuals; they can be broadened to include large groups such as the Seniors, whose latest fad is wearing their senior cords to basketball games. The Juniors' latest fad is their dances after the ball games, while the Sophomores' is attending movies which they sponsor. Not to be left out, the Freshmen also have a fad that is their own, that of eating and selling lots of fudge.

As you can see the fads and fashions vary at C.H.S. just as they do everywhere else. For it would surely be a dull life if there were not fads to change it.

Valentine Motif Features Grades

By SUSAN MUEHLHAUSEN
AND CATHY OVERMYER

Kindergarten: Mrs. Melton — We started working on our "V" letter. Many of the children know all of the letters now. We play "popcorn" to learn what the letters are. Several mothers have sent in cookies for our milk time. Thank you. We are experiencing our first valentine exchange and it is quite exciting. We made big envelopes and wrote our name on them and put them around the walls. The children put the Valentines into the right envelope.

First Grade: Miss Whan — We had a very successful canteen sale on Friday, Feb. 12. On the same day, Mrs. Kuhn came to help with our Valentine party. Patty Thomas will be seven years old this week.

Second Grade: Mrs. Koyser — Jean Wolf celebrated her seventh birthday Feb. 9. We want to thank our room mothers and Mrs. Babcock for our Valentine party refreshments. We've been looking at maps and finding out their usefulness. In reading we have finished our primer, "The Little White House."

Third Grade: Mrs. H. Keller — Feb. 10 was Janet Zochel's birthday. She was nine years old. We played games and enjoyed the refreshments sent by her mother. Our Mothers' Tea will be held Friday, Feb. 12.

Fourth Grade: Mrs. Carter — We have a Valentine box in our room. It was decorated by Sara Hoesel's mother. We are looking forward to the Valentine party given for us by the Room Mothers. There are eleven children in this room who are taking music lessons. They play for us every Friday. Mrs. Carter is reading "Pinocchio" and we enjoy it very much. The following children have not been absent during this school year: Karen Banks, Lee Eskridge, Robb Hall, Danny Spencer, John Krieg, Steven Snyder, Kathy Tusch, and Douglas Hartz.

Fifth Grade: Mrs. Lawson — Our Valentine party was given by the boys. Each student made his own valentine mailbox by decorating a white sack to hang up. We

are very sorry to have lost Loretta Kloeck from our class as she moved to South Bend.

Reporters Visit Pilot Plant

By BARBARA MOORE and
BETTY ROSE

The heavy fog on Thursday, Jan. 28, provided some added spice to a most educational and interesting day at the Plymouth Pilot News for Betty Rose and Barbara Moore, co-editor and Pilot reporter respectively.

The morning passed quickly among old and new friends as we toured the advertising department, where incidentally we met Mrs. Kepler, the new science teacher's wife. She explained to us the process of laying out an advertisement and that its purpose was not only for the paper's profit but, if a newspaper organizes a good advertisement for each business its results will in turn be beneficial to the newspaper itself.

First stop . . . the sheriff's office and home, which is on the "beat" we would follow that day. The "beat" consists of a series of stops where news might be collected by Mike Boys for the paper. In the building we were shown Sheriff Greelee's home, the jail, the operation of radios, firearms, the roque's gallery, and even a pair of real handcuffs!

The excitement didn't stop there, but continued as we toured the various floors and offices of the courthouse. We had only a glimpse of a trial already in session at 10:15 a.m.

At the police station the files, parking meters, radio, more firearms, and general management of the station were explained.

While at the police station we had a close-to-home experience of talking with Donald Mikesell from the station radio to his car radio in Culver.

Back at the Pilot we engaged in some typical newspaper work — we wrote captions and write-ups for the Culver School Page and also proofread material from other schools.

On returning from a delicious and welcome lunch at The Oaks we again began our newspaper work. This time we actually laid out our page as it would appear in the paper on the following day.

Our tour of the mechanical end of the Pilot News made us feel that typing a few assignments once a week wasn't nearly as bad as we thought. We actually saw how the type was made, set, proofread, proofed, set in casts, put on the press, and at last above the roar of high-speed presses watched the Pilot News come off the press.

Art Students Work On Geometric Designs

By MELISSA FISHER

The high school students in Mrs. Allen's art class are busy working on designs made by placing three geometric shapes in an interesting grouping. The design is then finished with pencil in varying shades of black, gray and white.

As I walked into the art room, I noticed the beautiful stencil designs on a place mat. These stencil designs are being done by the sixth, seventh and eighth grade art classes. After a practice session of learning how to use this textile paint, some continued the project by decorating pillow cases, towels and place mats.

Stanley Curtis Is A Finalist In Competition

Stanley Curtis, son of Mr. and Mrs. Forrest Curtis and a senior at Culver High School, has been announced as a finalist in the 1959-60 competition of the National Merit Scholarship Corporation.

This is the second time in three years that a C.H.S. senior has won the high scholastic distinction. Tom Ott being the previous winner.

About six-tenths of one percent of the seniors of Indiana will receive this award out of a total of 550,000 students who took the test last April. Congratulations, Stanley!

Some 50,000 rolls of microfilm — about 950 miles of film — will be used to record data on 130 million Americans in the Census of Population and Housing which will be conducted starting April 1, 1960, by the Bureau of the Census, Department of Commerce.

AN ORDINANCE ESTABLISHING A ZONING PLAN FOR THE TOWN OF CULVER, INDIANA, AND CONTINUING UNINCORPORATED TERRITORY UNDER THE JURISDICTION OF THE CULVER TOWN PLAN COMMISSION, TO CONSERVE THE VALUE OF PROPERTY AND TO THE END THAT ADJACENT LIGHT, AIR, CONVENIENCE OF ACCESS, AND SAFETY FROM FIRE AND OTHER DANGERS MAY BE SECURED, THAT CONDITIONS IN THE PUBLIC STREETS MAY BE IMPROVED OR AVOIDED, AND THAT THE PUBLIC HEALTH, SAFETY, CONVENIENCE, COMFORT, AND GENERAL WELFARE MAY BE PROMOTED IN A MANNER WHICH RECOGNIZES THE NEEDS OF INDUSTRY AND BUSINESS IN THE FUTURE GROWTH OF THE TOWN AND WHICH WILL ENCOURAGE THE DEVELOPMENT OF HEALTHY SURROUNDINGS FOR FAMILY LIFE IN RESIDENTIAL NEIGHBORHOODS, ALL IN ACCORDANCE WITH A MASTER PLAN DESIGNED TO ASSURE EFFICIENCY AND ECONOMY IN THE PROCESS OF DEVELOPMENT OF THE TOWN AND FOR THE PURPOSE OF:

- (1) Classifying, regulating and limiting the height, area, bulk and use of buildings and structures hereafter to be erected;
- (2) Regulating and determining the area of front, rear, and side yards and other open spaces about buildings;
- (3) Regulating and determining the use and intensity of use of land and lot areas;
- (4) Classifying, regulating and restricting the location of trades, callings, industries, commercial enterprises and the location of buildings designed for specified uses;
- (5) Dividing the town into districts of such kind, character, number, shape and area as may be deemed necessary to carry out the purpose of this ordinance.

AND FURTHERMORE PROVIDING FOR ITS ADMINISTRATION AND ENFORCEMENT, CREATING A BOARD OF ZONING APPEALS AND PROVIDING FOR REVIEW OF THE DECISIONS OF SUCH BOARD BY THE COURT. Be it Ordained by the Board of Trustees of the Town of Culver, Indiana:

ARTICLE I - IN GENERAL

Section 1. **SHORT TITLE:** This ordinance, and ordinances supplemental or amendatory thereto, shall be known, and may be cited hereafter, as the Zoning Ordinance of Culver, Indiana.

Section 2. **IDENTIFICATION:** Whenever the word "Town" appears in this ordinance, it shall be deemed to refer to the Town of Culver, Indiana.

Section 3. **INTERPRETATION:** In interpreting and applying the provisions of this ordinance, they shall be held to be the minimum requirements for the promotion of the public health, safety, comfort, morals, convenience and general welfare.

Section 4. **NON-INTERFERENCE WITH GREATER RESTRICTIONS OTHERWISE IMPOSED:** It is not intended by this ordinance to interfere with, or abrogate or annul any covenants, contracts, or other agreements between parties, nor to interfere with, or abrogate or annul any ordinances, other than expressly repealed hereby, rules, regulations or permits previously adopted or issued, and not in conflict with any of the provisions of this ordinance, or which shall be adopted or issued, except that where this ordinance imposes a greater restriction upon the use of buildings or land, or upon the height of buildings, or requires larger open spaces or greater lot area, or family, than are required by or imposed by such covenants, contracts or agreements between parties or by such ordinances, rules, regulations, or permits, the provisions of this ordinance shall control.

ARTICLE II - DEFINITIONS

For the purpose of this ordinance, certain terms and words used herein shall be interpreted and defined as follows:

Words in the present tense include the future and vice-versa; words in the singular number include the plural number and vice-versa; the word "building" includes the word "structure" and vice-versa; the word "shall" is mandatory and not directory.

1. **ACCESSORY USE:** A use which is incidental to the main use of the premises. An "accessory use" includes, but is not limited to the following:

- (a) A children's playhouse, garden house, and private greenhouse;
- (b) A garage, shed, or building for domestic storage;
- (c) Incinerators incidental to residential use;
- (d) Storage of merchandise normally carried in stock on the same lot with any retail service or business use, unless such storage is excluded by the district regulations;
- (e) Storage of goods used in or produced by manufacturing activities, on the same lot or parcel of ground with such activities, unless such storage is excluded by the district regulations;
- (f) A non-paying guest house or room for guests within an "accessory building," provided such facilities are used for the occasional housing of guests of the occupants of the principal building and not for permanent occupancy by where as house-keeping units;
- (g) Portable quarters comprising part of an accessory garage and used for occupancy by a servant or household employee and his or her family of the occupants of the principal dwelling;
- (h) Off-street motor vehicle parking areas and loading and unloading facilities;
- (i) Signs (other than advertising signs) as permitted and regulated in each district incorporated in this ordinance;
- (j) Carports;
- (k) Boat House, provided the same shall not be more than ten (10) feet high as measured from normal water level;
- (l) Swimming pools or private, incidental to use by owner and guests. Public utility communication, electric, gas, water and sewer lines, their supports and incidental equipment.

2. **ALLEY:** A public thoroughfare, which affords only secondary means of vehicular access to abutting property, and less than thirty (30) feet in width.

3. **APARTMENT:** A room or suite of rooms in a multiple family structure, which is arranged, designed, used or intended to be used as a single housekeeping unit. Complete kitchen facilities, permanently installed, must always be included for each apartment.

4. **BASEMENT:** A story partly underground, but having more than one-half of its clear height below ground level which when subdivided into rooms and used for tenant purposes, shall not be included as a story for the purpose of height measurements.

5. **BLACK:** Property having frontage on one side of a street and lying between the two nearest intersecting or intersecting streets, or nearest intersecting or intersecting street and railroad right-of-way, or nearest intersecting or intersecting street and railroad right-of-way, or nearest intersecting or intersecting street and highway, or nearest intersecting or intersecting street and other highway, the unit of six hundred sixty (660) feet shall be used and may begin at a quarter section line and terminate each six hundred sixty (660) feet unless intersected by a street.

