Culver Indians Lack Height, But Strong Otherwise

By Earl Mishler
Improved speed, more depth, and fine outside shooting appear to be the features of the 1963-64 Culver Indians. Competition for starting positions during pre-season practice sessions has been more intense than in any year since the days of "Red" Soring's two-platoon system.

Coch Gene Crosley, starting his third season at CHS, has welcomed back five lettermen from last year's squad, which was defeated, 55-53, by Plymouth in the Sectional championship game. Although Crosley's teams have had disappointing records of 3-18 and 4-16, they have gained recognition as strong tourney teams, winning four of those ten victories in County and Sectional competition.

Those poor records could be a thing of the past if the Indians' new front line can overcome the loss via graduation of 6'3" stars Rick Ervin and Thad Overmyer. No such height appears this year, but the potential is there for another strong front line.

Two-time letter-winners Sam Lowry (11.3 ppg last year, 5.8 ppg as soph) and Paul White (8.3 and 8.0) head the list of returnees, which includes Ned Davis (1.9), a senior like Lowry and White, and juniors Dave Lenar (6.6 and 1.4 as frosh) and Jim Boswell (4.2).

All five lettermen will see a good deal of action. However, non-letterwinners Bob Eustis, Jim Lewis (3.5 in two games), and Doug Lindvall (2.0 in one game), all juniors, are making strong bids for starting berths. Eustis, a B-Team performer last year at Valparaiso High School, is almost a certain starter. Rounding out the squad are seniors Bob Carter, Tom Yocom, Jim Jones, and junior Jim Weirick.

Backcourt strength is extremely good, with Lowry and Boswell, both terrific shooters, backed up by speedsters White and Lewis. Lenar and Eustis have the inside rack on positions up front. If neither Davis nor Lindvall can sew up the third spot, Lowry can be shifted to forward. Eustis, Lenar, and Davis can all play either center or forward, giving Crosley added versatility.

This year's B-Team has an enormous 16-man roster, including ten sophomores. The Papoos, who may be hard-pressed to match last year's 11-9 record, will be coached by John Bortorff, who has just recently joined the coaching staff. Among the youngsters counted on to lead the B-Team attack are juniors Paul Little and Al Hyland and sophomores Andy Lowry and Bruce Lindvall.

Culver opens their season Friday, Nov. 8 against Aubree at Jeters Ford. The following night, the Tribe travels to Union Hills to face a new opponent, South Central.

Two other new names appear in the Indians' schedule, but the ones may be familiar. Triton, the consolidation of Bourbon, Elma, Green, and Tippecanoe, visits Culver Jan. 17. Pioneer Regional, formerly Royal Center and Lurane, hosts the Tribe Feb. 7. Pioneer could be a state power, with five of the top six men back from Royal Center's semi-state finalists.

Another powerhouse on the schedule will be gigantic Lake-ite, who just may have a chance to upset some South Bend schools in their Sectional. Culver will appear in a Holiday Tourney Dec. 1 and 28 at Argos. Triton and Lurane are the other schools involved. The Marshall County journey will not be played this

Basketball Open House Set For Tuesday, Nov. 5

Basketball Open House for the Culver Community Schools will be held Tuesday, Nov. 5, at 7:00 p.m. at the High School Gym. The open house had formerly been scheduled for tomorrow night.

The purpose of the open house is to give the fans in the community a chance to preview the teams which will represent Culver on the basketball floor this winter.

Starting with the seventh and eighth grade team and progressing through to the varsity, each team will play two quarters of scrimmage. Eight quarters in all. There will also be a pep band to help liven up the night's activities.

The coaching staff will go over any new rule changes for the 1963-64 season. Also they will try to answer any questions pertaining to rule interpretation that fans might have.

There will be a small charge of 15 cents for children and 25 cents or a box of laundry soap for adults.

year.

The only major rule change made since last season states that the clock will stop for any violation. Previously, only fouls, held balls, or times out would stop it. It is speculated that this new rule will add two or three minutes to the actual playing time.

Plan To Divide North Bend Twp. Revealed

A report on information regarding the use of a survey team from Purdue University and a discussion of the State School Reorganization Commission's plan to talk with the Marshall and Starke County Reorganization Committees about North Bend Township were the main items of business at last evening's meeting of the Culver Community School Board.

In the previous meeting on Oct. 22, a delegation from Aubree Township had recommended the use of a school survey team from one of the state universities. Since that time, Superintendent Frank McLane had communicated with the Department of Education at Purdue University regarding this proposal. A letter from Mr. A. T. Lindley, Coordinator of Special School Services at Purdue, was read, indicating the possibility of two different types of survey that could be made. One of these would involve a comprehensive study of the school system with recommendations concerning: (1) scope of the educational program; (2) present and future pupil population; (3) grade level organization for the school system; (4) evaluation of existing school building facilities and the need for location and construction of new school building facilities; (5) organization and administration of the pupil transportation program; (6) financial resources and capital outlay financing; (7) administrative services.

A second type of survey could be made, including especially a study of available facilities and recommendations of the desirable and efficient use of such facilities. Such a survey could provide information within a short time with regard to recommended use of the corporation's schools.

