State Road 10 Relocation Plan Heard

In conducting the official hearing Tuesday on the proposed plans for the relocation of State Road 10, Mr. Oral S. Craig gave the reasons that the State Highway Commission deems it necessary to change the existing route.

The commission in projecting the problem that could arise on a 20 year basis, stated that by the year 1988 nearly 5,000 vehicles per day could be using this road. He also stated that it is most desirable to remove State Road 10 from an alignment that takes it practically through the center of the Military Academy campus. This location creates problems for the road users, in that they must slow down and be alert for pedestrians crossing the highway from one side of the campus to another. Mr. Craig went on to say that if this relocation is approved and the proposed section is built there is every reason to assume that the entire Road 10 from Argos to Bass Lake will be someday improved.

Mr. Craig gave a complete description of the plan now being considered and also of the 1957 plan that was turned down by the people in this locality.

He then turned the meeting over to the interested citizens for their comments and questions.

Mr. Donald Osborn, president of the Town Board, presented a letter to Craig but said that he did not wish to make an oral statement at that time. The spectators demanded that the letter be read and Mr. Osborn then consented to have Mr. Craig read the letter signed by the Board members. The letter expressed cooperation with the highway dept. and stated their concern about the access and safety to the people of the community.

Mr. Don Davis, secretary of the Lions Club, stated that the Lions Club favored improvement of 10 for the future progress of the area.

Mr. Wilbur Taylor, speaking for the Chamber of Commerce, said that the Chamber gives support to the plan.

Mr. Don Muehlhausen read a statement giving full support for the improvement and relocation of Road 10 by the Culver Jaycees.

Mr. Don Trone of East Shore Dr. read statements prepared by Mr. Charles W. Newell, a lawyer, who had been delayed. Mr. Newell was concerned with the safety and inconvenience to the people on the east side of Lake Maxinkuckee. He was also quoted as saying that since State Road 10 starts nowhere and ends nowhere, it would seem wiser to spend the money to remove the curves from the road and improve it generally.

Mr. John Kelly, East Shore Dr. questioned the feasibility of the relocation bringing more business to Culver and wondered just how it would improve business.