6. **BOARD:** The Board of Zoning Appeals of the Town of Culver, Indiana.

7. **BOARDING HOUSE:** A building not open to transients, where lodging and/or meals are provided for compensation for three (3) or more, but not over 20 persons regularly, a lodging house.

8. **BUILDING:** A structure having a roof supported by columns or walls, for the shelter, support, enclosure or protection of persons, animals, chattels or property. When separated by party walls, without openings through such walls, each portion of such a building shall be considered a separate structure.

9. **BUILDING AREA:** The maximum horizontal projected area of the principal and accessory building, including even steps or terraces, unenclosed porches not exceeding one story in height, or architectural appendages projecting not more than two (2) feet.

10. **BUILDING FRONT LINE OF:** The line of that face of the building nearest the front lot line.

11. **BUILDING PRINCIPAL:** A building in which is conducted the main or principal use of the lot on which said building is situated. Where a substantial part of the wall of an accessory building is a part of the wall of the principal building or where an accessory building is attached to the main building in a substantial manner by a roof, such accessory building shall be counted as a part of the principal building.

12. **BUILDING HEIGHT OF:** The vertical distance measured from the lot ground level to the highest point of the roof for a flat roof, to the deck line of a mansard roof, and to the mean height between eaves and ridges for gable, hip and gambrel roofs.

13. **BUSINESS:** The engaging in the purchase, sale, barter or exchange of goods, wares, merchandise or services, the maintenance or operation of offices, or recreational and amusement enterprises for profit.

14. **CAMP, PUBLIC:** Any area or tract of land used or designed to accommodate two (2) or more automobile homes (trailers), or two (2) or more camping parties, including cabins, tents or other camping outfits.

15. **COMMERCIAL:** See Business.

16. **DISTRICT:** A section of the town of the kind, area, size and intensity of use of buildings and land, and uses of buildings and land, are herein established.

17. **FAMILY:** A group of one or more persons occupying a building and living as a single housekeeping unit. No unrelated group living as a single housekeeping unit shall consist of more than six (6) persons as distinguished from a group occupying a lodging house or hotel.

18. **GARAGE, PRIVATE:** An accessory building with capacity for not more than three motor vehicles for storage only, not more than one of which may be a commercial vehicle of not more than three tons capacity. Provided, however, that a garage designed to house one motor vehicle for each family housed in an apartment shall be classed as a private garage.

19. **GARAGE, PUBLIC:** Any building or premises, except those defined herein as a Private Garage, used for the storage, or care of motor vehicles, or where such vehicles are equipped for operation, repaired, or kept for reconstruction, hire or sale.

20. **GROUND FLOOR AREA:** The square foot area of a residential building within its largest outside dimensions computed on a horizontal plane at the ground level, exclusive of open porches, breezeways, terraces, garages, exterior and interior stairways.

21. **GUEST HOUSE:** Living quarters within a detached accessory building, located on the same premises with the principal building, for use by temporary guests of the occupants of the premises. Such quarters shall have no kitchen facilities nor be rented or otherwise used as a separate dwelling.

22. **HOME OCCUPATION:** An occupation carried on by a member of the family residing on the premises, in conjunction with which no commodity is sold or stock in trade is kept on the premises; no person is employed other than a member of said family; and no sign, other than a name plate, not exceeding one square foot in area, is displayed, and no change in the external appearance of the building shall be caused thereby, and that an accessory building shall be used for such home occupation. Further shape and beauty shall not be construed as home occupation.

23. **HOTEL:** A building in which lodging is provided and offered to the public for compensation, and which is open to transient guests, in contradiction to a boarding or lodging house.

24. **JUNK YARD, INCLUDING AUTOMOBILE WRECKING:** A lot or part thereof used for the storage, keeping or abandonment of mobile and non-mobile materials, including scrap metal and/or vehicles, machinery and/or parts thereof.

25. **KENNEL:** Any lot or premises on which four (4) or more dogs, at least four months of age are kept.

26. **JURISDICTIONAL AREA:** For Planning and Zoning, the area incorporated within the Town of Culver, Indiana, and the contiguous unincorporated territory shown on a map filed by the Culver Town Plan Commission with the Recorder of Marshall County, Indiana.

27. **LODGING ON CLUB:** An association of persons for some common purpose, but not including a group organized primarily or which is actually engaged to render a service which is customarily carried on as a business.

28. **LOT:** A parcel of land separated or intended for separation by a use or building in this ordinance, including one (1) principal building and its accessory buildings, and the open space required by this ordinance and having its principal frontage on a street or an officially designated and approved place.

29. **LOT, CORNER:** A lot abutting upon two (2) or more streets at their intersection.

30. **LOT COVERAGE:** The percentage of the lot area covered by the building area.

31. **LOT, DEPTH OF:** The mean horizontal distance between the front line and rear line of the lot, measured in the general direction of the side lot line.

32. **LOT, GROUND LEVEL:**

- (a) For buildings having walls adjoining one street only, the elevation of the ground at the center of the wall adjoining the street;
- (b) For buildings having walls adjoining more than one street, the average of the elevation of the ground at the center of all walls adjoining the streets;
- (c) For buildings having no wall adjoining the street, the average level of the ground adjacent to the exterior walls of the building.

Any wall approximately parallel to and not more than five (5) feet from a street is to be considered as adjoining the street.

33. **LOT, INTERIOR:** A lot other than a Corner Lot or Through Lot.

34. **LOT LINE, FRONT:** In the case of an interior lot, a line separating the lot from the street or place; and in the case of a corner lot a line separating the lot from the street frontage of the lot from the street, except in cases where deed restrictions in effect specify another line as the front lot line.

35. **LOT LINE, REAR:** A lot line which is opposite and most distant from the front lot line and, in the case of an irregular or triangular shaped lot, a line ten (10) feet in length within the lot, parallel to and at the maximum distance from the front lot line.

36. **LOT LINE, SIDE:** Any lot boundary not a front lot line of a front lot line.

37. **LOT, REVERSED CORNER:** A corner lot, the rear of which abuts upon the side of another lot, whether upon an alley or not.

38. **LOT, THROUGH:** A lot having frontage on two streets at opposite ends of the lot.

39. **LOT, WIDTH OF:** The distance between the side lot lines at the front building line of building measured at right angles to the depth of the lot.

40. **MOBILE HOME COURT:** Any area or tract of land used or designed to accommodate two (2) or more mobile homes for non-transient use meeting the standards established by the Indiana State Board of Health for such park or court.

41. **MOTEL:** A building or group of buildings, in which lodging is provided and offered to the public for compensation, and entering primarily to the public traveling by motor vehicle.

42. **NONCONFORMING USE:** A building or premises which does not conform in its use or otherwise with all of the regulations of the district in which such building or premises is located.

43. **PARKING LOT:** A parcel of land devoted to unenclosed parking space for five (5) or more motor vehicles for compensation or otherwise.

44. **PLACE:** An open unoccupied space other than a street or alley, permanently reserved for use as the principal means of access to abutting property.

45. **PROFESSIONAL OFFICE:** When conducted in a residential district a professional office shall be incidental to the residential occupation; shall be conducted by a member of the resident family entirely within a residential building and accessory building and shall include only the offices of doctors or practitioners, ministers, architects, landscape architects, professional engineers, lawyers, authors, musicians and other recognized professional occupations occasionally conducted within residences.

46. **HOSPITAL:** A private hospital, whether or not such facility is operated for profit.

47. **STORY:** That portion of a building included between the surface of any floor other than the basement and the surface of the floor next above it. If there is no floor above it, then the space between such floor and the ceiling next above it shall be the story.

48. **STORY, HALF:** That portion of a building under a sloping gable, hip, or gambrel roof, the wall plates on at least two opposite exterior walls of which are not more than three (3) feet above the floor level of such half-story.

49. **STREET:** A public thoroughfare thirty (30) feet or more in width between property lines, which affords principal means of vehicular access to abutting property.

50. **STRUCTURE:** Anything constructed or erected, the use of which requires more or less permanent location on the ground or which is attached to something permanently located on the ground.

51. **STRUCTURAL ALTERATION:** Any change in the supporting members of a building such as bearing walls or partitions, columns, beams, or girders, or any substantial change in the exterior walls or the roof, extending such alteration as may be required for the safety of the building.

52. **TOURIST HOME:** A dwelling in which overnight accommodations for not more than ten (10) transient guests is offered for compensation.

53. **VEHICLE PARKING SPACES:** The area required for parking one automobile, which in this ordinance is held to be an area nine (9) feet wide and twenty (20) feet long plus seventy (70) square feet of maneuver area for each vehicle parking space, making a total of 250 square feet.

54. **VEHICLE CLEARANCE ON CORNER LOTS:** A triangular space at the street corner of a corner lot, free from any kind of obstruction to vision between the height of 1 1/2 and 17 feet above established grade, determined by a diagonal line connecting two points equidistant from the corner along such property lines.

55. **YARD, FRONT:** Horizontal space measured at 90 degrees with the property line, between the front line of the principal building and the property line of the street upon which the building faces, unoccupied other than by steps, walks, terraces, and open, unroofed, unenclosed porches, or architectural appendages projecting not more than 24 inches from the building.

56. **YARD, REAR:** Horizontal space measured at 90 degrees to the rear lot line, between the rear of the principal building and the rear line of the lot, unoccupied other than by vehicle parking space, architectural appendages, or accessory buildings which do not occupy more than 30 per cent of the required rear yard.

57. **YARD, SIDE:** Horizontal space measured at 90 degrees to the side lot line between the side of a building and the adjacent side line of the lot, unoccupied other than by architectural appendages projecting not more than 24 inches, or open or lattice-enclosed fire escapes or fire proof outside stairways, projecting not over 4 feet.

58. **YARD, SAME AS DISTRICT.**

59. **ZONING LOT:** A single tract of land located within a single block, which lot the time of filing for an Improvement Location Permit is designated by its owner or developer as a tract to be used, developed or built upon as a unit, under single ownership or control. Therefore, a "zoning lot" may or may not coincide with a lot of record.

ARTICLE III - DISTRICTS AND ZONE MAPS

Section 1. **DISTRICTS:** The Town of Culver and the surrounding area under the jurisdiction of the Culver Town Plan Commission are hereby divided into nine (9) districts in order to carry out the purpose of this ordinance. The Districts shall be known and designated throughout this ordinance as follows:

Name of District	Designation Hereinafter
"R"	Suburban District
"R1"	Single-Family Residential District
"R2"	Two-Family & Group House Residential District
"R3"	Multiple Family Residential District
"B1"	Local Business District
"B2"	General Business District
"M1"	Light Industrial District
"M2"	Heavy Industrial District
"C"	Conservation District

Section 2. **ZONE MAPS:** The Zone Maps, dated Feb. 15, 1960, are hereby declared to be a part of this ordinance. The Zone Maps show the areas included in the above districts, notations, references, indications and other matters shown on the Zone Maps are as much a part of this ordinance as if they were fully described in the text of this ordinance.

Two copies of said Zone Maps are on file in the office of the Clerk-Treasurer of the Town of Culver, Indiana.

