Telephone Choices

Telephones today are "something else." They're colorful. They're stylish. They're decorator items. They serve a wide range of needs — some of them very special. Furthermore, they are available to over-the-counter shoppers in nearby PhoneCenter Stores. There's more about telephones in the Customer Guide section at the front of this directory. There's more about PhoneCenter Stores on the inside of this cover.

Front cover, courtesy Indiana Historical Bureau:

George Rogers Clark boldly led a small army of men against the British at Fort Sackville in the winter of 1779. The surrender to Clark at Vincennes 200 years ago, which opened the Old Northwest to settlement, is depicted by Frederick Yohn, an Indiana artist. You may pick up a reprint of the painting at your Indiana Bell PhoneCenter Store.

Annoyance Calls

Don't talk to nuisance callers; they are looking for an audience. Hang up if the caller does not say anything, does not identify himself satisfactorily, or uses improper language. Call police if a threat is made. Call your Indiana Bell business office if such calls persist; telephone people will work with you and with police to apprehend the caller.

According to Indiana State Law, harassing callers may be fined up to \$1,000 and imprisoned for up to 180 days.

Telephone soliciting

If you do not want to talk with a person selling a product or service by telephone, just say "No, thank you," and hang up.

Pre-wiring a new home or addition

If you are building a new home or remodeling your home, we can install telephone wires before the dry wall is put up. Often this means your telephones can be installed more neatly. Call your service representative for applicable charges and to arrange for this service.

Out-of-town directories

If you call phones in another city regularly, a directory for that city may be obtained by calling the business office.

Directory listings

Every effort is made to make the directory as accurate as possible. The company is not liable for damages resulting from errors or omissions in free listings. Its liability in the case of paid listings shall not exceed the charge for such listings during the life of this directory.

Party line calling

Call repair service between the hours of 8 a.m. to 5 p.m. to obtain instructions for calling another party on your telephone line.

Emergency calls on party lines

State law requires that you yield a party line immediately when told the line is needed for an emergency — a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential. It is unlawful to take over a party line by stating falsely that the line is needed for an emergency. The penalty for either offense can be a fine of up to \$1,000 and imprisonment up to 180 days.

Services for disabled people

If you have difficulty using the telephone, one of our special services may be helpful. We offer services for those with hearing, sight, speech or motion impairment. Call the business office for information.

Unlawful wiretapping

It is a crime under federal law for any person, including a telephone subscriber, to wiretap or otherwise intercept a telephone call, unless that person has first obtained the consent of one of the parties actually participating in the call. Properly-authorized law enforcement officers can engage in interceptions without the consent of either party when proceeding under court orders issued pursuant to applicable provisions of federal law. Under federal law, the penalty for illegal wiretapping can be imprisonment for five (5) years, a \$10,000 fine, or both.

Consumer Information

If you have a question about a policy, practice or procedure, let us know. We'll answer promptly. We also will be glad to meet with consumer groups to give information or answer questions about telephone service.

Just contact:

Consumer Relations Supervisor
240 N. Meridian St., Room 1706
Indianapolis, Indiana 46204

Employee identification cards

For your protection, any employee who visits customer premises carries an official identification card showing his or her name, signature and photograph. If you have the slightest doubt about any one who says they are from the telephone company, please ask to see the card.

Programs and films

Many telephone employees are available as speakers and our film library carries a wide variety of films for all ages and interests. Call (317) 265-2597 (collect) for a film or contact your local business office for a speaker or free brochure about our programs. There is no charge for either.

Educational aids

We have a variety of complimentary educational materials available for teachers from nursery school through college. Contact your Indiana Bell educational representative at your local business office.

Tariffs

Tariffs which show rates, rules and regulations for telephone service and facilities as approved by the Public Service Commission of Indiana are available in our business offices for public inspection.

Business communications systems

Account representatives are available without charge to analyze the communications needs of business customers. For this service, call the business office.

Recorded telephone conversations ("Beep" tone)

If you hear a short "beep" tone on your telephone about every 15 seconds, your conversation is being recorded. This signal is provided for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to company tariffs and is not permitted except on police and fire department lines in an emergency. If you do not want to be recorded, ask the person to disconnect the recording machine. When it is disconnected, you no longer will hear the "beep" tone.

Customer-provided equipment

Under the Federal Communications Commission's registration program, you may supply your own telephone or other terminal equipment and connect it directly to the nationwide telephone network.

If you choose to provide your own equipment covered by the registration program, however, you are responsible for its proper connection, maintenance and repair. FCC rules also require that you notify the telephone company before connecting your equipment.

The registration program does not apply to equipment connected to coin phone service and party lines.

Have a phone problem?

If your phone is not working properly please call repair service. For any other problem, your service representative is trained to help and can be reached at the number listed on your telephone bill.

Long distance

Dial-direct calls (Station-to-station)

By dialing your own long distance calls, you will pay the lowest rate, with additional savings if the call is placed in the evening or during the night and weekend time periods. For calls within Indiana, the initial rate period is one minute. Calls to other states (excluding Alaska and Hawaii) also have a one-minute minimum.

How to dial direct

Within your area — Dial "1" and the telephone number.

Outside your area — Dial "1", followed by the appropriate area code and telephone number.

Operator-assisted calls

Long distance calls requiring operator assistance cost more. The minimum period for an operator-assisted call within Indiana is two minutes; to locations outside of Indiana, the minimum period is three minutes.

