"HOOSIER AT LARGE"

By Al Spiers

A Gary Family Experiments With Hypnotism
WELL OVER TWO YEARS ago Nora Hughes, thin, blue-eyed, and just 26, was a typical Hoosier housewife in most respects.

Nora and her husband, Virgil, a cost accountant, had a typical small home at 2606 Vermilion in Gary, and a typical brood of three — Robert, 8; LaVerne, 6, and Virginia, 4.

For the most part, the Hugheses had the typical problems, struggles, and dreams of most young marrieds of modest means. Nora kept her own house. Virgil did spare-time accounting to ease a tight budget, and studied whenever possible to inch toward his ultimate goal, a CPA rating.

BUT NORA HUGHES bore an untypical burden of physical and mental woes. For years she had suffered a painful hand rash that baffled doctors, piled up medical bills, and frazzled nerves. Tense, morose and irritable, she lost her appetite and thinned to an anemic 100 pounds. She needed sedatives to sleep at night and stimulants to stay awake days. She worried, fretted, and was easily upset by the children.

A year ago, almost at wit's end, Nora boldly became a sort of human guinea pig in an unusual experiment aimed at easing her untypical burdens.

She came home spectacularly "cured."

PERHAPS BY NOW you've connected the name and the widely publicized case.

On November 5, 1957, Edward Baron, director of the Hypnotism Institute of Chicago, put Mrs. Hughes in a hypnotic trance that lasted five days.

When awakened, Nora's skin rash was gone. She'd gained four pounds and lost her tension and frets. She went home "walking on a cloud" and forthwith discarded most of her old pills. That night she slept soundly, woke up hungry, and ate heartily.

HAVING STUDIED, tested, and written about hypnotism, I was impressed and intrigued by Nora's remarkable "cure" — but, like skeptical doctors, I wondered if it would be permanent.

So I made a note and after a year had passed, I visited Mrs. Hughes.

NORA'S SKIN RASH has never recurred. Her weight is a proper 117-120. She's plainly relaxed, good-humored, frank, and as serene as any busy housewife and mother can be. She sleeps soundly, eats hungrily, and enjoys life.

Small crises once unnerved Mrs. Hughes. Not now! Three times recently, mishaps have badly cut LaVerne and Virginia. Nora calmly rendered first aid.

"A YEAR AGO," she chuckled, "I'd have gone to pieces."

Next Governor Of Indiana?

CRAWFORD F. PARKER

Nominee, Never Defeated In A State Election, Makes A Stirring Acceptance Speech

[Republican Convention, Indianapolis, June 24]

On three previous occasions, I have been honored by Republican state convention delegates who nominated me for high office. But today you have bestowed upon me a much greater honor for which I am sincerely thankful.

It is a challenging responsibility to be selected as your nominee for the highest office in Indiana and as your leader for the coming campaign.

I humbly accept that challenge. The important thing is that we now prepare ourselves for the job ahead. The platform committee has outlined well our objectives. We can be truly proud of the 1960 Indiana Republican platform adopted by this convention.

In contrast, the platform adopted by the opposition would create more needless bureaus and departments. This would lead to additional unnecessary controls over our citizens. Their proposals would result in greater spending and an increase in taxes.

This we are definitely opposed to. We believe we can continue good government without placing a further burden on the taxpayers.

Realistic Program Presented
We are not promising everything under the sun to the voters this fall. Ours is a realistic program for progress. Our platform clearly defines up-to-date Republican ideals and principles of constitutional government. Our platform is one we can and will live up to.

In my opinion, the people of Indiana want to continue good Republican government and this we will deliver.

You delegates are demonstrating today that this is truly a delegates' convention — a sharp contrast to the convention of our opposition in this same Coliseum Tuesday.

Academy Summer Schools Boast Huge Enrollment

1,530 Boys Set Campus Record

Exactly 1,530 Woodcrafters, Midshipmen, and Troopers — largest enrollment in the school's history, began classes today at the Culver Summer Schools of our famed Academy.

Projected enrollment in the Naval School this year is 776, which includes a 102-piece Naval Band.

There are another 136 boys in the Summer School of Horsemanship, and 418 in the Woodcraft Camp.

