Tri Kappa **Card Pariy Next Thursday**

Thursday, February 15th is the date slated for the annual Tri Kappa Card party which is to be held at the Culver Inn. This project is the organization's means to raise specifically for the Scholarship which always is awarded to a local student.

Dessert will be served at 7:30 and you will have your choice from an array of "goodies" with tea or coffee.

At 8 o'clock, the House of Richey of South Bend will present a wig show. Seven of the wigs will be modeled by local members and anyone interested in a wig may purchase one this eveing at "wholesale prices." Following this will be cards (you need not play bridge - choose your own game) and there will be a prize for each table. There also will be a very worth while door prize; a wiglet!

A food sale of home baked delicacies and candies will also 7:30 and continue start at throughout the evening.

Where could you get more for one small \$1.25 ticket? Do come and help us build up a record scholarship fund for Culver ---and have a delightful time doing it!

Tickets may be obtained from any member of Tri Kappa or may be purchased at the door.

Culver Ledge 617 To Give Three 50 Year Awards

Masons from Henry H. Culver Lodge 617 will cite three 50-year members at an awards ceremony Feb. 17 in the lodge rooms. The lodge will open at 7 p.m. and he opened to the public at 7:30.

Culver Community School Corporation

After a study-review of a proposed policy manual featuring twenty-five sections and codifying rules and regulations for the Culver Community Schools District, the School Board formally adopted a resolution establishing the Policy Book.

Few revisions are to be made in the final version of the manual which has been studied by Board Memhers, teachers, and administrative personnel. It is expected that the policy manual will be availble within thirty days.

A construction report on the new high school was presented at the regular meeting. The Mechanical-Heating unit installation is well started; roofing subcontractors, hampered by weather, plan to start or carry on work when conditions permit. A representative of the U.S. Gypsum firm was at the site this week to supervise replacing areas of the gypsum deck.

Condition of Houghton and Church Streets near the building is of critical concern to school and town officials. The excavation for sewer-water lines last fall has left the streets in poor condition and the Board has asked contractors responsible to repair them.

Loose equipment, Phase II, specifications and bidding forms are being readied for approval.

Tentative 1968-69 staff assignments as approved by the School Trustees include: Judson Dillion, Ruth Shanks, and John Nelson, Guidance, with Mr. Dillon as director; Ruth Warner, Secretary, unified high school; Judy Grover Secretary, K-8, Culver Henrietta Patton, Secretary, K-8, Aubbeenaubbee School; Harry Oliverius, Assistant, Mechanical-Maintenance, unified high school.

Conference requests approved include selected administrative personnel to placement bureaus for teacher interviews, Indiana University Extension, South Bend, February 13, 1968; Indiana State University, April 1, 1968; Indiana University, Bloomington, February 16 and 19, 1968; Jeanne Epley, Dorothy Manis, Mary E. Henning, Martha Mishler, and Gertrude Allen, Reading Conference, Manchester College, February 3; John Hayes, Barbara Winters, and Lynda Ulrich, high school conference. Manchester College, February 12, 1968.

The 1968 McKesson Scholarship will provide for four \$100 scholarships to the seniors of the three high schools,

CULVER **Town Board News**

The Culver Town Board met Monday, Feb. 6 at the Culver Town Hall with Donald Osborn, president, presiding. It was reported that the Public zervice Commission has approved the sale of bonds for the proposed water system.

Much of the meeting concerned sewage problems that the board is investigating.

Mr. Charles Ricciardi appeared to ask if something could be done about the odors that come from the manhole at the side of his place of business. The board stated that an immediate investigation into this problem would be undertaken.

Mr. Ora Reed, commander of problems in front of the Post Home and his problem will be considered in the near future.

Charles Groce, police chief, re-quested that traffic control methods be changed in certain stategic streets in town.

In other business it was agreed to publish bids for a much needed dump truck for the town.

POLICE NEWS

Two people were injured Monday in a two-car accident on State Road 10 & 17, one mile NW of Culver.

Mrs. Helen Sands, 44, of Rt 2, Knox, one of the drivers was taken to Knox Hospital with a concussion and suffering from shock. She was later released.

The other driver was William A. Clark, 18, of 302 Roy St., Plymouth, who was treated in Dr. Howard's Clinic for abrasions of the right arm and shock, and then released. Culver Police said the two cars, traveling in op-posite directions, collided at the intersection. They estimated damage to Mrs. Sands 1968 Auto at \$500.00 and Clarks 1962 car a total loss.

