Final Installment Of The  
Rural Idaville Story

(Second of Two)

In THE FALL of 1957, Idaville was a small Hoosier town with a big problem.

Two years earlier, energetic Cel Phelps had boldly launched Jonelia Industries, Inc., in this wee White County hamlet on U. S. 24 east of Monticello.

From scratch, on a shoestring, Phelps had compounded a modern success out of old-fashioned ingredients — hard work, skill, ingenuity, perseverance, and faith.

**PHELPS' FURNITURE FIRM** had put new life in an old building where three stores had died, and new zip into Idaville's tired economic blood. A payroll of near \$100,000 a year is powerful plasma in a town of scarcely 500.

Trouble was, Phelps succeeded too well. His newest item — a low-priced, phone-holding "gossip bench" — had been hotly received by the trade. Sales had zoomed, giving the burgeoning firm acute growing pains — and no place to grow.

At that point, Stewart Shafer, Idaville native, hardware merchant and civic leader, pitched the problem to the town's Booster Club.

**IDAVILLE'S BOOSTER CLUB** is an ex-officio Chamber of Commerce with a large spirited membership drawn from the whole township.

The club had already given its town a youth center, fire equipment, school aids and lesser civic gifts. Now, with typical Hoosier ingenuity, it saved Idaville's precious only industry.

Engineers examined Jonelia's old, one-story home and reported: "The structure is sturdy. We can add a second floor for \$5,000 or \$6,000."

**NEXT, ABOUT 30 POTENTIAL** \$50 to \$500 "investors" were lined up. Then the club put a straight-away business proposition to Phelps, who was then a tenant.

If he'd buy the building, Boosters would add a second story, doubling the floor space. To preserve his working capital, Phelps could leisurely liquidate the loan by paying \$150 a month.

"We can do the job in three months, with virtually no production interruptions," Boosters promised. "We don't want to lose you."

"And I don't want to leave. You've got a deal!" said Phelps happily.

**BUILDING STARTED** in December, 1957. Some Boosters contributed labor. Others sold materials virtually at cost. By late February, the job was done.

## Basketball Season Tickets On Sale Now!

Students \$2.75;  
Adults \$4.50

Basketball season tickets for both adults and students went on sale in the office of the high school principal and the office of the elementary principal at 8 a.m. today, Wednesday, Nov. 1.

Mr. Kaiser, in the elementary office, will handle all sales to the pupils in the elementary school.

The tickets, which are good for nine home games, are a bargain at \$2.75 for students and \$4.50 for adults. All at-the-door tickets are to cost 75¢, but students will have a chance to purchase advance sale single tickets the day of the game and the day before the game. These advance sale tickets will cost 50¢ and they will be good for anyone school age or younger.

Parents should be interested in the fact that a fan bus will be going to every away-from-home game and that the fan bus will have a faculty sponsor present in the bus. It should also be pointed out that unless a student has the written permission from his or her parents to ride otherwise, the student must ride both ways on the fan bus. The fee for riding on the fan bus will be 25¢ for all trips — long and short trips alike.

## UNICEF "Trick or Treat" Drive Totals \$167.93

Eighty-one junior first class citizens contributed their time and effort Monday evening to make the 1961 UNICEF drive a huge success.

A total of \$167.93 was given by generous residents of the community.

The children were rewarded for their wonderful community spirit with a treat donated by Greeter's Grocery.

## Tri Kappa Silver Coffee To Be Held Friday, Nov. 10

The Tri Kappa Silver Coffee for the benefit of the Mental Health Program will be held again this year on Friday, Nov. 10, at the M & M Restaurant on South Main Street from 9:30 a.m. to 11 a.m. and at The Culver Inn from 9:30 a.m. to 12 o'clock noon.

The community is invited to come out for a congenial cup of coffee and share in this worthwhile project.

## CHAMBER OF COMMERCE TO MEET AT CULVER INN ON MONDAY, NOVEMBER 6

The Culver Chamber of Commerce will hold a luncheon meeting at The Culver Inn next Monday, Nov. 6, at 12 noon.

President Andrew Vernum, in announcing the resumption of the popular series, added that several important phases of the Chamber program will be discussed.

Mr. Vernum and Chamber Secretary Peter Trone urge new merchants and professional men to attend and get acquainted with the members.

## Boy Scout Awards Given During Recent Court of Honor

At a recent Court of Honor at the Methodist Church, these three Scouts of Boy Scout Troop 290 received their Star and Life ranks "on their way" to achieving the ultimate of Scouting awards — the Eagle award. Left to right are Dean Smith, Star; Greg Dawson, Star; and W. Richard Kelso II, Life.

The advancement plaques the Scouts are pointing to designate achievement of rank with each boy's name appearing under the rank he has completed in the troop. Tenderfoot, Second Class, First Class, Star, Life and Eagle plaques can be seen. These unique replicas of the badges and name bars which are for Court of Honor ceremonies were made possible through the efforts of Wilbur Kelso II.

Above are pictured Scouts who also advanced in rank over the past months. Their names and ranks as follows: (Kneeling, l. to r.) George Dugan, Tenderfoot; David Crabb, Tenderfoot; Steve Bocock, Second Class; Fletcher Mattox, First Class; Tom Bocock, Second Class; and Steve Guise, Second Class. (Standing, l. to r.) Michael Baker, Tenderfoot; Rex Schrimsher, Tenderfoot; Tony Mattox, Tenderfoot; Philip White, Tenderfoot; David Kelly, First Class; Cortland Overmyer, Second Class; and Marshall Brown Jr., Second Class.

These boys passed 48 Merit Badges that covered 12 of 15 groupings! The Merit Badge subjects give the Scouts further opportunities and they encourage them to learn crafts and hobbies and outdoor skills. By earning Merit Badges, the Scouts continue their upward climb in Scouting towards the ranks of Star, Life and Eagle.

Pictured are (l. to r.) Dean Smith, Greg Dawson, W. Richard Kelso III, Greg Yapp, Fletcher Mattox, David Kelly, and, standing in foreground, Marshall Brown Jr.

Adult leaders of the Troop are Carl E. Foust, Scoutmaster; Ronald McKee, Assistant Scoutmaster; and Marshall Brown is the Troop Committee Chairman.

## Park 'n Shop To Have Grand Opening

A Grand Opening will be held at the Park 'n Shop Grocery at 115 E. Jefferson St., Culver, on Thursday, Friday and Saturday of this week.

Free door prizes will be given each morning to the first 100 customers and other prizes include ten 10-pound turkeys, a

five-piece set of Mirro aluminum cookware, magazine rack, cannister set, mixing bowl set, and 20 sets of salt and pepper shakers.

Bargains featured for the three-day Grand Opening are listed in their ad in today's issue of The Citizen.

## Fall Festival At Academy This Weekend

### Annual Event To Attract Hundreds

Hundreds of parents will be at Culver Military Academy this weekend, Nov. 3-5, to take part in Fall Festival and Fathers Weekend.

The busy three days make up one of the three most important periods of the academic year when parents visit the Academy to witness a variety of athletic, theater, military, and academic activities.

Key events on the schedule include the Stratford-Ontario Festival production of the Pirates of Penzance at 8:15 p.m. Friday in Eppley Auditorium, the Culver-Bloomington University School football game at 2 p.m. Saturday, and the formal Autumn Ball at 9:30 p.m. Saturday.