The utilization by the Summer Schools of the East Lodge of The Culver Inn for housing Midshipmen makes possible the increased enrollment. The enrollment is expected to drop again to about 1,510 next summer, since East Lodge is scheduled to be demolished this winter.

Operated by the non-profit Culver Educational Foundation, which also runs Culver Military Academy during the academic year, the Culver Summer Schools are under the direction of Rear

Republicans Name Strong Ticket For State Offices

Bill Oberlin Runs A Close Second

The Republicans staged an enthusiastic state convention in Indianapolis last Friday, chose an excellent ticket, and our local delegates, Homer H. Kemple and Wilber Taylor, came home with a "November victory look" in their eyes.

The only disappointment was that William W. Oberlin of Greencastle, longtime Culver resident, failed to win the nomination for Secretary of State on the second ballot, 962 to 835, after coming within some 20 votes of capturing the post on the first ballot.

Bill's fine showing on his initial try for state office makes him a serious contender in Indiana's future political picture.

If you read the small print on page 1 of last week's Citizen, you noted this paragraph:

"Three strong candidates for Lieutenant Governor are offered and two so-so candidates for State Treasurer."

The Citizen's feeling must have been shared by many others because 24 hours before the convention convened a third candidate filed for State Treasurer — the winner by an overwhelming vote — Robert E. Hughes, head of the Young Republican organization.

Phyllis Shields And Kim Released From Hospital

Mrs. Phyllis Shields of Evanston, Ill., who with her daughter, Kimberly, was seriously injured in a two-car crash at the intersection of State Road 10 and a new Ind. 17 on Wednesday, June 8, has written The Citizen that she was released from the hospital last Saturday.

Philip Shields, former music instructor at Culver High School, and his family were visiting here when the accident occurred. Mrs. Shields suffered several broken ribs, back injuries, and multiple cuts and bruises and her little daughter suffered severe head and facial cuts. They were taken to the South Bend Osteopathic Hospital from the Culver Clinic.

Mrs. Shields stated in her letter that Kimberly was released from the South Bend hospital on Friday, June 17, and is undergoing further treatment in Evanston.

On the same date Mrs. Shields was transferred by ambulance to the Evanston hospital and was released from there on Saturday, June 25. She will be inactive for at least the next two weeks, but said that it was good to be home.

She also wished to express her thanks again for all the help given them by so many Culver friends.

Samson wasn't the only one whose strength lay in the hair of his head. World Book Encyclopedia says a good head of hair is so strong it can support a weight of more than 2,000 pounds.

"Hoosier At Large"

(Continued from Page 1)

After her five-day trance, Nora and Virgil both learned the rudiments of hypnotism. Now Nora occasionally uses mild self-hypnosis and brief rests to refresh herself or achieve good mental discipline. "I can throw a pain away," she smiled, "but that can be dangerous. A few weeks ago a heavy man accidentally stepped on my foot. I stopped the pain then . . . and during ensuing days. When it persisted two weeks I saw a doctor. Some tendons were badly strained and I'd aggravated the injury. I had to use crutches awhile."

Mrs. Hughes is also quick to point out that although hypnotic therapy worked superbly for her it's not a panacea.

"In my case," she said frankly, "hypnosis revealed and helped to release false guilt feelings provoked by an old mental shock — the source of my trouble. Others with more complex ills may not be helped."

For those tempted to try this mysterious and exciting new therapy, Mrs. Hughes had a sharp warning.

"HYPNOSIS IS WONDERFUL," she said, "but in the wrong hands

it can be very dangerous — both mentally and physically. Be sure of yourself — and your hypnotist! — before trying it."

The publicity attending Nora's five-day trance lured so many cranks, fanatics, promoters, and calls that the Hughes had to "un-list" their phone. That cost Virgil some spare-time accounting business — but ultimately restored their privacy.

The Hugheses again have a listed number — but if you're intrigued by hypnotic therapy please don't bother this now-happy family. Query your doctor instead.

Each carried a cascade of tinted carnations and wore a bow hat with circular face veil to match her dress. The junior bridesmaid was in pink, and the flower girl in green.

The mother of the bride wore a light blue embroidered dress, and the bridegroom's mother wore a black and white taffeta dress. Both had white accessories and wore corsages of orchids and white carnations.