After studying Mr. Lindley's proposals, the School Board decided to postpone a decision on plans for such a survey until Principal Kenneth Olin could complete a schedule of classes and possible room usage at Aubree Township School if the junior high school is combined there next year. Mr. Olin and Principal Kenneth Cole of Culver School had met with Mr. McLane and prepared the complete schedule of subject offerings, with number of classes per week for each subject. The assignment of these classes to existing rooms at Aubree Township School is to be developed by Principal Olin and presented for School Board study.

Copies of a letter sent to the Marshall County School Reorganization Committee by Dr. J. E. Kohlmeier, Executive Director for the State Reorganization Commission, were studied by the School Board members and George Stevens, the Board's legal advisor. The letter requested that the Marshall and Starke County Reorganization Committees meet with the State Reorganization Commission at Fulton High School on Thursday, Nov. 7, relative to the possibility of dividing North Bend Township, including part of it in the Starke County Plan with Knox and part with Culver.

The School Board considered such a division undesirable for Culver Community Schools Corporation, since such a division would be made because of objections to the school unit by a minority group. If such a practice is initiated with respect to reorganized corporations, divisions of school units would be a continuous problem over the State of Indiana. Therefore the School Board agreed to oppose the proposal to revise the corporation as it was approved by the State Reorganization Commission in December of 1962.

It Pays To Advertise

The Culver Fire Department was called to the lake side cottage of Robert D. Robinson, 1322 East Shore Drive Sunday evening about 5:30 p.m. to extinguish a burning pile of old lumber. Origin of the blaze is not known.

The lumber was part of a wrecked building, which had been stacked next to a propane gas tank and another building. When firemen arrived, flames were shooting several feet in the air and it was feared the gas tank would explode. Quick action by the fire department eliminated the danger of the tank exploding. Heat did some damage to the paint on the nearby building.

Mary Lynn Stoffel Speaks Wedding Vows With
Lance A. Overmyer In Huntington Ceremony

MRS. LANCE A. OVERMYER

The SS. Peter and Paul Catholic Church in Huntington, Ind., was the scene of an 11 o'clock double-ring ceremony Saturday morning, Oct. 26, uniting in marriage Miss Mary Lynn Stoffel and Lance A. Overmyer. The Rev. Lawrence Gollner officiated. The altar was graced by gold and bronze pompons. Matching floor candelabras, decorated with bows and flowers, added to the decor of the altar scene.

The bride is the daughter of Mr. and Mrs. Joseph E. Stoffel, 1345 N. Jefferson St., Huntington, Ind., and the bridegroom is the son of Mr. and Mrs. Earl D. Overmyer, North Shore Drive, Culver.

Preceding the nuptial high Mass was sung by SS. Peter and Paul Men's Choir, accompanied by Mrs. Casper. Their program included the proper parts of the Mass arranged by Rev. Carlo Rossini, and the Kyrie, Gloria, Scantus, Benedictus and Agnus Dei from the Mass of St. Joan of Arc. (Dobbelesteen). At the offertory, the men sang "Ave Maria" (Dr. F. X. Witt). Following the mass, when the bride placed her bouquet at the Blessed Virgin altar, the men's choir sang, "Mother At Your Feet is Kneeling." As the bridal party left the church following the ceremony.

Music for the nuptial high Mass was sung by SS. Peter and Paul Men's Choir, accompanied by Mrs. Casper. Their program included the proper parts of the Mass arranged by Rev. Carlo Rossini, and the Kyrie, Gloria, Scantus, Benedictus and Agnus Dei from the Mass of St. Joan of Arc. (Dobbelesteen). At the offertory, the men sang "Ave Maria" (Dr. F. X. Witt). Following the mass, when the bride placed her bouquet at the Blessed Virgin altar, the men's choir sang, "Mother At Your Feet is Kneeling." As the bridal party left the church following the ceremony.

Mrs. Casper played the Recessional from Renard's "Nuptial Suite."

Escorted down the aisle by her father, the bride was radiant in a sheath silhouette bridal gown of white satin brocade featuring a sweeping detachable chapel-length train, highlighted with a cabochon rose. The fitted bodice was fashioned with a scoop neckline and long sleeves tapered to points over her wrists. Her bouffant veil of pure silk imported English illusion was caught to a scalloped pearl crown trimmed with peau de soie roses. Her bridal bouquet was a colonial arrangement of gardenias, orange blossoms and ivy leaves.

Miss Jean Ann Hammond was maid-of-honor. She wore a gown of olive and moss peau, styled with fitted bodice, bateau neckline, short sleeves, and ballerina-length sheath skirt with removable peau floor-length overskirt in a slightly darker shade. A matching crown with circular maline veil completed her ensemble. She wore a single strand of pearls, gift of the bride. She carried a colonial bouquet of moss green, gold, and bronze.

Miss Jolene Stoffel, sister of the bride, Miss Suzanne Overmyer, sister of the bridegroom, and Mrs. Fred Salerno, sorority sister of the bride, served as bridesmaids. They wore similar gowns of capucine and sierra rust with matching crowns. They also carried colonial bouquets of rust, gold and bronze.

