"King Of Swing" To Play At CMA Tuesday, Jan. 29

BENNY GOODMAN

Benny Goodman, music's famed "King of Swing," will play a combined jazz and classical concert at Culver Military Academy on Tuesday, Jan. 29.

In the classical portion of the program, Goodman will play with the Berkshire String Quartet. Accompanying Goodman in the jazz section will be a sextet of the nation's foremost jazz instrumentalists including trumpet player Bobby Hackett, ex-Glenn Miller musician well known for his solo work with the Jackie Gleason Orchestra.

The 8:15 p.m. Goodman concert is a part of Culver's annual Concert-Theater Series and will be attended by the student body of 850 cadets, faculty, and the general public. The program serves as a replacement for the late actor Charles Laughton, who was scheduled to appear here next month. Laughton died of cancer in December. Goodman also will play a 1 p.m. matinee for 1,600 public school children from Marshall County who are part of the Academy's Program for Education in the Performing Arts. The program is supported by grants from the Morris and Oare Foundations of South Bend and The Culver Educational Foundation.

Goodman, who has been appearing all over the country in a triumphant series of classical and jazz concerts since returning from his Russian trip, has played to virtual sell-out audiences in each engagement.

On his current tour, which brings him here, Goodman once more proves his extreme versatility. No other figure in the musical world has been able to combine a Mozart concerto and a swinging, foot-tapping rendition of a "One O'Clock Jump" during the course of the same evening's program. Certainly no artist has hit the top — and stayed on top — for so long a time.

Coincidentally, the current tour marks the 25th anniversary of the famous "Benny Goodman at Carnegie Hall" concert which was only one of the many innovations created by Goodman.

Tickets in the 1,550-seat Eugene C. Eppley Auditorium may be secured by the general public by contacting William J. Martin, director of theater, Culver Military Academy. Telephone and mail reservations for \$2.50 and \$2.50 reserved seats will be accepted.

CORRECTION!

The social item in last week's Citizen, announcing the engagement of Miss Anna Lutz to Paul Hartle, inadvertently stated that the bride-elect is the daughter of Mr. and Mrs. Ellis Licht. The item should have stated that Miss Lutz is the niece of Mr. and Mrs. Ellis Licht.

End Of An Era In Culver

Pictured here is the late M. R. Cline, more familiarly known by the name of "Wren," and the portable woodworking shop in 1908, the year the organization was established. The building was moved by horses from job to job and was the first structure on the business site at 201 East Jefferson Street where the firm has been located since 1908 except the World War II years when it was in business across the street.

Through the years, the firm name has gone through a series of changes from the M. R. Cline Block Factory, Culver Lumber and Cement Products Yard, M. R. Cline Novelty Works, to the M. R. Cline Builders Store, under which name it was sold last week to the adjacent Park 'N Shop Market. It was the oldest Culver retail establishment remaining under the same family operation.

In 1955 the firm passed to the sons of the late Mr. Cline, Roth, who left his position at the Culver Post Office to actively take over the business, and Nolan, who is an executive engineer with the Michigan Bell Telephone Company and resides in Saginaw. M. R. Cline died April 30, 1960, at the age of 89.

Roth Cline plans to study and pursue his hobby of journalism and, with Mrs. Cline, will spend much of their spare time with their new grandchild in Mishawaka.

The passing of the M. R. Cline Builders Store from the scene of East Jefferson Street marks the end of an era in the Culver community. The Citizen extends best wishes to Mr. Cline upon his retirement.

Hospital Notes

Lloyd Heeter was dismissed Monday from Parkview Hospital in Plymouth where he was admitted on Wednesday, Jan. 9, and underwent surgery the following day. Mr. Heeter is improving satisfactorily at his home at 686 West Shore Drive and would enjoy seeing his friends and neighbors.

Mrs. Bertha Jones, Route 2, Culver, was taken Sunday from Plymouth's Parkview Hospital to the home of her son, Lewis Jones, also Route 2, Culver, on West 15th B Road, where she would be most happy to visit with her family, friends, and neighbors.

Eugene Jones, Route 2, Culver, was admitted to Parkview Hospital Monday, Jan. 7, for medical treatment and X-rays. He will be there for another week and would enjoy hearing from his friends.

Wayne Flagg, 436 College Ave., is expected to return home this week from Mayo Hospital in Rochester, Minn., where he underwent surgery on Monday, Jan. 7. He is recuperating satisfactorily.

Mrs. Jack Sanders, 447 S. Main St., Culver, was admitted to Parkview Hospital at Plymouth last Saturday for treatment. She was able to return home Sunday and is reported getting along satisfactorily.

Jeanette Berger To Present Piano Recital Sunday

MISS JEANETTE BERGER

Miss Jeanette Berger will present a piano recital at 3 p.m. Sunday, Jan. 20, in Eppley Auditorium at Culver Military Academy. She is being sponsored by the Seven Arts Group of the Academy Faculty Wives Association.

Miss Berger is the daughter of Mr. and Mrs. Robert K. Berger, Venetian Village, Culver, and is a senior at Indiana University. She will receive her Bachelor of Music degree in Piano in January after attending the University three and one-half years, including summer school. She plans to

Winners Of Cheerleading Sweaters

The girls pictured above are the cheerleading sweater winners for the current year. These girls are members of the senior class, and are varsity cheerleaders at the present time. The sweaters are given as an award for the many hours of hard work the cheerleaders put in to help maintain school spirit. The chevrons on the sweater sleeves indicate the number of years each girl has served her school as a B-team or varsity cheerleader. Pictured from left to right are Sherrill Edgington, Cheryl Dillon, and Sheryl Hohman.

Culver Boy Scouts Participate In Klondike Derby

Approximately 250 Boy Scouts of Menominee District (Marshall County) braved the bitter cold to attend the annual Klondike Derby held at the Centennial Park in Plymouth on Sunday, Jan. 13.

Local Troop 290 had four patrols participating. They were the Beaver Patrol, Steve Kelly is the Patrol Leader; Flaming Arrow Patrol, John Cook, Patrol Leader; Panther Patrol, Cordland Overmyer, Patrol Leader; and the Wolf Patrol, Fletcher Mattox is Patrol Leader. A patrol consists of 4 to 8 boys.

At the Derby the Scouts pulled their homemade sleds (no nails, wire, or boards could be used) to five different stations to be tested on their Scouting skills. Stations consisted of compass work, judging distance, rope work, first aid, and fire building. Awards will be presented at the Roundtable on Thursday, Feb. 7.

The local Troop is sponsored by the Culver Methodist Church. Carl F. Foust is Scoutmaster and Ronald McKee is the Assistant Scoutmaster.

Fire Department Called For Burning Car

The Culver Fire Department was called to the Clifford Woodriddle home on the corner of Ohio and Mill Streets, last Thursday morning, about 9:40 a.m. to extinguish a car blaze.

Mr. Woodriddle had driven a car from the Hatten Motor Sales to his home, while his personal car was being repaired. He had placed the car in his garage. When he started it to use it again, the car caught fire. The car was pushed to the outside. The fire did about \$150 worth of damage. No damage was done to the garage. Why the car caught fire on starting, is not known.

Bookmobile Schedule

The Marshall-Starke County Bookmobile will be in this area as follows:

Miss Berger is a member of Pi Kappa Lambda, Mu Phi Epsilon, National Music Honor Societies; and Kappa Delta Sorority. Her teacher is Ray Dudley, a Canadian born pianist.

Miss Berger also presented her senior piano recital Sunday afternoon, Jan. 6, at the Recital Hall, Indiana University, Bloomington.

Frank McLane Is Superintendent Of School Unit

FRANK McLANE

Frank McLane, Marshall County Superintendent of Schools, was elected to fill the new position of Superintendent of the Culver Community School Unit, at a meeting of the school board held last Wednesday night, at the Culver Community School. McLane will resign the county position, effective Feb. 1, to assume his new duties. The school board spent approximately four hours discussing the applications of all applicants before making a decision. McLane's contract will run for 2½ years, ending on June 30, 1965.

Frank McLane, a native and resident of Culver, has spent all his life as an educator. Graduating from Culver High School in 1919, he received his Bachelor of Arts degree from DePauw University in 1925. He attended the graduate School of the Chicago University and received his Masters degree from Northwestern University in 1939. He was a member of the Culver school faculty for 27 years. On Feb. 1, 1962, he was elected to the County Superintendent position to fill the unexpired term of Dan Schafer, who resigned to accept another position. Mr. McLane has filled the county position for the past eleven years.

The Culver Community School Board will meet tonight, Jan. 16, at 7:30 p.m. at the Culver Community School for the purpose of completing the transfer of all school properties to the new unit.