Parents will begin arriving on campus Friday when members of the faculty will be available for conferences. The Father-Son Banquet at 6:30 p.m. will precede the 8:30 p.m. performance of Gilbert and Sullivan's operetta Pirates of Penzance. A Mothers Club reception for parents and faculty will be held at the Culver Inn following the theater program.

There is a meeting of the Fathers Club at 9:30 a.m. Saturday, and the Four-Gun Drill and Lancers, honor organizations of the battery and Black Horse Troop, will stage demonstrations beginning at 11:10 a.m. The Culver Rifles Honor Guard will drill between the halves of the football game, and Superintendent and Mrs. Delmar T. Spivey will entertain parents, sons, and faculty at a 4 p.m. tea in Memorial Library.

Maury Gould and his Orchestra, featuring Judy Kreston as vocalist, will play for the three-hour Autumn Ball in the decorated Recreation Building to wind up Saturday's activities.

The Rev. Robert E. Merry, Crafton, Pa., will be guest minister at two chapel services Sunday morning. He will speak to members of the cavalry squadron and artillery battalion at 9:15 a.m. and then address members of the infantry battalion and band at 10:30 a.m. Fathers will review Culver's corps of 848 cadets in the special garrison parade beginning at 11:50 a.m.

## Good Luck To Basketball's Culver Indians!

### Today's Citizen Salutes The Team

A feature of today's Citizen is a two-page center spread extending best wishes to our fine Culver basketball team in the season ahead.

Our Culver merchants and business houses have made this unusual community tribute possible.

Since this attractive feature contains a picture of the team and the complete 1961-62 schedule, why not remove it from the paper and display it proudly on the wall for all to see?

The Citizen appreciates the enthusiastic cooperation of the advertisers who made this salute to the Indians possible.

We are sure that the boys are also grateful for the nice compliment paid them.

The Citizen will publish accounts of basketball games written by Earl D. Misbler when his weekends at home will permit.

## Rev. R. E. Merry To Speak At CMA Chapel Services

The father of a Culver cadet will deliver the guest sermon at Culver Military Academy chapel services Sunday, Nov. 5.

He is the Rev. Robert E. Merry, rector of the Church of the Nativity, Crafton, Pa. His son Paul Merry is a senior at Culver.

The Rev. Mr. Merry's sermons will be delivered at 9:15 and 10:30 a.m. services conducted by the Rev. Allen F. Bray III, Academy chaplain. A large number of parents will attend the services as part of the three-day Fall Festival and Fathers Weekend observance.

Born in Duxbury, Mass., the Rev. Mr. Merry was graduated from Harvard University. He taught at the Iolani Episcopal Mission School, Honolulu, from 1929 to 1932. During part of that time he toured China, Korea, and Japan. He entered Virginia Theological Seminary and was graduated in 1935. He served as rector at Wiscasset, Maine for two years and then did graduate study at Cincinnati School of Sociology.

The Rev. Mr. Merry was assistant chaplain to Episcopal students at Princeton University from 1938 to 1941, was priest-in-charge at St. Andrew's and St. Matthias' churches, Trenton, N.J., and served for a period as civilian minister at Fort Dix, N.J. He became canon of St. Paul's Cathedral, Buffalo, N.Y. in 1944 and served there until 1948 when he became rector at Church of the Nativity, Crafton, near Pittsburgh.

## Col. E. T. Payson Plays Cello In String Quartet

Col. Edward T. Payson, chairman of the music department at Culver Military Academy, is playing cello in one of three string quartets recently organized to add to the cultural enjoyment of people in the South Bend area.

Colonel Payson's group is known as the Eppley String Quartet, which performed here last year in a concert open to the public. The Eppley String Quartet is scheduled to play in the Eugene C. Eppley Auditorium at the Academy in another public concert on March 7.

These chamber music concerts are provided for by a grant from the Recording Industries Trust Fund obtained with the cooperation of the South Bend Federation of Musicians. The programs are free to the public and are being held throughout the winter in small auditoriums like that of the new library at South Bend, Bethel College in Mishawaka, the public schools, and in the South Bend Unitarian Church.

Programs are made up from music of the better known quartets of Joseph Haydn and the quintets of Mozart. For the latter group, the quartets are joined by some of the area's talented instrumentalists. With one or two exceptions, personnel is entirely made up of the South Bend and Elkhart symphony orchestras. Marshall county residents are invited to attend the concerts, which are usually held on Saturday nights.

## Halloween Parade Draws Record Attendance

The annual Halloween parade, sponsored by the Culver Lions Club, for the children of the community was held Tuesday evening and drew a record attendance.

The children formed at the Northern Indiana Public Service Building at 6:30 p.m. and paraded to the Community Building where apples and candy were distributed and games and contests were enjoyed.

Costume award winners were as follows: Best Ghost — Tim Frain and Jeff Krieg; Best Old Witch — Bea Napier and Jeff Jones; Best Old Man — Ken Tasch and Mike Krieg; Best Old Lady — Pamela Welsh and Steve Crump; Best Tramp — Mary Vander Meade and Angela Liette; Best Clown — Tammy Woodward and Luann Voreis; Best Cowboy — Jim Baker and Paul Bennett; Best Devil — Karen Parson and Leon Sims; Best Skeleton — Jill Wallstead and Sandra Lewis; Most Original Costume — Rodney Stubbs and Mel Thomas; Best All Around Costume — Andy McKee and Tom Mattox; and Youngest Halloweener — Sammy Lane.

Contests for children from ages one to seven were conducted by Norman Baker, Andy Vernum and J. T. Stinchcomb, with Mike McFarland and Byron Crosley winning the Apple Rolling Contest; Robert Flora and David Dawson, Plate Walk Race; and Timothy Kline and Bryce Hinkle taking the awards for the Pin in the Bottle Contest.

In the eight to ten-year-old age group contests, conducted by Arthur Smith and Paul Snyder Jr., prizes were awarded as follows: Apple Balancing Race — Greg Everett and Carol Kline; Head Stand — Richard Snyder and Scottie Peterson; Cracker Eating — Pamela Welsh and Terry Powers; and Straw Race — Pamela Welsh and Andrea Vernum.

The group from age eleven up, supervised by Edgar Shaw and Everett Easterday, received

the following prizes: Rope Climbing Contest — Richard Lutz and Dennis DeMarco; Hit The Cat — Pam Fish and Patty McComb; Plate Walk Race — Phil Edgington and Fletcher Mattox; and Bean Bag Throw — Randy Wakefield and Fletcher Mattox.

Each age group also had a penny scramble.

## State Association For Mental Health Names Chairman

Preparations for the 1961 Christmas Gift Project for patients in Indiana state hospitals and schools commence today with the appointment of Mrs. Clifford Lamborn as chairman of the project.

The announcement was made by Lloyd Beatty, president of the Marshall County Association for Mental Health.

The Honorable Dorothy Gardner, state chairman of the annual Christmas gift collection program of the Indiana Association for Mental Health, recognized the importance of Mrs. Lamborn's position, when she stated, "In accepting the chairmanship of the Christmas project of the Marshall County Association for Mental Health, Mrs. Lamborn has assumed the responsibility of organizing the complete campaign throughout the county which will enable the patients at our state hospitals and schools to share with us some of the joys of the holiday season.