Little Miss Ave Stoffel, sister of the bride, was flower girl. Her gown was fashioned exactly as

those of the bridesmaids, and she carried a small stiff decorated with pompons and ribbons.

Master Kyle Stoffel, cousin of the bride, was ring bearer.

Thad Overmyer, brother of the bridegroom, served as best man. Guests were seated by Dan Savage, cousin of the bridegroom. Larry Davis, and Fred Salerno.

Acolytes were Joseph Stoffel Jr., brother of the bride, and Michael Martin.

The mother of the bride was attired in a beige brocade matching dress and coat ensemble, complimented with toast accessories. The bridegroom's mother wore a gold brocade dress and jacket with contrasting accessories. Both mothers wore cyripedium orchid corsages. The grandmothers wore shoulder corsages of mums in shades blending with their attire.

An afternoon reception was held at the LaFontaine Country Club from two to four o'clock. Servers included Miss Mary Soloway, Miss Mary Wall, Miss Eleanor Schmitt and Miss Rose Karst. Mrs. Robert Wyne registered the guests.

The new Mrs. Overmyer selected a black and white tweed costume suit, trimmed in leather, with matching accessories, and she wore an orchid corsage for their honeymoon trip to Florida. Following their return, the couple will reside in Culver.

Mrs. Overmyer graduated from Huntington Catholic High School and attended Saint Francis College.

The bridegroom is a graduate of Culver High School and attended Manchester College.

The bridegroom's parents, Mr. and Mrs. Earl D. Overmyer, were hosts at the rehearsal dinner held at the LaFontaine Hotel the evening preceding the wedding.

Mr. and Mrs. Frank McLane were among the Culver folks who enjoyed a trip through the Smoky Mountains and a visit in Gatlinburg, Tenn., this past week.

Mr. and Mrs. James Watters, Wilmer Lake, Route 2, Wolcottville, Ind., are the parents of a son born Thursday, Oct. 24, at the LaGrange County Hospital, LaGrange, Ind. The baby weighed 7 pounds, 12 1/2 ounces, and has been named Michael Reed. Mrs. Watters is the former Barbara Rust, daughter of Mr. and Mrs. Robert Rust of Culver.

The Norman Kelly Family Enjoys Smoky Mountain Trip

Mr. and Mrs. Norman Kelly and children, Dave, Steve, and Connie, left Culver last Wednesday afternoon, following the dismissal of classes in the Culver schools, for Gatlinburg, Tenn. En route they spent Wednesday night in Louisville, Ky.

Th Kelly family enjoyed attending the "Craftsman's Fair" in Gatlinburg and also visited many historic places of interest, including the Cherokee Indian Reservation, which is the largest Indian reservation east of Wisconsin, and the capital of 3,000 Cherokees.

The Kellys made the trip home from Gatlinburg in one day, arriving in Culver about 9:30 Sunday night. They were all highly enthusiastic about their four-day trip through the beautiful Smokies.

The William Tabers Vacation In Smokies

Mr. and Mrs. William W. Taber and sons, Jim, Bob, and Billy, returned to their Culver home Sunday from a vacation trip to Gatlinburg, Tenn., and other nearby resorts in the Smoky Mountain area. While in Gatlinburg, the Tabers attended the "Craftsman's Fair" and also visited the Cherokee Indian Reservation in Cherokee, N.C. The boys were particularly impressed and thrilled with a ride on the ski lift on Mt. Harrison.

En route home the Taber family spent Saturday night in Louisville, Ky., with the Ronald Baker family, former Culver residents.

During their visit in Gatlinburg, the Tabers saw many of their Culver friends, seventeen in all, quite a contingent from Culver, who were all enjoying their

trips through the beautiful Smoky Mountains.

Rose Voreis, Sally Munaster, Margaret Swanson Vacation In Smoky Mountains

The Misses Rose Voreis, Margaret Swanson, and Sally Munaster have returned from a two-weeks' vacation trip to Gatlinburg, Tenn. During their stay there they attended the "Craftsman's Fair," which is greatly attended by visitors from far and near.

Main side trips to Cherokee, N.C., the Cherokee Indian Reservation, and other historic places were greatly enjoyed by these Culver residents. The Fall coloring was at its peak and their drive through the beautiful Smoky Mountain Range was most impressive.

During their visit at Gatlinburg, they enjoyed a chance meeting of several of their Culver friends, the Hampton Boswells, the Norman Kelly family, and the William Taber family, who were also vacationing in Gatlinburg.

The Hampton Boswells Enjoy Smoky Mountain Trip

Mr. and Mrs. Hampton Boswell returned to Culver Sunday after a week's trip through the Smoky Mountains. The Boswells' itinerary included a visit to Gatlinburg, Tenn., where they enjoyed the "Craftsman's Fair," which is an annual event in Gatlinburg — also a trip to nearby Cherokee, N.C.

In Nashville, Tenn., the Boswells visited Mrs. Boswell's cousin, Mrs. Elmo Brown, and family. While in Nashville they also visited the "Hermitage," the historic home of General Andrew Jackson.