Indiana Bell Adds To Direct Dial Listing

Indiana Bell again has expanded the list of places to which Direct Distance Dialing customers may dial long distance telephone calls.

Manager Jack Ellis said several hundred communities in 17 states and Canada have been added to the DDD list recently or will be added next month.

New Mexico appears on the list for the first time. Customers now may dial calls directly to thousands of phones in that southwestern state, including such cities as Albuquerque, Gallup and Santa Fe.

Other newcomers include Augusta, Ga., Kankakee, Ill., Fayetteville, N. C., Wheeling, W. Va., and four Indiana communities — Dyer, Cynthiana, Patoka, and Pierceton.

Beginning in mid-July, DDD customers also will be able to dial calls to phones in 23 more Hoosier communities — Elwood, Clinton, Attica, Winamac, Rockville, Covington, Bloomington, Cayuga, Dana, Marshall, Montezuma,

Crawford Parker G.O.P. Candidate For Governor

(Continued from Page 1)

Democrat organization has succumbed to boss-control. And let us not allow the voters to forget it! The McKinnies, the McHales, and the big city machines have recaptured the Democrat party in our state.

If you have any doubt that Tuesday's convention was boss-controlled, I would like to quote Democrat Secretary of State John R. Walsh from a speech he made May 19 in which he said:

"Nearly every large city in Indiana, especially where gambling and loose law enforcement is the accepted way of life, is supporting Matt Welsh for Governor. Some of these cities have been pointed out as centers of vice, racketeering, and gambling by the Senate Rackets Committee.

"One way to lead our party to certain defeat is to nominate a candidate for Governor who has the support of the big city bosses."

It makes me thankful and proud to be a Republican and I am glad that Republicans in Indiana today stand united and ready to march into the campaign shoulder-to-shoulder.

A bright, new unity is reflected up and down the line in our Republican ranks. The Republican tide has been rising rapidly in recent months. I am confident that, if we do our job well, the year 1960 will prove to be one of sweeping Republicanism.

Nixon A Great Candidate
Less than a month from now, Republicans will gather for the national convention in Chicago. And it is no secret that Dick Nixon will emerge as one of the strongest and most able Republican Presidential candidates ever to enter the political arena.

There is no doubt in my mind that Richard M. Nixon, a dedicated representative of the people, will be elected the next President of the United States!

And with Nixon — the man who knows how to speak up to Khrushchev — directing our party's efforts at the national level, I foresee next November a great wave of Republican victories, not only in Indiana, but across the entire length and breadth of our nation.

Reviewing the record of the last 75 years, you will note that we have had four Democrat Presidents. Each will be remembered down through history for national tragedies.

Cleveland is remembered for the great money panic!

Hits The "War Party"

In 1916 the slogan of the Democrat Presidential candidate was, "He Will Keep Us Out Of War!" In a little more than 30 days after President Wilson took office, we were plunged into World War I.

Then came Roosevelt. He hated war! But during his administration, this country was thrown into the most devastating war in history.

And along came Harry Truman. Being ashamed of their war record, the Democrats called this one a "police action." They would not let us win the Korean War, which cost our nation thousands upon the thousands of American lives and left thousands more crippled and maimed.

Despite their pious promises, this is what the last four Demo-

crat Presidents gave us and I am confident the people of America want no more of it!

Russians Prefer Democrat
The Russians already have told us they want a Democrat President. They want somebody they can deal with, and they know they can not deal with Nixon.

America was first dealt out when Roosevelt recognized Russia.

Second, we were dealt out when the Germans had the Russians on their knees at Stalingrad and we moved in to draw their chestnuts out of the fire.

And third, we were dealt out again at Potsdam, Yalta, and Tehran where the Russians gained everything they have today.

But thank God the Russians have not gained a single inch of territory since President Eisenhower was elected.

And under Dick Nixon, the American people can rest assured that there will be no more deals

with the Communists!

In these critical times, the people will vote for experienced statesmanship, national security, and economic stability — and in doing so they will vote overwhelmingly Republican!

Victory Seen This Fall

To you — the steadfast and loyal Republican workers and to my fellow candidates — I pledge that I will work as hard as is humanly possible to help produce a victory this fall!

Starting tomorrow our Republican team will go to work.