Committee To Consider Name For High School

In recognition of public interest and the necessary of officially designationg a name for the new unified high school of the Culver Community Schools Corporation School district, the Board of School Trustees this week named a ten-person advisory committee to consider names and to submit recommendations.

Mrs. Charlotte Walker has been named chairman of the committee. Serving on the committee will be a member from the Junior classes at Culver, Monterey, and Aubbeenaubbee high schools, respectively, as follows: Tom Overmyer, Karla Hoover, and John Szponar.

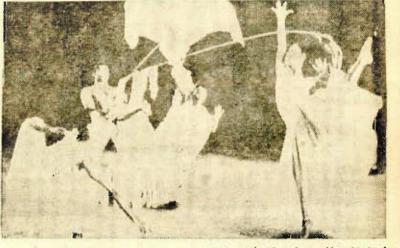

Other advisory committee members are Don Taylor, North Bend Township; Lorin Good, Tip-Township; Robert pecanoe Reichard, Aubbeenaubbee Township; Mrs. Glenn Overmyer, Union Township; John Hayes, principal, unified high school; and Robert Rust or Charles Downing, School Administration.

The committee will mect this week and it is hoped that recommendations can be readied by February 16,1968. In establishing guidelines, the School Board asked that the committee consider a name that would be easily recognizable and generally ac-ceptable; that care be taken not to duplicate after school names; and that the names of persons, per se, not be considered.

The high schools at Aubbeenaubbee, Culver, and Monterey will be unified at the opening of the 1968-69 school term. The re-organized student hody will occupy the high school building now under construction at the intersection of Tamarack Road and State Road 10, north of Culver.

The Alvin Ailey American Dance Theater, a company of 15, will appear in Eugene C. Eppley Auditorium Feb. 13 at 8:15 p.m. Founded in New York City in 1958, the dancers have toured America, Europe, Africa, and the Far East. Mr. Ailey presents the heritage of the American Negro - his legacy of music and clance, his moods of sorrow, joy and hope - through the medium of modern dance.

Mr. Ailey has choreographed dances for the Metropolitan Opera Company Ballet, the Harkness Ballet and other major companies. His choreography is intended to communicate through ecstasy, drama and vitality.

.90 The Alvin Ailey American 2.52 Dance Theatre recently completed 1.29 its latest European tour, and is once again touring the United States.

It was in New York that he appeared in the Phoenix Theater production of "Carefree Tree" and on tour as a featured dancer in Harry Bellafontes's "Sing, Man Sing." and as lead dancer in Lena Horn's New York musical, 'Jamaica."

While he was performing in 'Jamaica," Ailey formed his own dance company and presented his first New York dance concert in March, 1958, which was highly acclaimed by critics and audiences alike.

Clive Barnes wrote in the New York Times about a recent Ailey apearance; "This playhouse series is the most important single series in modern dance. It remains one of the few indisputable jazz dance classics.

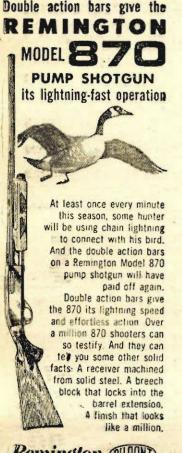

"IT'S STILL **A BARGAIN**"

"It's still one of the best bargains in the world."

That's what Postmaster E. Wayne Mattox said today about the six-cent stamp, and he recounted some interesting facts and figures from postal history to back up his claim. Even though the five-cent letter rate has suffered the same fate as the nickel cigar, first-class postage is cheaper than it was in many bygone eras when a few pennies meant much more than they do today.

In 1816, for instance, a single sheet letter cost six cents for delivery up to 30 miles. More sheets and more cost more money. A letter going 400 miles cost 25 cents per sheet.

In those days the recipient had to pay the postage, not the send-

er. And if the letter was acually delivered to the recipient, rather than picked up at the Post Office, there was an extra charge that was kept by the carrier.

Uniform rate regardless of distance and free city delivery were written into the postal law books in 1863. When distance was dropped as a factor in computing rates, so was the practice of charging per sheet. The basic unit for letter postage became a half ounce in 1863. The basic unit of one ounce that still prevails today went into effect in 1885.