Section 3. **DETERMINATION & INTERPRETATION OF DISTRICT BOUNDARIES:** In determining the boundaries of districts, and establishing the regulations applicable to each district, due and careful consideration has been given to existing conditions, the character of buildings erected in each district, the most desirable use for which the land in each district may be adapted, and the conservation of property values throughout the Town.

Where uncertainty exists as to the exact boundaries of any district as shown on the Zone Maps, the following rules shall apply:

- a. Where district boundaries are indicated on following street, alley or lot lines, or approximately along such lines, such lines shall be construed to be the district boundaries.
- b. In unshaded areas, or where a district boundary subdivided a lot, the exact location of the boundary shall be determined by use of the scale of the Zone Maps.
- c. In the case of further uncertainty, the Board of Zoning Appeals shall interpret the intent of the Zone Maps as to the location of the boundary in question.

Section 4. **PROCEDURE RELATING TO ANNEXED OR VACATED AREAS:** Territory which may hereafter be annexed to the Town shall remain as zoned unless changed by amendment of this ordinance.

Whenever any street, alley, public way, railroad right-of-way, or other similar area is vacated by proper authority, the districts adjoining each side of such street, alley, public way, railroad right-of-way, or similar area, shall be extended automatically to the center of such vacated area and all areas included in the vacated area shall then and thereafter be subject to all appropriate regulation of the extended districts.

ARTICLE IV - GENERAL PROVISIONS - SPECIFICATIONS

Section 1. **USE:** No building or land shall be used and no building shall be erected, reconstructed or structurally altered, which is arranged, intended or designed to be used for any purpose other than a use which is permitted and specified in a district in which such building or land is located.

Section 2. **HEIGHT:** No building shall be erected, reconstructed or structurally altered to exceed in height the limits established and specified for the use and the district in which such building is located.

Section 3. **YARD, LOT AREA AND SIZE OF BUILDING:** No building shall be erected, reconstructed or structurally altered in any manner which will encroach upon, or reduce in any manner, the yards, lot area per family, ground floor area of residential buildings, or lot coverage regulations, established and specified for the use and the district in which such building is located.

Section 4. **LOTS:** Every building hereafter erected shall be located on a lot which fronts on a street.

Section 5. **VEHICLE PARKING SPACE, LOADING & UNLOADING BERTHS:** Every building hereafter erected shall provide off-street parking space for motor vehicles and loading and unloading berths as specified hereinafter for the use in which such building is to be devoted.

Section 6. **SPECIFICATIONS:** The following specifications are hereby declared to be a part of this ordinance.

- SPECIFICATIONS A - CONSERVATION DISTRICT
- SPECIFICATIONS B - RESIDENTIAL USES
- SPECIFICATIONS C - COMMERCIAL USES
- SPECIFICATIONS D - INDUSTRIAL USES
- SPECIFICATIONS E - CONTINGENT USES

An Outgrowth of Research Aided by Heart Fund

NEW HEART-LUNG MACHINE, developed with the support of Heart Fund dollars, is displayed by Dr. Robert E. Gross of Children's Hospital, Boston, a pioneer in modern heart surgery. The device requires much less blood for priming purposes than older models, and doubles the number of heart operations a surgeon can perform in one day. The Heart Fund campaign will reach its climax with a nationwide residential collection on Heart Sunday, February 28.

TWOER — When a Holstein cow on Earl Smith's Johnson County farm gave birth to a heifer calf, Smith thought it was just another addition to his herd. Four days later, however, he found she had given birth to another calf. This one a bull. "That's the first time that has ever happened in my 20 years of farming," Smith said.

Poplar Grove

By Mrs. Carroll Thompson
Phone Argos Twineaks 2-5028

Attendance at Sunday services was 76. "Power of God" will be the topic of next Sunday's sermon. An official board meeting was held at the church Monday evening, Feb. 15.

W.S.C.S. will meet Wednesday, Feb. 17, at 1:30 p.m. with Mrs. Harry McPherson to work on rug rags.

The Intermediate Class, made up of Junior High and Senior High School students, have issued an invitation to the congregation to be their guests at a dinner in the church basement on Sunday, March 27.

Mr. and Mrs. Charlen Clifton and family of Houb'n spent the weekend with Mrs. Nellie Clifton and Nancy. Mr. and Mrs. Donovan Clifton and family spent Saturday evening with the Clifton families and Mr. and Mrs. Edgar Clifton and family of LaPar were Sunday dinner guests.

Mr. and Mrs. Howard Blocker and family of Lansing, Ill., were Sunday dinner guests of Mr. and Mrs. Herbert Blocker and family.

Mrs. Mildred Overmyer and Darold spent Sunday afternoon with Mr. and Mrs. Ralph Overmyer and family at Richland Center.

Mr. and Mrs. Louis Ecker of Garden City, Mich., came Friday evening to spend the weekend with the Merle McCune family and other relatives here. Mrs. McCune was honored at a birthday dinner on Sunday in the McCune home. Others present were Mr. McCune and Jim, Miss Joyce Drapalik, Mrs. Josephine Ringie, Mr. and Mrs. Kenneth McCune and family and the Eckers.

Mr. and Mrs. Marion Taylor spent from Friday until Sunday with Mr. and Mrs. Willard Miller of Chetek, Wis.

Mr. and Mrs. Frank Hardesty and family of Mentone and Mrs. Ruth Wynn spent Saturday afternoon with Mr. and Mrs. Richard Hagan and family. On Sunday, the Hagans attended a family dinner at the Clarence Hagan home in Argos for Airman First Class and Mrs. Jarrell Hagan who came from Selfridge Field, Mich. Mrs. Hagan will visit relatives here while Al/e Hagan attends a five-week training school at Traverse City, Mich.

A belated dinner complimenting those who worked on the recent church survey was held Thursday night at the Ronald Quivey home. Guests of the Quiveys were Mr. and Mrs. Forrest Curtis and family, Rev. and Mrs. Ray Kuhn and Mr. and Mrs. Darwin Hartman.

Mr. and Mrs. Ronald Quivey were Saturday dinner guests of the latter's mother, Mrs. Joe Boetsma, Sr., at Culver.

Callers last week in the Lawrence Hissong home were Mr. and Mrs. Joe Shoemaker, Mrs. Artie Zehner and Mrs. Lizale Shivers. Mr. and Mrs. Wayne Hissong and family spent Sunday evening with their parents and Mrs. A. A. Smith.

The 160,000 enumerators who will cross and crisscross the 3.5 million square miles of our country's land area in April 1966 getting census data will travel over 26 million miles or the equivalent of about 1000 times around the world.

Zoning Ordinance Continued

SPECIFICATIONS F - CONDITIONAL USES
SPECIFICATIONS G - VEHICLE PARKING SPACE
SPECIFICATIONS H - UNIT DEVELOPMENT PLAN
Specifications A to E, inclusive, show the district or districts in which the use, which is the subject of the specifications, is permitted, and delineate the specifications for:
1. LOT AREA PER FAMILY
2. WIDTH OF LOT
3. HEIGHT OF BUILDING
4. VEHICLE PARKING SPACE
5. FRONT, SIDE, REAR AND OTHER YARDS
6. LOT COVERAGE
7. SIZE OF BUILDING
8. VISION CLEARANCE
9. ACCESSORY BUILDINGS AND USES
Applicable to the particular use in each district where such use is authorized. Two copies of the Specifications referred to herein are on file in the office of the Clerk-Treasurer of the Town of Culver, Indiana.

ARTICLE V - NONCONFORMING USE SPECIFICATIONS

Section 1. CONTINUATION THEREOF AND RECONSTRUCTIONS. The lawful use of a building or premises, existing at the time of passage of this ordinance may be continued although such use does not conform to all the provisions of this ordinance, except as hereinafter provided.

Section 2. EXTENSION. A nonconforming use may be extended throughout a building provided no structural alterations are made therein, except those required by law.

Section 3. CHANGE. A nonconforming use may be changed to another nonconforming use of the same or greater restrictions, provided no structural changes are made in the building. Whenever a nonconforming use has been changed to a conforming use or to a use permitted in a district of greater restrictions, it shall not thereafter be changed to a nonconforming use or a less restricted use.

Section 4. ERECTION AND RE-ERECTION OF BUILDINGS. No building shall be erected upon any premises devoted to a nonconforming use, and no building located upon any such premises, which has been damaged by fire or other causes to the extent of more than seventy-five (75%) per cent of its appraised valuation, shall be repaired or rebuilt, except in conformity with regulations of this ordinance. A building devoted to a nonconforming use, which has been damaged by fire or other causes to the extent less than seventy-five (75%) per cent of its appraised valuation must be reconstructed within a period not to exceed twelve (12) months in order to continue to use such building devoted to a nonconforming use.

Section 5. TEMPORARY PERMITS. The Board of Zoning Appeals may authorize, by written permit in a residential district for a period of not more than one (1) year from the date of such permit, a temporary building for commercial or industrial use incidental to the residential construction and development of said district.

Section 6. RIGHT TO CONSTRUCT IF PERMIT ISSUED. Nothing herein contained shall require any change in the plans, construction or designated use of a building for which a building permit has been heretofore issued and the construction of which has been diligently prosecuted within ninety (90) days of the date of such permit and which entire building shall be completed according to such plans as filed within three (3) years from the date of passage of this ordinance.

Section 7. USE TO CONFORM AFTER DISCONTINUANCE. In the event that a nonconforming use of any building or premises is discontinued for a period of one (1) year, the use of the same shall thereafter conform to the uses permitted in the district in which it is located.

Section 8. DISCONTINUANCE OF NONCONFORMING USE OF LAND. The lawful use of land for junk yards and trash storage, which does not conform to the provision of this ordinance, shall be discontinued within two (2) years of written notification, and the use of land for junk yards and trash storage, which may become a nonconforming use by reason of an amendment to this ordinance, shall be discontinued within two (2) years of written notification. It shall be a requirement that two-thirds (2/3) of the Plan Commission membership be in attendance at any meeting when action on the above is taken.

Section 9. NONCONFORMING USE CREATED BY AMENDMENT. These provisions apply in the same manner to a use which may become a nonconforming use due to a later amendment to this ordinance.

ARTICLE VI - ADMINISTRATION

Section 1. ENFORCEMENT BY WHOM. The Building Commissioner is hereby designated and authorized to enforce this ordinance.

Section 2. IMPROVEMENT LOCATION PERMIT AND PLATS.

A. Within the Jurisdictional Area of the Culver Town Plan Commission, no structure, improvement, or use of land, may be altered, changed, placed, erected or located on plat or unplatted lands, unless the structure, improvement or use, and its location, conform with the Master Plan and ordinances of the Town, and an Improvement Location Permit for such structure, improvement, or use has been issued, except that no permit is required for buildings used exclusively for agricultural purposes on a tract of land containing five (5) acres or more unless used for residence purposes, and utilities structures as permitted in Specification E, Conditional Use, where easements for such use have been provided.

B. The Building Commissioner of the Town shall issue an Improvement Location Permit, upon written application, when the proposed structure, improvement, or use and its location conform in all respects to the Master Plan of the Town.