"I call on all of the citizens of Marshall County to support this humanitarian program."

Each year, sororities, church groups and civic organizations seek gifts from their members and other interested contributors. Gifts collected locally are distributed to patients at ward parties at Norman Beatty State Hospital. A quota of 700 gifts for men, 500 gifts for women and teenagers, 300 gifts for either have been requested from Marshall County.

Mrs. R. C. Lamborn, 2021 N. Michigan Road, Plymouth, will receive gifts to be sent to the hospital.

Mr. and Mrs. O. C. Gibbons were Sunday dinner guests of Mr. and Mrs. Lee Smith.

## Cub Scouts Induct 21 New Members

Cub Scout Pack 290, sponsored by the Methodist Church, increased its membership to the bulging point last Tuesday evening as 21 new Bobcats were presented membership cards. This brings the total number of Cubs to 75, assigned to 11 dens, a record membership for the Pack.

Pack Committee Chairman, James Miracle, briefly outlined the aims and purposes of Cub Scouting to the 175 Cubs, parents and guests present. The entertainment portion of the meeting included songs, games, and a Halloween skit presented by Den 8.

The following new Bobcats were introduced and welcomed into the Pack by Cubmaster Wayne Mattox and Assistant Cubmasters Norm Baker and Hugo Anderson; Jon Adams, Bruce Anderson, Daniel Artist, Jimmy N. Baker, Robert Bean, Michael Bocock, Dexter Funk, Jimmy Hoese, John Houghton, Kent Lucas, Dennis Mackey, Louis Martin, Jimmy McFarland, Steve Neff, Mike Powers, Douglas Prouty, David Schrimsher, James Stevens, Rodney Stubbs, Larry Wieringa, and Gary Yeazel. Achievement awards were presented to: Jeff Adams, and Marc Matson, silver arrow point; Richard Brown, Bear badge and gold arrow point; Danny Thomas, Wolf badge and 1 gold and 1 silver arrow point.

The status of Cub Scouting is at present not too secure with the current difference in school and town time. The Pack Committee will make every effort to adjust to this unfortunate situation and see to it that the Cubbing program will continue in this community if it is at all possible.

## "Hoosier At Large"

(Continued from Page 1)

Given space, Phelps presently added 10 more to his payroll, stepped up production and developed some new products that will be introduced shortly to the furniture trade.

"I can't reveal them publicly yet," Phelps told me, "but our sales specialists believe they'll sell as briskly as our gossip benches — and they aren't often wrong."

Any doubts about Jonelia's bright future were dissolved last fall when Phelps paid off the building debt in full, far ahead of schedule.

SO THE VALUABLE industry Idaville resourcefully retained is an odds-on bet to grow steadily and keep pouring its payroll plasma into the community.

Shafer, who spark-plugged the save-Jonelia campaign, was in Florida when I visited Idaville recently, but Jim Scroggs, his son-in-law and hardware partner, aptly summed things up when he said:

"Cecil Phelps richly deserved the help we offered. He's a great guy and his firm benefits virtually everyone in town. Sure, we have a few grumbling sourpusses who envy his success — but I hope he makes a million!"

So do I — if only to prove beyond doubt that individual opportunity still abounds in America.

## Senior Girl Scout Roundup

The Senior Girl Scout Roundup candidates from the Northern Indiana Girl Scout Council met Saturday and Sunday at their campsite near Three Oaks, Mich. for an outdoor camping demonstration.

From last weekend's meeting and the indoor demonstrations to be held on Nov. 4 in Rolling Prairie, six girls and their alternates are to be selected for a patrol that will be sent to the 1962 Roundup at Button Bay, Vt.

The Roundup which takes place every three years has a special significance this coming year, as it will be the 50th anniversary of Girl Scouting. The Roundup is essentially a national gathering of senior scouts from

the 50 states. Persons desiring further information concerning the indoor demonstrations of Nov. 4, are to call Mrs. Richard Lovell, South Bend, At8-5958 or the Girl Scout Office, Michigan City, TR2-7289.

## F. NORMAN WITT COMPLETES COURSE AT INSURANCE SCHOOL

F. Norman Witt of the State Exchange Insurance Agency, Culver, has completed a course at an insurance school conducted at the

home office of the Aetna Insurance Company.

The course dealt with the principles of fire, inland marine, and casualty insurance, and bonds, and the application of these forms of protection to the re-

quirements of individuals and business concerns. The information was developed through group discussion of actual cases and problems under the supervision of the school staff.

# First Tri Kappa Reunion Held At Indianapolis

INDIANAPOLIS — More than 100 members of Kappa Kappa Kappa met in the Chateau Room of the Claypool Hotel in Indianapolis Saturday, Oct. 28, to attend the first reunion of the sorority's past and present state personnel.

All the members who have served as council officers, province officers, historians, parliamentarians, or on the Cross Keys staff were invited to attend the luncheon. The seven women who founded Tri Kappa in Indianapolis Feb. 22, 1901, were special guests.

Gov. Matthew E. Welsh was the featured speaker. Attending with him were his wife, his mother, Mrs. Matthew W. Welsh of Vincennes, his twin daughters, Kay and Janet, students at Indiana University, Bloomington, his sister, Mrs. Alex Clark of Indianapolis, and Mrs. Welsh's sister-in-law, Mrs. Fred Homan of Washington. All are members of Tri Kappa.

Presiding was Mrs. Robert Gates of Columbia City, council president. She introduced Mrs. Beryl Showers Holland of Bloomington, one of the sorority's founders, who spoke briefly.

## Memorial Fund Announced

Mrs. Glenn J. May of Spencer, council adviser, announced the newly-formed Memorial Fund. The Tri Kappa Memorial Grants for Emergency Use will be given this fall to 12 Indiana colleges to be used at the discretion of the dean of women to aid women students who have emergency financial needs.

The colleges to receive the grants annually are: Ball State Teachers' College, Purdue University, Indiana State College, Hanover College, Earlham College, Manchester College, Indiana University, DePauw University, Butler University, Evansville College, Valparaiso University, and St. Francis College, Fort Wayne.

Funds for the project come from contributions by Tri Kappa members and friends of Tri Kappa in memory of deceased memory of deceased members or non-members or non-member friends.

## Previously Rotated Annually

The Memorial Fund is an enlargement of the Dean's Award which previously rotated annually among the 12 colleges.

In announcing the Memorial Fund, Mrs. May said, "Tri Kappa is a 60-year-old all-Indiana philanthropic sorority whose objective is the promotion of charity, culture, and education. Tri Kappa has 134 active chapters and 125 associate chapters with a total membership of about 10,000 women. The members take great pride in the fact that their sorority is entirely Hoosier and they are dedicated in their interest in and assistance to the citizens of their state."

Mrs. May pointed out that the Memorial Grants are in addition to the sorority's scholarship program which has given more than \$1,000,000 to students in the past 47 years.

### Shadow Tracks Down Kay O.

By Karen McDonald

My subject is a five foot, three inch sophomore girl with blonde hair and greenish-brown eyes. She revealed to me that she has no preference in color, rather she finds all colors pleasing.

She was a little later than usual getting to her first class, which is study hall, due to the late arrival of the bus. I talked with my subject until I had to leave for my first class, but let my spy take over for this period.