Turning to more recent Postmaster Mattox history, pointed out that the 100 per cent - from 3 to 6 cents increase in first-class postal rates since 1932 compares very favorable with general increases in prices wages. General consumer and prices have gone up about 200 per cent since 1932 and the hourly earnings of average workers have manufacturing risen by about 550 per cent.

Back in 1947 the letter rate was still three cents and everyone agreed that was a really good deal. Since then family income has gone up about 175 per cent while the cost of mailing a letter has increased 100 per cent. If letter postage was worth three cents in the 1940's, in terms of today's dollar it's worth more than six cents.

Despite the great distances many letters must travel in the Unied States, our postal rates are lower than in most major particularly countries, when based on ability to pay. The average American worker earns the price of a six-cent stamp in 1.3 minutes. It takes the average British worker 2.5 minutes to earn letter postage, the West German worker 2.7 minutes and French worker 5.6 minutes.

Postmaster Mattox said the higher postal rates mean that a greater share of the cost of running the Postal Service will be borne by the users of the mails rather than the taxpayer.

"The costs of running the Postal Service must be paid," he explained. "What isn't paid by mail users in postage is paid from general tax revenues. The approximately \$900 million in additional revenue the new rates will bring in, will shift that much of the burden of paying for the Postal Service from the taxpayer to the mail users. Certainly is only fair that the people who use the Postal Service pay the Lion's share of its operating costs."

Postmaster Mattox delved into history for one more comment on the new postal rates.

"Actually," he said, "with the six-cent stamp we are returning New York was called New Ainsterdam and was a Dutch colony. Then the postage rate there was 'three strivers of wampum' ---the equivalent of about 6 cents.

The Big Bands By George T. Simon

All across America from the mid-thirties to the mid-forties the big bands were king. And the kings held forth wherever there was room enough to hold their throngs of fans -- in the big hotels like the Sherman in Chicago, the great ballrooms like the Palladium in Los Angleles, in the posh niteries like the Starlight Roof of the Waldorf Astoria in New York. You could catch Benny Goodman with his great band, complete with Gene Krupa, tearing it up in the Manhatten Room of the Hotel Pennsylvania, or fight it out for a front-row balcony seat at the Paramount for the fabulous Tommy Dorsey show with Frank Sinatra and the Pied Popers. CULVER COMMENTS

By Alienor Osborn What is so rare as a day in fune? How about a Christmas ree still half up in Feb. in the niddle of town? It seems to me hat someone should appoint a committee to appoint a comnittee to ask for voluntees to ive it a decent burial.

A word of condolence to Mrs. oseph Howard. Her avocado cedling has succumbed to too uch tender loving care. After vaiting breathlessly for a month he seed sent forth its first tender ttle shoot. In her pride of chievement she over watered it nd now it is turning brown and ot expected to live.

Had there been information adily available, Mrs. Howard light have saved its life. This lows that Culver definitely eeds a garden club. Of course ith all the other organizations town it might be difficult to undwich one in.

With all the meetings that do ke place in Culver, I would ke to run a survey on just how any TV dinners are served beveen pot luck dinners. The men iouldn't complain though, if ley would soon learn to apprefrozen dinners. At our ate Pepto-Bismol is Juse served

right along with dessert.

Do some of you wives cringe when asked on a questionaire to give your occupation? Forget "housewife" and "homemaker" because now you can put down "oikologist". According to Webster oikology means "the science of keping house." Why not? If the New York City garbage collectors can call themselves "saniwe deserve a tary engineers" title also.

HELPFUL HINTS - Did you know that putting your nylons in the freezer will keep them from running, filling your old orange juice cans with water and freezing them will keep you stocked with large ice cubes, or that a wet towel put in the freezer will provide a fast ice pack when needed? Of course just about everyone knows that storing brown sugar in the freezing compartment will keep it soft and moist. The only thing is that now I don't have any room for the meat. I would appreciate any hits you have that would solve this dilemma.

HOROSCOPE - Everyone who has a birthday this week should go far. But be especially careful not to have any business dealings with anyone having typhoid fever. A wrong move at this time could result in a sprain or dislocation. This week is very hard on the creative person although it depends entirely on what you are creating.

I'll bet you thought I was going to have something profound to say about Ground Hog Day. Well you're wrong, but I will have more comments next week if I can get the tar and feathers off by then.