Civil Air Patrol

By THOMAS K. WALKER II

Today this country is faced with a grave and ever growing problem, as never before — Communism. The Civil Air Patrol is well aware of this problem and also one of its greatest obstacles, religion.

The Civil Air Patrol has incorporated into its aerospace program moral, citizenship, and religious training.

Civil Air Patrol chaplains, representing the three major faiths and duly ordained clergymen who are daily engaged in the active ministry, are delegated with the responsibility of the moral and religious welfare and training. The CAP chaplain, by his presence and regular scheduled character and citizenship lectures, imparts a highly desirable and needed spiritual influence on all CAP personnel.

NOTICE

Culver Public School students will be dismissed at 11:59 a.m. on Friday, Jan. 18, to provide time for teachers to complete semester reports.

TRI KAPPA PECANS on sale at The Citizen's front counter. Please help the sorority raise money for charitable purposes. Only \$1.75 a pound for shelled whole meats and \$1.50 for broken pieces. 40fta

Rev. Paul Elmen, Noted Professor, At Academy

The Rev. Dr. Paul Elmen, associate professor of moral theology and Christian ethics at Seabury-Western Seminary, Evanston, Ill., will spend three days on the campus of Culver Military Academy this weekend (Jan. 18-20) addressing cadets and faculty members.

The Rev. Dr. Elmen will be the initial speaker in the Academy's Faculty Lecture Series at 8 p.m. Friday in the Little Theater of the Eugene C. Eppley Auditorium. His topic will be "Beauty and Redemption." The Rev. Dr. Elmen is the first of a series of outstanding speakers in many fields who will address the Academy's faculty and staff of 115.

Saturday, the Rev. Dr. Elmen will lead a Cordon Society retreat at Beason Park. The Cordon Society is the cadet religious organization, and approximately 30 to 40 members will discuss Christian vocation. The Rev. Dr. Elmen will wind up his visit to Culver on Sunday when he delivers the guest sermon during 10:30 a.m. chapel services.

A full-time instructor at Seabury-Western since 1938, the Rev. Dr. Elmen is the author of the book "The Restoration of Meaning to Contemporary Life," as well as numerous articles and reviews. He is widely known as a lecturer, and his teaching experiences include serving as a lecturer in historical theology at Seabury-Western in 1936 and teaching English at Northwestern and Harvard Universities, and North Park College, Chicago.

The Rev. Dr. Elmen has his bachelor's and master's degrees from Northwestern. He received his doctorate from Harvard in 1947 after completion of advanced work in seventeenth century English literature. He has done additional work at Union Theological Seminary, New York, on a Ford Fellowship, and at Seabury-Western.

The Rev. Dr. Elmen was confirmed in the Episcopal Church in 1934 and during his studies at Seabury-Western was ordained deacon in June, 1936, and priest later in the same year.

He also saw action with the Army chaplain corps during World War II and was seriously injured in a mine field while serving with the Sixth Armored Division in France. He received the silver and bronze stars for gallantry.

Eldon B. Porter, Former Culver Resident, Dies

Dr. Eldon B. Porter, age 67, of 448 Corby Blvd., South Bend, died Saturday morning, Jan. 12, at the South Bend Osteopathic Hospital following a ten-month illness.

Dr. Porter was born in Plymouth on June 29, 1895, and lived in the Plymouth and Culver area, graduating from Culver High School. He had practiced as an Osteopathic physician for the past 40 years, and lived in South Bend since 1929.

Survivors include his wife, Mrs. Ellen A. Porter of South Bend; two daughters, Mrs. Roger Zabik, Bloomington, and Mrs. Howard Ballenger, Marion, Ohio, a sister, Mrs. Paul Tanner, Plymouth; and one grandchild.

Funeral services were held at 10 a.m. Monday in the Orvis Funeral Home at South Bend. Rev. Kenneth R. Hemphill, pastor of the South Bend First Methodist Church, officiated at the services and burial was made in the Culver Masonic Cemetery with graveside services held at 11:30 a.m.

The Easterday-Bonine Funeral Home had charge of the graveside services.

Alice Cromley Participates In Making Movie

Miss Alice Cromley, daughter of Mr. and Mrs. Ira Cromley of Culver, was one of more than 500 students and faculty members of Bob Jones University who participated in the making of "Red Runs the River," a Civil War motion picture produced by the University's Division of Cinema.

Miss Cromley is a graduate, B.S.; 1931, staff member, Division of Cinema, School of Fine Arts; citizen, at the University.

The world premiere of the film is scheduled to be held on the campus, April 3. Subsequently, premiere showings are planned for key cities throughout America and in several foreign countries.

The "Unusual Films" production, in full color, has a running time of approximately 90 minutes. The true story concerns General Richard Stoddert Ewell, hard-fighting hero of the Confederacy who finds God on the battlefield. The lead role is played by Dr. Bob Jones, Jr., president of the "World's Most Unusual University."

The story was written and adapted for the screen by members of the University faculty. Authentic in every detail, the motion picture has been two years in the making.

According to Director Katherine Stenholm, 29 sets were constructed on the "Unusual Films" sound stage and 29 additional scenes were shot "on location." Hundreds of costumes and muskets, cannons, wagons, etc., were procured and fabricated especially for the filming.

State College Extension Class Offered At CMA

An Indiana State College evening extension study class, "Advanced Social Psychology," will be offered for the Spring semester, starting Tuesday evening, Feb. 5, at 6 o'clock at the Culver Military Academy.

The class listed as Sociology 479-575 and offering three semester hours of undergraduate or graduate college credit is open to all interested and properly admitted persons. Official enrollment and payment of fees may be completed at the consultation session.

Arrangements for enrollment may be made by contacting the Division of Extended Services, Indiana State College, Terre Haute, Crawford 0231, Extension 323.

The class will meet for three clock hours one evening each week for 16 instructional meetings. Fees for the class will amount to \$36. Class evening sessions each week will be in Assembly Room A, Eppley Hall of Humanities, Culver Military Academy. Dr. Gene F. Summers, ISC instructor in sociology, will instruct the class.

The course may be taken on a non-credit basis upon the payment of the regular fees, but the student electing to enroll on a non-credit basis may not later change to credit enrollment.

Students who have not previously taken graduate work at Indiana State College should bring evidence of a bachelor's degree to consultation session.

The Maxinkuckee Junior Woman's Club met on Monday evening, Jan. 14, at the home of Mrs. Roy Nicodemus.

Mrs. William Snyder, president, conducted the meeting and welcomed Mrs. Richard Dehne and Mrs. Walter Von Ehr as guests.

During the business meeting election of officers was held and those elected were Mrs. Kenneth Martin, president; Mrs. James Cox, vice-president; Mrs. James Bonine, secretary; and Mrs. Robert Lindvall, treasurer. Mrs. William Snyder will serve as trustee.

A report was given by Mrs. Hugo Anderson, Youth Cooperation Chairwoman, concerning the changes being made in the set-up of the Girl Scout organization which will go into effect next Sept. 1.

It was announced that the Mid-Winter Council will be held Feb. 6 at the Columbia Club in Indianapolis, beginning at 9 a.m.

An invitation has been extended to the members to attend the 75th anniversary luncheon of the Plymouth Saturday Club. This is to be held on Saturday, Feb. 16, 12:30 p.m. at the Plymouth Church of the Brethren.

The next meeting will be held at the home of Mrs. Charles Edgington.

The closing thought was given by Mrs. John Hoessel.

Delicious refreshments were served by Mrs. Robert Christopher and Mrs. Warren Curtis.

Women's Guild Meets

At The Grace Church
The Women's Guild of the Grace United Church of Christ met Thursday, Jan. 10, in the church social rooms.

Mrs. Edward L. Easterday, president, opened the meeting. Mrs. Donald Osborn, program chairman for the month, opened with a meditation and introduced the topic, "Renewal Through Prayer."

Four groups were formed for reading and discussing assigned scripture, after which a statement was given by a leader of each group. Miss Florence Page of the first group read Daniel 6:10 and Mark 1:35. Miss Margaret Swanson reported for Group

2 and Mrs. Wilfred Craft reported for Group 3. Mrs. Bruce Ogden Sr. reported for Group 4.

Refreshments were served by the hostess committee, of which Mrs. Emil Lewis was chairman.

W.S.C.S. Meeting Held

At Fellowship Hall
The regular meeting of the Woman's Society of Christian Service was held Thursday evening, Jan. 10, at the Methodist Church Fellowship Hall.

The meeting was opened with the social hour being in the form of a birthday party. Refreshments of individual birthday cakes with candles were served at tables decorated to depict each of the 12 months of the year. Each member sat at the table decorated for the month in which her birthday occurs. Mrs. J. C. Spencer and Mrs. Fred Adams were in charge of the table decorations.