My trusty spy reported that our mystery guest began studying for a home ec. test with as little enthusiasm as anyone could imagine. Twenty minutes before the bell my subject decided she wouldn't study any more and started small talk with my spy. It didn't last long as she soon resumed her studying.

The second period study hall of our reserved sophomore member found her obtaining a pass to practice typing. The Shadow was flattered to receive a typed note from her. Just as the bell rang she said good-bye to me and rushed off to her third period class.

I was unable to engage a reliable third period spy so that class of our mystery guest remains a deep secret to our readers.

Fourth period she spent studying her reading, gossiping, writing a letter and a few notes. Between interruptions from me she did manage to do some studying.

Our sophomore mystery girl spent the noon hour downtown where she ate lunch with the Shadow and talked with a number of her schoolmates.

We arrived back at school in plenty of time for fifth period English class where she devoted her attention most of the period to Mrs. Smith. She took a test and talked some more. She never runs down!

We went our separate ways for the balance of the day but I hope she concentrated on typing during her sixth period typing class.

Seventh period finds home ec. on her schedule and the final class of the day found her in Miss Lindwall's home room where she really studied.

The last hurried glimpse I saw of my subject she was making a mad dash for the school bus for her ride home.

Who is our mystery guest this week? Kay Overmyer, of course!

## New Member Of ROTC Staff At Academy

CLARENCE E. SPROUSE

A sergeant major with experience in the Philippine, Korean, and Lebanon campaigns has joined the ROTC staff at Culver Military Academy, Maj. Gen. Delmar T. Spivey, USAF (Ret.), superintendent, announced today.

He is Sergeant Major Clarence E. Sprouse, a native of Delbarton, W. Va., who is part of Culver's nine-man detachment of regular U. S. Army personnel under the command of Lt. Roy R. Van Dusen Jr.

Sergeant Major Sprouse will supervise the first two years of ROTC training at Culver, where all of the 848 cadets receive four years of ROTC instruction in addition to a full academic program. Culver students receive the equivalent of the first two years of college ROTC training.

During World War II, Sergeant Major Sprouse served in the Pacific Theater and participated in the Philippine liberation campaign. He served in Korea in 1950-51, in Germany in 1953 and again from 1956 to 1958, and took part with American troops in the crisis in Lebanon from July to October, 1958.

Sergeant Major Sprouse was graduated from the Seventh U. S. Army Europe Non-Commissioned Officers Academy in 1958 with the highest honors, among 50,000 graduates, in the history of the Academy. His score can be equaled, but never surpassed.

### 1959 Trooper Of The Year

Sergeant Major Sprouse was selected as "trooper of the year" in 1959 by the 82nd Airborne Division and was chosen to be the first member of the Fame Century Club, an organization of persons who have made 100 parachute jumps. He owns a pair of gold parachute wings in recognition of this honor. He was also submitted for a battle commission while serving as a platoon leader in Korea and presently holds the rank of captain in the Ready Reserves.

Among his many decorations are the Silver Star, the Bronze Star, the Army Commendation Ribbon with three oak leaf clusters, Second Award Combat Infantry Badge, Master Parachutist Wings, Campaign Medal with arrow head and three bronze stars, the Philippine Liberation Ribbon with arrow head and two bronze stars, Korean Service Medal with arrow head and four bronze stars, the Philippine Presidential Citation, Korean Presidential Citation.

Sergeant Major and Mrs. Sprouse live with their two children at Route 2, Culver.

Among the subjects taught in the ROTC program at Culver are: organization of the U. S. Army, military courtesies and customs, weapons, rifle marksmanship, individual training for atomic warfare, leadership, communications, achievements and traditions of the U. S. Army, map reading, aerial photography, and military teaching principles. In the latter course, senior cadets are graded in teaching methods and then return to the classroom to assist in the instruction of cadets in the first three years of training.

## Arch Bailey To Give Christian Science Lecture

Liberation from disease, sin, and all discord through understanding and application of the unlimited power of God will be the topic of a lecture to be delivered in Plymouth, on Friday, Nov. 10, by Arch Bailey of San Francisco.

Mr. Bailey is currently on an extensive tour as a member of The Christian Science Board of Lectureship. He will speak under the auspices of First Church of Christ, Scientist in the church auditorium, 428 S. Michigan St., Plymouth, at 8 p.m. His subject will be "The Origin and Power of Thought in Christian Science." The public is invited to attend without charge.

A native of Kansas, Mr. Bailey has devoted his time to the practice of Christian Science healing since 1940. Prior to that he had a distinguished career in the field of music. He was a director of the music department of Iowa State College at Ames, and served on the faculty of the Horner Institute of Fine Arts, Kansas City, Mo., and the Chicago Musical College, Chicago. He served for two years as Christian Science Worker at the Preston School for delinquent boys in northern California.

Mr. Bailey's lecture work takes him throughout the United States and Canada, as well as many overseas areas.

### COAST OF CALIFORNIA

Robert G. Sceper, machinist's mate first class, USN, son of Mr. and Mrs. M. B. Sceper of Route 1, Monterey, served aboard the destroyer USS Rogers, a unit of the First Fleet taking part in Exercise "Covered Wagon" off the coast of Southern California.

The seven-day exercise, which began Oct. 20, included a fast carrier striking force of surface ships opposing shore-based patrol aircraft, medium jet bombers and submarines.

Vice Admiral Charles L. Melson, First Fleet commander, scheduled the exercise, and his flagship was the heavy cruiser USS Helena. Conducting the operation was Rear Admiral Charles T. Booth II, commander Carrier Division Five, whose flagship was the attack aircraft carrier USS Lexington.

Airman Robert A. Simpson of the 1100th Support Group, stationed at Bolling Air Force Base, Washington, D.C., was promoted to the rank of captain effective Oct. 15. Captain Simpson is the son of Mrs. Ruth Simpson, 304 Lake Shore Drive.

LACKLAND AFB, Tex. — Airman James M. Washburn, son of Mrs. Nettie M. Washburn of 802 College Ave., Culver, is being assigned to the United States Air Force technical training course for weather observers at Chanute AFB, Ill.

Airman Washburn, who has completed the first part of his basic military training at Lackland AFB, Tex., was selected for the advanced training on the basis of his interests and aptitudes.

The airman is a graduate of Culver High School.

Do not forget Sunday School services each Sunday at 10 a.m. Attendance last Sunday was 68.

Mr. and Mrs. Don Kline and son of Indianapolis spent the weekend of Oct. 21 with their parents, Mr. and Mrs. Robert Kline. On Sunday Mr. and Mrs. Emery Davis and John were dinner guests.

Mr. and Mrs. Eldon Davis entertained 25 young people and guests at a Halloween Party at their home Saturday evening, Oct. 21. The party was held in

their garage and bales of straw and fodder provided the background setting. The young people came dressed as a favorite comic character and a good time was enjoyed. Eldon is assistant teacher for the young people and Paul E. Winn is the teacher.

Mr. and Mrs. Paul R. Winn recently returned home after spending a week in the home of their daughter, Mrs. Harold Cummins, and Mr. Cummins near Twelve Mile. Mrs. Winn has been in extremely poor health the past several weeks.