Returning via the scenic Sky-Line Drive through the Smokies, the Boswells visited the famous Biltmore House and gardens at Asheville, N.C., the University of Virginia at Charlottesville, and "Monticello," the famous and stately home of Thomas Jefferson, and the Virginia home of James Monroe.

The Fall coloring of this scenic trip was greatly enjoyed by the Boswells.

Make certain the brake lights on your car are in good working order, advises the Chicago Motor Club. This is the best way you have of warning motorists behind you when you are stopping or slowing down. If you find your brake lights are not working, use hand signals until you can have them repaired.

Mrs. Charles E. Glass of Fort Wayne, who has been visiting her daughter, Mrs. Chester W. Cleveland this past week, returned to her home in Fort Wayne Sunday evening. Mrs. Glass was accompanied to Culver by three-year-old Suzanne Cleveland, who had visited her great grandmother for ten days. "Susie" enjoyed her

train ride on the Pennsylvania Railroad. Mrs. A. M. Cleveland of Plymouth was also a weekend guest of her daughter-in-law, Mrs. Chester W. Cleveland.

Sunday afternoon callers of Mrs. Trula McKee were Mr. and Mrs. William Fisher Sr. of Bremen, and Mrs. Eugene Thomas and children of Culver.

Miss Barbara Hatten of South Bend spent the weekend with her parents and brother, Mr. and Mrs. Harold Hatten and Paul.

Mr. and Mrs. Glenn Doll and Freddie May spent the weekend in Columbus, Ohio, with Mr. and Mrs. Doll's daughter and Mr. and Mrs. Larry Poling and Tim.

New Regulations For Securing Auto Licenses

A bulletin has been prepared jointly by the Bureau of Motor Vehicles, the State Board of Accounts and the State Board of Tax Commissioners to provide a uniform procedure by which better controls may be established over the registration and assessment of motor vehicles; and for the enforcement of the collection of personal property and poll taxes as a condition to the issuance of motor vehicles licenses.

Special instructions set out for License Branches, were prepared by the Bureau of Motor Vehicles; those for County and Township Assessors by the State Board of Tax Commissioners; and those pertaining to County Treasurers by the State Board of Accounts.

The Auto License Branches can no longer issue plates for any vehicle unless the applicant presents to the Branch at the time of application his paid up County tax receipt, stamped paid by the County Treasurer and having stamped and endorsed thereon by the County Treasurer, the following statement:

"To the best of my knowledge and belief the above named taxpayer has paid all poll and personal taxes assessed against him in _____ County, including all delinquent personal property tax and poll tax, due to and including the installment of tax covered by this receipt."

Signed County Treasurer

An affidavit form has been approved for use of any applicant for license who owns no personal property subject to taxation and is not subject to poll tax in any county in the State, and who owes no delinquent personal property or poll tax in any county in the State. These affidavits are numbered and notarized by the County Assessor, and must be presented to the license branch upon application of a plate for a motor vehicle. License Branches can no longer issue a license merely by stamping an application "tax receipt shown", but must copy information from the paid tax receipt directly on the plate application.

Therefore, the Plymouth Branch of the Bureau of Motor Vehicles will request a tax receipt on all plates sold for 1964. No applications can be taken for pre-paid plate before January 1st unless the applicant brings to the Branch his "B" copy of his personal property tax. This copy must be marked paid and the above quoted stamp must appear on the receipt. If this stamp is missing from your copy, you must take your receipt to the treasurer and have the stamp affixed before applying for plates.

The License Branch shall issue motor vehicle licenses only to owners who reside in the county in which the Branch is located.

The License Branch shall accept one of the following evidences and no other pursuant to the requirements:

1. Tax receipt, marked paid and signed by Treasurer
2. Tax clearance signed by County Assessor.

If one or the other of these properly prepared and properly numbered documents is not produced, no vehicle license will be issued.

Any charitable, educational, or religious organization allowed an exemption shall be required to obtain a tax clearance statement from the County Assessor.

Tax receipts or tax clearance statement must be submitted to cover every name shown on the registration forms.

In 1920 the median age of the population was 16.7 (half were over and half under that age).

Babson Discusses Old "Worthless" Stocks and Bonds

Check Thoroughly Before Destroying

Every now and again I receive a spate of questions from readers about what to do with old and apparently worthless stock certificates that have been found around the house. How can they be sure they want to know, whether or not these stocks have any value at all?

Fortunes May Be Uncovered

My first advice to such people is not to let go of such investments for any amount until they check every possible source of information about the companies involved.

Roger W. Babson

I remember some years ago that a Wall Street banker asked me if I would help him get some "worthless" stocks from readers of my column for a few pennies per certificate (not per share). Looking into the situation, I found that 49 out of 50 certificates bought by this broker turned out to be actually worthless. BUT one out of every 50 might be worth as much as \$1,000. This usually was a certificate needed by a company to dissolve or consolidate without any outstanding obligations or complications.

While I am in no position, of course, to tell my readers exactly what to do in such situations, I still insist that you should not throw away any certificate just because some member of the family or some other "helpful" person says it is valueless. Probably the best bet is to show it to your regular banker. He will know how to go about checking on the current value, if any, of your certificates.