The business was conducted by the president, Mrs. Donald Parson. Mrs. James Piersol gave the devotions, using as her theme, "Affirmation of Faith."

Mrs. Parson was in charge of the program and gave a resume of the portion pertaining to Korea from the book "The Rim of East Asia." She then presented Mr. Fred Lane, guest speaker, who showed slide pictures of Okinawa, Taiwan, and Hong Kong. He told of his experience there when he was stationed in that area in the Army for 2 1/2 years. Mr. Lane said that there is a definite need of assistance there and that the best way to win the minds and hearts of these people is through missionary work.

Hostesses were Mesdames Charles Cook, A. E. Adams, Muriel Cook, Gertrude Bohmer, Chauncey Lennen, Arthur Bryan, Clifford Woodbridge, Theo. Weiger, James Miracle, J. B. Spencer, J. D. Lore, and James Bonine.

The Benedictos Leave

For South American Home
Mr. and Mrs. Luis Benedicto left Culver on Monday, Jan. 14, for their home in Venezuela, South America. Mrs. Luis Benedicto, the former Kathy Kraning, arrived here the early part of November to visit her parents. Dr. and Mrs. Kenneth K. Kraning, 834 West Shore Drive.

Mr. Benedicto arrived in Culver Dec. 15, and joined Mrs. Benedicto for the Christmas holiday which they spent visiting the Kraning family in Culver. They journeyed to Pittsburgh, Pa., for a New Year's Day visit with Mrs. Benedicto's brother, Kenneth K. Kraning II, and family.

The many friends of this fine young couple wish them a safe journey home and look forward to their next visit.

Purdue University horticulturists recommend for home planting the medium hard, fast growing red maple or tulip tree. The sugar maple and red oak are harder, but require longer time to grow.

Culver Rebekahs Plan Installation Of Officers On January 22

Ten members of the Culver Rebekah Lodge met for their regular meeting Tuesday evening, Jan. 8, in the Lions Den with LaVerne Geiger, noble grand, in the chair. During the business session, preparations were made for the installation of the 1963 incoming officers for Tuesday, Jan. 22, at eight o'clock in the Lions Den. Mrs. Mildred Johnson of Letters Ford, district deputy president of district 23, and her staff will do the installing. Officers to be installed will wear formal dress. The Letters Ford and Burr Oak Lodges are invited guests with guests expected from the Walkerton Rebekah Lodge. After the close of the meeting, refreshments of cake and coffee were served by Mrs. Geiger.

invited to attend. The first film will begin at 7 p.m. and the last one will be over by 9 p.m. Next week a Troop Committee meeting and Board of Review will be held. Advance in rank next Monday—Have your patrol leader help you pass your requirements! Morse code is the Scoutcraft for Monday.

Twenty-five Boy Scouts attended the Klondike Derby held Sunday, Jan. 13 at the Plymouth Centennial Park. Results of the contest will be given at a later date.

Twenty-one Scouts attended the January 14 Troop meeting which was held at the Methodist Church Fellowship Hall. Dodge ball was the pre-opening game. Morse code was given by JASM Greg Dawson and patrol demonstrations in first aid were shown after the opening ceremony. A two-man carry race was played with the Wolf Patrol winning. The meeting was closed with the Scout Benediction.

The Panther Patrol won the patrol competition for the month of December and were awarded the "Honor Patrol" banner.

On Thursday, Jan. 17, four films will be shown at the Public Library basement which are of interest to Scouting. All Scouts are

Ceremony Held Tuesday
 Emily Jane Culver Chapter Order of Eastern Star met for its stated meeting in the Masonic Hall Tuesday evening, Jan. 15, with a full attendance of its members.

After the opening ceremony and regular business was completed, the Chapter prepared for the initiation of Mrs. Judith Williams, who was then welcomed into membership of the Star.

The ways and means committee then presented its last endeavor for fund raising by holding the much talked about preview of 1963 all-year-round hat style show, giving a glimpse into what the well dressed lady will wear this year. This was all done in the spirit of fun and entertainment.

The temperature outside might have been low, but it was high and most agreeable among Star members, especially when delicious refreshments were served by the committee consisting of Mrs. Clarence Bair, Mrs. Errol Culter, and Mrs. Everett Easterday.

Home and Hobby Club Meet With Mrs. Helen A. Keller
 The January meeting of the Home and Hobby Club was held Tuesday, Jan. 8, at the home of Mrs. Helen A. Keller in Culver.

Hope McPherson conducted the devotions which included an article, "One of God's Wonders." Dorothy McFarland led the lesson on the "Program Planning For The Next Year."

The new yearbooks were passed and everyone marked their calendars noting the interesting programs to be given by the local clubs and the leader training programs at Plymouth.

The Marshall County Music Clinic will be held at the Church of the Brethren in Plymouth on Feb. 5 and will be conducted by Purdue representatives. Thirteen members answered roll call with a resolution they make most often. There were four children present.

After refreshments were served the meeting adjourned to meet Feb. 12 at the home of Mrs. Harriet Warner near Argos.

Magician Will Entertain Lions And Guests

Culver Lions Club members and the Cub Lions will enjoy a special meeting next Wednesday evening at 6:30 p.m. in the Lions Den. The event has been especially planned for the young sons or daughters of the members. The usual dinner will be served at 6:30. Following the dinner, Gary Erickson, of South Bend, will entertain the Cubs and members with feats of magic. Mr. Erickson, who is 17-years-old, has made quite a name for himself in the South Bend area for his magic tricks and entertaining. He has appeared on South Bend's TV stations several times.

Lions Club members may bring as many guests as they wish, either their own children or some one else's child or children. Lion President Harold Pitterling requests that each Lion, who will attend call Jesse Overmyer, and make reservations, as it will be necessary for the food committee to know how many to prepare for.

The Lions held initiation services at their meeting last Wednesday evening following the dinner. Those who received the Lions charge were: Rev. Clyde Beckner, Richard Hoedel, Whitney Kline, John Mars, Jesse D. McCalla, James E. McCombs, Andrew Vernum and W. L. Thompson.

New Fish Spearing Goes Into Effect January 10, 1963

Indiana's new regulations on the taking of rough fish by spear fishing will go into effect January 10, 1963. Donald E. Foltz, Director of the State Department of Conservation, has announced.

Spear fishing will be permitted in portions of seven major rivers in Indiana the year round, and in lakes and impoundments during the period from June 16th to April 30th, Foltz said.

The new law on spear fishing followed a public hearing Tuesday, December 11, 1962, on proposed changes in the fish spearing regulations. The hearing was held before Mr. Donald E. Foltz, Director of the Indiana Department of Conservation. The hearing was attended by about 30 interested sportsmen, representing sports-

men's organizations in the state. Mail received regarding the proposed changes in spearing regulations was also considered. Following the hearing, a decision on the proposal was made, taking into consideration the interests of the sportsmen at the hearing and the recommendations of Conservation Officers and Biologists of the Indiana Department of Conservation.

The regulations adopted limit spearing in streams to large rivers with a flow of 1,500 cubic feet per second. In lakes and impoundments, spearing will still be permitted except from May 1st to June 15th of each year, both dates inclusive. Creel limits have been set up for some species which may legally be taken. The Order as adopted is as follows:

IT SHALL BE LAWFUL for any person to take certain fish by means of a fish spear, gig, spear gun, or underwater spear, in specified large rivers of Indiana. Fish which may legally be taken are carp, gar, bowfin (dogfish), shad, buffalo, and any species of sucker. No other species of fish may be taken in this manner. These species may be taken in any stream having an average discharge of 1,500 cubic feet per second which includes the subsequent stream portions:

(1) West Fork of White River — from its junction with the East Fork upstream to the dam in southwestern Marion County. (This is the dam below the Harding Street generating plant of the Indianapolis Power and Light Company.)

(2) East Fork of White River — from its junction with the West Fork upstream to the dam at the south edge of the city of Columbus in Bartholomew County.

(3) Wabash River — from its junction with the Ohio River upstream to Indiana Highway 13 at the south edge of the town of Wabash in Wabash County.

(4) Tippecanoe River — upstream from its confluence with the Wabash River to the Oakdale Dam (which forms Lake Freeman).

(5) Maumee River — from the Anthony Boulevard bridge near its head (formed by junction of the St. Marys and St. Joseph Rivers at the city of Fort Wayne) downstream to the Indiana-Ohio state line. (NOTE: Neither the St. Marys River nor the St. Joseph River — the latter in Allen and DeKalb Counties — will be open to spearing.)

(6) Kankakee River — from the Indiana-Illinois state line to the Indiana Highway 55 bridge south of the town of Shelby in Lake County.