A jolly time was enjoyed Tuesday night when local friends and neighbors gathered at the home of Mr. and Mrs. Robert Kline and gave them a genuine old fashioned belling. The occasion was to remind them they were married just 25 years ago that day. Cider, doughnuts, and coffee was enjoyed.

The W.S.C.S. realized a profit of \$120 from their spaghetti supper and bazaar held Saturday evening. They wish to thank the public for their patronage.

Mrs. Ann McIntyre entertained at a "Santa Helpers" party in the local church basement Friday evening. Her daughter, Mrs. Nancy Cook of South Bend is a representative of this company. Many lovely toys and gifts were on display and lovely refreshments were served.

Mrs. Mildred Brockey and Mrs. Roy Parker entered Woodlawn Hospital, Rochester, this week for surgery. The little daughter of the Roy Parkers was taken to the hospital last week for a few hours after accidentally swallowing ear drop medication.

Mrs. Don Davis entertained the Woman's Society in her home Wednesday afternoon with a nice attendance. Mrs. Ann McIntyre was program leader and Mrs. Fred Wintle of Winamac, District Vice-president was guest speaker and showed her filmstrip "The World Federation of Methodist Women." The program was based on the World Council of Churches which will be held in New Delhi, India this month and the World Methodist Conference and Womens Federation recently held in Oslo, Norway. A worship setting featuring the Church and the Ecumenical "Tree of Life" symbol of the Federation was used. World Friendship napkins, which depict the 29 symbols of the different agencies of World Council, were explained and used for refreshments served by Mrs. Davis.

Attendance at Sunday services was 79.

W.S.C.S. will meet Wednesday, Nov. 1, at 1:30 p.m. with Mrs. Henry Kendall in Argos.

Guests of the Rev. and Mrs. W. Ray Kuhn and Carol at the Sunday services were Mr. and Mrs. Eugene Weiss of Mishawaka, Mrs. Jesse Schrock and Mrs. Emmett Krugh of Shipshewana, Mr. and Mrs. Clair Weiss, Mr. and Mrs. Reno Poynter and Mr. and Mrs. Frank Stukey, all of Howe. The group were co-operative dinner guests of the Kuhs. They were members of Rev. Kuhn's first congregation in 1919 in LaGrange County.

Stanley Curtis and classmate at DePauw University, Mark Collier of Rocky River, O., were weekend guests of the Forrest Curtis family. Mr. and Mrs. Henry Henning and David and Lindon Curtis spent Thursday and Fri-

day in the Brown County vicinity and Stanley and Mark accompanied them home Friday evening.

Mr. and Mrs. Welland Zenner were Sunday dinner guests of Mr. and Mrs. Bernard Houin and family.

Mrs. Mildred Overmyer and Harold called on Mr. and Mrs. Jim Green in Culver and Mrs. Ernest Benedict Sunday afternoon. Mrs. Benedict had just returned on Saturday evening from a six-week visit with the Leonard Zimet family at Kingston, N. Y.

On Sunday evening, Nov. 12, members of the congregation are invited to a farewell dinner at the First Methodist Church in South Bend for Dr. Almon Coble and family. Dr. Coble has completed his term as District Superintendent and will now be assigned to a church in Valparaiso.

Mr. and Mrs. Harry McPherron and Kathy spent Sunday in Brown County and, enroute, visited with Mr. McPherron's brother, Ed McPherron, and son in Bloomington.

Mrs. Ed VanDorn of Argos called on Mrs. A. A. Smith and Mr. and Mrs. Lawrence Hissong Friday afternoon. Sunday afternoon callers in the Hissong home were Mrs. Alice Groff and Mrs. Ralph Michel of Lakeville, Mrs. David Ernest of Virginia and the Loren and Wayne Hissong families.

Mr. and Mrs. Frank Cowen visited Sunday afternoon with William Lowry and Earl Lowry at Hibbard.

Mr. and Mrs. Herbert Blocker and family spent Sunday afternoon with Mr. and Mrs. Max Edmunds and family.

## HOOSIER ENERGY GENERATING PLANT—

# Adequate power is NOT available to REMCs... NOT where it is needed

Private utilities contend there is plenty of power available for rural Indiana. They insist the REMC generating plant at Petersburg is a "duplication of facilities." They claim their combined facilities are capable of generating over a million kilowatts above their 1961 estimated peak load.

This is like telling a family that needs money there is plenty of gold at Fort Knox. The fact is: No commodity is usable unless and until it becomes available where it is needed. Their own record of performance shows that utilities make electricity available to REMCs where the utility wants to deliver it—not necessarily where REMCs must have the power.

Right now, REMCs need more power in many areas. Yet Public Service Company of Indiana has refused to negotiate contracts that would deliver power, on acceptable terms, where REMCs must have it. Instead this supplying utility has delivered an ultimatum to the REMCs demanding a "perpetual" agreement and a dual rate that would charge 33 percent more for all power REMCs deliver to industrial users on REMC lines.

Hoosier Energy will generate low cost power for rural Indiana—power that REMCs will deliver to those who need it where they need it in REMC service territories

With the temperature below the freezing point for two nights, overcoats are being pulled out of the moth balls, coal piles are being built up, cars supplied with anti-freeze and other defense measures given priority against the approaching drive of winter.

November has been designated as Thanksgiving Month by the Culver-Union Township Council of Churches in addition to the usual observance of Thanksgiving Day.

\* \* \*

OCTOBER 28, 1931 — Mrs. W. P. Stanton fell on the stairs and broke her left arm at the shoulder. This is a very difficult break to set so that the patient will have the use of the arm.

Members of the newly formed Student Council are Mildred Overmyer, Earl Dean Overmyer, Mary Katherine Bair, Wayne Kline, May Overmyer, Madison Scruggs, Rose Marie Cowen, Jack Overmyer, Astrid Swanson, Reed Kepler, June Emery, and Wayne Mattox.

A \$20,000 alcohol distillery was discovered on the George Dolph farm between Tyner and LaPaz. Federal agents arrested six persons including George Dolph. Officers sought to appre-

bend the leaders of the giant ring which has been operating in the middle west for years.

Tickets for the coming town election include the names of William Baker for trustee and Steffen Rector for clerk-treasurer on the Republican ticket, and Claude Mikesell and Lester Rockhill for the same offices on the citizen ticket.

A group of Logansport, Culver, and Kewanna men went before the State Highway Commission in Indianapolis to request a Logansport-Culver road. No action was taken.

## IT'S UP TO YOU

By

Howard E. Kershner, L.H.D.

THE rate at which government is absorbing responsibilities and activities heretofore discharged by private individuals is truly alarming.

A recent calculation indicates that if the expansion of government civilian employment continues for another century at the same rate that has prevailed during the past 25 years we will all be employed by government. In other words, we will live in a completely collectivized economy.

It may be argued that the trend will not continue but does anyone see signs of its abatement?

Government does not employ all the workers even in the Communist countries today. Certain small activities and many professions have still not been drawn within the orbit of government. Ministers, churches and private schools, though reduced in numbers and functions, still continue in many, if not all, of the Communist countries. While we fight communism apparently we are proceeding to collectivize ourselves through the expansion of our government at all levels and through a steady increase of the number of people working for government.

The first move against communism should be to stop the process of communizing ourselves in our own country. If we can't do that there is little hope that we can stop it elsewhere.