Everyone of you is an important member of that team.

My personal thanks to you for your very kind support in nominating me as your candidate to lead the Republican ticket. I will do my utmost to live up to the confidence and trust you have placed in me.

Robert L. Haig Named Colonel By Gov. Earl Long

ROBERT L. HAIG
Culver Businessman and
Chain Store Consultant

Two days before Louisiana's colorful and controversial Governor Earl K. Long recently relinquished office after two consecutive terms (maximum tenure) at Baton Rouge, he named his old friend, Robert L. Haig of Culver, an honorary Colonel and aide-de-camp on his staff.

62 Stores In Haig Chain
Mr. Haig, now a permanent Lake Maxinkuckee resident of 2358 East Shore Lane, retired here after selling his controlling interest in Haig Millinery Stores, Inc. of Youngstown, Ohio, operators of a big chain of 62 women's hat stores extending from New York to Texas.

It was while contacting the firm's Louisiana retail outlets that "Bob" Haig got to know Governor Long and also the late U. S. Senator Huey P. Long.

Mr. Haig sold out to M. L. Brous Millinery, Inc., 16 E. 40th St., New York City, which now operates the chain under the name of "Suzy Hats."

The prominent Culver merchant and businessman recently has been named a special consultant in the operation of the "Suzy" stores in Indiana — five in Indianapolis and one in Fort Wayne — an assignment which takes him to those cities a couple of days each month. Perhaps the best known "Suzy" shop is the one located in the Claypool Hotel building in the Hoosier capital.

The formal presentation of Mr. Haig's commission as a Louisiana Colonel was the pleasant chore of Chester W. Cleveland, publisher of The Citizen, who was named a Colonel by Governor Long on March 2, 1949.

Plays Leading Female Role In "Dark At The Top Of The Stairs"

MISS JADEEN BARBOR

Miss Jadeen Barbor from the University of Cincinnati plays the leading female role in "Dark At The Top Of The Stairs" now playing through Sunday at the Maxinkuckee Playhouse.

William Inge's Comedy-Drama Is Playhouse Hit

Son Of Norm Kelly In "Dark At The Top Of The Stairs"

"Dark At The Top Of The Stairs" is a comedy-drama at the Maxinkuckee Playhouse that no one will want to miss this week. The strong cast which has been directed by Michael McGuire certainly makes the most out of the most important script that William Inge has written and his list includes some great ones including "Picnic", "Bus Stop", and "Come Back Little Sheba".

Two Leading Roles
The Maxinkuckee production has Jadeen Barbor and Gary Vitale playing the two leading roles. This is the first major part assignment for both young people and they make the most of each moment. Miss Barbor is from the University of Cincinnati where she recently won an award for her playing of the title role in "Hedda Gabler". Mr. Vitale is from Northwestern University.

Others in the cast include Karen Lang in the important role of Lottie, played by Joan Blondell on the road; and Vaughn McBride who plays Morris, her husband. The young people include Sally Noble as Reenie, Marni Toms as Flirt, Ron Sommer as Punky, and Jon Jory as Sammy. Mr. Jory's play, "Topsy Rebellion", had its premier performance last week at the Playhouse.

David Kelly To Play Sonny
A special addition to the cast will be made by the performance of young David Kelly in the role of Sonny. David is the son of Mr. & Mrs. Norm Kelly of Culver.

"Dark At The Top Of The Stairs" is a heart warming story and it is told in simple terms using plain and good people from the Midwest. It's main inspirational theme points to the fact that in any troubled times we must all keep moving ahead with faith, not being afraid of the dark at the top of the stairs.

Opening on July 5 for a two-week run will be the fabulous musical, "Guys and Dolls". This musical made from the famous Damon Runyon script has earned its stars of merit by its many years on Broadway and the popular road show companies. The

movie version won new friends.

The entire Playhouse company will perform in this tuneful comedy. Such songs as "I'll Know", "I've Never Been In Love Before", "Take Back Your Mink", "If I Were A Bell", and many many others, have made this show a popular favorite with everyone.

The success of "Kiss Me Kate", "The Boy Friend", "Plain And Fancy", and "Brigadoon", plus "Bells Are Ringing", have proved that the Playhouse can present a musical with all the fun, energy, and color that it requires. The company, as well as Playhouse patrons, are looking forward to "Guys And Dolls". Tickets can be reserved by calling VIKING 2-2500.