(7) St. Joseph River (Elkhart and St. Joseph Counties) — from the Indiana-Michigan State line where the St. Joseph River enters Indiana in Elkhart County downstream to the Indiana-Michigan state line where it leaves Indiana in St. Joseph County. (NOTE: This is the entire length of the main stream of this river in Indiana.)

TAKING FISH by means of fish spear, gig, spear gun, and underwater spear shall be ILLEGAL in ALL OTHER sections of these streams and in all other streams of the state in their entirety. However, taking of carp, gar, bowfin, shad, buffalo, and any species of sucker with pitchforks and bow and arrow will be permissible

during daylight hours on any waters of the state

ALL LAKES, PONDS, IMPOUNDMENTS, AND EXCAVATIONS shall be closed to the use of fish spear, gig, spear gun, and underwater spear from the 1st day of May to the 15th day of June, both dates inclusive.

THE CREEL LIMITS for all waters of the state are the same and are as follows: Carp, gar, bowfin, and shad — no limit; Suckers (of one or more species) — an aggregate of 15 fish; Buffalo (of one or more species) — an aggregate of 4 fish. Possession limits shall be: Suckers — an aggregate of 30 fish of one or more species; Buffalo — an aggregate of 8 fish of one or more species. There is no possession limit on carp, gar, bowfin, and shad.

THIS ORDER SHALL BE EFFECTIVE FROM January 10, 1963, to January 10, 1966.

You Must Supply Account Number When Requested

Do you own securities or have a savings account? If so, you are going to be requested by the organizations paying you dividends or interest to furnish them your federal tax account number. Sterling M. Dietrich, Director of Internal Revenue for Indiana, said today.

For an individual, this is his social security number, or a similar number assigned for tax purposes.

Some corporations and savings institutions already have asked their shareholders or depositors for their numbers. Mr. Dietrich said. Others will make such requests in the next few months in requesting use of the account numbers of income recipients on information reports to Internal Revenue.

Mr. Dietrich emphasized that the law requires the payer to supply his number to the payer when asked for it.

Requests for account numbers should be honored promptly. Mr. Dietrich said, in order to facilitate bookkeeping changes by the paying organizations.

Any shareholder or depositor who does not have a social security number should follow the instructions for obtaining an account number included with the request form, Director Dietrich said.

The account number also must be shown on income tax returns filed for 1962 and subsequent years.

A Look At CAP

When there was a need for civilian air support 21 years ago, just before the "day of infamy" at Pearl Harbor, Civil Air Patrol was formed almost overnight to meet the emergency. Predictions were that it would die just as quickly, when the hostilities ceased.

The exact opposite came true. There were too many ardent aviation-minded men and women of considerable stature to allow

such a history-making, heroically-proved organization like CAP to drift into limbo.

It was Gen. H. H. "Hap" Arnold, Army Air Force wartime commander, who spearheaded the move to incorporate CAP, and this was done by public law on July 1, 1946. It became a benevolent, non-profit organization under Federal charter without financial assistance from the Air Force.

Later, in May 1948, CAP was designated by statute as civilian auxiliary of the Air Force and the military service provided a professional national headquarters staff of military and civilian employees to advise and administer to organizational, corporate responsibilities.

December 1 — CAP's 21st anniversary — found this Air Force auxiliary a substantial, dues-paying volunteer flying organization in over 1900 communities with 70,000 adults and teenagers in each state, the District of Columbia and Puerto Rico. Daily, somewhere in the vastness of the continent and islands, search and rescue, and emergency missions in the air and on the ground are in progress and each uniform member is studying to advance his knowledge.

Social Security Taxes Increase January 1

Workers and their employers will pay higher social security taxes beginning January 1. By law, the tax rate on wages increases on that date from the present 3-3/4% each on workers and employers to 3-1/2% each. The self-employment tax rate goes from the present 4.7% to 5.4% for 1962 earnings.

Social Security taxes are collected on only the first \$4800 of wages or self-employment income. A worker who has wages of \$4800 and also has income from a business pays only on his wages.

Self-employed people pay their social security taxes once a year, when they make their Federal income tax returns. When making returns on 1962 income, self-employed businessmen will pay the 1962 tax rate of 4.7%. The new rate applies only to 1962 income, which in most cases, won't be reported until 1963.

The new rates will, under present law, be in effect through 1963. Another increase is scheduled to go into effect in 1963, to 4-1/2% each for workers and their employers and 6.9% for the self-employed.

According to Mr. Cornelius W. Schaefer, district manager for social security, these increases are to keep the system self-supporting and soundly financed. Mr. Schaefer said that based on actuarial estimates, these rates will provide ample funds for all payments set by present law.

Dun & Bradstreet Lists 70 Firms For Culver

Statistics released today by V. J. Anbrecht, district manager of the Chicago office of Dun & Bradstreet, reflect the activity of the business population in Marshall County during the past year. Figures obtained from a physical count of the Dun & Bradstreet Reference Book for January, 1962, totaled 620 manufacturers, wholesalers, and retailers in this area as compared to 625 in January, 1961.

The Dun & Bradstreet Reference Book lists all manufacturers, wholesalers, and retailers who seek or grant commercial credit. It does not include some of the service and professional businesses such as beauty and barber shops, security dealers and real estate brokers.

Anbrecht added that during the past year 298 changes were made in the Dun & Bradstreet Reference Book listings of Marshall County businesses, including names added, names deleted, and

changes in the ratings of continuing businesses.

Using the Dun & Bradstreet Reference Book listings as a guide, it is interesting to review what has happened in the largest county communities during the past year:

	Refer. Book Listings in Jan. 1961	Refer. Book Listings in Jan. 1962
Plymouth	280	292
Bremen	118	119
Culver	70	63
Jourdon	59	56
Argos	44	45

As one phase in revising credit reports and keeping them up-to-date, Dun & Bradstreet, through its national network of offices, writes annually to all businesses in each of the 50 states listed in the Reference Book (23 pounds — 4,915 oversize pages) to request their financial statements. This year, these requests are being sent to approximately three million businesses — to the corner grocery store worth a few thousand dollars as well as to businesses worth millions.

When the owner or officer of a business enterprise, or his accountant, fills out and mails his financial statement to Dun & Bradstreet, it becomes a part of the credit report on his business and a factor in determining the credit rating of his business.

The Dun & Bradstreet credit rating consists of two symbols. The first, a letter of the alphabet, indicates financial strength or the tangible net worth of the business. The second symbol is a number which reflects a composite appraisal of the background, operations, financial stability and payment record of the business.

Each Reference Book listing, which includes the rating, is a condensed summary of the information contained in the Dun & Bradstreet credit report. The report includes the following: a history of the business, (who owns it, who runs it, and how long it has been operating); a description of what the business does and how it does it; a financial section which usually includes the latest financial statement; and a record

of how the business pays its bills.

While credit reports are primarily used by businessmen who want to evaluate the credit risk of a business before shipping or selling, insurance underwriters also use credit reports to review risks, rates and coverage for fire and other types of insurance.

Tourney is Just Around Corner

By Joan Dillon

Pep Club — Much hard work and planning are going into preparations for the County Tourney, which will be held in Plymouth Jan. 18 and 19. H. J. Lawrence, Charlene Lucas, and Carol Overmyer are co-chairmen for the Pep Club's participation. Among the plans are a pep session scheduled for the day Culver plays. Special entertainment will be presented. Suzanne Overmyer is head of the poster committee. Pep posters for the halls of C.H.S. and for the tourney itself are being planned and made. The officers would like to ask that all students going to the tourney wear white shirts or blouses, and that everyone sit in a block formation. The tourney dress will also include a maroon lapel crest and an Indian head band and feather. These items will be provided for students attending the game(s). Pom-poms will be sold for the occasion and the senior girls will be sporting maroon and white corsages! Pep Club personnel are searching for "tom-toms" for some of the pep block members. If anyone is willing to lend his instrument, please contact Charlene Lucas as soon as possible.

Sunshine Society — The first meeting of January was held Tuesday, Jan. 8. Only the sophomores and Janice Neidlinger were in attendance. The meeting was a start at planning a special program presented annually by the sophomores.

Press Club — The members of the Press Club met with Mr. Miller and the co-editors Friday, Jan. 4, at a special meeting. Several things were called to their attention, including the need for more accuracy in both the written articles and the time at which the articles are turned in. The members were urged to type their material and to work harder on it. There was some criticism of the "Teepee." As a result, a black box at the south end of the third floor of the high school building will be used for suggestions and information for the "Schoolbell." If any student has an amusing story concerning another student or teacher, he may put it in the box. This makes it possible for all classes to have the chance to be mentioned in the column. It was stressed that the information must be true and in no way slanderous or humiliating to any person.