C. Every application for an Improvement Location Permit shall be accompanied by a site plan, drawn to scale, showing the location of the structure, improvement, or use to be altered, changed, placed, erected or located, the dimensions of the lot to be improved, the size of yards and open spaces, existing and the proposed streets and alleys adjoining or within the lot, and the manner in which the location is to be improved. Application for an Improvement Location Permit for new construction of a principal building shall be accompanied by a fee of ten dollars, and application for an Improvement Location Permit for an accessory building or for alteration of an existing building shall be accompanied by a fee of five dollars.

D. Any decision of the Building Commissioner of the Town concerning the issuance of an Improvement Location Permit may be appealed to the Board of Zoning Appeals by any person claiming to be adversely affected by such decision.

Section 3. CERTIFICATE OF OCCUPANCY.

A. No land shall be occupied or used and no building hereafter erected, reconstructed or structurally altered shall be occupied or used, in whole or in part, for any purpose whatsoever, until a Certificate of Occupancy shall have been issued by the Building Commissioner stating that the building and use comply with all of the provisions of this ordinance, applicable to the building or premises or the use in the district in which it is to be located.

B. No change in use shall be made in any building or part thereof, now or hereafter erected, reconstructed or structurally altered, without a Certificate of Occupancy having been issued by the Building Commissioner, and no such permit shall be issued to make such change unless it is in conformity with the provisions of this ordinance.

C. Certificate of Occupancy shall be applied for coincidentally with the application for an Improvement Location Permit and shall be issued within ten (10) days after the lawful erection, reconstruction or structural alteration of such building shall have been completed.

D. A record of all Certificate of Occupancy shall be kept on file in the office of the Building Commissioner and copies shall be furnished upon request to any person having a proprietary or tenancy interest in the building or land affected.

E. No Improvement Location Permit shall be issued for excavating or for the erection, reconstruction or structural alteration of any building, before application has been made for a Certificate of Occupancy.

ARTICLE VII - BOARD OF ZONING APPEALS

Section 1. ESTABLISHMENT. A Board of Zoning Appeals is hereby established in accordance with Chapter 174, Acts of 1947 of the Indiana General Assembly, and all Acts amendatory thereto.

Section 2. COMPOSITION AND APPOINTMENT. The Board shall be composed of six (6) members, five (5) of whom shall be residents of the Town and one of whom shall be a resident of the Jurisdictional area, and none of whom shall hold either elective or appointive office, except that two (2) of the six (6) members shall be appointed from the Town Plan Commission's citizen membership. Of the original five (5) members residing in the Town, two (2) shall be appointed to serve for four (4) years; one for three (3) years; one for two (2) years; and one for one (1) year, and the appointee from the Jurisdictional area shall be appointed for a term of four (4) years. Terms of these members shall expire on the first day of January in the year in which their original appointments terminate. Thereafter as the terms expire, each new appointment shall be for a term of four (4) years. All members of the Board residing in the Town shall be appointed by the President of the Town Board of Trustees and the member from the Jurisdictional area shall be appointed by the Judge of the Circuit Court of the County.

Section 3. ORGANIZATION. At the first meeting of each year, the Board shall elect a Chairman and a Vice-Chairman from among its members, and it may appoint and fix the compensation of a secretary and such employees as are necessary for the discharge of its duties, all in conformity to and compliance with salaries and compensations therefore fixed by the Board of Trustees.

Section 4. RULES OF PROCEDURE. The Board shall adopt rules and regulations as it may deem necessary to effectuate the provisions of this ordinance.

Section 5. MEETINGS AND RECORDS. All meetings of the Board shall be open to the public. The Board shall keep minutes of its proceedings, keep records of its examinations and other official actions, prepare findings and record the vote of each member voting upon each question. All minutes and records shall be filed in the office of the Board and shall be a public record.

Section 6. APPEALS FROM BUILDING EXAMINATIONS. Any decision of the Building Commissioner made in enforcement of this ordinance may be appealed to the Board of Zoning Appeals by any person claiming to be adversely affected by such decision.

Section 7. POWERS AND DUTIES OF THE BOARD.

A. The Board shall have the following powers and it shall be its duty to:
(1) Hear and determine appeals from and review any order, requirement, decision or determination made by the Building Commissioner in the enforcement of this ordinance.
(2) Hear and decide on permits for conditional uses, development plans or other uses upon which the Board is required to act under this ordinance.
(3) Authorize, upon appeal in specific cases such variances from the terms of this ordinance as will not be contrary to the public interest, where, owing to special conditions, fully demonstrated on the basis of the facts presented, a literal enforcement of the provisions of the ordinance will result in unnecessary hardship, and so that the spirit of this ordinance shall be observed and substantial justice done.

B. In exercising its powers, the Board may reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from as in its opinion ought to be done in the premises, and to that end shall have all the powers of the Building Commissioner from whom the appeal is taken.

REVISIONS ON BOARD ACTION.

- A. Every decision of the Board shall be subject to review by majority.
- B. No variance in the application of the provisions of this ordinance shall be made by the Board relating to buildings, land or premises now existing or to be constructed, unless after a public hearing, the Board shall find that such variance will not:
(1) Alter the land use characteristics of the district.
(2) Impair the adequate supply of light and air in adjacent property.
(3) Increase the hazard from fire, flood and other dangers to said property.
(4) Diminish the marketable value of adjacent lands and buildings.
(5) Increase the congestion in the public streets.
(6) Otherwise impair the public health, safety, convenience, comfort or general welfare.

ARTICLE VIII - AMENDMENTS

Section 1. AMENDMENTS. All amendments to this ordinance shall be in conformity with the provisions of Chapter 174, Acts of 1947, General Assembly of Indiana, and all acts amendatory thereto. Any proposed amendment shall be submitted to the Plan Commission for report and recommendation prior to any action thereon by the Board of Trustees. If the Plan Commission does not approve the enactment of any proposed amendment, it shall become effective only by a three-fourths vote of the Board of Trustees.

ARTICLE IX - REMEDIES & PENALTIES

Section 1. REMEDIES. The Plan Commission, the Board of Zoning Appeals, the Building Commissioner, or any designated enforcement official, or any person or persons, firm or corporation jointly or severally aggrieved, may institute a suit for injunction in the Circuit Court of Marshall County to restrain an individual or a governmental unit from violating the provisions of this ordinance. The Town Plan Commission or the Board of Zoning Appeals may also institute a suit for mandatory injunction directing an individual, a corporation or a governmental unit to remove a structure erected in violation of any provisions of this ordinance or the requirements thereof. Any building erected, raised, or converted, or land of premises used in violation of any provisions of this ordinance, or the requirements thereof is hereby declared to be a common nuisance and as such may be abated in such manner as nuisances are now or may hereafter be abated under existing law.

Section 2. PENALTIES. Any person or corporation who shall violate any of the provisions of this ordinance or fail to comply therewith or with any of the requirements thereof, or who shall after the use of land or build, reconstruct, or structurally alter any building without first securing an Improvement Location Permit, or who shall build, reconstruct or structurally alter any building in violation of any detailed statement or plan submitted and approved thereupon, or who shall occupy such altered land use or new or structurally altered building prior to securing a Certificate of Occupancy, shall, for each and every violation or non-compliance, be guilty of a misdemeanor, and, upon conviction, shall be fined not less than ten (10) dollars and not more than three hundred (300) dollars.

ARTICLE X - AVAILABILITY FOR PUBLIC INSPECTION

Section 1. DUTY OF THE CLERK-TREASURER. The Clerk-Treasurer of the Town of Culver, Indiana, is hereby directed to keep on file two copies of the Zone Maps referred to in Article III, Section 2, and of the Specifications referred to in Article IV, Section 6, and said Maps and Specifications shall be available for public inspection during all regular office hours of the said Clerk-Treasurer.

ARTICLE XI - SEVERABILITY

Section 1. INVALIDITY OF PORTIONS. Should any Article, Section or Provision of this ordinance be declared, by a court of competent jurisdiction, to be invalid, such decision shall not affect the validity of the ordinance as a whole, or any portion thereof, other than the portion so declared to be invalid.

Section 2. WHEN EFFECTIVE. This ordinance shall be in full effect from and after its passage, approval and publication according to law.
Approved and passed this 21st day of December, 1959.
DONALD P. OSBORN
WILLIAM H. BARTHOLOMEW
JESSE NIMS

SPECIFICATIONS A - CONSERVATION DISTRICT

PURPOSE: It is the purpose of these specifications to protect the public health, safety, and general welfare by reducing the hardships and financial burdens caused by the periodic flooding of streams. The provisions of these specifications are intended to further locally the purpose of the Indiana Flood Control Act of 1961.

LOCATION: The boundaries of this district indicate the flood plain area which is susceptible to the risk of flooding. Exact boundaries are based upon flood elevations, topographic maps, and aerial photographs.

PERMITTED USES:

1. Customary agricultural uses.
2. Public parks, playgrounds and recreational areas and private recreational developments.

Provided, however, that no residential structure or permanent commercial and industrial structures are established and used.

CONDITIONAL USES: Uses other than those listed above may be permitted after approval by the Indiana Flood Control and Water Resources Commission, and after approval by the Board of Zoning Appeals, in accordance with Specifications F, Conditional Uses.

"Uses" as used herein includes the filling in of materials, the construction and use of commercial, industrial, and residential structures, and the industrial use of open ground.

STRUCTURE CHANGES: As land within the Conservation District becomes sufficiently protected from the possibility of flooding, the zoning of land so affected may be reconsidered.

SPECIFICATIONS B - RESIDENTIAL USES

1 - SINGLE FAMILY DWELLING

DEFINITION: A detached building designed or occupied by one family exclusively.

LOCATION PERMITTED: In all Districts except "M1," "M2," & "R2," provided it is located:
1. On a lot which was in single ownership or included in a subdivision recorded in the office of the Recorder of Marshall County, Indiana, on or before the date of passage of this Ordinance; or
2. On any lot with a minimum area in square feet and width in feet as follows:

District	Lot Area	Lot Width
"R" (Where no public water supply and no public sewers are available)	12,500	100
"R" (Where public water supply is available)	10,000	80
"R1," "R2," "R3," & "R4"	7,500	60

HEIGHT OF BUILDINGS:

Principal Building - Normal Maximum 35 feet or 2 1/2 stories.
Conditional Exception - Height of principal building may be increased above 35 feet but not higher than 45 feet or three stories, if two side yards of 15 feet each are provided.

FRONT YARD: 25% of the average depth of lots in the block with a minimum depth of 25 feet and need not exceed 40 feet in depth in incorporated areas. See conditional exceptions for setback in unincorporated areas.

SIDE YARD: The sum of the side yards shall equal not less than 25% of the lot width with a minimum width of 5 feet for each side yard. On a corner lot, the side yard facing the street shall not be less than 15 feet.

REAR YARD: 25% of the depth of the lot, with a minimum depth of 15 feet and need not exceed 25 feet in depth.

GROUND FLOOR AREA: Not less than the following:

District	Ground Floor Area
"R1" & "R2"	825 sq. ft.
"R2," "R3," & "R4"	675 sq. ft.

LOT COVERAGE: 25% maximum on corner lots; 30% maximum on interior lots.
ACCESSORY BUILDING, USES PERMITTED: All uses as listed under Section II, I. Accessory Use, except items (d) and (e).

2 - TWO FAMILY DWELLING

DEFINITION: A detached building designed for or occupied by two families. A duplex dwelling has one family above the other. A double dwelling has one family beside the other.