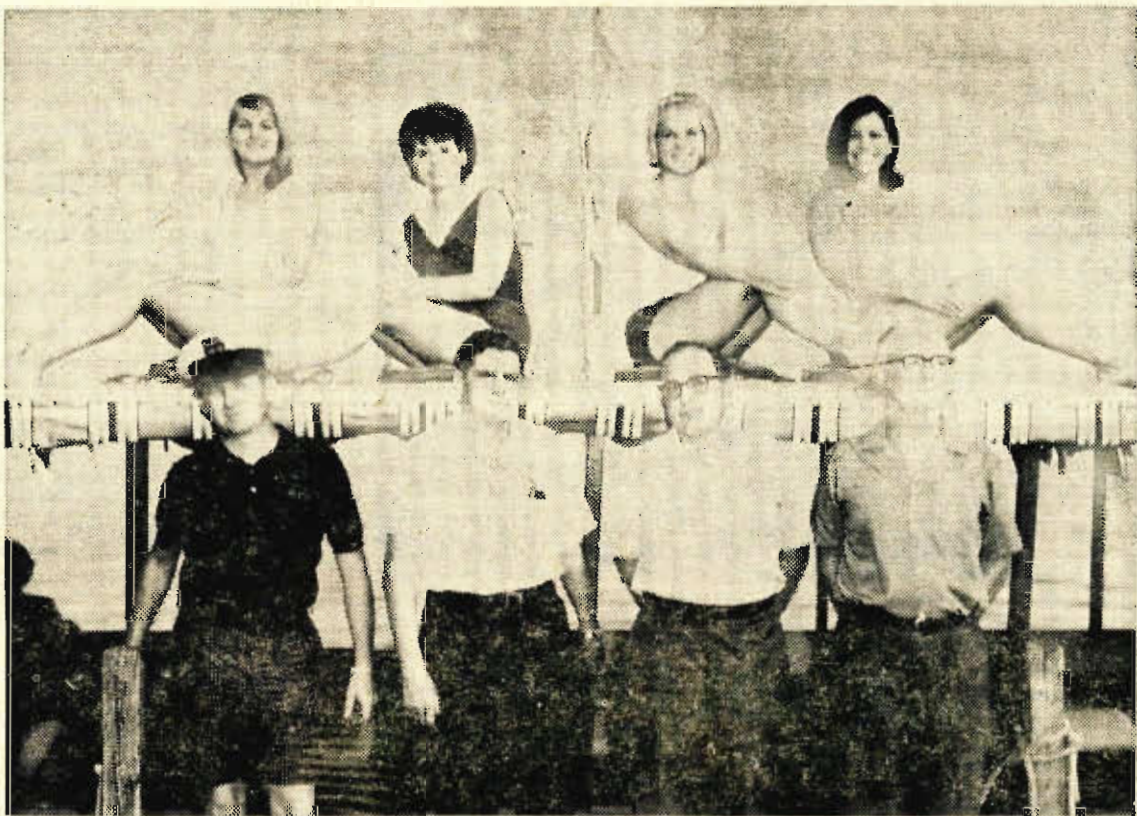

Mr. Emory Baxter stated that having attended the Academy, he was definitely one of their supporters but he questioned taxpayers having to foot the bill on this relocation to satisfy a tax-free organization.

General Dodson of C.M.A. assured everyone that he would not close the present Roads 10 and 117 in that he needs these roads to get from one end of C.M.A. to the other.

Others appearing at this meeting who stated their views were Dr. C. W. Crowe, Mike Fitterling, Russell Easterday, Tony Marton, Melvin Hansen, George Babcock, Wayne Mattox, Frank Setzler, Glen Snyder, and Col. ILW. Walmer.

Postal Service Is Altered Slightly Here

Postmaster General W. Marvin Watson today moved to comply with the employment cutback required by Congress under the recently enacted tax bill (Public Law 90-364) by ordering some postal services and hiring curtailed.

"This is not a matter of dollars but of people," Postmaster General Watson explained in a statement issued in California where he is inspecting postal facilities. "Under the manpower restrictions imposed by the tax bill we simply will not have enough people to continue all postal services at their present level." "Hopefully," he said, "Congress will correct this situation."

"The Department agreed with the need for a cut back in funds for the fiscal year that began July 1. We are not asking for a restoration of any money cut from the budget. We believe we can operate within the budget and maintain postal services at or near their present level if we do not have to reduce employment to the June 1966 level."

Postmaster E. W. Mattox announced that certain changes in postal service in Culver will be effective Saturday, July 27, 1968. Saturday window service will be from 9:00 to 11:00 a.m. only, for handing out mail to General Delivery patrons and business firms. NO STAMPS OR MONEY ORDERS CAN BE SOLD; except thru the lobby vending machine.

Week day window service will not change. There will be no change in city or Rural Route deliveries at this time.

ON THE RIGHT TACK

Some of the Maxinkuckee Yacht Club skippers were treated to a good week end of sailing, when 5 boats of the fleet traveled to Lake Manitou at Rochester for round one of the 1968 Interlake Regatta. For those who were present it was a good week end of sailing and an impressive victory for our skippers, as they captured first place honors in all three of the races, two second places, one third, two fourths, with none of the M.Y.C. skippers finishing lower than tenth. Even with Rochester importing the cream of Culver's crew they could not measure up to local skippers. This is an excellent record considering the size of the racing fleet which numbered 20 boats!!

Mid the black protest flags Bill Furry, Dave Washburn and Jerome Zechel crossed the finish line first and were declared winners in the three races. Jim Barger of Manitou finished second in Sunday morning's race.