St. Valentine's Day, falling as always on February 14, is traditionally associated with affairs of the heart.

It so happens that this same festive occasion is the midpoint of American Heart Month of the now-current 1968 Heart Fund Campaign.

And there's no better way to observe St. Valentine's Day than to make a generous gift to this very important health cause.

Your Heart Fund gift will support research, education and community heart programs of the local Heart Association.

Something Is Wrong Here!

Sometimes our laws go entiretoo far and combine with this the fact that some parents don't go far enough and you have a serious problem.

Such could be the case of a ituation that directly affected me last week. Help is needed and not allowed by the laxness of our laws or those responsible.

Walkerton is no different han another town or city. Shoplifting or stealing is a common thing. It also is a very ouchy thing for a merchant to get involved in, and despite the fact that attempts have been made to strengthen the shoplifting laws, getting convictions is a problem and false arrests cases have been a serious probbiem for those attempting to stop a shoplifter.

The case involving us personall,y, had a youth accused and caught several times of stealing things from businesses, caught in the act at our place of business. It was by a set trap that he was caught. Knowing his habits and nature, the exact day and proceedure was no problem to figure. Despite the fact he was seen stealing money that had been marked and the serial number recorded, nothing could be done in regards to this situation.

The most helpless situation of all had to be the local police officer who promptly responded to our call. Everyone's hands were tide except the one who had taken the money and fled from the scene. Bravely enough, he returned past minutes later only to be questioned by the police and myself at this time. His constant refusal to tell the cruth was pathatic. His challenges offered to both the police officer and myself were almost frieghtening as he knew he was protected by law and that we were helpless.

The real sad part of the story is, this boy needs help! Where is it going to come from? We were not attempting to "Convict" the boy in our efforts, but simply to settle a matter that occured previously where more errous items were stolen. A confession and information concerning the previously taken material was what we wanted.

furning; a youth over to the uvenile authorities appears to be a futile case. Over the past. years, time and time again, the same names have been in walk the streets, get involved in trouble and carry the chip on their shoulder of satisfaction mowing they have gotten away with different things before and will again, without the threat of

serious results because they have been sheilded and protected in the past.

The very saddest part of the story is the action at home . . . still the cause of most serious trouble. At a time when help is needed the most . . . following the release of guilty party to their parents . . . protection instead of punishment is given the guilty party. Where is help going to come from if this continues.

The actions such as this from a child ranging in age up to 18 or on occasions even older, when continued successfully, will lead to greater trouble as the years progress. Correction is needed now . . . not serious punishment later. But with hands tied the correction just cannot be given in a helpful fashion.

It is a shame for a young child to be a "Marked Person.' Every trip into a place of business sets the clerks to watchfollowing, or just plain ing. waiting to catch the person in the act again. We repeat again . . . help is needed . . . but help is not allowed in many of these situations. A good turning over the knee and administrating the old fashioned paddling is no Searching, longer allowed. strong interigation, and many other fashions of convicting also is a thing of the past.

Webster defines kleptomania as: " a persistant neurotic impulse to steal, especially witheconomic motive." out A kleptominac is a sick person . . a person that needs help. The results of stealing by one who seeks only to get a few cents to play a pin-ball machine or buy cigaretts and candy, certainly falls into this class. The motive of petty larcency isn't for serious money prob-lems, but simply to settle a craving for such wants as these.

Concerning problems from the youngest of children in-volved to adult offenders of various crimes, the worst news that can be reported is: "No arrests were made," the child was released to the custody of his parents," "The fine and sentence was suspended," and such statements as this. I am not seeking to erucify people, but also I beleive that punishment is due where deserved, and most of all, help should be given when needed.

It is time that crime is put on the downgrade in the United States. For the leading nation in the world, we certainly are still "backwoods" in many respects. Riots, crime, demon-

strations, war, etc., will continue to top the news until some teeth can be put into laws and the right to apprehend and convict guilty parties is given to the law officers and courts of the country. It is almost an

open invitation to entice people to travel along the dishonest paths of life instead of doing good and creating progressive deeds. The path certainly is the hard one to follow in our times.

TAKES STUDENT TEACHING ASSIGNMENT AT CULVER

One student from Culver was among 325 Indiana students who have received student teaching assignments in Hoosier elementary schools for the spring semester.