National Honor Society — The main purpose of the next National

Honor Society meeting will be to vote on the proposed amendments to the constitution.

Tomahawk Staff — Headway is being made by the staff of our yearbook. The individual committees are industriously planning the pages and sending them to be published. In fact, Jan. 15 is the deadline at which time two-thirds of the annual will be sent to the publishers! The cover is to be a surprise, but a few other interesting facts about the "Tomahawk" are known. It will consist of a hard-covered book of 80 pages. Sometime during the summer another eight pages will arrive. All of the spring activities and the Junior-Senior Prom data will be compiled in a glued-edged pamphlet which will fit in the back of the "Tomahawk." There will be a notice in the paper or contact of some kind made when the addition arrives. The staff has somewhat discussed sponsoring an autograph party-dance as a money-making project.

Science Club — The Science Club is headed by two members of the science department, Mr. Kepler and Mr. Stukenborg. It is a Culver project and, as of now, has no plans to affiliate with other clubs of its kind. Any freshman, sophomore, junior, or senior is invited to attend the meetings which take place on Thursday evenings at 6:30. The club has no officers, but if enough students join, it can become a successful and enjoyable organization. Anyone of age who is interested is invited.

Rochester, Tyner Games Played

By Bob Carter

Monday night the freshmen team played host to the Rochester Zebras. The visiting Zebras handed the local tribe a loss of 42-37. The first half was fairly close and ended with a score of Zebras 22, Indians 15. Rochester lengthened its lead to 11 points in the third quarter, the scoreboard showing Culver behind, 24-35. The Frosh fought back in the fourth quarter but failed to catch the taller foes. Bruce Lindvall dumped in seven of his 11 tallies in the fourth quarter to lead both teams in scoring. Andy Lowry added 10 for the Inners, while Shambarger topped his team with 10.

Coach Zellers and his teams went to Tyner Monday night. The Junior B-team lost its game by 10 points, 25-15. At the end of the quarter mark Tyner had already chalked up a 14-5 lead, which they kept for the remain-

der of the game. Andy Hodgkin was high point man for Culver with four. The A-team also lost its game, 48-33. Culver's Indians were only one point behind at half-time, 16-15; but in the third quarter the Tyner Redskins outlied and scored 18 more while the Indians only added four, making the score 34-19. The story did not change much in the fourth quarter as Tyner maintained their 15-point lead. Hatten led the Indian offense with a phenomenal 25 points. Smith scored 14 for the Redskins.

Come One, Come All, Miss Friesen Is On Call

By Kay Thomas and Bev Barshes

Come one, come all! Once again all are invited to peek into the life of another personality of the C.H.S. faculty. This week's interview is with the 5'6", hazel-eyed art teacher, Miss Friesen. This is Miss Friesen's first year at Culver, and she enjoys teaching here very much. She graduated from Goshen High School in 1956, and later from Goshen College. Miss Friesen taught one year at Rensselaer High School before coming to Culver.

In her spare time, Miss Friesen likes to read books on natural history, listen to her radio, and grow house plants. At the present time, she is in the midst of an experiment which consists of growing a "Miniature Tree." This is an extremely difficult project. She also has four dozen other plants including cacti and sedums.

The 24-year-old Miss Friesen has two pet peevces. The first is students making drawings that have no foreground to stand on. She also dislikes having someone else talk when she is trying to explain.

Miss Friesen's goal is to become the best teacher possible and eventually she would like to get married, but she has no prospects at the present time.

When asked if the actions of the students have changed since she went to school, Miss Friesen laughingly replied, "Well, they get into the same mischief they always have!"

Music Contests Here Soon

By Bonnie Good

The Music Department was really on the "go" the week before Christmas, Dec. 16 the junior band had its Christmas party. The party consisted of hot dogs roasted in a fire outside of the band building, volley ball supervised by Miss Overmyer, and the singing of carols led by Mrs. Roger Thews.

Dec. 19 the high school band and choir had their annual Yuletide party. The group invited Mr. Kepler and Miss Reynolds to be their guests. Incidentally, some of the music students would like to have Miss Reynolds and Mr. Kepler's twist steps; they are rather unique! The group would also like to thank Mrs. Waite for making the sloppy joes. They surely tasted good after the strenuous twisting.

After the fun of Christmas the music students must settle down to some hard work. Their next events are instrumental and vocal contests which will be held respectively at Plymouth High School Jan. 26, and Penn Township High School Feb. 22. The participating pupils are practicing diligently, spending many extra hours in the band building. Culver has about 50 entries in these contests.

I Hereby Resolve . . .

By Jan Wagener, Tom Voron, Sharon McDonald, and Carolyn Covington

This week we asked the students the following question: "What New Year's resolution did you fail to keep last year, but are going to make another attempt to keep this year?"

Rick Ervin — To win the County Tourney.

Paul White — I resolve what Rick resolved only add the Sectional Tourney to it.

Ned Davis — I don't remember what I resolved to do last year, and I forgot to resolve anything this year, so I can't answer the question.

Janet Parker — To get wise.
Suzanne Ayres — To study a little harder.

Barbara Hatten — My resolution is to study harder with Honor Roll as my future goal.

Linda Shock — Grow! (Taller, that is)

Carol Overmyer — I gave up on resolutions four years ago.

Cheryl Dillon — I gave them up three years ago.

Beverly Barshes — To study a little harder, and give up on males!

Janet Heiser — I never keep them — so why make them?

Diana Walter — Try and control my Irish temper a little more, and I said "try."

Penny Wakefield — Go to the tourney and see us win.

Vickie Smith — Try to get wise and grow up (Lengthwise).

Elaine Epicoy — I'm afraid to make one.

Mike Chub — Are you kidding? No make a resolution?

Linda Behmer — My resolution came true last year.

Louise Barocel — Stick with it!

Valerie Gauder — Keep up Santa Claus so I can use him next year.

Larry Banks — Oop! I forgot to make any. Remind me to make some next year!

Marsha Wentz — Keep the world free.

H. J. Lawrence — Never to knock our garage off the foundation with our car again.

Ron Porter — Burn the school-bell staff for disturbing study halls.

Jim Hopple — Not to worry about anything.

George Orden — I only made one resolution — I resolved not to get married in '63. I know this resolution won't be broken!

Brenda Baker — To make up for lost time in writing letters to far away friends, and to be with Arnold more often.

Dennis Pollock — To get my driver's license.

Linda Carl — To keep my locker door and my big mouth shut!

Diane Boots — To find a way to get Bev and me to Germany.

Judy Kimmel — To keep up my grades, and to take Chuck's teasing.

Shari Croy — Go to Arkansas to see a certain someone and write more letters, more often.

FIRE DEPARTMENT calls should be made to Viking 2-2121.

We're back? ? ? But we have been for a week now! Well, it takes a pretty long time to get back into the upswinging routine of school after all the swinging parties 'n' swinging dates 'n' . . . food 'n' . . . presents 'n' . . . NEW YEAR'S EVE! ! By the way, Happy New Year!

Some girls made quite a sparkling and shining "haul" over the Christmas holidays, for certain special messengers of Santa (and Cupid) left diamond rings for them. Brenda Baker and Vicky Lutz are the lucky future homemakers. Congratulations!

A vacation would not be much of a vacation without celebrating with a party or two, so the Indians had a party or two or three or four or ? ? ? Well, anyway, no one seemed to have any difficulty finding something to do of an evening.

The Hi-Y — Sunshine dance was a huge success. The gym looked especially beautiful with its frozen pond and evergreen trees. Vera Smith seemed quite enthused about the whole thing and is ready for another one. Sorry, have to wait 'til next year.

Just before vacation, which seems ages ago, several cadets were seen in the vicinity of C.H.S. Some were familiar to all, former members of our tribe, but others seemed to be from a far away land. These "eagles" as they called themselves, were quite well acquainted with some of our maidens — Sue Cole, Lucy Osborn, Jan Scruggs, Linda Shock, and Martha McAllister.

"We're going to the zoo, zoo, zoo. How about you, you, you?" What was THAT ? ? ? "You come too, too, too. We're going to the zoo, zoo, zoo." Ohhh my! ! I knew school was becoming a strain, but oh, those poor kids, asking me to go to a zoo!

The last C. M. A. convocation was particularly enjoyable. The mood music brought back fond memories of the "lost" vacation, the drummer returned everyone to life again, and the singers had us join them in "going to the zoo." It all made for a relaxing afternoon and we from Culver High say, "Thanks!"