All of the skippers are looking forward to the week end of August 10 and 11, when we will entertain the Manitou club at Maxinkuckee. Members of the

Cedar Lake Yacht have also been invited to attend his regatta so there should be plenty of action that week end. It is hoped, that area residents will take advantage of the opportunity to view sail boat racing at its best, and will come to see this regatta.

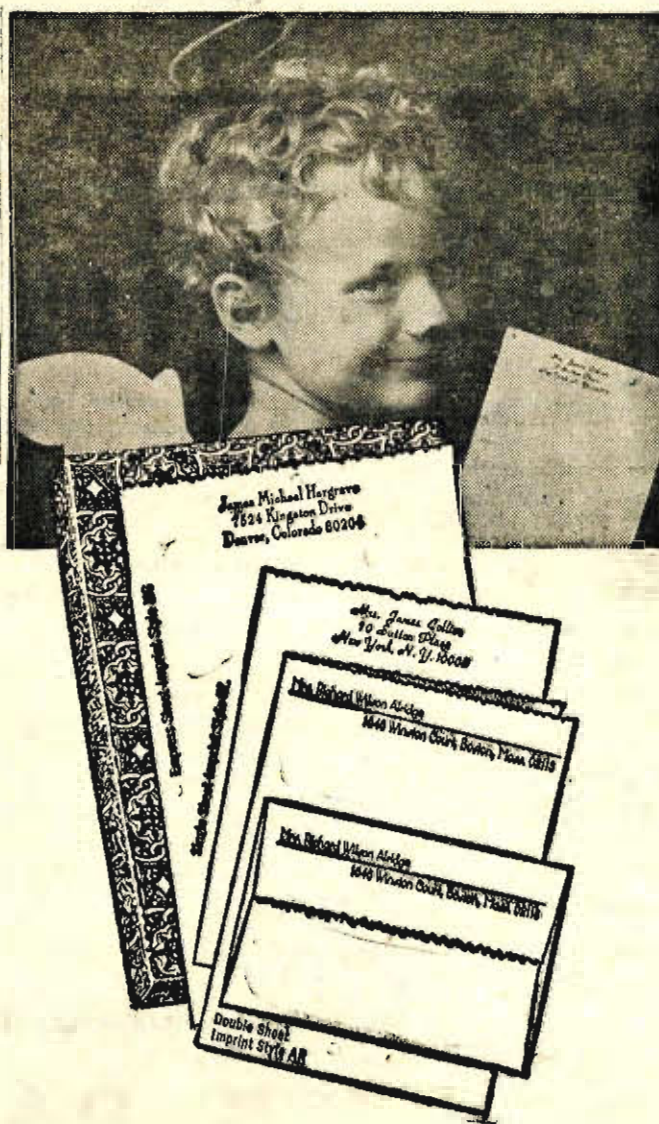

Saturday morning's Junior fleet races were well attended when 13 Sailfish and 5 Skylarks were on hand for the starting signal. Joe Schnab was a 10 second winner in the Sailfish fleet, when he finished just ahead of Mark Suverkrup. That was a close win for Joe!! Phil Schmoll was third this week and Scott Speer fourth. Diane Thomas kept her good record in tact when she finished ahead of Wood Crafters Page and Berenz. Alan Moore was eight followed by C.M.A. skipper Fontaine. Tim Roth was tenth this week, but finished ahead of C.M.A. boats skippered by Maddox, Hilton, and Smith.

Only 3 Skylarks finished Saturday Mornings race, but it was another lady skipper, Janie Moore of the "Fabulous sailing Moores" won this race. Steve Muehlhausen, despite a broken tiller, finished second. Mark Baker wasn't quite able to catch Steve and had to be content with a third place.

Next Saturday will see the return of the Lake Manitou "Victors" and should provide many opportunities for the M.Y.C. skippers to race. Skippers will attempt to improve their positions in the seasons standings. With the sailing season about half over with, competition for top spots and trophies is getting keen. There should be a lot of good races in the weeks ahead.