LOCATION PERMITTED: Only in the Districts designated below on any lot with a minimum area in square feet and a minimum width in feet as follows:

District	Lot Area	Lot Width
"R" (Where no public water supply and no public sewers are available)	12,500	100
"R" (Where public water supply is available)	10,000	80
"R2," "R3," & "R4"	7,500	60

HEIGHT OF BUILDINGS:

Principal Building - Normal maximum 35 feet or 2 1/2 stories.
Conditional Exception - Height of principal building may be increased above 35 feet but not higher than 45 feet or three stories, if two side yards of 15 feet each are provided.

FRONT YARD: 25% of the average depth of lots in the block with a minimum depth of 25 feet and need not exceed 40 feet in depth in incorporated areas. See conditional exceptions for setback in unincorporated areas.

SIDE YARD: The sum of the side yards shall equal not less than 25% of the lot width with a minimum width of 5 feet for each side yard. On a corner lot, the side yard facing the street shall not be less than 15 feet.

REAR YARD: 25% of the depth of lot, with a minimum depth of 15 feet and need not exceed 25 feet in depth.

GROUND FLOOR AREA: Not less than the following:

District	Ground Floor Area
"R," "R2," & "R3"	Double - 1,250 sq. ft.; Duplex - 825 sq. ft.
"R4"	Double - 1,000 sq. ft.; Duplex - 675 sq. ft.

LOT COVERAGE: 30% maximum on corner lots; 35% maximum on interior lots.
ACCESSORY BUILDING, USES PERMITTED: All uses as listed under Section II, I. Accessory Use, except items (d) and (e).

3 - GROUP HOUSE AND GARDEN APARTMENTS

DEFINITION: A building designed for or occupied by three or more families, exclusively for dwelling purposes, not exceeding 2 1/2 stories in height.

LOCATION PERMITTED: Only in the Districts designated below, on any lot with a minimum area in square feet and a minimum width in feet as follows:

District	Lot Area Per Family	Lot Width
"R" as a Conditional Use (Where no public water supply and no public sewers are available)	8,000	100
"R" as a Conditional Use (Where public water supply is available)	7,500	80
"R2," "R3," "R4," & "R5"	5,000	60

HEIGHT OF BUILDINGS:

Principal Building - Maximum of 35 feet.
Conditional Exception - Height of principal building may be increased above 35 feet but not higher than 45 feet or three stories, if two side yards of 15 feet each are provided.

FRONT YARD: 25% of the average depth of lots in the block with a minimum depth of 25 feet but need not exceed 40 feet in depth in incorporated areas. See conditional exceptions for setback in unincorporated areas.

SIDE YARD: The sum of the side yards shall equal not less than 25% of the lot width with a minimum width of 5 feet for each side yard. On a corner lot, the side yard facing the street shall not be less than 15 feet.

REAR YARD: 25% of the depth of lot, with a minimum depth of 15 feet and need not exceed 25 feet in depth.

GROUND FLOOR AREA: Minimum of 576 square feet for each first floor family.
LOT COVERAGE: 30% maximum on corner lots; 40% maximum on interior lots.
ACCESSORY BUILDING, USES PERMITTED: All uses as listed under Section II, I. Accessory Use, except items (d) and (e).

4 - APARTMENT HOUSE

DEFINITION: A building designed for or occupied by three or more families, exclusively for dwelling purposes, three or more stories in height.

LOCATION PERMITTED: Only in the Districts designated below, on any lot with

Front Area in square feet and a minimum width of 10 feet as follows:
"R1" & "R2"
"B1" & "B2"
"M1" & "M2"
REAR YARD: 20% of the average depth of lots in the block.
SIDE YARD: The sum of the side yards shall equal not less than 20% of the lot width with a minimum width of 5 feet from either side yard.
CAR YARD: 20% of the depth of the lot, with a minimum depth of 20 feet.
GROUND FLOOR AREA: Not less than 1,300 square feet.
LOT COVERAGE: 80% maximum on corner lots, 90% maximum on interior lots.
NECESSARY BUILDING, USES PERMITTED: All uses as listed under Section 11.
1. Accessory Use, except items (d) and (e).

1. MOBILE DWELLING UNIT
DEFINITION: A mobile dwelling unit shall mean living quarters such as house trailers, truck bodies, tents, bus bodies, railroad cars, shacks and improved shelters which may be moved by tractor, truck, automobile, or horse or can be carried, transported or towed from one place to another without the use of regular house moving equipment; that use for such living quarters shall include the use of sleeping, preparation of meals or any sanitary measure such as bathing, dish washing or laundering clothing or any natural or performed operation which provides waste material objectional from a nuisance standpoint.
LOCATION PERMITTED: Only in Mobile Home Courts, trailer camps, trailer courts, or public camps approved by the Indiana State Board of Health and except as otherwise stipulated in the provisions of this ordinance.

GENERAL PROVISIONS AND CONDITIONAL EXCEPTIONS APPLICABLE TO MOBILE DWELLING UNITS:

1. All Mobile Dwelling Units occupied as temporary or permanent living quarters at the time of passage of this ordinance may remain as a non-conforming use until abandonment. Abandonment means the voluntary, absolute relinquishment, the giving up of a known right to which one is entitled, with the intention of permanently terminating or parting with such right. Right, as herein used, shall apply to the present occupant and not to the Mobile Dwelling Unit and shall not be transferable.
2. a. One house-trailer as distinguished from other mobile dwelling units defined herein may be temporarily parked on a residential or commercial lot and occupied by the house trailer's owner and the owner's family for the purpose of using the same as temporary living quarters for a period not to exceed fifteen (15) days, after which such house trailer must be removed to a trailer camp approved by the Indiana State Board of Health.
b. Upon authorization of the Board of Zoning Appeals after public hearing, the Building Commissioner may grant a temporary permit for a house trailer to be used during the construction of a residence by the trailer owner. The trailer shall be used at the site of construction, and the permit shall be valid for a period not to exceed one year. In both of the above uses, a temporary permit must be obtained from the Building Commissioner on the first day that the trailer is so parked. In all cases, house trailers must conform to the prescribed set-back requirements for accessory buildings.
3. One house-trailer, as distinguished from other mobile dwelling units as defined herein, may be stored on a residential or commercial lot for an indefinite period of time, provided that such house trailer will not be occupied for the purpose of using the same as temporary or permanent living quarters, and provided that it meets the requirements of sections "4" and "5" found below. Such unoccupied house trailers are to be stored behind the principal structure, and in conformance with the prescribed set-back requirements of accessory buildings.
4. Removal of the wheels of a trailer, except temporarily for repair, or the permanent blocking up of a trailer, whether situated in a camp or elsewhere shall be construed to automatically convert the trailer into a permanent place of abode. Such trailer shall then be subject to the requirements of all laws and ordinances applicable to dwellings.
5. Structural or lean to additions are not permitted, other than those which are temporary and collapsible.

GENERAL PROVISIONS AND CONDITIONAL EXCEPTIONS APPLICABLE TO ALL RESIDENTIAL USES IN DISTRICTS WHERE PERMITTED

GENERAL PROVISIONS
LOT DIMENSIONS: In no case shall the width of a lot be less than sixty (60) feet at the set-back line, and the depth be less than one-hundred (100) feet, and the depth-to-width ratio of the usable area of a lot shall be not greater than three (3) to one (1) except by approval of the Board of Zoning Appeals after public hearing.

FRONT YARD: No fences hereafter built or erected between the front set-back line of the building or buildings and the front lot line including natural fences of hedges, trees, and shrubbery shall exceed 36 inches in height.

REAR YARD: One-half of an alley abutting the rear lot may be included in the required rear yard.

TRON CLEARANCE ON CORNER LOTS: Eight feet from the intersection of property lines.

VEHICLE PARKING SPACE: One space on the lot for each family housed in the principal building.

NECESSARY BUILDINGS:

1. Shall not be permitted prior to the erection of the principal building except for strictly storage purposes and not for human occupancy except by approval of the Board of Zoning Appeals after public hearing, for a period of not more than one (1) year from the date of such permit.
2. No detached accessory building shall be located closer to a side lot line than 5 feet; provided, however, that the side yard requirement for accessory buildings shall not be less than 3 feet, if such accessory building is ten (10) feet or more to the rear of the residence building and is located behind the rear line of such residence building.
3. The normal maximum height permitted shall be 18 feet or 1 1/2 stories.
4. No accessory building except boat houses and/or docks shall be located closer to the rear lot line than 3 feet if no easement is located along such rear lot line.

CONDITIONAL EXCEPTIONS

1. Where 25% or more of the lots in a block are occupied by buildings, the average setback of such buildings determines the dimension of the front yard in the block, but the maximum front yard need not exceed 40 feet in "R1" and "R2" Districts, or 25 feet in other districts in incorporated areas.
2. Front yard or setback lines established in recorded subdivisions establish the dimensions of front yards in such blocks, except when such setback lines may be less restrictive as provided in Article I, Section 4.
3. On lots extending through from one street to another, a front yard is required on each street.
4. On Federal and State Highways, a distance of eighty-five (85) feet is required. This distance is to be measured from the center of the right-of-way. However, the minimum setback from the front property line shall be 25 feet.
5. On all other roads and streets except those in incorporated areas, a distance of sixty (60) feet is required. This distance is to be measured from the center of the right-of-way. However, the minimum setback from the front property line shall be 25 feet.

SIDE YARD: Whenever a side yard abuts a street or road in an unincorporated area, the following minimum width shall be the standard on lots not included in a recorded subdivision:
1. 25 feet on Federal and State Highways.
2. 25 feet on all other roads and streets.

REAR YARD: Where a reversed corner lot abuts an interior lot, or on an alley separating such lots, any accessory building located on the rear lot line of a corner lot shall set back from the side street as far as the dwelling on the interior lot; for such lot that such accessory building is placed from the rear lot line towards the front line of the corner lot, the accessory building may be set 4 inches closer to the side street line, but in no case closer than 5 feet in incorporated areas; and 25 feet in unincorporated areas on lots not included in a recorded subdivision.

NECESSARY BUILDINGS: The height of necessary buildings may be increased to 25 feet or 2 stories provided the minimum required 3 foot distance from side lot lines in increased one foot for each 2 feet above the normal maximum height permitted, but in no case shall the height of such building exceed the height of the principal building on such lot.

SPECIFICATIONS C - COMMERCIAL USES

LOCAL BUSINESS USES

DEFINITION: Commercial uses primarily of a retail or service nature.

INTERPRETATION: The following named uses shall be deemed to include those uses or buildings in general keeping with and appropriate to the uses herein-after specified.