Most of the student teachers have been assigned to regular course work in one of the grades kindergarten through sixth grade, but some will teach education courses for the mentally and physically handicapped.

Six to eight hours of college credit will be awarded for the classroom training, which will be under supervision of experienced teachers.

Academy's Culver Military basketball Eagles travel to Park School of Indianapolis Friday and return Saturday for games at 6:30 and 8 p.m. against downtown rival Culver High School. Last year the Eagles beat the high school, 68-54, and the team boasts a 9-5 record this year.

Academy Sports

The Academy's swimmers close out their season at home Saturday against Danville, Ill., High School. The meet is set for 2 p.m.

The basketball team is taking the week to rebound from last week end's losses to South Bend Jackson and LaSalle. They lost to Jackson, 91-78, Saturday, and Clay, 67-60, Friday.

John Crimmins led Culver scoring against Jackson with 15 points, followed by Tom Matlock and Rich White, each with 11 points. Terry Armey led Jackson with 26 points. The Eagles scored 42 percent on field goal attempts, 69 percent on free throws, and tallied 46 rebounds to Jackson's 33. The junior varsity lost 59-50.

Co-captain Gordie Delk led Friday's scoring against Clay with 18 points, followed by 14 from Crimmins. Clay's Jim Bratina and Tim Fick each scored 15 points. The Eagles dropped to 37 percent on field goals and 55 percent on free throws, but led in rebounds, 45-32. In neither game did the Eagles have the scoring advantage. The junior varsity alro lost, 46-36.

The gymnastics team scored a tie Saturday after winning the first two meets in its first two meets in its first season. They mached DeKalb, 77-77, at Water-Team captain Gus Garcia 100. did not compete in tumbling or the free exercise because of an injured ankle, but he did earn a first in side horse and parallel bars, a third on the horizontal bar and a fourth on the rings to accumulate 19 of 77 team points. Van May injured his ankle

while dismounting the horizontal

bar, in which he earned a second,

and was unable to compete on the

the horizontal bar, came in which had a previously unsecond in the floor exercise and took third on the parallel bars to earn 16 team points.

The swimming team jumped back from two recent defeats to defeat LaSalle, 51-44. Culver's 400 freestyle relay team of Mark Krone, Bob King, Roger Benson and Jack Curtis broke a 44-44 tie before their event to edge out LaSalle.

Other Culver winners were Steve Swale, Dave Brown, Tom Jones and Steve Hawkins in the 200 medley relay; King in the 200 individual medley; and Krone in the 50 freestyle.

(Delayed

This year, Kokomo was out for blood, as expected, and Rich Richmond in the 200-yard individual medley was Culver's only winner. Kokomo even beat the 200-yard freestyle relay,

blemished winning streak. The freestyle relay team of

Roger Benson, Hiram Smith, Bob King and Mark Krone won its last race in the streak against St. Joseph, but St. Joe allowed only two other Cuiver wins in the meet. Paul Krone took the diving event and Steve Swale won the 100-yard backstroke.

The gymnastics team turned the tables on South Bend John Adams Monday in the Academy recreation building. The Eagles stole six of the seven events from the South Bend team. Both groups are in their first year as varsity sports.

Team captain Gus Garcia won the horizontal bar and still rings events. As the only all-around competitor in the event, he scored 25 team points. Freshmen John Tucker scored the highest average for a single event in winning the floor exercise. Dmitri Milovich won the side horse and trampoline events, and George Fleming took first on the parallel bars.