School vacation may mean fishing and baseball for some school-age youngsters, but for young David Kelly this past week has been a rigorous schedule of rehearsals from nine in the morning until four in the afternoon. The young lad, son of Mr. and Mrs. Norman Kelly, is playing the important role of Sonny in the current play at the Maxinkuckee Playhouse, "Dark At The Top Of The Stairs".

David will soon be 11 and has recently passed to the sixth grade in the Culver school. His current performance will mark the third

time that he has appeared with the players, for audiences have seen him in two other hit productions, "Teahouse Of The August Moon" and "The Seven Year Itch". When questioned however, David made no pretense at wanting to be another Marion Brando... he is more interested in raising animals and looks forward to when he can join the gang in going fishing and playing baseball.

FREE FIREWORKS AT WINAMAC ON THE FOURTH OF JULY

The annual 4th of July fireworks display at Winamac will be presented next Monday evening at the Town Park with the program including a band concert in addition to the colorful and booming pyrotechnics.

In case of inclement weather, the display will be held Tuesday, July 5.

Residents of the entire area including Culver, are invited to the event, which is presented without charge.

The Winamac Kiwanis Club is sponsoring the event.

A special musical program has been arranged for presentation prior to the fireworks display. It will begin at 7:30 o'clock and will last about an hour.

The Winamac High School band, under the direction of Charles L. Byfield, will give a concert. A number of selections will also be presented by the novelty band group, the Tippecanoe Symphonic Wind Ensemble. Composed of members of the Winamac Old Band Reunion, the ensemble won acclaim last year for its part in the program at the Star City Centennial.

North Webster's Mermaid Festival Attracts 100,000

Only 500 Live In Host Town!

North Webster's famous Mermaid Festival opened on Monday for the 15th consecutive year, and youth (around which this fabulous celebration is built) is again emphasized and in evidence as never before.

Billed as the nation's greatest small town fete, this week-long celebration, which annually heralds Indiana's summer resort season, is expected to attract close to 100,000 persons to this Northern Indiana lake village of some 500 residents before the curtain will ring down on the week's festivities next Saturday evening, July 2.

North Webster is not far from Culver, being in adjoining Kosciusko County.

North Webster's citizens, conditioned in past years to the arduous of hosting the thousands who annually attend this increasingly popular event, are once again girding themselves to host a flood of festival contestants, participants, and celebrators.

10,000 Will Participate
From a deceptively innocuous beginning 15 years ago the Mermaid Festival has annually grown in scope until now an estimated 10,000 persons will participate in some way in staging this year's affair.

Thousands of high school students and members of sororities, Lions Clubs, Chambers of Commerce, associations, etc., have helped select the 55 young ladies who will compete Saturday evening for Indiana's 1960 "Queen of Lakes" title.

Many High School Bands
More than 3,000 high school band members, twirlers, drummers, masqueraders, dignitaries, contestants, horsemen, scouts, and corps men will march or ride in the Mermaid parade Saturday evening, starting at 7 p.m., before an expected 50,000 viewers.

Big Switch To Friday Night Shopping

Culver Follows Trend In State

The trend of "Main Street, Indiana" away from Saturday as the big shopping night of the week has continued in 1960 with Friday becoming the most popular for retail customers, a survey of 134 Indiana cities and towns shows.

Some 54 communities, including Culver, are observing Friday night shopping schedules exclusively as compared with 44 whose stores are open Saturday nights exclusively, the Indiana State Chamber of Commerce reports. Fifteen communities are open both Friday and Saturday nights.

Other schedules included: five communities, Monday and Friday nights; four, Monday night only; and three, Monday and Thursday nights.

Saturday Night Decline

Since the State Chamber started making the shopping trend surveys in 1950, 38 communities have dropped Saturday night openings to switch to Friday night. The four which made the change this year are Albion, Hagerstown, Martinsville, and Washington.

Most common day for stores to be closed is Wednesday with establishments in 60 communities shut down in the afternoon on this day; 31 are closed Thursday afternoons; and 7 Monday mornings. Exactly 36 have no weekday store closing periods.