### Nuclear Fallout Protection Given

Should we do anything about nuclear fallout protection? If so, what should we do? These are questions many people are asking, notes F. R. Willsey, Purdue University farm safety specialist. On the other hand, Willsey continues, many people haven't investigated the possibilities of protection. Some of them have decided that the situation is hopeless anyway. Still others are hoping that a nuclear attack will never occur.

The final decision rests with each family, says Willsey. But, he adds, the Agricultural Extension Service is now responsible for informing rural families about fallout protection and it would like for every family decision to be based upon the best available information.

So far, most people seem to believe that their only choice is to do nothing or build an elaborate shelter. However, authorities on this subject say that a few simple measures would save millions of lives and prevent needless suffering.

The best protection is an underground shelter with three feet of earth, or two feet of concrete, above it. But, an ordinary house without basement probably would cut radiation in half if you stay on the first floor near the center of the house, according to Civil Defense officials. Staying in the basement will reduce exposure to about one-tenth the outside exposure, and sandbagging basement windows will further reduce it.

The blast and heat of one large hydrogen bomb could devastate any area equal to the size of almost any U. S. city. However, outside that area fallout is the big problem. Wind conditions, the power of the bomb and other factors will determine the fallout danger in any particular locality.

Likewise, the length of time a person has to get ready will depend on the distance from the blast, wind conditions and the warning system. Even people just outside the blast area will have approximately one-half hour before the fallout particles begin arriving back on the earth's surface. Those farther away will have more time, but not enough time to obtain material and read about

fallout protection and make the necessary preparations.

**HOOSIER HAPPENINGS**  
By Harold Hanson

**SWEET MUSIC** — Telephone users in Boonville through some electronic quirk were recently treated to canned music in their homes. The Boonville Standard reported that music being piped into several business places in the city was going over the regular telephone lines and patrons, upon picking up receivers in their homes could listen to the canned concerts.

**TRY TO TOP THIS** — Drivers for Yellow Transit Freight Lines, an Indiana corporation, recently compiled a safety record for Sunday motorists everywhere to shoot for. In a 31-day period the road drivers for this trucking company drove a total of 3,024,762 miles without a single accident of any description—not even a scratched fender. In honor of the achievement, Transportation Underwriters and Gov. Welsh presented the company a four-foot trophy.

**WELL NAMED** — When Raymond A. Everett, editor of The Brookville Democrat, made mention of Whistle Creek Road in one of his columns a reader came up with a story as to how the rural highway got its name. Paul Swartz, a rural mail carrier at Metamora, wrote the editor he recalled hearing from his great grandfather how he and his brothers would get up early in the morning to go swimming in a nearby creek and on their way would whistle for neighbor boys to join them. Thus, said Swartz, Whistle Creek Road was named.

**MANY SIDED** — You seldom hear of a heptagon, which is a geometrical term for a polygon of seven angles, and it's not often you see a seven sided house but one such has been constructed in West Lafayette. John Chase Lewis, a Purdue University art instructor, is the builder. Lewis explains he likes to create new designs. Another factor was the availability of a cheap supply of four by eight foot plywood sheets which, Lewis explained, could be cut diagonally and fashioned into a seven-sided roof resembling somewhat a lady's fan. The roof, he said, helped determine the shape of the house.

**T.CITURN** — The Cambridge City high school football coach, Calvin (Buzz) Duff, doesn't waste words on his job. Like most coaches, he wears a baseball cap at practice sessions. On it is a large metal button on which is embossed the word "THINK." When a player makes a mistake in running a play Duff blows a whistle, summons the erring player to him and points to the button on the cap.

### Our Children

We love our children,  
Whom God chose to give.  
We want them safe,  
To grow and live.  
When they are hurt,  
Then we are too.  
So please drive safely,  
All of you.  
To pick them up.  
From pavements cold.  
It chills our hearts,  
And makes us old.  
The drivers who,  
Can't stop in time.  
Are all guilty,  
Of a terrible crime.  
So if you're driving,  
Down a street.  
Filled with children,  
Young and sweet.  
Apply your brakes,  
And please slow down.  
So all our children,  
Are safe and sound.  
Thank you, A mother.

"Do-it-yourself" tools, seeds and gardening implements, and cameras and photographic equipment should find a good market in these senior citizens.

Also, demand for radios, phonographs and records, and television sets will benefit; as will sales of greeting cards.

Profits for the older age group will come largely through nursing homes.

Builders tell me that the greatest increase in their business is in the building of nursing homes. At present, some large homes are coming onto the market for possible use as such, but under present laws it is cheaper to build a new nursing home than to remodel a fine old house.

### Nursing Home Costs

A single room and bath, with all the usual facilities, can run as high as \$150 a week; but there is a tax consideration which helps out those who are supporting aged parents in these institutions. Nursing homes surely provide a needed service.

This discussion should receive careful attention on the part of bankers, businessmen, investors, and even the average reader of my column.

### More Funds For Aged

One thing should be remembered, however. Namely, that although President Kennedy and others are seeking more funds for the aged, I repeat that the "middle" group of people (between 25 and 55 years of age) must, for the next few years, not only pay directly for their own children's and parents' support, but also pay the taxes to build and equip educational structures, nursing homes, etc., and provide for greatly increased public assistance.

### INTERNATIONAL INCIDENT

At the office of the Union County clerk in Liberty, a recent applicant for a marriage license was a young man who was born in Antwerp, Belgium; his father in Oslo, Norway, and his mother in Sydney, Australia. The young man is Olaf Hansen, son of Finniritho Hansen and the former Marjorie Brox, both deceased. Hansen obtained a license to wed Miss June Freshwater of Dayton, O., who said her father was born in Tennessee and her mother at Honey Creek, Ind.

### GOT HIM ANYHOW

A young Franklin County hunter, Tommy Burch of Route 1, Brookville, told The Brookville Democrat of the strange way in which he bagged a squirrel. Tommy said he saw a squirrel in a thorn tree. He fired and missed but the frightened squirrel fell on a thorn and stabbed itself to death.

### THE COFFEE BREAK

Earlier this year "Hoosier Happenings" told of the Menon Chamber of Commerce plan to entice tourists to make a stopover in the city by offering a free cup of coffee in any of the local restaurants. Sign boards proclaiming the offer were erected along all roads leading into the White County city. It can now be reported that during the tourist season 4,450 free cups of coffee were served to tourists from far and near. The Prairie Inn, one of the establishments serving free coffee, during the last 30 days of the season asked tourists to sign a register. The register indicates that tourists from 13 states outside of Indiana, sipped free coffee. There was also one from the Panama Canal Zone. The register included names of tourists from as far away as California, Florida, Texas and Louisiana.

**IT AIN'T EASY** — In his weekly column entitled "Through The Lens As We See It," Ward K. Kartlett, editor of The Newton County Enterprise, recently told his readers: "When you put off writing a letter because you can't think of anything to say, consider what might in getting these comments written."

Why not slip this and send to a serviceman or other displaced Hoosier?

Sunday School 10:30 a.m.  
Morning Worship 10:30 a.m.  
Today's need for spiritual discernment will be emphasized Sunday at Christian Science church services.

Scriptural readings in the Lesson-Sermon entitled "Adam and Fallen Man" will include these words of St. Paul (I Cor. 2:2).