As a postscript to the news about the convo, it might be added that the jazz music really "sent" Carmen Gretter and Pat

Kline, to they were really out of it or really with the beat, one. It was also overheard, concerning the convo, that some teachers think there seem to be more students coming back on the buses than went over on them. However, Thad Overmyer says he doesn't mind being packed like a sardine if he can always have six girls sitting on his lap.

Flash! C. H. S. news bulletin! Carol Herr was also among those who received a ring for Christmas. Here happens to be a class ring belonging to Sam Sellers.

Another junior girl was pretty pleased with what she received around Christmas. Jan Wagoner has now been promoted from an official walker to a driver, with license and all!

Sniff! . . . Sniff! . . . Sniff! Smoke! The Home Ec. girls are at it again! This time it is only Vicky Lutz's cookies, Vicky Lutz! But she's one of our future homemakers! Well, ah, it is better to try out on classmates than husbands.

Advise for members of the junior class: Put your best foot forward. The junior characteristics are being written and you are being closely watched for evidences of your character. End of advice.

Judy Price, last year when we came to school the correct time to arrive was 8:10 a.m. No, the time was not moved up to 8:45 for the new year, so please try to adjust your schedule to fit that of the school. We would appreciate your cooperation on this minor detail.

"I'm going to see 'Birds from Rome'." "What? Oh, I know. He is going to the sophomore show, 'The Pigeon That Took Rome.' Why don't you all join us the evening of Jan. 23 or 24?"

Culver has had its first Homecoming! It is safe to say that people of all ages enjoyed the celebration, with five candidates for queen all decked out in frilly formals, cheerleaders attired in bloomers, and Santa Claus passing out candy. Amid a salute of trumpets Carol Overmyer was crowned the queen and kissed

Holly Thompson and Bruce Lindvall are two papooses who are seen together quite often. Our older and more learned tribe members have "okayed" this young couple. In fact in checking them out it was discovered that they have a common interest — biology — and can often be found in the biology lab.

Bonnie Good finds bowling a strenuous exercise and quite trying on one's patience and sense of accomplishment. I mean like scores of 49 get old after awhile.

Big paw-wows are being planned for the work of the yearly basketball tourney — some by the Pep Club in the form of a pep session and some by the teachers in the form of semester exams. Need we say more? See you in two weeks.

GRADE SCHOOL NEWS

By Karen McDonald and Sharon Wright

Mrs. Melton's kindergarten: Mrs. Melton would like to take this medium to thank the parents and children for their lovely Christmas gifts, and especially the Newmans for the lovely Christmas tree. Most of the children have returned to class, after many being ill with flu, chicken pox, mumps, or other diseases. Robert Ervin has acquired the misfortune of having a broken collar bone. The class has found this quite interesting.

Mrs. Keysor's first grade: They have two visitors in their room. Their names are Pixie and Dixie. Can you guess what they are? They are guinea pigs! The students have been talking about pints and quarts for their num-

Mrs. Barton's first grade: The children have been bringing their toys, which they received for Christmas, to share with the class. Most of the students are back. Many had been home with various illnesses.

Mrs. McLane's first grade: The students of this class are starting to read in their First Reader now. They visited the downtown and school library. Each day the children read a page from the book which they took from the library to take home.

Miss Page's second grade: The class helped Lindon Curtis celebrate his eighth birthday last Friday, and John Melton was eight years old Jan. 1. During vacation many of the students had new experiences such as being stuck in snow drifts in the east, having a first ride in an airplane, and driving through an old covered bridge. In reading, they are in the last unit of the reading book called, Story Book Friends. Many children have been sick in this room, but most of them are back to school. Bryce Hinkle is still home with the chicken pox, however, and Joleen Knepper has moved to Plymouth.

Mrs. Shirrell's second grade: Elizabeth Bigley, Anne Pare, and Kent Strong celebrated birthdays during the vacation. Todd Matson brought some beautiful shells from Florida to show to his class-

The class has a new boy who came from Gary; his name is Ronald King. Some beautiful snow scenes in Mrs. Carter's room seem to cheer the room up, and make reviewing the first semester work more enjoyable.

Mrs. Keller's fourth grade: In social studies, this class has been studying about the Sahara desert and the nomads who live there. In science they have been learning about the planets. Several pupils can name and spell them. Mrs. Keller is reading the stories in the Arabian Nights book which is one of the new books purchased for our room.

Mr. Horban's class: The girls of Mr. Horban's class have acquired a distinction. They all had their spelling words correct on their last unit test. Jim Baker and Connie Shiller had top scores in the arithmetic test last Friday. Barbara Baker won the prize for having the best posture in the class.

How much would it cost to heat your home with electricity?

Are you one of those families who believe that electric heat is expensive? Usually this idea is based on costs established when electric heat was first used . . . when electric rates were higher, and before electric heat units were efficient.

Today, thousands of families keep warm and comfortable with rural electricity, for an average cost of 15¢ per square foot for new homes . . . and 17¢ for existing homes that have been converted for electric heat. The average 3-bedroom home of 1200 square feet can be heated comfortably for the entire season for about \$180.

You can convert to safe, sure REMC electric heat now—with no loss of comfort or convenience. Your present heating system does not need to be disturbed until your new electric heating system is ready for operation.

Let us give you full details now—including an estimate on the cost of heating your home with electricity.

Veterans Warned To Return Pension Questionnaires

Thousands of Indiana pension recipients were reminded recently that veterans or dependents who do not return their VA pension income questionnaires by Jan. 31 will not receive any further checks and may owe the Government money.

It was pointed out by A. J. Boehlechio, manager of the Indianapolis Regional Office of the Veterans Administration, that a warning printed on the questionnaires states that failure to return the card by Jan. 31, 1963 will result in discontinuance of payment and that all pension received in 1962 may have to be paid back.

Since pension is paid only to those veterans, their widows, dependent parents or minor children whose incomes are below certain limits, the VA is required by law to receive an income report each year to justify the payments.

Mr. Boehlechio asked that all blanks on the card be filled in wherever applicable and that the card be signed before it is returned to the Veterans Administration.

Of the 44,000 questionnaires sent to Indiana pensioners, 15,000 have failed to return them. Of those received, it has been necessary to return 1,250 because they were incomplete, and 250 were returned to the pensioners because they were not signed.

Boy Scouts Foster Democratic Living

When a boy becomes 11 years old he may become a member of a Boy Scout troop — often described as a "vest-pocket democracy."

Boy Scouting is based on boy leadership under adult guidance. Boy Scouts elect their own boy leaders and participate in planning patrol and troop programs.

The period in the life of a boy from 11 through 17 years of age is a critical one, full of rapid physical growth and emotional change. He craves action, the fun of doing. He has strong individual likes and dislikes.

Boy Scouting is a program that helps him build a high code of honor to live by, practical experience in unselfish service, fellowship with other boys and with men — strong character, as well as an opportunity to learn by experience and be recognized for his achievements.

A constructive program, Boy Scouting features camping, hiking, first aid, woodcraft, and many other skills boys like to acquire. Scouts are often part of community service projects and render "Good Turns" to those in need of assistance.

Patrol pride and morale are built as the group works together. As the patrol grows stronger, the leader and individual members grow in stature.

Scouting's program is at its best in the out-of-doors. Scout troops carry on a year-round program of camping in all weather and train their members to be self-reliant and resourceful. In simple acts of

chopping wood, preparing a stew, finding his way by compass, the Boy Scout encounters personal tests, meets them, and through the process lays the foundation for later resourcefulness in meeting the recurring tests of life.

If any boy, 11 years of age or older, is interested in joining the local Boy Scouts, contact a member of the Troop or attend a meeting. Troop meetings are held every Monday beginning at 7 a.m. at the Methodist Church Fellowship Hall. Hope to see you there!

Babson Discusses Electronics

Electronic Age Will Bring Many Changes

Babson Park, Mass. — If I were now in high school and had a mechanical "finger" I would learn all I could about electronics.

Electricity in 1894

Mr. Edison had then just invented his incandescent bulb lamps so common today.

There was a "Gloucester Electric Co." which had a dynamo in the rear of a machine shop. It had strong wires to prominent street corners where a carbon lamp hung to light the square. This lamp consisted of two round carbon "rods" which were renewed each morning by the one employee of the little "company".

I then developed a tiny business of installing electric door bells, working only on Saturdays. I used two "wet" batteries, which I located in the cellar of the home. There were no "dry" batteries, or any kind of electrical appliances such as washing machines or electric irons. Radio and TV had not been even dreamed of.

"Wireless" Was Unknown

The greatest invention in my youth was Mr. Marconi's sending

of a message, or signal, without wires. This we read of in our daily newspaper, "The Gloucester Breeze". In 1892 the electric company created by Mr. Edison joined with that of Mr. Houston, starting the General Electric Company in an old bowling alley at Lynn, Mass. This company was then making dynamos and other equipment for new electric light plants starting all over the United States.