How Values Can Come Back

You will find that lots of your "worthless" certificates that turn up in desk drawers or in your attic represent old mining companies. Maybe they never were any good, or perhaps they were issued by mines that petered out. Some companies didn't have the money to dissolve legally, so perhaps they let some rancher pay the taxes for the right to use the land. And so the company was forgotten after stockholders were told that it had "passed out."

But I can remember, for example, some instances in the 1950's when uranium was found on such lands, with an increase from, say, \$5 an acre to \$50,000 an acre resulting. Maybe an old-timer who recalls the company gets himself a list of original stockholders and writes to them offering \$10 a share for their certificates. Most families still having the certificates are probably glad to get \$10 a share. What they don't know is that the shares may now be worth as much as \$1,000 because of the new-found uranium. Who can tell what new changes might come about for such undissolved companies?

Disappearing Stockholders

I have often urged people who move from one address to another to be sure to write any company whose stock they hold and let them know of the change. If you have some "worthless" stock, spend five cents on a postage stamp and take the time to write a letter giving your new address. If you move too many times and such shifts are not reported, a

company gets back the letters they send to you — marked "unknown" — and after a time the firm puts you down on its records as "deceased."

My family for some time had large holdings in a national retail corporation. At one time this firm has had nearly 100 stockholders who could not be located. It may sound unlikely, but you actually might be one of these stockholders. There must be hundreds of other companies with the same difficulty. And don't forget that such stocks can double or triple in value, and you may not be found to be given your just share in the profits. Don't let that happen to you or your family.

Don't Dispose of Defaulted Bonds

While on this subject, let me warn you not to rush to sell bonds that you hold when they default. The price of the bond may plummet from par to 50c or so on the dollar, but I have seen many such bonds climb back up to \$1,000 in the course of years. I remember that Sheraton Hotel chain bonds sold at \$1,000 before the turn of the century, then they defaulted and fell to around \$200 where they remained for years. Long after that, a courageous and imaginative financier named Ernest Henderson showed his faith in the hotel business by buying up these "undesirable" bonds. Since that time they have, of course, been paid off at par.

DODOES — The consolidation of many high schools throughout the state is making extinct the nickname of the athletic teams of the old high schools. A consolidation of the Milton and Cambridge City high schools in Wayne County is a case in point. Milton's teams have been known as the "Sharpshooters" and the Cambridge City teams as the "Wampus Cats." A suggestion has been made that the teams of the consolidated high school be called the "Sharp Cats."

Four Boy Scouts and a leader attended the Green Bar trip on Thursday through Sunday, Oct. 24 to 27. Numerous caves were visited in Southern Indiana and Kentucky with camping at various state parks. Those attending were John Cook, Greg Easterday, Dean Smith, Carl Strang and Mr. Sam Allen.

The October 28 meeting of Troop 250 was opened by the Wolf Patrol. The Beaver and Wolf Patrols won the pre-opening game of "Flap-Jack Flipping." Announcements were then given by the Scoutmaster, following which a summary of the Green Bar trip was given by "Skip" Smith. Next was patrol corners where dues and attendance were taken. A "Scavenger Hunt" was held and won by the Panther Patrol with the Flaming Arrows taking second. The meeting was closed by the playing of Taps.

First Aid classes are being held every Tuesday at 7 p.m. so that Scouts may pass their First Aid requirements in Second and First Class and the First Aid merit badge.

Scouts are reminded to be at the Library at 6 p.m. on Wednesday in full uniform to collect money for UNICEF.

The District Scout Rally and Deer Roast will be held on Saturday, Nov. 2, at Myers Lake Scout Reservation. Meet at the Methodist Church at 9 a.m. in full uniform. Bring your noon meal (meat and vegetables for a kabob, biscuit flour for bread-on-a-stick, and an apple or orange and raisins or candy) and a friend (10% and up that is not a member of the Troop). There will be a special award for those who bring a new member. Be sure to notify the Scoutmaster if you plan to bring someone. We will arrive home about 5:30 p.m.

There will be a Court of Honor on Monday, Nov. 18.

On Saturday, Dec. 7, there will be a Junior Leader Training Conference at the Plymouth Conservation Club for afternoon and evening sessions. This is for Troop leaders only.

We are looking for boys between the ages of 11 and 18 years of age, that are interested in fun, adventure, camping, and new fields of interest, to join our Troop and the Boy Scouting program.

Troop meetings are held every Monday at 7 p.m. at the Methodist Church. Come and join us next Monday!

EXTENSION OF VALIDITY PERIOD FOR SERVICE MEN'S OPERATOR'S LICENSES

Chapter 127 of the Acts of 1963 provides: "A valid Indiana operator's license held by a person before he entered military service in the armed forces of the United States or one that was issued after he entered the service will continue to be valid for a period of four years thereafter or until the thirtieth day next following his honorable discharge from the service or release from active duty, whichever is the lesser period."

The extension of the valid period of the license shall be automatic.

During the 30 days following discharge from the service, or release from active duty, the holder of a license extended under this section must have his honorable discharge papers with him while driving with such extended license.

The State of Indiana Bureau of Motor Vehicles Branch 116, Plymouth, will be closed all day Tuesday, Nov. 5, 1963 for Election Day.