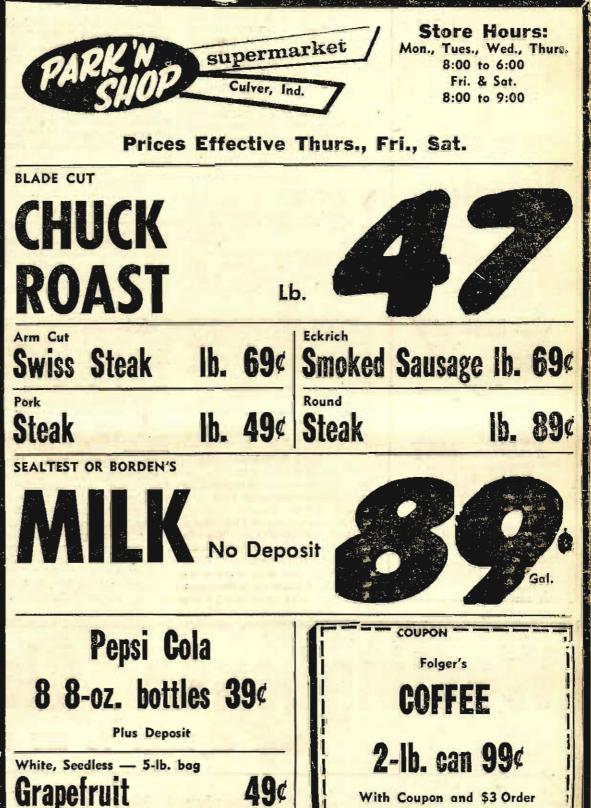

Coach C. Mark Howard said his team's routines were "much smoother; there were fewer breaks in form; they displayed greater polish in mounting and dismounting the apparatus; and the nervousness, inevitable in gymnasts, was much less obvious."

MORON, Spain — Sergeant Jerry D. Kimmel, son of Mr. and Mrs. Lester D. Kimmel of R. R. 1, Culver, Ind., helped his air rescue organization in Southeast Asia earn the U.S. Air Force Outstanding Unit Award.

The 25-ycar-old administrative specialist, who received numerous awards for his personal achievements, will wear a distinctive service ribbon as a permanment decoration to mark his former affiliation with the 3rd Aerospace Rescue and Recovery Group. The group, a previous recipent of the Presidential Unit Citation, won the Air Force award for six months meritorious achievment while logging 236 rescues in the combat zone.

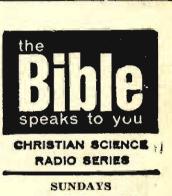

Sergeant Kimmel supported the aircrews — whose personnel include some of the most decorated heroes of the Vietnam war that logged 178 "combat saves" during the period and undoubtedly prevented the rescued servicemen from capture or death by the enemy.

The 3rd, headquartered at Tan Son Nhut Air Base, was particularly cited for "adding immeasurably to the morale of combat aircrews in Southeast Asia." Flying HC-130 Hercules aircraft as command posts, unit personnel operate HH-3 Jolly Green Giant and HH-43 Huskie helicopters over North and South Vietnam, frequently under the most hazardous and dramatic of combat conditions, to evacuate U.S. and allied and dramatic of combat conditions, to evacuate U. S. and allied aircrews and ground forces to safety.

Sergeant Kimmel was assigned at Tan Son Nhut. Now stationed at Moron AB, Spain, he continues as a member of the highlyspecialized and world-wide Aerospace Rescue and Recovery Service dedicated to the motto "That Others May Live."

The sergeant is a 1961 graduate of Culver High School.

We hear Chery is a whiz at poker - especially Royal Flushes -to bad it was chips instead of money -- right Chery?

Congratulations, Pam Thompson, for being the second girl in the SOPHOMORE class to receive her license. Bulletin to all persons: BEWARE!

Kitty, were you surprised about the party?

We would like to congratulate the Juniors on their dance. It was great!

Linda Reinholt, you really had a great installation. Good luck for your coming term of office. Plymouth's DO GO !!!

Don't make any plans for February 17. That's the night of the big Sunshine Dance featuring the Sangralads.

Well, we see the Sophies did it agin. How many times does this make for the Spirit Stick.

Speaking of the Spirit Stick --does the poster in Mr. Waltz's room count towards it? How does one "Waltz thru Geometry," anyway?

I hear there were no girls at Kitty's party, right Susie?

Hey Phil and Fred, what's this you say you had for lunch Saturday. Ice cream by any chance?

It seems someone is awfully worried about an article he wrote. Was it that bad.

Spit, how much did you lose playing cards ?

Third period C. P. Math class is at it again. They're starting this business about relations again. Oh, you you're just reviewing.

In case anyone is interested, those strange ordors coming from the 6th period advanced chemistry class are going to be around all semester. The class is just

starting . . . You"ll get used to it after a while.

CALLING ALL UNDERCLASSMEN

By Debbie Triplet This week a poll was taken concerning the elections of stuent officers for next year. Some of the students of CHS were asked how they thought the elections for next year should be run so that Monterey, Aubbec, and Culver are fairly represented. Some students think that the

officers should be elected from Culver with Monterey and Aubbee having representatives to counsel with the Culver officers.