"Now we have received, not the spirit of the world, but the spirit which is of God; that we might know the things that are freely given to us of God. Which things also we speak, not in the words which man's wisdom teacheth, but which the Holy Ghost teacheth; comparing spiritual things with spiritual. But the natural man receiveth not the things of the Spirit of God: for they are foolishness unto him: neither can he know them, because they are spiritually discerned."

This citation will be among those read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (p. 203): "Spiritual perception brings out the possibilities of being, destroys reliance on aught but God, and so makes man the image of his Maker in deed and in truth."

CARDS OF THANKS

IT'S UP TO YOU

By

Howard E. Kershner, L.H.D.

THERE is a good deal of comment going around to the effect that our country has mistreated a exploited Cuba. Even the President remarked during the recent campaign: "We refused to help Cuba meet its desperate need for economic progress."

We fought to free Cuba, sacrificing many lives in the process. The brief American Administration was helpful and we have assisted Cuba in many ways since granting her full independence. We have paid a price for Cuban sugar above the world price. American capital invested in Cuba has raised the standard of living in that country far above what it was most Latin American countries where less capital from our country had gone to work for the local population. American influence and American capital were more marked in Cuba than elsewhere in Latin America and our friendly little neighbor to the south prospered greatly thereby. The fact should not be obscured by belligerent apologists.

Mrs. Roosevelt says Communism is currently unqualified for U.N. membership because of warlike declarations and invasion of Tibet. We are in accord with the declaration and when Communist China discontinues her warlike declarations in Vietnam, Laos, Tibet, Congo and elsewhere when she evacuates Tibet will be the time to consider her desire to be admitted to U.N.

Mrs. Roosevelt further says that every nation desiring admittance to U.N. must declare its peaceful intentions. We can hear Nikita Khrushchev roaring out his staccato of shoe pounding on the table. Can anyone tell us what possible meaning can be drawn from a Communist's declaration of "peaceful intentions?"

Christian Freedom Foundation, Inc., New York 19, N.Y.

STAIR CLIMBING SOW — Dearborn County Register, published at Lawrenceburg, reported a sow that can climb stairs. The sow, a white Hampshire, on the Richard Walton farm in Logan Township, Bill Grogan hired to feed stock on the farm said he went into the barn to find the sow which had a litter of pigs. He found the pigs but the sow was missing. Hearing a grunting overhead he discovered the sow in a hay mow. A flight of two steps leads from the ground floor to the mow. Grogan said he put some feed for other sows and hippity hop down came the sow for its share. Grogan observed later that when the sow seemed to tire of her squatting offspring she climbed stairs to the mow "to get away from it all."

# Citation Given Bosworth's For Leadership

The F. W. Bosworth Company, located on N. Michigan St. in Plymouth, and one of The Citizen's valued advertisers, was one of several Indiana stores to receive recently a 50 year club membership citation from the National Retail Merchants Association "as a tribute for continuous leadership and service in your community, for more than 50 years."

Actually Bosworth's is 70 years old this year having been founded by Frank W. Bosworth in 1891. Present store owners are Miss Esther Bosworth and Mrs. Herbert Laramore, both of Plymouth. William F. Laramore, only grandson of the founder is manager. In recent years, the store has nearly doubled its selling space adding in 1956 the building to the north of the original Michigan Street store and then branching out into Bosworth's Home op at 211 North Michigan in April of this year.

Although the merchandise lines this well known specialty store have remained similar through the years, Marshall County's first tidal shop was added in May, 1961. To provide its customers with current fashions and to secure outstanding merchandise at favorable prices, Bosworth's maintains membership in both New York and Chicago buying offices. The store has become well known for its interest and active participation in the county 4-H program. Large scale fashion shows staged by Mrs. William Laramore have been presented before many groups in Marshall and surrounding counties. Numerous clubs and school groups throughout the area have heard fashion talks by Mrs. Laramore and decorating talks by Mr. Laramore and others on the staff.

Bosworth's now has 31 regular employees, several of whom have been with the store for many years. Another group of employees work during peak seasons. In addition to usual employee benefits, hospital and medical insurance is carried by the store on all its employees. Most recently a profit sharing plan was announced.

## CORD CORN, CAN YIELD FORECAST

Indiana's 1961 corn yield outlook held steady during September as soybean prospects dimmed and hay and tobacco crop prospects brightened.

State-federal agricultural statisticians at Purdue University forecast corn to be picked at 2,448,000 bushels. This is 15 per cent less than last year, but the indicated yield of 74 bushels per acre is a record and partly offsets the reduction in corn acreage for grain.

Indiana's soybean yield forecast was cut from 29.5 bushels acre to 29 — two bushels larger than the record 27 bushels harvested in 1958 and 1960. Production of 82,389,000 bushels tops the 1960 crop by 26 per cent.

Prospective tonnage of all hay is increased each month this season, according to the statisticians. Current indications is a crop of 2,552,000 tons, with record yield of 1.89 tons per acre.

Tobacco production is estimated at 12,950,000 pounds, 18 per cent larger than the 1960 crop.

and an average of 1,750 pounds per acre.

Indiana's commercial apple crop is indicated at 1,350,000 bushels, 29 per cent smaller than last year. The peach crop of 415,000 bushels is eight per cent smaller than 1960.

Milk production during September totaled 265 million pounds, three per cent above the September, 1960, output. An estimated 172 million eggs were laid in September, eight per cent under the September, 1960, figure.

## ORDER TREES FOR SPRING PLANTING NOW

If you expect to plant trees on your farm next spring, order them now.

Ed Lott, extension forester at Purdue University, advises quick action to obtain any certain kind of tree. Last year the supply of many varieties was exhausted by January.

Order blanks can be obtained from county agricultural agents, soil conservation district officers, or extension foresters. The order blank lists the different kinds of trees available, the best uses for each type of tree and the prices.

Among the hardwoods, Lott recommends planting Tulip Poplar and Stratified Walnut for filling in openings in a woods. Black Locust will make excellent fence posts. This species requires fertile soil and drainage good enough to promote rapid growth.

Of the conifers, White Pine and Red Pine (or Norway Pine) are best adapted for general planting in Indiana and also make the best timber and windbreak trees. Jack Pine, which grows well on sandy soil, is recommended for planting only in northern Indiana on sandy or droughty areas. Virginia and Shortleaf Pine should be planted only in southern Indiana and are excellent pines for poor land sites.

The remaining conifer available is the Scotch Pine, which should be used exclusively for Christmas trees. The White Pine and Red Pine are also used for Christmas trees.

## WHEAT PROGRAM NOW IN PROGRESS

Advance payments to Hoosier farmers for their participation in the fall Wheat Stabilization Program reached \$448,497 for the period ending Oct. 12, according to Leonard C. Pound, chairman of the Indiana ASC state committee.

As more county ASC offices began to concentrate on the sign up, advance payments trebled the earlier figure of \$176,000. To date, 4,709 farmers have agreed to participate in the program on 31,426 acres formerly devoted to wheat. Actual drafts issued so far total \$26,860.

Under the fall Wheat Program, producers of wheat agree to divert a part of these acreages to a protective cover against wind and water and not to graze the land for the duration of the program year. They become entitled to acreage payments based on their normal yields for these crops, one-half of the payment being made immediately upon request.