The Plymouth Branch will also be closed Monday, Nov. 11 for Veterans Day.

Backing into a curb-side space, says the Chicago Motor Club, requires a sharp lookout through the rear window for approaching traffic. Often, in crowded areas, the driver following you doesn't know you're going to park, so be sure to signal him.

YOU PAY FOR IT

Federal spending has increased at the rate of over \$5 billion a year for the past three years. In other words the Kennedy administration has increased spending by more than \$15 billion.

Suppose the Kennedy administration had not increased spending by \$5 billion a year instead. Did you know that every time \$1 billion is cut from the budget, your taxes can be cut by \$21.66 per capita? So you and every member of your family could have received a tax cut averaging \$324.90.

It wouldn't be half so bad paying our new Indiana sales tax if you had been given a Federal tax cut like that, would it? And you could get it if Mr. Kennedy just went back to spending the same amount of money President Eisenhower spent his last year.

Academy Sports

Culver Military Academy's football team rolls into its final two games hoping for the victories that will salvage a winning season.

Beaten for the third time in six outings Saturday, the Eagles have remaining home games with Bloomington University High School at 2 p.m. Saturday and Schlarman High School of Danville, Ill. Nov. 9.

The latest defeat, a 20-7 loss to Lafayette Central Catholic, was one of those games in which the Eagles could do little right at the proper moment. On the first play of the game, a Culver pass was intercepted by Lafayette guard Bernie Conrad, who went 40-yards for a touchdown that gave Lafayette the lead with only 10 seconds expired on the clock.

Trailing 7-0 throughout the first half, Culver launched two second quarter offensives that stalled on the Lafayette nine-yard-line, one by a fumble and another due to a five-yard penalty. Lafayette struck twice in the third period on a 61-yard drive supported mostly by passes and a 65-yard punt return by fleet-footed Ken Morrison. Again a Culver drive was halted within the Lafayette 10 by a fumble, but the Eagles did score on a John Baker-Chris Hinkle pass for 24 yards.

Statistics gave Culver a 15-8 edge in first downs and a lead of nearly 100 yards in total offense for the game.

Coach Dave Burke's cross coun-

try harriers added two more victims to their record last week with a 15-50 triumph over Warsaw and a 17-45 victory over South Bend John Adams. Joe O'Flaherty took first place in both races.

Mr. and Mrs. Roy Ragsdale and Mr. and Mrs. John Wagner visited Sunday afternoon in Logansport with Dr. C. G. Mackey, former Culver physician.

Mrs. John Wagner and Mrs. Ellis Licht, accompanied by Mr. and Mrs. Floyd Deck of South Bend, have returned from a five-day trip to Britt, Iowa, where they visited Mr. and Mrs. C. A. Duddleson. Mr. Duddleson is a brother of Mrs. Wagner, Mrs. Licht, and Mrs. Deck.

Jim Branch works in our local bank. I've known him for years. We went to school together. But I never felt I could come right out and ask him why he never goes to church. One night when we both happened to get into a confidential frame of mind, the words came easier.

He told me that — of all things — it was because he hated this business of passing the plate for money. He said he saw enough money at the bank all week without seeing it worshipped on Sunday too.

I admit this shocked me. That's why I told him, frankly, that I thought he'd completely missed the point. I told him our minister once said that it gives him a good feeling when he receives the collection; not because this is money but because the people are giving the fruit of their own efforts to God. In the old days, it might have been a sheep, or the choicest fruits and vegetables from the harvest. Today, it's dollars and cents. But the motive is still the same, and it's a good motive.

I saw Jim at the morning service a couple of weeks ago, and something tells me that it won't be long before he'll be getting the point . . . not missing it!

Roving Reporter

By Janet Crow and Sheila Fish

This week's Roving Reporters asked the students for their opinions on the curfew hour in Culver. The replies proved to be both surprising and interesting.

Diane Boots: It's pretty worthless! No one really respects it, and it's not enforced, so there isn't much point in having one.

Cheryl Harmon: I think it's okay. Kids our age don't need to be running around until the wee hours of the morning, but I think it should be enforced more than it is.

Donna Rodgers: The kids stay out after curfew now just as they did before. I think a curfew on week nights is fine, but not on weekends.

Judy Price: It was intended to serve a good purpose, but that doesn't seem to matter in Culver because it's never enforced. If they don't intend to enforce it, they might as well drop it.

Pamela Crozier: I really don't think we need a curfew in Culver. The sidewalks are pulled in after nine o'clock anyway!

Larry Fisher: I don't like it! **Bob Eustis:** Well, you see, it's this way: A curfew is good in the eyes of the parents, but for the students, it's a crummy deal.

Dick Knoerzer: I think they should lower the age limit to 17. **Sharon McGaffey:** I think it's up to the parents to say what time their children are in, unless they are just running around town — then eleven o'clock is late enough.

Jane Ives: I think we need a curfew on school nights, but on weekends and during the summer it's worthless.

Barb Mikesell: The curfew is a good idea, but no one respects it so why have one.

Karen DeWitt: I think an eleven o'clock curfew is a good idea on school nights, but on weekends it should be 12 o'clock. But a curfew does not do any good unless someone enforces it.