Men do not succeed in business or in life, no matter how intelligent they may be, no matter how sharply their attitudes are defined, no matter how brilliantly they may be educated unless they are oriented toward the proper goals and have the drive or motivating force to succeed. One has to want something mighty hard and keep on wanting things all his life. . .

A neighbor, Fred Granger, ran in, seized what he thought was a pan from the sink and tried to douse the flames. But the "pan" was a sink strainer and he was getting no place fighting the flames. GLAMOROUS — Exhibitors at the recent Chicago Auto Show came up with some highly styled, two-toned trucks that formerly were strictly utilitarian vehicles used for hauling. They explained that farmers now want a truck that is not only useful but ornamental when the family wants to drive it to town. Another touch of glamor was added by Chicago model Miss Marjorie Vaughn, formerly of Lafayette, who narrated the truck exhibit to prospective buyers.

Days Of Rugged Individualism Have Passed We Are A Nation Of "Joiners"

By ROGER W. BABSON
No. 1 U. S. Economist
BABSON PARK, MASS. — The days of rugged individualism have passed. Henry Ford was noted for it. He always wanted to "go alone, across lots and on foot." He had little use for committees or associations.

For many years he would not join the National Automobile Manufacturers Association; he and others were in a position to go it alone, because they had some original ideas and were patient enough to work them.

The story of advancing civilization, however, is a record of man's willingness to co-operate.

The Trade Association Directory, prepared by the U. S. Department of Commerce, shows that there are 6,000 regional and 7,000 local associations of businessmen.

With these are affiliated 12,000 trade associations, 5,000 local Chambers of Commerce, and 30,000 businessmen's luncheon clubs.

A Nation Of Joiners
It seems as if everyone is a "joiner," and many join several business groups.

Yet even the above figures do not cover the many purely social, church, labor, and farm fraternal groups.

There has been much fun poked at the "Organization Man," meaning a lower-echelon executive in big business corporations.

But practically every man and many women are members of organized voluntary groups.

In our free U.S., these members retain a very large degree of independence; and, except in cartels and some labor unions, individuals are not coerced or regimented or herded.

On the whole, ours is a nation of free individuals — though not as free as were our pioneer fathers.

A Basic American Freedom
Freedom to organize is one of our basic American freedoms. Special and new interests keep arising in our world of rapid changes; one new bustling area is that of Small Business, which since 1938 has been self-organized solely and specifically to protect the legitimate interest of independent small and medium-sized business people.

The largest of these Small Business organizations is the National Federation of Independent Business, with headquarters at Burlingame, Calif., G. Wilson Harder, president.

This Federation presents its point of view to the Small Business Committees of the Senate and House. It is outstanding in its co-operation with all Senators and Representatives — and in keeping them informed of grassroots opinion on all legislation affecting small business.

It has a highly respected and competent vice-president in

Washington giving full time to matters of legislative activity.

Small Business Administration
There was established by Congress in 1953 the Small Business Administration and a subsidiary, the Small Business Investment Administration. This latter has made total short-term loans of \$856,403,000 to upwards of 20,000 individual independent small business firms; in addition it has advanced long-term equity capital of \$3,785,000 during the past year.

It is now administering over 19,000 business and disaster loans, including loans transferred from the R.F.C.

Sixty per cent of these loans were made in participation with banks. The cumulative losses through 1959 from SBA loans have been only 1.1 per cent, a remarkable showing.

I am convinced that the "little people" have financial responsibility and character.

Do Organization Cramp Style?
Is organization "cramping the style" of individuals and reducing their initiative?

Are too many of us becoming "leaners" instead of "lifters"? I believe that as long as organizations are voluntary, they will wither away when they lose their usefulness.

Individuals can make their influence felt within homogeneous groups of their choosing, dealing with problems about which they have direct knowledge.

At least once each year I like to publicly testify to their integrity, industry, and importance. They are the hope of America!

RILEY'S YOUNG PATIENTS

Ten years ago child patients at Riley Hospital stayed an average of about 23 days. Today the average stay is down to about 12 days — thanks to the advances of modern medical care. The total bed-patient census at Riley remains constant, however, mainly because of population increases.

We get old too young, and wise too old, it seems.

Short statements, generally, are drawn from long experience.