LOCATION PERMITTED: The following classifications of business uses specifically stated or implied are permitted in the "B1," "B2," "M1" and "M2" Districts:

1. **AUTOMOBILE SERVICE**
 - a. Piling Station
 - b. Commercial Garage
 - c. Commercial Parking Lot
 2. **DRINKING SERVICE**
 - a. Bank
 - b. Office
 3. **CLOTHING SERVICE**
 - a. Laundry Agency
 - b. Self Service Laundry
 - c. Laundry & Dry Cleaning
 - d. Establishment using not more than two clothes cleaning units, neither of which shall have a rated capacity of
 4. **EQUIPMENT SERVICE**
 - a. Radio Shop
 - b. Electric Appliance Shop
 - c. Record Shop
 5. **FOOD SERVICE**
 - a. Grocery
 - b. Meat Market
 - c. Supermarket
 - d. Restaurant
 - e. Delicatessen
 6. **PERSONAL SERVICE**
 - a. Barber Shop
 - b. Beauty Shop
 7. **RETAIL SERVICE, RETAIL STORES, GENERALLY**
 - a. Drugstore
 - b. Hardware
 - c. Stationery
 - d. Newsdealer
 - e. Show Room for articles
 - f. Commercial Greenhouses and
 8. **COMMERCIAL RECREATIONAL USES** conducted only within buildings as constructed that no noise of any kind produced therein shall be audible beyond the confines of the building:
 - a. Theater
 - b. Bowling Alley
 9. **HOTEL**
 10. **PRIVATE CLUB OR LODGE**
 11. **ADVERTISING SIGN OR BILLBOARD**
 12. **VETERINARY HOSPITALS** (excluding Kennels)
- HEIGHT OF BUILDINGS:**
- | District | Normal Maximum Height |
|-------------|-----------------------|
| "B1" & "M1" | 45 feet or 4 stories |
| "B2" & "M2" | 60 feet or 5 stories |

2. Where a "B1" district adjoins an "R" or "M2" district within the block, there shall be a side yard of at least five feet.
3. In blocks included entirely in "B1," "B2," "M1" or "M2" districts, no side yards are required. However, if a side yard is provided, the minimum dimension shall be five feet.
REAR YARD: 10% of the depth of lot with a minimum depth of 15 feet and need not exceed 25 feet in depth.
LOT COVERAGE: 50%, but this shall not waive provision of yards where required.

GENERAL BUSINESS USES
DEFINITION: Commercial uses including wholesale and storage uses conducted within enclosed, substantially constructed buildings.
LOCATION PERMITTED: The following classifications of business uses specifically stated or implied are permitted in the "B1," "B2," "M1" and "M2" Districts:
1. Local Business Uses as listed above
2. Storage Warehouse
3. Wholesale Establishment
4. Open Agricultural Implement, Automobile or Trailer Sales area
5. Tavern and Night Club, only in conformity with requirements of laws or ordinances governing such uses
6. Motor Bus or Railroad Passenger Station
7. Any Commercial Use not specifically stated or implied elsewhere in this ordinance and complying with the above definition

HEIGHT OF BUILDINGS:

District	Normal Maximum Height
"B1" & "M1" & "M2"	60 feet or 5 stories

FRONT YARD: 10 feet.
SIDE YARD: None required. However, if a side yard is provided, the minimum dimension shall be five feet.
REAR YARD: 10% of the depth of lot with a minimum depth of 15 feet and need not exceed 25 feet in depth.
LOT COVERAGE: 80%, but this shall not waive provision of yards where required.

GENERAL PROVISIONS AND CONDITIONAL EXCEPTIONS APPLICABLE TO ALL BUSINESS USES IN DISTRICTS WHERE PERMITTED

GENERAL PROVISIONS

VEHICLE PARKING SPACE: Parking spaces shall be provided on the lot, or within 200 feet thereof on a site approved by the Board of Zoning Appeals, as follows:

Uses	Number Of Parking Spaces
1. Uses listed in local business categories 2 to 7 inclusive, above	One space for each 125 square feet of floor area.
2. Commercial Recreational Uses, other than theaters, listed in local business category 8 above	One space for each 125 square feet of floor area.
3. Private Club or Lodge	One space for each 125 square feet of floor area.
4. Department Store, or other Commercial Uses included under General Business Uses	One space for each 2 employees
5. Business Service Uses listed in local business category 2, above	One space for each 2 sleeping berths
6. Wholesale Establishments	One space for each 2 sleeping berths
7. Theaters	One space for each 2 sleeping berths
8. Hotels	One space for each 2 sleeping berths

LOADING AND UNLOADING BERTHS SHALL BE PROVIDED ON THE LOT AS FOLLOWS:

Use	Gross Floor Area (Square Ft.)	Loading and Unloading Berths
Retail stores, Department stores	2,000 to 12,000	1
Wholesale Establishments, Storage	12,000 to 40,000	2
Uses, other Commercial Uses	Each 25,000 additional	1 additional
Hotels, Office Buildings	100,000 or less	1
	100,000 to 225,000	2
	Each 200,000 additional	1 additional

PAVING: Open parking area and unloading and loading berths shall be paved with dustproof or hard surface meeting the standard specifications of the Town.

FRONT YARD: No fences shall be hereafter built or erected between the front set-back line of the building or buildings and the front lot line except natural fences of hedges, trees or shrubbery.

REAR YARD: One-half of an alley abutting the rear of a lot may be included in the rear yard to satisfy rear yard requirements, but such alley space shall not be included for loading and unloading berths.

VISION CLEARANCE ON CORNER LOTS: Eight feet from the intersection of property lines.

INCIDENTAL USE: Any building primarily used for any of the uses enumerated under Local Business Uses and any Commercial use not specifically stated or implied elsewhere in this ordinance and complying with the definition of Commercial Uses under General Business Uses may have not more than 40% of the floor area devoted to industry or storage purposes strictly incidental to such primary uses; provided that not more than five (5) employees shall be engaged at any time on the premises in any such incidental use.

LIGHTING FACILITIES: Outside lighting facilities, if provided, shall be so arranged as to be reflected away from property residentially zoned or used.

PERFORMANCE STANDARD: No commercial use and/or incidental use associated with the commercial use will be permitted which is injurious to health or safety of humans or animals, or injurious to vegetation; and which is noxious or offensive by reason of the emission of smoke, dust, gas fumes, odors, noises (including music) or vibrations beyond the limits of the premises upon which such use is conducted.

CONDITIONAL EXCEPTIONS

MAXIMUM HEIGHT: The normal maximum height of structures may be increased as follows:

1. Buildings may be erected higher than the Normal Maximum if they are set back, from front and rear property lines, one foot for each two feet of additional height above the Normal Maximum Height.
2. Chimneys, cooling towers, elevator bulkheads, fire towers, penthouses, stacks, tanks, water towers, transmission towers, or essential mechanical appurtenances, may be erected to any height not prohibited by other laws or ordinances.

FRONT YARD:

1. Where 25% or more of the lots in a block are occupied by buildings, the average setback of such buildings determines the dimension of the front yard in the block, but the maximum front yard need not exceed 25 feet in incorporated areas, and 50 feet in unincorporated areas.
2. On Federal and State Highways, a distance of eighty-five (85) feet is required. This distance is to be measured from the center of the right-of-way. However, the minimum setback from the front property line shall be 25 feet.
3. On all other roads and streets except those in incorporated areas, a distance of sixty (60) feet is required. This distance is to be measured from the center of the right-of-way. However, the minimum setback from the front property line shall be 25 feet.

SIDE YARD: Whenever a side yard abuts on a street or road in an unincorporated area, the following minimum width shall be standard on lots or parcels of land not included in an existing recorded subdivision.

1. 25 feet on Federal and State Highways
2. 25 feet on all other roads and streets

VEHICLE PARKING SPACE:

1. Groups of uses requiring Vehicle Parking Space may join in establishing group parking areas with capacity aggregating that required for each participating use.
2. Vehicle Parking Requirements shall not apply in a block, 50% or more of the area of which was occupied by business or industrial structures at the time of passage of this ordinance.

SPECIFICATIONS D - INDUSTRIAL USES

1 - LIMITED INDUSTRIAL USES

DEFINITION: A Limited Industrial Use is one which ordinarily uses only light machinery, is conducted entirely within enclosed, substantially constructed buildings, does not use the open area around such buildings for storage of raw materials or manufactured products or for any other industrial purpose, other than loading and unloading operations in the rear, and which is not noxious or offensive by reason of the emission of smoke, dust, fumes, gas, odors, noises or vibrations beyond the confines of the building.

LOCATIONS PERMITTED: In the "B2," "M1" and "M2" Districts.

2 - LIGHT INDUSTRIAL USES

DEFINITION: A Light Industrial Use is one which requires both buildings and open area for manufacturing, fabricating, processing, heavy repairing, dismantling, storage or disposal of raw materials, manufactured products or wastes, which is not injurious to health or safety of humans or animals, or injurious to vegetation; and which is not noxious or offensive by reason of the emission of smoke, dust, gas fumes, odors, or vibrations beyond the limits of the premises upon which such industry is conducted.

Included in this classification are all industrial uses fully complying with the above definition, plus:

1. Automobile wrecking and/or junk storage as conditional uses permitted in accordance with the procedure specified for conditional uses, Specifications P and provided that the use is confined within enclosed buildings or in yards completely enclosed and surrounded by solid walls or solid fences at least 6 feet in height.
2. Poultry Slaughtering and Wholesaling.
3. Veterinary Hospital or Kennel.
4. Bulk Storage of inflammable fluids in above ground tanks, but not oil refinery tanks.
5. Truck Terminal.
6. Railroad Freight House.
7. Utilities Storage Yard.
8. Coal, Coke, or Wood Yard.
9. Lumber Yard.
10. Contractor's plant or storage Yard.
11. Bus Line Shop or Garage.
12. Building Material Storage Yard.
13. Carling, Express, Hauling or Storage Yard.

LOCATION PERMITTED: In the "M1" and "M2" Districts.

HEAVY INDUSTRIAL USES

DEFINITION: A Heavy Industrial Use is one which requires buildings and open area for manufacturing, fabricating, processing, heavy repair, dismantling, storage or disposal of raw materials, manufactured products or wastes; which is not injurious to the health or safety of humans or animals, or injurious to vegetation; and which has not been declared a nuisance in any court of record.

LOCATIONS PERMITTED: The following classifications of industrial uses are permitted in the "M2" Districts:

1. Any industry complying with the above definition.
2. Railroad Yards and Shops.
3. Automobile wrecking or junk storage as conditional uses permitted in accordance with the procedure specified for conditional uses, Specifications P and provided that the use is confined within enclosed buildings or in yards completely enclosed and surrounded by solid walls or solid fences at least 6 feet in height.
4. Any use permitted in the "B1," "B2," and "M1" Districts, unless otherwise excluded.

Speaking of Pets

Pick A Name

Fido is a Latin word meaning "faithful." The reason it has become almost synonymous with the word "dog" dates back to ancient Roman history. Dogs dressed in miniature suits of armor faithfully trotted after their knights even to battle.

Give your pet a name with meaning. His personality or some physical characteristic can suggest his name, says the Pet Food Institute. For example, Gregory means watchful; Abigail, source of delight.

Use your imagination when you decide on a descriptive name. An appropriate name for an Irish setter is "Red." A fresh approach to the same thought could be Rouge, Rory, or Brick.

Consider the language of your breed's point of origin if you wish to describe an ordinary characteristic in an extraordinary way. A toy French poodle would be appropriately named Chosette (little thing). For a Scottish terrier, consider Randy (a tough beggar). You might call a Chihuahua, Sitano (gypsy); a Siamese cat, Som Phong (chip off the old block).

Whatever you choose for his "registered" name, keep your pet's "call" name short and snappy. It is easier for a pet to understand a name that begins with a hard letter such as G or C.