Doug Lindvall: It is just a law that is made to be broken.

Sue Cole: On week nights, it's fairly justified. On weekends, however, it does very little for the majority. People who would stay out late before will stay out just as late now in spite of the curfew.

Lonni Darosci: What curfew??

Steve Wery: I think the curfew is good. Even though it is not highly enforced here, it is an incentive to keep out of trouble because we know it could be enforced. Most of us are not willing to take the risk of cutting some of our freedom.

Pam Fish: It is okay on week nights, but I think it should be later on weekends.

Tom Yocom: Since the C.H.S. athletes are always in by nine o'clock, the curfew doesn't affect the guys much; therefore, the curfew must be to protect our citizens from the girls!

Richard Warner: It would be okay if everyone obeyed it, but if it isn't going to be enforced, why have one.

Doug Kosterman: We don't need a curfew.

Barbara Overmyer: It should be set by the parents.

Diane Nelson: I don't think it's too bad. There is nothing worthwhile to do around here after eleven o'clock, anyway.

Students Reveal Secret Ambitions

By Sharon McDonald and
Gloria Baker

The students of Culver High School were asked: "If you could be whatever you wanted to be, what would you choose to be and why?" As you will notice the students came up with some rather interesting answers.

Lori Bohm: I want to be a modeling school teacher. I have had five years of it and I love it.

Hershel Odle: In bed . . . Late to bed, and early to rise isn't so good on the brain.

Larry Banks: A second year Hi-Y member, so I wouldn't have to wear this stinky onion around my neck. (sob, sob)

Susan Helber: I'd want most of all to be somebody with a photographic mind.

Cheryl Harmon: A genius . . . it explains itself!

Charlene Schindler: I would like to have a small mouth so I wouldn't get in trouble for running mine in class.

Bev Barshes: If you are out on a date and have something to do, then I think curfew time of eleven o'clock is ridiculous. But as far as being with a bunch of kids and just riding around looking for something to do — before eleven o'clock is plenty of time to find it!

Jim Lewis: It doesn't bother me! I'm in bed by that time, anyway.

Suzanne Overmyer: Sometimes it's okay!

Patti McCombs: It depends on what I'm doing.

Ed Matson: I think your parents should set your curfew, not the police.

Joan Dillon: I haven't much of a comment except that it's a farce — here in Culver, anyway. It is my opinion that one's parents should post his curfew, or he should use his own judgment.

Janet Branaman: I think it's fine. I don't think that kids should be riding around in cars late anyway — at least not after eleven o'clock.

Jim DeWitt: It doesn't matter if there is a curfew in Culver or not. It isn't enforced anyway.

Paul Liette: In the winter I don't mind it; I'm in by that time anyway. But in the summer, it's a nuisance!

Nora Sheppard: Around here it's worthless! No one respects it, so why even have one.

Lori Bohm: I think there should be one on school nights and one during the weekends, but it should be later.

Larry Washburn: Like man, who needs curfew? Kids will stay out as late as they want to, curfew or no curfew.

Larry Banks: A curfew is a good idea, I guess, but it isn't worth having unless our "Police Force" enforces it.

Dick Mackey: We don't need one in Culver. It might be necessary in a big city, but not in a town like ours. There isn't that much trouble here. I think it should be up to the parents to set a curfew for their own children.

Mike Eustis: I'd be myself, cause I can act myself, which isn't too hard of a task to cope with.

Gloria Baker: All I would change is to grow about two inches taller, then I could look some people square in the eye, and it would solve some small problems.

Betty Ricciardi: An apple, so I can be in the same tree with the elephant.

SOCIAL SECURITY CONTACT STATION

Every Thursday, except legal holidays, from 10 a.m. to 2 p.m., as a special service to the people of Marshall County, the South Bend Social Security office sends a Field Representative to the basement of the Plymouth Library to assist people in filing Social Security applications and to answer questions.

Mr. Cornelius R. Schafer, manager of the South Bend, Indiana Social Security office, states that although the Field Representa-

tive is in Plymouth to provide this weekly service, residents of Marshall County can file their applications in the South Bend office any day of the week, Monday through Friday.

The advantage of filing in the South Bend office is that there are more employees available to help the people and normally the callers do not have to wait as long as they might at the library.

Mr. Schafer, also said that if you are in South Bend and would like to file an application or if you need to have a Social Security question answered stop in at the Social Security office at 335 N. Lafayette Blvd.

Conservatism

By Sharon McGaffey

(Editor's Note: The following is a theme written for Civics class by a C.H.S. Senior expressing her views on Conservatism.)

Man's place in society, especially his relations to government, presents a continuing problem on which the Conservative refuses to take a doctrinaire stand. In general, he tries to strike a workable

compromise between the needs of the community and the rights of the individual, both of which he champions eloquently.

In the world as it is, the world in which men live, it is often necessary to make a hard choice between individual and community. In such instances, the Conservative says, the interests of the community come first. This does not mean that every instance of friction will be resolved in favor of society, nor does it mean

disrespect for the dignity of man's person. It does mean that society, the individual's fellow men considered as a collective entity, must get first consideration. If the community is visibly decayed or arbitrary, the margin of doubt may swing to the individual. As a general principle, however, it must never be forgotten that man is no better than a lonely beast outside the educating, protecting, civilizing society.