SHARP APPETITE - A young deer apparently in search of food was found roaming the plant area of a Madison tack factory. Woodrow Temple, a workman at the Tower Manufacturing Co., where tacks are made, was surprised when two boys informed him there was a deer on the property. Temple shut a steel mesh gate sealing off the animal's exit and then summoned Gilbert Reardon, a conservation officer. Temple and Reardon after a struggle trussed up the deer and Reardon took it to the Muscatatuck State Game Farm. Reardon said the deer probably strayed into Madison from the Jefferson Proving Ground.

Annual Letters Ford Strawberry Festival A Howling Success
LETTERS FORD STATE BANK

Letters Ford, Ind.
Editor, CITIZEN:

On behalf of the Aubbeenaubee Volunteer Fire Department, we would like to express our appreciation and deep gratitude to you and your newspaper staff for the most generous news write-ups you published in your paper in connection with our recent Strawberry Festival.

We also want to thank the Town of Culver for its street lights and the Culver Volunteer Fire Department for its support and portable generator equipment, as well as the entire town for their patronage.

I believe that the most gratifying part of the entire Festival was the "working togetherness" of our Township towards a common community goal and the wonderful friendliness that was extended to this community from the

outside.

The gross proceeds from the two attempts that we had in trying to put the Festival over amounted to more than \$2,300.

Again we say that we are proud to have such wonderful neighbors!

Hints "News Censorship"
NATIONAL OUTLET STORE

320 S. Adams St.,
Peoria, Ill.

Editor, CITIZEN:

As you know, I am one of your most enthusiastic subscribers to your newspaper. I have always admired you for reporting the news of the Maxinkuckee area as it happens, regardless of where the chips fall.

During the term of my office as Union Township Trustee, I always gave you a weekly report of any important happenings within the township, including our school system.

Since the Democrats have taken over Union Township there seems to be a censorship on items that should be placed in the paper, which affect the welfare of the community.

The store which I manage, Na-

Scheduled for four Coliseum performances, September 3 and 4, "Old Ern" will be bringing with him Anita Bryant, Carlton recording artist; The Vagabonds, a musical comedy quartet; Professor Backwards, the "Dean of Laffology"; and the Hall Brothers, a comedy-juggling team. A few days ago one of the tugboat captains informed me that Union Township was having a serious shake-up within your school system.

I understand that you will be having a new principal and many new teachers next term.

This I could not believe because I told "Tugboat Jack" that I subscribed to The Culver Citizen, and if anything like that was happening, I am sure it would be published in your paper.

What I would like to know, are all these stories up and down the Illinois River true? Or was Tugboat Jack giving me a line?

Thousands Expected At Youth For Christ July Fourth Program

Several thousand teenagers and adults are expected to participate in Youth for Christ International's annual July Fourth patriotic program at Winona Lake, according to Dr. Ted W. Engstrom, president of the interdenominational youth organization.

The day's program will include addresses from Dr. Bob Pierce, noted missionary-statesman, Congressman Walter Judd (R. Minn.) Dr. Karlis Leyasmeyer, specialist in Communist strategy, and Dr. Theodore Epp, world-renowned radio preacher.

Speaker at the 10:45 a.m. session is Dr. Bob Pierce, founder and president of World Vision, an interdenominational missionary agency serving missionaries around the world.

The afternoon rally, scheduled for 3 p.m., will present Congressman Walter Judd, one of the nation's best known Christian leaders in government. Judd served as a medical missionary in China for ten years and is recognized as an authority on Chinese Communism. He is also a specialist on U. S. foreign policy, and has authored considerable legislation relating to overseas recovery and relief programs.

Dr. Karlis Leyasmeyer will speak briefly at the 3 p.m. session and then give an expanded address at the 6:45 p.m. session.

Dr. Theodore Epp, founder and director of the Back to the Bible Broadcast, Lincoln, Nebraska, will climax the day's program as featured speaker for the 7:30 p.m. Tabernacle Rally.

The Convention, which opens Sunday night, July 3, will continue for two weeks, closing July 17.