Wheat producers must comply with their allotments and participate to a minimum extent in the wheat program in order to obtain price support, which will approximate \$2 per bushel. Sign up will continue until Dec. 1, and producers interested in diverting wheat or barley should apply at their local county Agricultural Stabilization and Conservation office.

## Fishing Tips

Everything has its purpose — even those pesky overhanging branches on your favorite fishing stream. Here's one way to put those branches to use and catch more fish while doing it. A gaff hook makes a handy anchor where there are overhanging branches or stumps popping up from underwater or along the shore. This neatly does away with dropping an anchor into the water every time you've hit a hotspot and taking the chance of killing the fishing there by being too noisy.

Have trouble with your tackle box sliding on the bottom of the boat making a lot of noise and getting into where is shouldn't? Try gluing a few mason jar rings — the kind used for jams and jellies — onto the bottom of the tackle box and you won't be in this kind of jam again.

Extra fishing lines are a necessity — but they can also be a problem. Namely, where to put them so they won't tangle or unravel or be in the way. An empty adhesive plaster roll does the trick. Just wrap the line around the spool and snap the cover back on, and you have a perfect holder in case of an emergency.

## Culver Indians Boast Height And Speed

### Opening Game At Aubbee Friday

Three senior lettermen, four juniors, and a pair of promising sophomores comprise the basic material greeting Culver's new coach, Gene Crosley as the Indians go into their opening basketball game of the season against Aubbee there Friday night.

The returnees include center John Benedict, forward Jim Carter and guard Tom Boswell, all of whom have past experience as starters.

The contingent of juniors, mostly inexperienced against varsity competition, includes 6-2½ center Rick Ervin, Wade Logan, Jerry Nelson and Thad Overmyer, who also stretches above the six foot mark. With Benedict at 6-3 and Carter at 6-0, the Indians will boast impressive height.

Sam Lowry and Paul White, a pair of sophomore speedsters, are expected to see a great deal of action in the backcourt for the Maroons.

"We'll have good balance, with seven or eight men, and good height," Crosley said. "If the team has a weakness it will be front court bench strength." Forwards will be Carter, George Herr, Nelson and Overmyer will likely see double duty at forward and guard. Also, Benedict will double at center and forward.

Crosley, who comes to Culver after two years at San Pierre and five at Hancock Central, is confident at the season's outset. "I always think we'll win them all," he said. "They have to prove me wrong on the court." The "Indians" last season won 10 and lost 11.

## CMA Eagles Face Bloomington U. School Saturday

Injury-ridden Culver Military Academy will play before its largest football crowd of the season at 2 p.m. Saturday when the Eagles face Bloomington University School here.

The game is part of the Fall Festival and Fathers Weekend observance and upwards to 1,200 parents and guests are expected to be on campus for the game and other important events.

For Academy Coach Russ Oliver, a victory Saturday is vital since it could insure a winning season. Culver takes a 3-2-1 record into the game after last Friday night's 6-6 tie with Hobart River Forest High School in a game at East Gary. The Academy has one game remaining after Saturday, a Nov. 11 date at Schlarman High School, Anna, Ill.

With no less than five regulars missing from the lineup, Culver surrendered an early touchdown to Hobart and then spent the rest of the game trying to get it back. In the first period a Joe Williamson pass was intercepted by Hobart's Jim Mitchell at the Culver 23. Mitchell never broke stride as he picked off the pass and ran untouched into the end zone. The line plunge for the extra point was halted.

Culver moved the ball with relative ease but could not score until the final two minutes of the game. With time running out, the Eagles moved 74 yards in 13 plays with Bill Borkenstein, Bill Baker, and Lloyd Hutch as the big ground gainers. Borkenstein carried it over on an eight-yard end sweep, but the chance for victory ended when Hobart blocked Skip Miller's placement attempt.

In other activities, the Academy's frosh-soph football squad added a tie to its record when Coach Chet Marshall's team deadlocked Penn High School's "B" team, 6-6, in a game at Culver. The frosh-soph eleven will take a 3-1-1 record into a 10 a.m. contest against South Bend Riley "B" here this Saturday.

Coach Dave Burke's cross country team ended the season with a 7-5 record in dual competition Saturday with a 24-31 defeat by Riley High School over the Erskine course in South Bend. Riley runners grabbed the first three places.

#### Tax Rates Approved By State Board

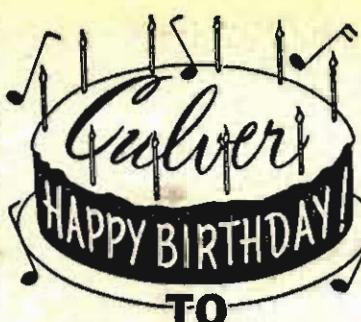

The final tax rates for Marshall County, townships, schools, towns and Plymouth have been approved by the state tax board, according to County Auditor Glendyn C. Albright.

Albright said the tax commission noted that the county underestimated the miscellaneous income by \$2,524. However, this amount could be made up from gross income officers fees and income from the county home.

The final rate for Culver is \$4.88 and Union Township, \$3.68.

The county rate is \$1.13. A break down of the county rate is as follows: (county revenue, with the 1960-61 rate in parenthesis) County revenue, .458-(.68) hospital bond, .082 - (.04), welfare, .144-(.08); hospital operation, .126 - (.13) cumulative bridge fund, .05 - same, county-wide school tax, .27-same.

## Latest Fishing Report For The Entire State

Indianapolis, Oct. 26 — Fishing conditions reported by the field men this week indicate fall fishing is slowing down over the last previous reports.

#### Northwestern Indiana

Lakes are all clear. Not too many fishermen out. Small reports of pan fish being caught in streams, such as, the upper Wabash River is furnishing the normal catches of channel catfish on worms and liver. The Tippecanoe River, few bass taken on artificial bait and minnows. Few bluegills and rock bass caught using poppers. Willow Slough, the State Fish and Game area, crappie fishing reported excellent, the fishing in this lake will be closed starting Nov. 1 in preparation for the opening of the coming duck season. Lake Freeman and Lake Shaffer, channel cat, pan fish reported taken on worms and artificial bait.

#### Northeastern Indiana

Fishing pressure slowed down considerably, however, Wawasee in Kosciusko County and Pretty Lake in Steuben County reported good with several catches of bluegills taken on red worms, and bee moth. Few bass, ring perch, and northern pike, also reported taken out of the Northern streams, the later taken on large minnows.

#### Central Indiana

Wabash River reports good channel catfish, carp taken on minnows and worms. Mansfield Reservoir reported good, several catches of crappie, bluegills being taken using golden grub worms. Sugar Creek, Blue River reported clear. Fishing reported poor, with the Sugar Creek in western part of the state, reports a few channel cat being taken on minnows. White River in Indianapolis vicinity, reported low, but clear as far south as Martinsville with a few carp being caught on worms and doughballs. Giest Reservoir, several catches of nice crappies reported taken on small minnows. Several catches of bass caught on artificial bait. Bluegill fishing reported slow, a few catches reported on golden grub worms.

On Monday, Nov. 6, the final day for paying taxes without penalty, the office will remain open from 8 a.m. to 5 p.m.

Fall taxes will be delinquent after Nov. 6.
