No More!

NIGHT AND SUNDAY RATES
are in effect from 6 P.M. to
4:30 A.M. every night and
all day Sunday.

LONG DISTANCE SERVICE

Station-to-Station Calls (From One Telephone to Another)

A station-to-station call is one on which you are willing to talk to anyone who answers the called telephone.

The charge for a station-to-station call begins when the called telephone or private switchboard answers.

This kind of call, which most customers prefer, is usually completed faster than person-to-person calls—and costs you considerably less. All direct distance dialing calls are station-to-station.

If you cannot dial your out-of-town call direct you place a station-to-station call by dialing "0" (Operator), then giving the operator who answers the following information—

- First — The name of the distant place.
- Second—The telephone number wanted (if known), otherwise the name and address of the telephone wanted. For example: Anyone at John Doe's residence, 425 Main Street.
- Third — Your own number when the operator calls for it.

Copyright 1960, by The Indiana Bell Telephone Co., Inc., Indianapolis 9, Indiana

Person-to-Person Calls (From One Person to Another)

A person-to-person call is one on which you want to talk with a particular person; or with a particular department reached through a private switchboard; or with a hotel room.

The charge is higher than a station call. Timing of the call begins when you are connected with the person or extension you called.

In placing a person-to-person call, it is necessary for you to give the long distance operator the name of the person or department you wish to reach. Otherwise, you place the call in the same manner as a station call.

COLLECT CALLS

If the charges on the call you are placing are to be paid at the distant telephone, tell the operator that it is a "collect" call. The charges, if accepted at the distant telephone, will be billed to that telephone. There is a 10c charge on all collect station-to-station calls made within the state.

DIRECT DISTANCE DIALING

Enjoy the thrill of Direct Distance Dialing... it's the quick, convenient and economical way to call. See pages 2 and 3 for instructions.

INDIANA STATE LAW CONCERNING USE OF PARTY LINES IN CASES OF EMERGENCY

A Statute enacted by the 1955 Indiana Legislature makes it unlawful to misuse party line telephone service in cases of emergency. An emergency is defined in the law as "a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential." The law, in part, reads as follows:

Section 2. It shall be unlawful for any person using a telephone on a party-line to refuse to yield such party-line, when requested to do so, to any person who wishes to place an emergency call from a telephone on such party-line. Any person who violates the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding twenty-five dollars to which may be added imprisonment in the county jail for any period not exceeding ten days.

Section 3. It shall be unlawful for any person to obtain the use of a telephone on a party-line by falsely alleging the existence of an emergency. Any person who violates the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding twenty-five dollars to which may be added imprisonment in the county jail for any period not exceeding ten days.

DIRECT DISTANCE DIALING

FOR

SUBSCRIBERS HAVING
Vlking
TELEPHONE NUMBERS

What is DDD?

Direct Distance Dialing is a new and faster method of calling out-of-town telephones. It allows you to dial direct to telephones in certain cities as easily and simply as dialing local telephones.

Who uses it

All telephones users, except when calling from coin telephones, can dial direct to certain other cities.

What kind of calls

All station-to-station calls to certain cities can be dialed direct (station-to-station calls are those on which you will talk with anyone who answers the telephone you are calling). Person-to-person calls, collect calls, credit card calls and calls from coin telephones are placed through your Long Distance Operator by dialing "0" (Operator).

HOW TO USE DIRECT DISTANCE DIALING

How to obtain out-of-town numbers

To dial the call, you must have the out-of-town number.

To obtain numbers in all distant cities that can be dialed direct, dial "0" (Operator) for your Long Distance operator and ask her for "Information" in the city you want to call. For example, to obtain a Chicago number, dial "0" (Operator) and when the operator answers say, "May I have Chicago Information, please?" When you have obtained the number write it down—then it will be available when you dial the call. There is no charge for calls to obtain a telephone number.

The first thing to do

When you have the out-of-town number and are ready to dial the call, the first thing to do on all DDD calls—is to dial "112". This connects your telephone to the DDD equipment.

How to use area numbers

The United States and Canada are divided into more than 100 "Dialing Areas". Each area serves all or part of a state and has a 3-digit "Area Number" assigned to it. DDD calls are made by dialing, first, "112"; next, the appropriate Area Number (if required—see below); then the telephone number in the city you are calling.

No Area Number is dialed when calling nearby points such as; Peru, Michigan City, South Bend, etc.—just dial "112", then the two letters and five figures of the telephone number you want.

Your Long Distance Operators will be glad to tell you whether or not certain cities can be dialed and give you area numbers—just dial "0" (OPERATOR).

HOW TO USE DIRECT DISTANCE DIALING—continued

Some Sample Calls:

Dialing a nearby point—

To reach TRIangle 4-4201 in Michigan City:

Dial	DDD Number	AREA Number	TELEPHONE Number
	"112"	(none required)	"TR 4-4201"

Then give the operator **your** number when she asks for it.