The Conservative's thoughts about "man and the state" are neither extreme nor simple. Whether the state be defined as the entire society or as that part of it known as government, no conflict exists between it and man. Society is essential to his physical and spiritual existence; government serves him as the chief agent of society.

It should be plain from this passage that the Conservative is not an extreme individualist. He may be willing to concede numerous arguments of the unqualified individualists, for his own respect for the dignity of the individual is not surpassed by that of any man. Yet he cannot agree to the full implications of individualism, which is based, so he thinks, on an incorrect appraisal of man, society, history, and government.

In particular, the Conservative rejects unqualified laissez-faire and at the same time he rejects unqualified Socialism. Between Socialism and laissez-faire there are many possible points of temporary adjustment. The stable, just, and productive economy is a mixture of individual enterprise, group co-operation, and government regulation according to the traditions and needs of each people. Beyond this the undoctinaire Conservative refuses to pursue the issue, except to preach again from his favorite text.

The Conservative is alert to the dangers, extravagance, and clumsiness of government. If men can accomplish common social ends without its intervention, so much the better for all concerned.

ed. He is not prepared, however, to rush from skepticism of collective effort and detestation of absolutism into the delusive swamps of individualism.

Conservatism is something more than a bundle of political and social principles. It is faith, mood, sentiment, bias; it is a mosaic of opinions about man's essence and experience.

An Interview With Mrs. Ulrich

By Pat Ogden

It seems that in our teaching staff this year there is a young lady who has many times been mistaken for a C.H.S. student. This can sometimes create very embarrassing situations, especially for the students. In case you would like to know who this shy "student" is or if you haven't already found out, it is Mrs. Ulrich.

Mrs. Lynda Marie Ulrich is 5' 2 1/2" tall, has blond hair and hazel eyes. According to her own words, she weighs, "too much".

She was born in Tipton, Ind., and spent her childhood in what she called a "big, warm house surrounded by trees and full of people and dogs." After graduating from Tipton High School, Mrs. Ulrich headed for Butler University and graduated from Ball State in 1962.

Mrs. Ulrich takes pleasure in sewing, bowling and riding in her spare time. She has no pets, but enjoys the frequent visits of the neighbor's dog. From what Mrs. Ulrich has told us, it seems that she has a great passion for animals and has had since her childhood.

Students, take note! Her pet peeve is noisy students who are impolite to teachers and classmates. Her ideal student is well-mannered, enthusiastic, and "willing to make an effort, even if he feels the task is too difficult." She also likes people with a good sense of humor. Her opinion of C.H.S. students is "generally cooperative and polite." Let's make a sincere effort to keep it that way!

Mrs. Ulrich teaches junior high social studies. Prior to teaching at Culver, she taught at Tipton Junior High School in her home town. Mrs. Ulrich related an

amusing experience to us. It seems that while she was teaching at Tipton last year, one of her students looked straight at her and asked, "Mr. Henderson, will you please help me with this?"

Mrs. Ulrich has been married to our new junior high science teacher, David Lynch Ulrich, for about eight weeks. They are now living in Venetian Village. We sincerely hope that they both will enjoy Culver and find C.H.S. a wonderful place in which to teach.

Hi Neighbor

By Sue Cole

In the papers recently, there have been various articles, written by adults, concerning the consolidation and its various aspects. I am happy to read the thoughts and suggestions of the grown-ups, but I believe that it's time for a student viewpoint.

Consolidation, to me, is a wonderful thing in many ways. Any harm it does is far outweighed by the good. As a whole, consolidation does not greatly effect the larger schools because they have already been great in number. It is the smaller schools who will feel a change, for, if a small consolidation of little schools is deemed minor in size in comparison with other consolidations, it will seem very large to students who came from much smaller schools to begin with.

Although there may be drawbacks, a large school system definitely has its advantages. In a larger body of students, a wider range of subjects will have to be introduced to fit the needs of the student mass. Within these various classes, a higher level of competition, which is savory to most students, will be keenly noticeable.

The sports fans will be pleased to hear that athletics are helped, too. By having a wider choice of players, the team will be able to keep in better shape, not necessarily because they have better players, but because the knowledge that there is someone to

replace them at any time will keep them on their toes. A small school athletic system will also usually broaden its field of sports by starting one or more new sports. This should whet the appetite of the sports lover.

The students themselves are usually always glad to see a new face and meet new people with the possibility of making new friends.

I feel sure that many of my fellow schoolmates follow most of the previous lines of thought, and I hope that the adults will realize that they should greatly consider the students aspect in making decisions. We, the students, will be most greatly concerned.

ANOTHER DAY — The Delphi Journal reports that the Sacha twins, Jimmy and Johnny, age six years, are seeking its support for creation of a "Boy's Day." The youngsters explain that "Boy's Day" would be a day "when boys get things, just like Mother's Day and Father's Day." Says The Journal editor: "We believe it is a good idea, we heartily endorse it, and hope it becomes a national annual observance."