Hard Work Makes Fun Week End

Friday, Saturday and Sunday are going to be "Fun Days" in Culver. Through the combined efforts of several groups, especially the Culver Lions Club and the Culver Retail Merchants, a big week end is planned. It will be a combined time of pleasure and business.

For openers, the Retail Merchants are running a two-day Sidewalk Days sale. These sales put an added enjoyment into business and gives the business people a different type of way to serve you. The sale is town wide. Not all merchants have merchandise to display on the sidewalks, but basically all are participating in this big gala retail event. Shopping the sidewalk displays and the many items in the stores will be fun as this part begins. There will be a warm-up for the many boats in the Sunday races on Saturday and the lake should be buzzing with activity. The early evening hours will find a corn roast with other activities centered around the park. Band concerts are planned by bands from the high school and the academy. Other activities will be going on along with the normal recreation afforded by the beach. Following much of

this activity, a big Venetian Night Flotilla will take place in front of the park area. This promises to be a very colorful and enjoyable event.

Sunday will have the boat races highlighting the day. This year an additional class of larger, more powerful boats will be added and entries are expected from several states making the boat races a great spectacular. This will begin very shortly after noon for the enjoyment of all.

The entire week end program is a sign of progress in the community. A good service organization is basically responsible with the Lions Club taking the bulk of the work. Other organizations will be chipping in from time to time with events and projects of their own, making a well-coordinated effort on the part of many people. The retail merchants are biting of a huge chunk with their big sale. And all of it benefits Culver, a progressive and growing community.

Congratulations are extended to all the people and organizations who will help to make this week end a real success and one to remember for many week ends to come.

4-H'ers On Display

Fair time is almost here. At this time of the year, county fairs are starting to appear in all parts of the country. Fair time is fun time, but also it is time of great tribute to the youth of our country.

Too often the thought of a fair misses the real issue at stake. The work of thousands of young people all over the land are displayed at these fairs and much of this work is such that it puts us "oldtimers" to shame.

The 4-H fair is not a young organization. It also is not a farm organization although the participating of rural children is a much higher percentage than that of those from the metropolitan areas. The 4-H offers something for every child from the raising of live stock, to homemaking, gardening, crafts and the sciences. The many phases of 4-H can include a child from the most crowded city to the lone home on a large

farm.

At the county fairs, amusements and entertainment is always present. However, also present is the work of the 4-H'ers who have chosen to follow something more educational and highly competitive in what is vacation months for many. Their work that goes into a project to be displayed, represents many hours of work in addition to additional hours of learning and preparing, the display. Judging on a local basis determines the more successful of the 4-H'ers, but come fair time and the displays, very fine work is displayed by all.

Make plans to visit a 4-H fair this summer and while there, make a special attempt to take enough time to walk through the display areas and see the work that has been done by these young people. The reward of what you see will make the time and effort more than worth while.

Voice Of The People

The "Culver Comments" in the July 18, Citizen, was the best that I have seen in a small town paper in many years. I strongly feel

that our community needs this type of journalism. Please do not allow minority reactionary opinions and criticisms to discourage your present policy.

A raving and violent drunken man, abusive to the 10th degree, terrorized downtown Culver last Saturday night at 11:30. He threatened to kill the operator of the Frosty Creme Refreshment stand and also the town night marshal. In a matter of minutes nearly 30 law enforcement officers from all over the county converged on the scene and arrested the culprit. He was released from the county jail Monday afternoon after he posted the ridiculously low \$500 bond . . . the usual amount for spitting on the sidewalk or a similar offense.

CULVER COMMENTS

HELPFUL HINTS — This week I am going to give you all some advice on how to write a column similar to this one. The first thing to bear in mind is that you can't please everybody and the people that dislike the column the most will be the ones who will go over it with a fine tooth comb. They will call you stupid, ridiculous and other choice names but you must never call them anything in return. If they are small enough, they won't even say anything to you personally but will see that your family is harassed.