Dialing a more distant point—

To reach MELrose 5-9811 in Indianapolis:

Dial	DDD Number	AREA Number	TELEPHONE Number
	"112"	"317"	"ME 5-9811"

Then give the operator **your** number when she asks for it.

Remember on all DDD calls

1. Obtain the correct out-of-town number then write it down.
2. Dial "112."
3. Dial the "Area Number," if required.
4. Dial the 2 letters and 5 figures of the telephone number you are calling.
5. When the operator comes in on the line and says, "Your number, please," give her the number from which you are calling.

Woops! a mistake!

If you make a mistake while dialing, hang up—then lift the receiver, and after hearing the dial tone start over.

If you reach a wrong number, ask the person who answers what city and number you have reached. Then dial "OPERATOR" immediately so you will not be charged for the call. Report it to her even if you are unable to learn what number you reached.

PLACES YOU CAN DIAL DIRECT

Here are a few of the places you can now dial direct by taking these easy steps:

First dial "112," then the Area Number, if shown, and the telephone number you are calling.

If the place you wish to call is not listed, just dial "OPERATOR" and give her the call in the usual manner. If the call can be dialed she will tell you and furnish the Area Number, if required. The list of places you can dial is growing day by day.

Dial Service Suggestions

HOW TO DIAL

Suppose You Want To Dial VI 2-3301

1. Remove receiver and listen for dial tone—a "hum-m-m-ing" sound.
2. Place finger in opening where you see the letter "V."
3. Pull dial around until finger strikes the finger stop. Remove finger from opening and let dial return to normal. Do not force dial as it returns to normal position.
4. Proceed in the same way to dial the letter "I", then the figures 2, 3, 3, 0, 1, in the order in which they appear.

Either the ringing or the busy signal should be heard soon after the dialing is completed. The ringing signal is an intermittent "burr-burr-rring" sound that indicates the called telephone is being rung. The busy signal is a fast "buzz-buzz-buzz" which indicates the called line is busy.

If you make a mistake in dialing, replace the receiver momentarily—pick it up and dial the complete number again. Don't hurry—take time to dial correctly.

Always listen for and hear the dial tone before starting to dial.

TO CALL A PARTY ON YOUR PARTY OR RURAL LINE

It is necessary to dial a special code number for that party. If you do not know the proper code number, it may

be obtained by calling VI 2-3301.

Before dialing, listen for the "Dial Tone," then dial the special code number for that party. As soon as you have dialed, hang up the receiver.

Your telephone bell and that of the party called, will then ring. When the other party answers, your bell will stop ringing. Remove the receiver and proceed with conversation. If, however, your bell does not stop ringing after a reasonable period, you will know that the other party does not answer. Remove the receiver for a few seconds in order to stop the ringing, then replace the receiver.

For your convenience, space for a Personal Telephone List has been provided on the last yellow page of this directory.

HOW TO AVOID WRONG NUMBERS

If you are not sure of the number you wish to call, please look in the directory. Make a list of frequently-called numbers and keep it up to date. Depend on your memory only for those numbers called regularly and of which you are certain. Make a note of numbers furnished by "Information" on the page facing the inside back cover of this directory, or in "The Blue Book of Telephone Numbers" which you may obtain without charge or obligation by calling or visiting our Business Office.

Helpful Information

PLEASE DON'T CALL "INFORMATION" NEEDLESSLY

Three out of five calls to "Information" are for numbers that are listed in the telephone directory. If you are in any way doubtful concerning the number you wish to call, please check your own directory or personal number list first. If you are unable to find the number, call "Information" and an operator will help you. Make a note of numbers furnished by "Information" on the page facing the inside back cover of this directory, or in "The Blue Book of Telephone Numbers" which you may obtain without charge or obligation by calling or visiting our Business Office.

BUSINESS TRANSACTIONS

All matters relating to new telephone service, changes of address, terminations of service, directory listings, extension telephones, private branch exchanges, intercommunicating systems, collections, adjustments, etc., are the responsibility of a Service Representative in our business office, located at 101 W. Lake Shore Dr., telephone VI 2-3301. Whether you call by telephone or in person you will find her anxious to help you with any questions you may have about your bill or your service.

ERRORS IN THIS DIRECTORY

Every reasonable precaution is taken to avoid errors in and omissions from the telephone directory, but the Telephone Company does not guarantee listings therein and shall not be liable for damages arising out of errors in or omissions from the directory except as provided for in its filed regulations and tariffs or, in the case of classified advertising, upon conditions set forth on the application for classified advertising. To aid us in keeping the directory as accurate as humanly possible, we would appreciate your checking your listing, and, if

incorrect in any way, calling the business office so that the error can be corrected for the next directory.

IDENTIFICATION OF TELEPHONE EMPLOYEES

Each employee of the Company carries an identification card showing his photograph and his signature. The card is countersigned by his supervisor. If at any time you are doubtful as to the identity of anyone requesting access to your premises in the name of the Telephone Company, ask him to show you his identification card.