To accustom your pet to his name, speak it clearly whenever you approach him or offer him food. Once he associates food with his name, you can be sure he will come when called.

"Give us a ring"

Viking 2-3377

Prepared by
American Foundation for
Animal Health

This is the time of year when
losses caused by scours can be-
come a real problem for the
farmer.

Striking especially hard among
newborn and young animals, it
affects calves, pigs, and lambs
in one or another of its various
forms. In addition, it can at-
tack adult livestock, too.

Why does scours pose such a
threat, cause such losses? One
reason is that it comes in so
many types. Some are contagious,
some not. Some can spread like
lightning. Before anything can be
done, one must know which KIND
of scours is causing the trouble,
and that, of course, means a
competent diagnosis has to be
made.

Scours takes a heavy toll of
young animals at this time of year.

To the owner of calves, "white
scours" and "black scours" pose
the major threat. Fortunately,
we now have a double-barreled
defense against these killers. To
treat them, many veterinarians
now use modern blood transfu-
sion methods plus supplement-
ary treatments with considera-
ble success. To help prevent
scours, the open pen and nurse
cow plan, plus liberal vitamin
A to pregnant cows are recom-
mended.

Swine raisers need to watch for
several types of scours... baby
pig scours (T.G.E.), plain pig
scours, swine dysentery, and
necrotic enteritis. In pig scours,
the thing to do is discover which
of several factors is responsible,
and go on from there. In some
types, a more difficult problem
is presented. They are very in-
fectious and real killers. The
best professional help is impor-
tant, if heavy losses are to be
checked.

Lambs are most often affected
by a type of scours like that
which strikes calves. It often
strikes shortly after birth, and
can kill within 24 hours.

The important point is that now
is the time when scours is most
likely to strike. Prompt action,
prompt diagnosis, prompt treat-
ment—these are the three things
which can make the big dif-
ference.

Zoning Ordinance Continued

HEIGHT OF BUILDINGS:

District	Normal Maximum Height 18 feet or 2 stories
"R1" & "M1"	10
"R2"	15
"M2"	15

FRONT YARD:
District
"R1" & "M2"
Depth in Feet
10
15

SIDE YARD: None required. However, if a side yard is provided, the minimum dimensions shall be five (5) feet.

REAR YARD: 1962, of the depth of lot with a minimum requirement of 12 feet but need not exceed 25 feet in depth (One-half of an alley abutting the rear of a lot may be included in the rear yard to satisfy rear yard requirements, but such alley space shall not be included for loading and unloading berths.)

LOT COVERAGE: 30%, but this shall not waive provision of yards where required.

VISION CLEARANCE ON CORNER LOTS: 5 feet.

VEHICLE PARKING SPACE: One Vehicle Parking Space for each 2 employees shall be provided on the lot, or within 300 feet thereof on a site approved by the Board of Zoning Appeals.

LOADING AND UNLOADING BERTHS: shall be provided on the lot as follows:

Gross Floor Area - Square Feet	Loading and Unloading Berths
15,000 or less	1
15,001 to 40,000	2
40,001 to 100,000	3
Each 40,000 additional	1 additional

PAVING: Open Parking area and loading and unloading berths shall be paved with a disproof or hard surface meeting the standard specifications of the Town.

LIGHTING FACILITIES: Outdoor lighting facilities, if provided, shall be so arranged as to be reflected away from property residentially zoned or used.

CONDITIONAL EXCEPTIONS

MAXIMUM HEIGHT:

- Buildings may be erected higher than the Normal Maximum if they are set back from front and rear property lines, one foot for each two feet of additional height above the Normal Maximum height.
- Chimneys, cooling towers, elevator shafts, fire towers, penthouses, tanks, water towers, transmission towers, or essential mechanical appurtenances may be erected to any height not prohibited by other laws or ordinances.

FRONT YARD:

- On Federal and State Highways, a distance of eighty-five (85) feet is required. This distance is to be measured from the center of the right-of-way. However, the minimum setback from the front property line shall be 25 feet.
- On all other roads and streets except those in incorporated areas, a distance of sixty (60) feet is required. This distance is to be measured from the center of the right-of-way. However, the minimum setback from the front property line shall be 25 feet.

SIDE YARD: Whenever a side yard abuts a street or road in unincorporated areas, the following minimum width shall be the standard:

- 25 feet on Federal and State Highways.
- 25 feet on all other roads and streets.

VEHICLE PARKING SPACE:

- Groups of uses requiring Vehicle Parking Space may join in establishing group parking areas with capacity aggregating that required for each participating use.
- Vehicle Parking Requirements may be waived by the Board of Zoning Appeals in a block, 50% or more of the area of which was occupied by business or industrial structures at the time of passage of this ordinance.

BUFFER REQUIREMENT:

- Where an industrial district borders upon a residential district, not separated by a street, railroad right-of-way or natural barrier, a suitable buffer in terms of setback and/or screening shall be provided.

HEIGHT OF BUILDING: 8-15 feet

There shall be an additional foot of setback for each additional foot of height over the 15 foot minimum. The maximum setback required shall be 30 feet.

SPECIFICATIONS B - CONTINGENT USES

DEFINITION: Uses which are likely or liable, but not certain, to occur, and which are not inappropriate to the principal use of the District in which located.

LOCATION PERMITTED AND VEHICLE PARKING SPACE REQUIRED:

Contingent uses, as listed herein, are permitted in the District indicated below. Each use shall provide on the lot, or within 300 feet thereof on a site approved by the Board of Zoning Appeals, parking space — open or enclosed — as follows:

Contingent Use	Location Permitted	Parking Spaces Required
Boarding or Lodging House	"R1," "R2," "M1" & "M2"	One for each 2 occupants
Bulletin Board for Church or Public Building	All	All
Church or Temple	"R1," "R2," "M1"	One for each 2 seats in main auditorium
College or University	All except "M1" & "M2"	One for each 2 students or staff
Community Center	"R1," "R2," "M1" & "M2"	One for each 2 seats
Farm, Vegetable or Flower Garden or Plant Nursery, anywhere, but without raising of livestock and poultry within the town limits	All	All
Home Occupation	All	One additional
Lodge or Private Club (which is of a non-commercial character)	"R1," "R2," "M1" & "M2"	One for each 125 sq. ft. of ground floor area
Mortuary	"R1," "R2," "M1" & "M2"	One for each 4 seats in Chapel
Municipal or Governmental Building	All	One for each 125 sq. ft. of ground floor area
Nursing Home or Homes for the Aged	"R1," "R2," "M1" & "M2"	One for each 7 persons
Professional Office in Residence of Practicing Professional Person	All except "M2"	Two additional
Public Library or Museum	All	One for each 425 sq. ft. of ground floor area
Public Park or Public Recreational Facility	All	All
Public Utilities Building or Right-of-Way, including purposes essential to utilities operation, but not including commercial or industrial structures or uses in "R1," "R2," "M1," "M2," "C," or "H" Districts	All	One for each 2 employees in the building
Roadside Stands of a temporary nature for the sale by the producer of agricultural and plant nursery products raised on the premises	"C," "M1," "M2," "R1" & "R2"	All
School, Public or Parochial	All except "M1" & "M2"	One for each 2 members of the staff plus one for each 4 seats in auditorium
Tourist Home	"R1," "R2," "M1" & "M2"	One for each sleeping room
Temporary Sign, pertaining to lease, hire, or sale of a building or premises	All	All

GENERAL PROVISIONS

PAVING: Open Parking area shall be paved with a disproof or hard surface meeting the standard specifications of the Town.

LIGHTING FACILITIES: Outdoor lighting facilities, if provided, shall be so arranged as to be reflected away from property residentially zoned or used.

CONDITIONAL EXCEPTIONS

PARKING REQUIREMENTS: A Church or Temple requiring parking area at times when nearby areas do not need their parking facilities, may, by agreement approved by the Board of Zoning Appeals, utilize such facilities in lieu of providing their own parking facilities.

HEIGHT PERMITTED:

District	Normal Maximum Height
"R1," "R2," "M1" & "M2"	25 feet or 2 1/2 stories
"H1"	35 feet or four stories
"H2," "M1," "M2"	60 feet or five stories

1. Buildings may be erected to heights in excess of the Normal Maximum, if they are set back from required front, side and rear yard lines, or property lines where yards are not required, as follows:

District	Setback
"R1," "R2," "M1," "M2"	One foot for each foot of additional height
"H1," "H2," "M1," "M2"	One foot for each two feet of additional height

2. In all Districts, spires, church steeples, chimneys, cooling towers, elevator shafts, fire towers, water towers, transmission towers, and other essential mechanical appurtenances may be erected to any height not prohibited by other laws or ordinances.

THE PROVISIONS FOR YARDS, VISION CLEARANCE AND ACCESSORY BUILDINGS AS THEY PERTAIN TO GROUP HOUSES IN RESIDENTIAL DISTRICTS, LOCAL BUSINESS USES IN "R1," "M1" AND "R2" DISTRICTS, OR GENERAL BUSINESS USES IN "H1" DISTRICTS SHALL APPLY TO CONTINGENT USES LISTED HEREIN.

SPECIFICATIONS C - CONDITIONAL USES

1. The following uses, or structural alterations thereto, which are classified as Conditional Uses, may be permitted by the Board of Zoning Appeals, in accordance with the procedure specified herein.

- Airport or Airport Landing Field
- Amusement Park and Enterprises (permanent or transient)
- Baseball Park
- Cemetery or Crematory
- Country Club or Golf Course
- Palace
- Fire Station
- Group House and Garden Apartments
- Hospital or Sanitarium
- Medical Center or Clinic
- Motel or Tourist Lodge
- Out-Door Theater
- Philanthropic or Charitable Institution
- Practice Golf Driving Range
- Race Track
- Radio or Television Transmitting Tower
- Sanitary Fill or Refuse Dump

- Sewer Disposal or Refuse Disposal
- Transfer, Public Camp or Mobile Home Camp (meeting State Health Department Standards)
- Removal of Soil, Sand, Lumps, and Gravel (except in conjunction with a construction of a building, street, or utility)
- The following contingent uses are to be considered conditional uses in the following districts:
 - Nursing home or home for the aged "H1," "H2," "M1," "M2"
 - Lodge or private club "H1," "H2," "M1," "M2"
 - Church or temple "H1," "H2," "M1," "M2"
 - Community center "H1," "H2," "M1," "M2"
- Upon receipt of an application for a Conditional Use by the Board of Zoning Appeals, it shall be referred to the Town Plan Commission for investigation as to the manner in which the proposed location and character of the Conditional Use will affect the Master Plan of the Town. The Town Plan Commission shall report the results of its study of the proposed use to the Board of Zoning Appeals, and if the report is favorable to the proposal of a Conditional Use, the Board of Zoning Appeals, may, after public notice and hearing according to law, grant the permit, including the imposition of conditions in a which the Board deems essential to insure that the Conditional Use is consistent with the spirit, purpose and intent of this ordinance, will not substantially and permanently injure the appropriate use of neighboring property, and will substantially serve the public convenience and welfare.
- The following uses may be permitted in the "M2" Districts, only in accordance with the procedure specified in paragraph C, above, and the notice of a report by the Town Health Officer or the State Board of Health of the State Fire Marshall that the uses applied for will not be injurious to the public health or safety:
 - Acid Manufacture
 - Aerobic Plants
 - Arsenal
 - Cement, Lime, Gypsum or Plaster of Paris Manufacture
 - Distillation of Bones, Coal or Wood
 - Explosives Manufacture or Storage
 - Fertilizer Plants and/or Plant Food Plants
 - Incineration or Reduction of Garbage, Dead Animals, Offal or Hides except for Municipal Purposes
 - Packing Plants or Slaughter Yards
 - Slag, Stone, Cinder or Coal Crushing or Pulverizing
 - Any other use which may, under some circumstances, be injurious to public health, safety, or established uses, but which may, with adequate safeguards, be designed so as not to be injurious in such manner.