Never criticize anything concerning the water system, coffee breaks or surface drainage. Even if you are knee deep in water in your basement - whatever you do don't mention it in print. Of course even I now know there are some dirty words that must be avoided, those being pool table, fuzz and water pollution.

If some people blow off steam don't let it bother you because they're probably full of hot air and need the relief.

Don't try to scale the big fish in the small pond down to its original size if you want to keep your head above water.

If you happen to see toes sticking out avoid stepping on them because they might belong to a big baby.

To be safe and happy stick to items like Mrs. Phootkiss' discovery of several 4 leaf clovers in her yard or if you wish to be really daring mention that Mrs. Poppard has fertilized her petunias.

At this time there are some strong aromas drifting over a section of Culver, wherein is located the sewage plant. Now you might be tempted to make some remark

about this but if you put it in print you'll only cause a bigger stink. The only criticism some people can take is all out approval.

You never know when you might offend someone. For instance if you advise everyone in Culver to purchase as much as possible locally, you had better think twice because this could be construed as a dirty tug by some citizens.

Just take the surface drainage problem as an example. Poor Mr. Boetsma will have to add a new service if more water is drained west. Boetsma's Boats will be a necessity since he will have to have some means of getting to his business after a down-pour. But again this sort of talk is definitely not in the town's interest. You must have a solution to the problem before you can mention them or the people suffering from I strain - I did this and I did that, are going to come out shooting.

At one time I thought I had a solution for all the dirt in the streets. I sort of thought a street sweeper might help but I guess that was a little too far fetched.

Now that you have the benefit of my advice, I hope some of you will write a column. Be my guest!

"Devils Copper"

Nickel was named by the miners of Saxony in 1654, when they were unable to smelt copper ores that - unknown to them - contained nickel. They thought the devil had cursed their ores so they called the tough metal "kupfer-nickle" or "Old Nick's copper."

MOMENT OF TRUTH

This is the time of year when football coaches have to produce - either winners or alibis.

Goodwill Industries Installs Deposit Box Here

Mr. Pat O'Keefe and Mr. Robert Payton of Goodwill Industries are shown putting the finishing touches on Culver's new Goodwill Deposit box on Pearl street. Looking on is Mrs. Ted Strang, Welcome Wagon Hostess. Through the cooperation of

Welcome Wagon, Goodwill, the Culver Town Board and firemen, handicapped persons will be better served by the Culver community through the use of the deposit box. Every filled Goodwill bag means jobs, wages and

training for some disabled person.

Bags in limited quantity may be obtained at the box, to be used for donations of toys, clothing, shoes, appliances, and other repairable items. Bags are also distributed on all Welcome Wagon calls. Persons having items too large for the box, or breakable items may call Mrs. Strang at 842-2986 after 5 p.m. to make arrangements for pick-up.

"Ring Around The Moon" To Be Presented Friday

"A piece of puff" aptly describes "Ring Round the Moon" to be presented Friday, July 26 at 8:15 p.m. in the Eugene C. Epply Auditorium, Culver Military Academy.

The play, the first of two to be given this summer by the Culver Summer Schools theatre students, will be directed by Leo K. Cohen, director of theatre at Culver.

"Ring Round the Moon," written by Jean Anouilh and adapted by Christopher Fry, is a fable situated outside Paris in the spring of next year.

Circles of sadness and merriment evolve around twin brothers Frederick and Hugo. Frederick is shy and romantic; Hugo is aggressive and cynical. As Cohen explains the play:

"Frederick is engaged to marry Diana who loves his twin brother Hugo. Hugo doesn't like

Diana and has bought a beautiful dancer, Isabelle, to a dance to distract Diana. Hugo then exposes Isabelle as being a fraud; Frederick falls in love and it ends gracefully with both couples twice as happy as before."