DR. NORMAN VINCENT PEALE, left, Mrs. Peale, and CHESTER W. CLEVELAND, publisher of The Culver Citizen, enjoyed luncheon together on June 16 at French Lick and exchanged publishing experiences. Dr. Peale, pastor of the historic Marble Collegiate Reformed Church in New York since 1932, has inspired millions of Americans through his widely syndicated newspaper column "Confident Living"; as a radio and TV personality; and through his authorship of such best-sellers as "The Power of Positive Thinking" and "Stay Alive All Your Life."

U. S. Tax On Gaming Devices Is Explained

Sterling M. Dietrich, formerly of Bremen, District Director of Internal Revenue at Indianapolis has clarified several questions regarding tax on coin-operated gaming devices and coin-operated amusement devices.

Dietrich said: "There is a special tax of \$10 a year on each coin-operated amusement device and a special tax of \$250 a year on each coin-operated gaming device. Each purchaser receives a special stamp which must be affixed to, or near, the machine for which purchased. Stamps must be purchased for each fiscal year beginning July 1 and ending June 30 and they must be purchased before the machine is put into operation."

A coin-operated amusement device, Dietrich explains, means any machine operated by the insertion of a coin, token, or similar object, and operated for amusement only. He said that such machines include music or juke boxes, bowling alleys, pool tables and pinball machines which do not have any device for registering free games, do not have multiple coin slots, or do not have any means of registering a score or free games which would entitle the operator to receive cash or any kind of payment.

"The machine must be operated for amusement only to be classified as a coin-operated amusement device," Dietrich added.

A coin-operated gaming device is any machine operated by the insertion of a coin, token, or similar object, which by application of the element of chance, may deliver to or entitle the person playing or operating the machine to receive cash, premiums, merchandise or tokens.

Dietrich also explained that such machines include slot machines, popularly known as "one-armed bandits," electronic slot machines operated by the insertion of a coin or by remote control, pinball machines which register free games or permit multiple coin insertion to increase the odds of winning, or which register a total score which would entitle the operator to receive cash or a prize.

In fact, Dietrich further explained, any machine operated by the insertion of a coin or token, or by remote control, upon the payment of a coin or token, would be classed as a coin-operated gaming device subject to the \$250 stamp if any payoff is made to the operator.

Of course, bona fide vending machines do not fall within the above classification.

A film, entitled "The White-Tail Buck" will be shown. This is a 25 minute colored film, narrated by Thomas Mitchell and filmed in the colorful habitat of the white-tail deer. FIGHTIN' WORD - An irate young man strode into police headquarters at Greensburg and demanded the arrest of another citizen who he said was a "trouble-maker." Officers listened gravely to his complaint and then persuaded him to drop the charge and seek peace with the "trouble-maker." He took their advice and shortly they saw the complainant, a four-year-old boy, playing happily with a five-year-old youngster who was accused of having caused the trouble. The trouble? The older boy called the younger one a "sissy."

MORE TAX REPORTING BOTHER FOR OUR BUSY FARMERS

Do you hire farm workers? If so, you may have an obligation to report their wages for social security purposes, according to J. Edmund Sweeney, South Bend district office manager.

An employer of farm workers must report and pay social security tax on each worker whom he pays \$150 or more in cash wages during a year or who works for him on 20 or more days in the year for cash wages figured by the hour, day, week, or month, Sweeney explained.

To enroll as a farmer employer contact should be made with the Internal Revenue Service. Reports are made of the workers' names, social security account numbers, and total wages. Tax remittance on such wages must be sent to the Internal Revenue Service. The present tax rate is 3% on each, the employer and employee.

For further information get in touch with the Social Security office at 335 N. Lafayette Blvd., South Bend. Telephone CE 3-7148.

IT ONLY FEELS LIKE POWER STEERING

(Corvair doesn't need it)

Corvair's ingenious design simply places the engine in the rear. That means less weight on the front wheels and a lighter, happier feel in the curve of your hands. No power assist is needed in a car that's naturally nimble.

See what a fresh engineering approach can do? From handling and parking ease right on, there just isn't anything ordinary or

conventional about Corvair. Look at its practically flat floor, four-wheel independent suspension, fold-down rear seat. Its air-cooled rear engine that never needs water or anti-freeze or radiator repairs... and leaves engine heat and noise back where you've been. All these special advantages are standard in every Corvair. Just wait till you see how much

they add to your driving pleasure. But why wait!