SPECIFICATIONS G - VEHICLE PARKING SPACE

SECTION 1. SPECIFIC REQUIREMENTS

1. The Specifications B, C, D, and E, described in Article IV, Section 2, of this ordinance, specify the off-street parking requirements for each type of use permitted under the provisions of this ordinance.

SECTION 2. PERMITS FOR PARKING LOTS IN RESIDENTIAL ZONES

1. In order to meet requirements for vehicle parking space, where such space is not available on the lot occupied by a building, as specified in Specifications C to E inclusive, the Board of Zoning Appeals may, after receipt of a favorable report from the Town Plan Commission as to the proposal, or after public notice and hearing, grant a permit for the establishment of a parking lot in an "R1," "R2," or "H1" District, provided that the entire area of the parking lot is within three hundred (300) feet of a "H1," "H2," "M1," or "M2" District or in the case of church or other place of worship, then in an "R1," "R2," or "H1" District immediately adjacent to such place of worship or other place of congregation, and provided further that:

- There shall be no sales, dead storage, repair work, dismantling, or servicing of any kind on side parking lot.
- Entrances and exits shall be approved as to location by the Town Plan Commission.
- No parking shall be permitted nearer than two feet from the front or side lot line.
- Except for otherwise approved outcrops and exits, a curb or fence not more than two (2) feet in height and not less than eight (8) inches in height, shall be erected so as to conform with the results of the front lot line and may be required along boundaries of the parking lot as determined by the Town Plan Commission for the protection of adjoining residentially zoned or used property.
- The lot shall be surfaced with a disproof or hard surface meeting the standard specifications of the Town.
- No advertising signs shall be erected upon such lot, except not more than one (1) sign on each street side to indicate the operator has the purpose of the lot, such signs shall not exceed twenty (20) square feet in area and shall not extend more than ten (10) feet in height above the ground level.
- Lighting facilities, if provided, shall be so arranged as to be reflected away from property residentially zoned or used.
- If at any time after the issuance of the required permits, any of the provisions of this section are not complied with, the permits shall be revoked.

SPECIFICATIONS H - UNIT DEVELOPMENT PLAN

SECTION 1. RESIDENTIAL DEVELOPMENT PLAN

1. The owner of any tract of land, comprising an area of not less than ten (10) acres, may submit to the Board of Trustees, a plan for the use and development of the land, primarily for residential purposes. The use and development of the land shall be submitted to the Town Plan Commission for examination, study and report and for a public hearing. In connection with the recommendations of the Town Plan Commission for the use and development of the land, the Board of Trustees, shall have the approval or disapproval of the plan and application, and specific evidence and facts showing that the proposed Residential Development Plan has or has not been considered and made provision for the following essential elements:

- That the appropriate use of property adjacent to the area included in the plan will be fully safeguarded.
- That the plan is consistent with the intent of this ordinance to promote public health, safety, and general welfare.
- That the buildings shall be used primarily for single-family dwellings, apartments or group houses, and the usual accessory uses such as garages, storage space and community activities.
- That the area of the tract, including street area, but including the area to be devoted to parks, parkways, and other open spaces, will provide the minimum lot area per family, counting all families to be housed under the Unit Development Plan, which is required for the tract in which the development is to be located.

2. If the Board of Trustees approves the proposed Residential Development Plan, Improvement Location Permits and Certificate of Occupancy shall be issued, even though the use of the land, the location of the buildings to be erected in the area and the yards and open spaces provided in the plan do not conform in certain respects to the regulations for the District in which the development is to be located.

SECTION 2. COMMUNITY SHOPPING CENTER DEVELOPMENT PLAN

1. The owner of any tract of land, comprising an area of not less than four (4) acres, may submit in a similar manner, a Development Plan for a community shopping center, which shall be processed in the manner prescribed in Section 1, of this Plan, together with the recommendations of the Town Plan Commission shall be submitted to the Board of Trustees, stating the reasons for the approval or disapproval of the plan and application, and specific evidence and facts showing that the proposed Community Shopping Center Development Plan has or has not been considered and made provision for the following essential elements:

- The Commercial uses included in the plan are limited to those permitted in the "H1" District.
- The entire development is designed as a single architectural unit with appropriate landscape architectural treatment of the entire unit and area.
- That at least twice the gross floor area of the stores to be included within the development, plus one vehicle parking space for each 400 sq. ft. of gross floor area, shall be provided for the use of the community.
- That the appropriate use of property adjacent to the area included in the plan will be fully safeguarded.
- That the plan is consistent with the intent of this ordinance to promote public health, safety and general welfare.

2. If the Board of Trustees approves the proposed Development for a Community Shopping Center, Improvement Location Permits and Certificate of Occupancy shall be issued as prescribed in Section 1, of this Plan.

good light protects eyesight

It's very gradual and we seldom know it,
but many of us fritter away our good vision
through years of careless lighting.
Bad lighting "traps" are everywhere around us—
dim light, naked bulbs, dark shadows and harsh glare.
Many of these "traps" can be avoided
with a few simple changes in your present home lighting.

Above is a good example of lighting for close reading.
This swing arm bridge lamp provides
proper light diffusion. The shade is wide at the bottom
to permit adequate light on the reading surface.
It is also wide at the top
for general room lighting. The shade permits
some light penetration but prevents glare.
As for the amount of light, use at least 150 watts—
anything less is an invitation to eyestrain.

Why not install good lighting in your home?
Almost everyone can afford a new, properly designed lamp,
but no one can trade his eyes for a new pair!

Indians Defeat Richland Center By 86-82 Score

Play Lakeville At Bremen Friday

By EARL D. MISHLER
The Culver Indians defeated Richland Center, 86-82, in a wild, foul-marred game here Friday night. Officials called 60 personal fouls during the game, as eight players, five from Culver

This Friday night Culver plays their last game before the tournament with Lakesville, the game will be played at Bremen.

and three from Richland Center were forced to the bench with five personals. In fact, Culver played the last six seconds with only four players.

From the opening minute it was evident that the teams were going to score a lot of points. Center hit its first four field goal attempts and streaked to 22-18 first quarter lead. In the second period, the Indians' fast break began to work, as Coach Tom Benbrook's squad built up a 46-57 halftime margin. However, Center's Ed Norris, a flashy left-handed shooter, kept his team in the game by constantly hitting his fall-away jump shot or a pair of free throws. Despite Norris' scoring Culver stretched the lead to 71-59 after three stanzas.

In the fourth quarter, the players began hitting the bench like flies. Center lost the fewest players by fouls and as a result was able to creep to within striking distance. When Gene Benedict fouled out with six seconds left, Culver was forced to send only four players on the court. However, Gary Dillon grabbed a rebound and dribbled out the remaining time, to sew up Culver's ninth victory against ten losses.

Gene Benedict, rebounding and tipping at his best, led the Culver attack with 26 big points, while Lance Overmyer laid in 19 markers. Norris was the high point man for the losers with 33.

The B-Team lost its eighth straight game, 42-38, to the Center B's. Phil Gretter hit 16 points to lead the Papooses, and was matched by the winners' John Keele.

Thursday: Chop suey, rice noodles, perfection salad, doughnut, bread, butter, and milk.
Friday: Tuna and noodles, apple salad, buttered carrots, lemon chiffon dessert, bread, butter, and milk.

Fifteen-Acre Wheat Exemption Explained

Several factors affecting wheat producers who have wheat allotments of less than 15 acres for 1960 were called to the attention of farmers today by Carl W. Price, Chairman of the County Agricultural Stabilization and Conservation Committee.

The law that authorizes marketing quotas provides that in commercial wheat producing States as much as 15 acres of wheat may be produced on any farm without being subject to marketing quota penalties. This provision applies to farms with no wheat allotments as well as to farms with wheat acreage allotments of less than 15 acres.

However, wheat on such farms is subject to marketing quota penalties when more than 15 acres of wheat is produced. When the 15-acre limitation is exceeded, the excess bushelage of wheat is determined by multiplying the normal yield for the farm by the number of acres of wheat above

the farm allotment.
Mr. Price cited the following as an example: A farmer with a wheat allotment of 12 acres for 1960 produces 20 acres of wheat. The difference between the allotment and the wheat acreage produced — 8 acres — would be considered excess acres. The 8 acres excess would be used in determining the amount of wheat subject to the marketing quota penalty. However, if the acreage over 15 is disposed of, the wheat would not be subject to marketing quotas.

Farmers who have applied for the feed wheat provision under which they may produce as much as 30 acres of wheat for use on the farm are not subject to marketing quota penalties unless they produce more than 30 acres.

The deadline for adjusting wheat acreage into compliance with the farm wheat allotment is June 10, 1960 in Marshall County.

Some 250,000 different maps are being readied by the Census Bureau in preparation for Census of Population and Housing to be held in April 1960. These maps will guide the Census takers in their rounds.

WORTH MORE BECAUSE THEY WORK MORE!

Compare this list of Chevy advances with the features ordinary trucks are still talking about. You'll see why Chevy trucks get more work done in a day... why they go extra thousands of miles before trade-in time. These Sturdi-Bilt Sixties aren't just new, they're a full scale revolution!

TORSION-SPRING RIDE
Each front wheel, suspended independently of the other, is free to step individually over bumps. And shockproof torsion springs up front soak up the jars and jolts before they reach the body. With three rugged new tailored-to-the-truck rear suspensions to further reduce road shocks, Chevy gives you the smoothest truck ride you've ever felt.

NO SHIMMY, NO WHEEL FIGHT
Drive a '60 Chevy. Just once. Right away you'll notice the absence of I-beam shimmy and wheel fight common on ordinary trucks.

With independent front suspension there's a brand-new, smoother, easier handling feel behind the wheel.

CABS FOR BIG GUYS
Big guys get a bigger break in a Chevy cab. There's plenty of space inside to stretch out and relax; more room for hats and hips, more room for wide shoulders and long legs. There's horizon-wide visibility through a windshield with 26% more glass area; a new see-at-a-glance instrument panel. Cabs are safer, too, up to 67% more rigid.

6'S SWORN TO SAVE
Chevy's 6-cylinder engines are set to squeeze extra miles out of every drop of fuel. They're long famous for low fuel consumption, high performance.

SHORT STROKE V8'S
Power-packed for peak performance, Chevy's husky V8's make child's play out of the toughest hauls. They have a mind tuned to economy, too, that keeps costs down, profits up.

SLICK NEW SUBURBAN CARRYALLS
These handsome new handy haulers "double in brass"—can transport eight passengers or up to 950 lbs. of payload. Rear and center seats are easy to remove and replace when necessary. For work or for pleasure, these double-duty beauties are best for both!