Among those who have featured roles in the production are: Dalton Alexander, Urbana, Ohio as Joshua; Lanny Bray, Culver, as Hugo and Frederick; Ranelle Rubino, Chicago, as Diana; Bryon Pike, Mentor, Ohio, as Patrice; Cindy Hannah, Muncie, Ind., as Lady India; Gwyn Gilkison Muncie, as Capulet; Stew Rariden, Bedford, Ind., as Messerschmann; Rick Gimbel, Culver, as Romainville Caroline Greenleaf, Indianapolis, as Isabelle; Sydney Brown, Marine, Calif. as Isabelle's mother; and Sarah Hoessel, Culver, as Madame Desmortes.

"Philadelphia Story", the second production of the summer theatre, will be produced Wednesday, Aug. 14.

Several of the children gave very interesting book reviews: Vickie Bauer, "Susan Anthony;" Steve Bauer, "Huckleberry Hound;" Vickie Bauer, "Suprise for Nancy;" Teresa Keller, "Higgins and the Great Big Scare;" Lisa Keller, "The Good Robber;" Pamela Traiclet, "Blue Bay Mystery;" Loretta Zehner, "Spaghetti Eddie;" Rosalie Weaver, "Isfindiar and the Wild Donkeys;" Paulette Robbins, "The Farmer;" Debra Weaver, "Only Jane;" Jeffery Morozink, "Andy and the School Bus;" Danny Taillet, "Boxes are Wishes;" Jeff Hunneshagen, "Teddy Bear Twins;" Ronnie Fox, "One Little Indiana;" Janet Winter, "Chatterduck and the Plump Pig."

The July story hour was held at the Monterey Tippecanoe Public Library on Saturday with 47 children attending. Each child registered and received a telephone name tag in keeping with the main topic of discussion at the meeting. The meeting opened with the Pledge of allegiance to the flag with the birthday children holding the flags. Mrs. Zehner then passed out mimeographed papers with pictures of a child in distress trying to use the telephone. Mrs. Zehner then showed the children how to dial and some of the rules of courtesy for using a telephone. Two films were shown: "Brotherhood of Man" and "Marcel Marceau-Pantomimes." The children enjoyed some finger games, then everyone adjourned to the lawn for more outside games and treats furnished by the birthday children: Kerry Master, Susie and Steve Bauer, Shirley Poort, Danny Traiclet, Tina Zehner and Doug Sutton.

CMA's Black Horse Troop Lancer Platoon And Naval School Band To Appear In Plymouth

Culver Military Academy's Black Horse Troop Lancer Platoon and the Naval School Band will make special appearances at the Plymouth Horse Show Friday, July 26 at 8:30 p.m. in Centennial Park, Plymouth, Ind.

Twenty-five mounted riders who form the Lancer Platoon will execute a 15-minute precision mounted drill. Intricate movements will be performed at the trot and canter with the "Queen Anne Salute" a special salute enacted with lances, ending the demonstration.

The Naval School Band, under the direction of Gilbert M. Fernandes, Academy bandmaster will accompany the Troopers with

suitable riding songs. Included in their medley will be "Wagon Wheels" and "Surrey With the Fringe on Top."

The Lancer Platoon, advised by Raymond K. Walmoth, troop counselor, comprises the honor organization of the School of Horsemanship's Black Horse Troop. Its members are first, second and third classmen carefully selected on the basis of horsemanship ability, citizenship and general interest in the Troop program.

Best known of the Culver organizations, the Black Horse Troop has served as escort for foreign and U.S. dignitaries and has made public appearances in

many sections of the nation, including several Inaugural Parades. The Troop has been featured at many parades and pageants in the Midwest.

The Naval School Band is also well known for its appearances throughout the Northern Indiana area. The Culver musicians appear both as a marching and concert band.

Friday will mark the second consecutive appearances for both organizations at the Horse Show.