Another suggestion was to have elections at the beginning of October '68, using the same procedure as last year. This would enable anyone to run for an office, no matter which of the three schools he was from. The candidates could campaign to make themselves known to the

entire student body. A small portion of the student body thinks that there should be 3 officers for every separate office; one from Monterey Aubbee, and Culver. These 3 officers would then work together to fairly represent the students they know. The Student Council then consist of 2 students from Culver, one from Aubbee, and one from Monterey per class.

Maybe you do not agree with the above suggestions. If you have an idea, please contact your Student Council representatives. Since the Student Council will help to create a plan for next year's elections, any suggestions will be greatly appreciated.

B Team Loses To Plymouth

By Milce Wynn Saturday night, January 27, Culver's papooses were crushed by a tall Plymouth team 56-33. Plymouth's top scorers were Kralovansky and Mannan with 13 and 12 points respectively. Culver was led by Beauchamp's 9 points followed hy R. Snyder's 8. Plymouth's big edge was shooting from the field where they hit 24-50 for 48%.

With 4 games yet to play the B-team has a record of 4 wins and 12 loses.

THE ADMIRED MAN

By Suzie Riester

Recently the Senior English Classes, laught by Mrs. Robert Kline, were assigned a theme to write. For this writing assignment the students were to compose a paper on a man that they admire. The man they chose to write on had to be in the public eye, and living in any part of the world today.

Here is a survey of the men that the students wrote about. The results are a bit widespread. Bob Hope came in first, followed by Dr. Cristian Barnard. Chuck Percy and President Johnson tied for third place. From this point the results tend to fan out. Other men written about were Robert Kennedy, Vincent Lomhardi, Bart Starr, General Eisenhower, (Attorney D. A.), Garrison Leonard Bernstein, Red Skelton, Senator Dirkson, Carl Yastrzemski, DeGaulle, Father James Kavanaugh, Corporal Stephan D. Nelson, Mickey Mantle, Victor Lundburgh, Johnny Kerr, Bill Bradley, and George Wallace.

Junior High Sports

By Perry White

On January the 25th the Aubbeenaubbee Braves of traveled to the Culver gym to meet Culver junior high school team. In the opener the seventh grade made it a runaway downing the Aubbee five by a score of 35 to 21. Lonnie King set the pace for Culver with 14 points while Rans led Aubbee with eight points. The eighth grade had a much tougher time but still managed to pull through with a 44 to 36 vidctory. Doug Mikesell, having a good night, led the attack with 25 markers while Isaiah Stokes followed with eight points. The big gun for Aubbee was Rans with 14 points.

On January the 30 the junior high made the trip to Bremen to meet the junior high Lions. The seventh grade continued winning with a 41 to 35 win. The big gun for Culver was Mel Thomas with 17 followed by Chet Marshall with 10 points. The high scorers 17 for Bremen were Huine and Thayer with 11 and 10 points respectively. The eighth grade was put down by a 45 to 36 score. High scorer for the game was Huber of Bremen with 24 points. The leaders for Culver were Stu Manchester with 18 points followed by Isaiah Stokes with nine points,

Band Busy With Rehearsal

By Marge Ruhnow

This past week the band students have been busily practicing the floor show which they will present Saturday night at the Culver - Winamac game.

The floor show is started off with a fanfare that requires everyone to go down on his knee and then rise up as the volumn of music also rises. From this the beat changes into a snappy. cha - cha to which the band members will be doing a dance The main concern routine. while practicing has been to learn these dance steps correctly and to stay together with the rest of the band. This has been done by lining up in marching formation and going through the steps with music from a taperecorder. Later, when the steps were learned well enough, practices were done in the gym. The members of the band certainly hope everyone enjoys watching this type of show as much as the musicians did practicing it. Left, right, cha - cha - cha!

At least once every minute this season, some hunter will be using chain lightning to connect with his bird. And the double action bars on a Remington Model 870 pump shotgun will have paid off again. Double action bars give the 870 its lightning speed and effortless action. Over a million 870 shooters can so testify. And they can tell you some other solid facts: A receiver machined from solid steel. A breech block that locks into the · barrel extension. A finish that looks like a million.