These plants used only direct electric current; alternating current had not been invented for use in transmission. My hunchback friend, Charles Steinmetz, was the first to make this useful for transformers. Only then did the Electrical Age, which has since developed so tremendously, grow.

What About The Electronic Age?

If any reader will take a 12" ruler and mark off twelve electromagnetic bands, he will get the secret of Electronics. The first known band at the top will be 2" wide and contain the COSMIC RAYS which are the very shortest, these fill the room in which you are now sitting. The second band will be about an inch wide and comes from the SUNSPOTS. They are tricky and dangerous. The third band consists of X-rays such as are used in hospitals for taking pictures of your insides. The fourth band is made up of ULTRA VIOLENT RAYS. The above bands (except the first) would take about one inch each of the "ruler". Then we would have a band of VISIBLE LIGHT (the main band used in our present great Electrical age), only 1/4 inch wide. The other bands are useful in the Electronic Age which we are just entering.

Below is a band that represents the INFRA RED RAYS, which

are used to help those suffering from arthritis and similar pains. Then we come to two more important bands, each about 1/2 inch wide. Following these is the RADAR band, which is about 1 1/2 inches wide, although we never heard of radar before World War II. This gives us nine bands using a total of 8 1/4 inches, of which only 1/4 inch was used before World War II. Then follow the TELEVISION and RADIO bands, and a band reaching out into the unknown. Someday more will be discovered and harnessed, with marvelous possibilities in the Electronic Age.

Looking Into The Future

Just as radio has brought talking and television brings pictures into your home, the Electronic Age will bring heat, light, taste, smell, and perhaps memory and many other things. Coal, oil, gas and other natural resources will be used for more valuable purposes instead of being burned up. Tremendous changes are coming. We are as backward as when I was a boy with only electric door bells!

Furthermore, I realize that I have not mentioned the possibilities of atomic power and the wonderful latent wealth in uranium oxide. Nor gravity, being studied at New Boston, N. H. This would give free power to every farmer while the hydrogen of the ocean could give free power to every city. I hope we will recognize that these gifts come from God Almighty, to whom we should be very thankful.

A brochure outlining career opportunities in electronics has just been published. Entitled "Electronics — Your Chance to Shape the Future", it is available from Electronic Industries Association, 1721 De Sales Street, N.W., Washington 6, D.C., at 20¢ a copy.

JAN. 31 DEADLINE NEARS FOR SAFE LOANS, PURCHASE AGREEMENTS

Jan. 31, 1963, is the deadline for price-support loans and purchase agreements on a number of crops harvested in 1962. Carl W. Price, Chairman, Agricultural Stabilization and Conservation County Committee, said today. The crops include wheat, barley, oats, grain sorghums, rye and soybeans.

Mr. Price listed the following general provisions of loans and purchase agreements on the 1962 crop of commodities:

(List provisions, including county support rate, date of maturity, etc. Counties offering farm storage loans on the crops should include a sentence that such loans are available.)

The Chairman reminded growers that good storage, which must first be approved by the ASC County Committee, is a requisite for obtaining a price support loan on any farm-stored crop. While the farmer himself is responsible for storing a crop covered by a purchase agreement, the condition and quality of the crop will be a determining factor in the amount

of the support he receives should he decide to deliver his crop under the support program at the end of the season.

PRODUCTION RECORD

Registered Holstein cows from this area are prominently mentioned in an official production testing report received recently from Holstein-Friesian Association of America headquarters at Brattleboro, Vermont.

Fobes Broadview Dictator Hazel 3977702, a seven-year-old, produced 16,662 pounds milk and 746 pounds butterfat in 365 days. Culver Dictator Mooie Topsey 3757120, an eight-year-old, had 20,417 pounds milk and 694 pounds butterfat in 337 days. Culver Dictator Ivy June 3914702, a seven-year-old, had 19,022 pounds milk and 687 pounds butterfat in 358 days. Culver Rufus General Kris 4147172, a six-year-old, had 16,897 pounds milk and 664 pounds butterfat in 365 days. Culver General Fobes Pearl 340-9179, a ten-year-old, had 15,124 pounds milk and 645 pounds butterfat in 314 days. Culver Dictator King Cindy 4006040, a six-year-old, had 16,469 pounds milk and 634 pounds butterfat in 324 days. Culver Lad Dictator Nancy 4743894, a two-year-old, had 14,635 pounds milk and 619 pounds butterfat in 365 days. Culver Design Lad Betsy 46954-78, a two-year-old, had 14,383 pounds milk and 618 pounds butterfat in 357 days. All are owned by John A. Newman & Sons, Newman Holstein Farms, Culver.

According to the national Holstein organization, the new production figures compare to an annual output of 7,211 pounds of milk and 270 pounds of butterfat by the average U. S. dairy cow.

Purdue University supervised the weighing and testing of the Holstein records as part of the breed's nation-wide herd testing programs.

DO YOU NEED DIRECTIONS?

Public libraries today are filled with "how to do it" books. From them we may learn to do almost anything from baking a cake to building a house, from managing a home to conducting a business. But by far the most important are the books which show us how to build our lives.

The greatest among these is the Bible, a book which has withstood the test of centuries. Within it are God's directions for abundant living. But it is not easy to put these directions into practice. We need help.

We turn to the Church. In the Church we find inspiration through the companionship of others who with us strive for a better life. There, in prayer and worship, we know the blessings of God, the Father. We learn to follow the example of the Christ, and feel the power of His Spirit who alone enables us to live the abundant life.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

THE FEAT OF ORBITING THE EARTH, RIDING IN A VEHICLE THE SIZE OF A HUGE CAN, IS NO LONGER NEWS...

BUT DID YOU KNOW THAT LAST YEAR'S PRODUCTION AND USE OF METAL CANS, TOTALING 45 BILLION, WOULD ENCIRCLE THE EARTH MORE THAN 100 TIMES?

THE MERCURY CAPSULE THAT CARRIED COL. GLENN AROUND THE EARTH MEASURES 9 1/2 FEET HIGH, AND 6 FEET WIDE AT BASE OF ITS BELL SHAPE.

OF THE TOTAL CANS USED, 25% FOR EACH MAN, WOMAN AND CHILD; 145 HELD FOOD PRODUCTS, 60 HELD BEVERAGES, 11 CARRIED PET FOODS AND 59 WERE CANS USED FOR NON-FOOD PRODUCTS SUCH AS AEROSOLS.

JUST AS OUR TEAM OF SCIENTISTS WORKED TOGETHER TO MAKE POSSIBLE COL. GLENN'S FLIGHT... SO HAS TECHNOLOGICAL PROGRESS IN THE CAN MAKING INDUSTRY MADE POSSIBLE ONE OF TODAY'S MOST INDISPENSABLE PRODUCTS, THE METAL CAN.

ELEVATED FLOWERS — A Steuben County resident, Virgil Fouts, told The Angola Herald last year he had the tallest sunflowers in the county. He was back this year with the same story, so the editor went to the Fouts home to see for himself. The editor gave this report: "Sure enough, there, high in a maple tree in a crotch of the limbs were several sunflower plants growing and in bloom. Since they were about 20 feet up we assumed these were the highest sunflowers in the county." Fouts said he puts out sunflower seeds in a bird feeder and he believes squirrels carry them up the tree and hide them in the crotch where they sprout.

Applying 50 pounds of nitrogen per acre to grass pastures in early spring will permit grazing one to two weeks earlier and may boost forage production 50 to 75 per cent, according to Purdue University agronomists.

Conservation Dept. Trades Grouse For Wild Turkeys

The Division of Fish and Game of the Indiana Department of Conservation has announced that five wild turkeys, three hens and two toms, have been received from the State of Missouri in exchange for Indiana ruffed grouse. It is anticipated that the 1963 quota can be increased under the exchange program.

Trapping wild turkeys, as well as grouse, is time consuming and quite expensive. This seems to be the only way, however, in which to establish a flock of turkeys since the many efforts to start wild flocks with game farm birds have failed.

The Department's Research Biologist, Max Hamilton, is in charge of the turkey release. The five birds from Missouri plus three which were trapped on the Crane Naval Ammunition Depot have been released in the Brown County State Park. Other release sites will be chosen as readily as the birds become available.

Indians Score Second Victory Of The Season

Defeat LaPaz By Score Of 71-60

By EARL D. MISHLER

The Culver Indians warmed up for this week's County Tourney Friday by defeating LaPaz, 71-60, for their second win in ten starts. Coach Gene Crosley's boys featured balanced scoring, sharp shooting, and rugged rebounding as they out-played the visiting Vikings in every department.