Calls placed from hotels and coin phones, as well as those shown under Types of Calls, are all operator assisted.

To place an operator-assisted call

— Within your area, dial 0 + the telephone number.

— Outside your area, dial 0 + the area code + the telephone number.

Types of calls

(Dial as outlined under "Operator-assisted calls")

Collect Call

You may call collect if the person or firm you are calling agrees to accept charges. Dial the call and when the Operator comes on the line, say you're placing a collect call and give your name.

Credit card call

If you have a Bell System credit card you can charge long distance calls to your regular monthly bill. Dial the call and when the Operator comes on the line, say you are placing a credit card call and give your credit card number.

Third number call

You may have long distance calls billed to an authorized third telephone number. Dial the call and when the Operator comes on the line, say you'd like to charge the call to a third number and give the operator that number including the area code.

Time and charges

You may ask the Operator to tell you how long you talked and the charge for a long distance call. Dial the call and when the Operator comes on the line say that you want time and charges when the call is completed.

Person-to-person call

This is the most expensive type of long distance call. Call person-to-person if you wish to talk to a particular person, extension number, office or department. Dial the call and when the operator comes on the line, say you're making a person-to-person call and give the name of the person you want to talk to. The operator will remain on the line and announce the call. Charges will start when the person you're calling answers.

Other calls

Conference call

You can talk with several people in different places at the same time by dialing the Operator and saying you wish to make a long distance conference call. Give the Operator the names and telephone numbers of the people you want to talk to.

Mobile calls (air-land-marine)

You can make local (where facilities are available) and long distance calls to automobiles, trucks, aircraft, boats and ships. Ask the Operator for the mobile, marine, or high seas Operator.

"800" WATS telephone numbers

Long distance calls can be made without charge to you, to those who have "800" WATS numbers. They offer this to customers calling from specific locations.

To get the numbers of those who have "800" numbers dial:

To call an "800" number dial:
1 + 800 + the telephone number.

Money saving tips *Guide*

Money-saving tips

Call during bargain times

Rates on dial-direct long distance calls are lower during evening, night and weekend hours. Also take advantage of holiday rates on New Year's Day, July 4th, Labor Day, Thanksgiving and Christmas Day.

How to obtain credit for calls to wrong numbers or a poor connection

If you reach a wrong number, have a poor connection or other problems, hang up, then dial the Operator right away. Explain what happened so the operator can arrange for the proper credit.

If you are billed for a long distance call you didn't make, call your Service Representative at the number shown on your bill.

Dial it yourself and save

You can save money by dialing your calls direct without involving an operator.

Schedule and plan your calls

If you call someone frequently, try to set a specific time when they will be there. That way, you can dial station-to-station and save. Even if you miss the person, two dial-direct calls often cost less than one person-to-person call. Plan the things you want to say to save talking time.

holiday rates Now Year's Day/July 4th/Labor Day/Thanksgiving/Christmas Day
On these legal holidays, the night/weekend rate applies all day on dial-direct calls.

Dial-direct calls are those interstate calls (excluding Alaska and Hawaii) completed from a residence or business phone without operator assistance. The rates also apply on calls placed with an operator from a residence or business phone where dial-direct facilities are not available.

On dial-direct calls, you pay only for the minutes you talk. The initial rate period is one minute any time of day or night.

Additional savings apply if you dial direct during the "discount" time periods indicated on the chart below.

(Full rates apply all days, all hours)

Operator assisted calls are those requiring the assistance of an operator to complete the call. These include person-to-person, coin, collect, credit card, billed to a third number, hotel guest, time and charge calls. The initial period for all operator assisted calls is three minutes.

New Year's Day/July 4th/Labor Day/Thanksgiving/Christmas Day

Holiday rates On these legal holidays, the evening rate applies all day on dial-direct calls unless a lower rate would normally apply (nights & weekends).

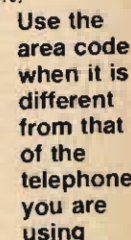

On operator assisted calls, the dial-direct discount rate applies only on additional minutes.

Federal Excise Tax and any applicable state and local taxes are not included in the above rates. Discount rates illustrated are rounded. Charges are based upon rates in effect at the time of connection at the calling point, including calls beginning in one rate period and ending in another.

***Calls outside continental U.S. (Including Alaska and Hawaii)**

There are different dial-direct rates that apply on calls to Hawaii, Puerto Rico, U.S. Virgin Islands, Canada and the Bahamas. Other locations capable of being dialed direct are Alaska and parts of Mexico, including Mexico City.

Where the Choices Are

PhoneCenter Stores might shock great-grandmother even more than decorator telephones convenience centers for viewing new phone styles and colors . . . for learning about today's residence communications services . . . for choosing phones to take home in a shopping bag.

Whoever would have dreamed it?

But today PhoneCenter Stores are close at hand for Indiana Bell customers. Most are located in former Indiana Bell business offices. A few occupy store space in shopping centers.

The Customer Guide pages in the front of this directory list the location and hours for the Phone-

Center Store in your neighborhood

PhoneCenter Stores offer customers an opportunity to view, handle and discuss Indiana Bell's full line of residence telephones and services. The accent is on leisurely browsing through an array of actual instruments and service demonstrations.

Take telephones home in a shopping bag? It's standard operating procedure in Phone-Center Stores. Some homes already are equipped with a new "jack" outlet for telephones. If the customer has one of these new jacks, the customer himself may plug the phone into service. This may save time and reduce installation charges.