"I thought my dress fit well until —. Is my floral print really too large? Why didn't I know these things before I made this

dress?", were some of the comments heard at the February 2nd meeting of the Culver Extension Homemakers Club held in the social rooms of the EUB Church.

"Altering Patterns" was the lesson given by Mrs. Wilfred Craft and Mrs. Ferris Zechlei who gave pointers on materials and styles for individuals whether tall, short, slender or overweight, with less than perfect measurements. Members were shown how to actually cut into paper patterns to make them larger, smaller, longer or shorter, to fit individually.

Mrs. D. Hatten, president, opened the meeting reading a poem in honor of deceased member, Mrs. Gertrude Behmer. Also, a book will be given to the Culver library in her name. Devotions were given by Mrs. A. E. Givens, who dealt with a 20th Century Martha. "Oh Susanna" led by Mrs. Guy Davis was sung by the group. Birthday song was sung to Mrs. Hattie Krueger. Mrs. Wm. Easterday, Mrs. Paul Humbert and Mrs. Fred Plantz. Roll call was answered to "Happiness Is" by 27 members and two guests present.

It was announced that the Art Appreciation Series will start on February 20 at 9:30 a.m. on TV Station WSBT and will run for five weeks.

The March meeting will be held at Grace United Church of Christ on Friday, March 1 with a earryin dinner starting at 12 noon.

A social hour followed with the hostesses, Mrs. Dessie Boestma, Mrs. Joe Boetsma, Jr., Mrs. A. E. Givens and Mrs. Wm. Easterday serving refreshments at tables decorated in the Valentine motif.

Scoring wasn't too fast in the game as Pioneer was content to play the slightly more deliberate style with Culver. After moving to an 18-11 first period lead, the scoring pace dropped off and the Culver team was down by still only seven, 28-21 at haltime.

Kelly and Wender paced the third period attack that pushed the Cass County five to the 12 point margin that was the final margin of victory. With the score 41-29 going into the final period, each team totaled 15 last quarter points in the final stanza accounting for the final score of 56-44.

Kelly finished with 20 and his teammate Wender 16 to lead the winners. Lowry was the only Indian to hit double figures as he also hit 16.

Culver Swamped By Winamac

Winamac unleashed a terriflo offensive attack as they handed the outmanned Culver Indians by a score of 88-42 Saturday night in the Culver gym. With five players hitting the double figures in this offensive show, the Winamae squad moved to a comfortable 22-10 first quarter lead and the race was on.

From here on out, it was all a downhill drive for the Pulaski county five as they held leads of 43-22 at half, 66-29 at the threequarters mark and the final score of 88-42.

greatly appreciated.

HEALTH

Warts, which come apparently from nowhere and often disappear for no apparent reason, gave undeserved reputations to innumerable remedies which happened to be used just preceding the spontaneous disappearance of a wart. The self-limiting character of many diseases, such as the milder sore throats and colds, also caused simple herbs and other home methods to gain a curative reputation which they did not merit, the health book says.

Here are the facts about some of the common misconceptions regarding health-

• There is no medicine which can be taken by mouth to dissolve gallstones.

. Heart disease is not necessarily a reason for refusing an operation or for being afraid to take anestbetics.

· Flowers absorb some oxygen, but the principal reason they are removed from the sick room at night is because they keep better in the open air.

. Insulin does not cure diabetcs; it substitutes for the insulin which the body is unable to provide for itself.

is that need lengthy

· Premature baldness in men is not caused by wearing hats; nobody knows what causes it.

· Cancer has not been shown to be contagious.

. It is not important to lie on the right side when sleeping to keep from interfering with heart action; the heart actually is in the middle of the chest and not on the left side.

· Persons over 40 need not avoid strenuous exercise if they have been accustomed to it and are in good condition.

· Removing a mole will not result in cancer; cancer is more likely to result from not having it removed if it ought to be. 11/13/67

Strength

"May you be strengthened with all power, according to his glorious might, for all endurance and patience with joy." -Colossians 1:11

Every man possesses a wealth of power. It is not the strength that moves mountains, bends an iron bar, or shreds a telephone book. It is, instead, a strength or purpose.

Every man has a destiny in life and must along the way contend with challenges, obstacles, and disappointment It is during these times that strength of purpose-which is best rooted in Christian faithgives to each man the opportunity to draw from a deep wellspring a needed measure of endurance - and perseverance.