Culver led all the way, except for a few moments in the second quarter. Thad Overmyer led the local tribe to a 19-15 first quarter lead with hard driving and timely offensive rebounds. All the Indians clicked in the second and third quarters as they raced to a 60-47 lead after three periods. Overmyer was hardly missed when he got in foul trouble, as Dave Lemar and Rick Ervin controlled the boards and led the scoring, along with sharp-shooting Sam Lowry.

The visitors never seriously threatened a comeback, and late in the game Culver's seldom-used reserves saw some action. The Tribe had built up a 17-point lead over LaPaz, who had lost only twice previously.

Ervin, who was invaluable in helping the guards beat LaPaz' zone press defense, led Culver with 17 points while Lowry and Overmyer added 16 apiece. Lemar contributed 11 and Paul White nine. Jim Holland, the loser's speedy junior guard, poured in 30 points to lead all scorers. The Vikes' 6-4 center, Don Balka, was held to only nine points.

The victory will be of great help to boost the Indians' morale for the tourney. Culver faces Tyner Friday night at 8:00 p.m.

Culver's B-team dropped its fourth straight game, 47-41. Jim Weirick hit nine for the Papooses, who are now 6-6. Jan Quivey scored 18 and Ed Clifton 13 for LaPaz' B-Team, which was well-coached by former C.H.S. star Jim "Piney" Kowatch. Box score:

Academy Sports

Wrestling continued to set the pace among Culver Military Academy's sports teams as the Eagle grapplers boosted their record to 6-1 and finished third in the Penn Invitational meet last weekend.

Coach Colin Stetson's wrestlers, with several important matches this week, disposed of two rugged obstacles last week. They scraped through a close match with New Haven High School, 26-24, when their last three team members pulled the decision out of the fire. Mike McCullough, of Culver, and Eagle grapplers Dave and Art Miller posted the match-clinching victories.

At Penn, three Culver wrestlers posted individual championships as the Academy finished behind tough Michawaka and the host squad. Individual titles went to Wendell Jacobs, who didn't allow an opponent a single point in the 129-pound class; Tom Clark, a reserve who was moved into the 147-pound class due to an injury to team co-captain Lance Cannard; and Mike Thrower, in the 156-pound class. The Miller brothers, Dave and Art, were beaten in the championship finals.

While Culver's swimming team continued its winning ways with a 69-26 smashing of South Bend Washington here last week, the basketball team was having its troubles. The Eagle quintet came up with one of its best performances of the year Friday night when it posted a 76-67 victory over Talma High School, then turned in one of its worst Saturday night in a 74-28 shellacking by Niles (Mich.) High School.

Against Talma, which had a 10-2 record, underclassmen Paul Killian and Butch Pretorius had their best nights in a varsity uniform. Killian had 30 points, Pretorius had 19, and team scoring leader John Teeter posted 21 points. Prior to that game, the Eagles had beaten only their alumni team and Coach Chet Marshall had good reason to believe the team may have snapped out of its slump of five straight defeats. But Saturday night the Culver eagles made only nine field goals in 60 attempts — roughly 17 per cent — as Niles sailed to a one-sided decision.

In its first shoulder-to-shoulder rifle match of the season, Culver outfired Howe Military School, 1876 to 1862 here Saturday. Cadet James Augustine was high man in the match with 379 out of a possible 400, while Cadet Ed Taber hit 93 and 99 for highs in the standing and sitting positions.

In athletic events this week, the basketball squad hosts Hobart River Forest at 8 p.m. Friday night and then travels to St. John's Saturday. The wrestling team will face Merrillville here at 2 p.m. Saturday.

RETURNS FROM VACATION

Mr. and Mrs. Wilbia L. Carrothers and Mr. and Mrs. Maurice E. Nelson have returned from a two-weeks' vacation in Fort Myers, Fla. They report the weather was delightful and the fishing good.

Final County Tourney Opens Thursday Night

Culver Indians Meet Tyner Friday

By EARL D. MISHLER

The Marshall County Tourney opens for the last time Thursday evening in Plymouth's Centennial gymnasium. The annual eight-team affair will be discontinued next year due to school consolidations.

Defending champion Bourbon faces Argos in Friday night's opener, and the Comets' most serious challenger for this year's crown, Bremen, opens the tourney Thursday against Tippecanoe. Both sessions start at 6:45 p.m.

Bremen (6-5) has not played Tippy this year but should have no trouble with the Police Dogs (3-10). The Lions are led by sharpshooting Eldon Anglin, who has tallied 17.3 points per game. In addition Coach Chuck Blackburn boasts Craig Roeder, who at 6'7" is the county's tallest player. Roeder has averaged 14.4 ppg. Tippy, coached by Tom McPherson, has been led by junior forward Bob Trowbridge at 15.3 and senior guard Bill Church at 14.5.

Thursday's second game pits West Township (1-10) against LaPaz (8-3). LaPaz scored a 58-48 victory over the Bulldogs on Nov. 2. West's top guns have been sophomore Herb Hendrickson, 13.5, and Don Cramer, 13.0. The Bulldog mentor is Bill Snyder. LaPaz, led by Coach Dale Cox, boasts two high scoring juniors in Jim Holland, 17.3, and 6'4" Don Balka, 17.1. Although this may be the closest of the first round games, LaPaz should still win handily.

In Thursday night's opener Bourbon (9-2) is heavily favored over Argos (2-10). Coach Dick Campbell's Comets have classy forward Chris Booz, who is averaging 14.7, but have balanced scoring with Dick Anders 11.9, Joe Sharpe 11.5, Steve Shively 10.8, and Will Metheny, 10.1. Bourbon is definitely the team to beat again this year. Argos, who dropped a 78-46 decision to the Comets on Dec. 1, has been led by junior forward Charles Redinger at 11.3. The Dragons are coached by Ralph Powell.

The final first round game pits Tyner (2-10) against Culver (2-8). Coach Hal Muncie's Redmen fell to Culver, 61-50, on Nov. 16. Tyner has no scorer averaging in double figures, but gets lots of service from eight players. Van Ross' scanty 8 ppg. average tops the Redmen. Coach Gene Crosley's Indians have stayed close in all but one of their eight setbacks and have shown steady improvement since the addition of soph Jim Boswell to the starting line-up. Seniors Thad Overmyer and Rick Ervin, who both stand 6'3", are leading the balanced Culver scoring with 11.7 and 10.1 averages respectively. Culver's tougher schedule has

helped them improve since their first victory over Tyner and the Indians should be more convincing this time.

Saturday's semi-final action will start at 1 p.m. and the title game is set for that night at 8:15 p.m.

Bourbon gets our nod as the best bet to win the last County Tourney Trophy, but not without competition from Bremen, Culver, and LaPaz.

Attend Annual Chicago White Sox Press Luncheon

By EARL D. MISHLER

The Chicago White Sox held their fourth annual travelling press luncheon last Thursday at Eddie's Restaurant in South Bend. About 50 of the South Bend area's newspaper and television representatives were there, including publisher, John Cleveland, and Earl Mishler of The Citizen.

White Sox dignitaries who mingled with the guests prior to lunch and who answered questions at an informal press conference afterwards included players Joe Cunningham, Joe Horlen, and Floyd Robinson, Manager Al Lopez, General Manager Ed Short, Sportsmaster Bob Elson, Farm System Director Glenn Miller and Publicity Directors Don Unterh and Howard Roberts.

The entertaining press conference was dominated by Manager Lopez who answered questions ranging from appraisals of the present White Sox team to comparisons of modern baseball and pre-war ball. The Senator handled them all in his usual affable manner. The session was brightened by some clever comments by the Sox' comical first sacker, Cunningham.

The entire luncheon was held in a very genial atmosphere and helped to solidify the already fine relations between the Sox and the members of the press.

Girl Scout News

By Pam Thompson

Girl Scout Troop 143 held their first meeting of the New Year at the St. Mary's Catholic Church Tuesday, Jan. 8. The meeting began with the singing of the Girl Scout song and repeating the scout laws.

The troop was happy to have as a visitor Mrs. Mary Olson, Girl Scout District Supervisor of Michigan City. Mrs. Olson gave a speech on Girl Scouts.

The meeting was closed by the singing of songs.

Girl Scout Troop 52 held their regular meeting at St. Mary's Catholic Church on Jan. 15. After the opening ceremony we practiced the flag ceremony and played two games. It was voted that a change be made in the patrol. It is now Clover Leaf Patrol. We discussed the puppet show and plan to make hand puppets next Tuesday.

Purdue University poultrymen recommend removing dust from the wire screen covering ventilation fan outlets in poultry houses. If neglected, the dust may accumulate enough to reduce seriously performance of the fan.