CONCERNING BILL PAYMENTS

Telephone bills are issued once a month and may be paid by mail, or in person at the Business Office at 101 W. Lake Shore Dr.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams, or radiograms to the Western Union Telegraph Company—see the listing of that company in this directory—and have the charges appear on your telephone bill. You may also telephone your Western Union telegrams from coin telephones, paying as you would for a telephone call.

FEDERAL TAX

The following outlines briefly the taxes applicable to local service and equipment.

Ten per cent of the monthly charges for Local Service and Equipment.

Ten per cent of the Guarantee for Coin Telephone Service.

Service Connection, Move, Change Charges, etc., are not taxable.

Helpful Information (continued)

"BEEP" TONE TELLS WHEN TELEPHONE CONVERSATION IS BEING RECORDED

A short high "beep" tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the telephone line.

This signal is provided by the telephone company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder the signal is no longer heard.

The "beep" is produced automatically by the device used to connect the recorder to the telephone line. It stops when the recorder is disconnected.

PARTY LINE COURTESY PAYS

If you are on a party line, remember that consideration among those on the line will be appreciated by all.

These suggestions will help you obtain the best service:

Listen for a moment to make sure the line is clear before you call, so you won't interrupt a neighbor's call. Replace the receiver quietly if the line is in use. Keep calls to a reasonable length, and avoid consecutive calls when it is evident that others are waiting.

OUR AIM

Our aim is to render a service that will be helpful and pleasing to our customers. We realize that difficulties will sometimes arise despite all our efforts to avoid them. If, at any time,

the difficulties are not promptly and satisfactorily corrected, we shall appreciate it if you will communicate the facts to the Manager.

HOME TELEPHONE PLANNING SERVICE

It's best to plan ahead for your telephone requirements. If you expect to build a new home or remodel your old one, make provisions in the blueprints for concealed wiring and conveniently located outlets.

The Telephone Company maintains a Home Telephone Planning Service which furnishes assistance in such planning, without charge. Call the Business Office.

ATTACHMENTS TO DIRECTORIES

To insure the usefulness of the directory no attachment, holder, or auxiliary cover, except such as may be furnished by, or with the consent of the Telephone Company, shall be used in connection with any Telephone Directory furnished by the telephone Company.

BE CERTAIN TO HANG UP CAREFULLY

"Banging" the telephone when you hang up may give the person at the other end an unpleasant bang in the ear. It may also cause the telephone to go out of order.

Some of the many items to make your telephone service even MORE CONVENIENT

ADDITIONAL TELEPHONES

In every "living-area"—bedrooms, den, kitchen, basement, living room, even in the yard.

Additional telephones will save countless steps for only a few cents a day! Provides Security—Privacy—Convenience. Modern homes should have a telephone

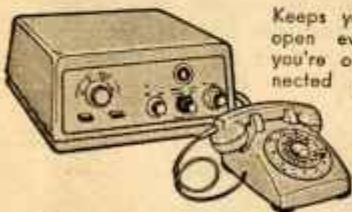

VOLUME CONTROL TELEPHONES

you turn a button. The phone "speaks up louder."

Room noisy? People talk too low? Have trouble hearing on the phone? You need a volume control telephone. It amplifies the other person's voice when

AUTOMATIC ANSWERING & RECORDING SET

Keeps your office open even when you're out. Connected to your

telephone this device automatically answers calls, gives callers a recorded message, and lets them leave a message which you can play back when you return.

DIRECTORY LISTINGS

An "extra listing" in the directory insures teenagers, in-laws, business partners, employees, and others of receiving calls. Also essential for other business names of the same firm.

TELEPHONES IN COLOR

Convenient and so good looking. Adds charm to the modern home or office. Choose them to match any color scheme. Full color sets available in a variety of modern decorative colors.

SPEAKERPHONE

You may talk or listen without picking up this telephone. Your hands are free for other tasks. Others in your office or home can participate in the conversation. Can also be used in the usual way whenever you prefer.

OVER 400 ITEMS OF SERVICE AVAILABLE . . .

- EXTRA BELL-HORNS • AUTOMATIC ANSWERING DEVICES • SPRING CORDS
- LAMPS AND VISUAL SIGNALS • LONG DISTANCE CREDIT CARDS • "PRIVACY" SWITCH

Whatever Your Communication Needs May Be—We Have the Equipment and "Know-How" to Meet Any Requirement.

WHAT'S A FEW MILES ... ? BETWEEN FRIENDS?

Out-of-town family and friends are as close right now as your telephone! Haven't you often had a longing to talk with someone you haven't seen for quite a while?

Well, what's holding you back? Get on your mark . . . Get set . . . Go!

Station-to-station calls are fastest . . . lowest in cost at any time. And now, "Hoosier Night Rates" make calls even cheaper.

On station-to-station calls between any two Indiana telephones from 9 P.M. to 4:30 A.M. you can talk twice as long and pay no more!

TRY A CALL TONIGHT.

Good News for People Who Like Family Chats

**Bargain Rates on
Long Distance Calls
to Indiana Points
From 9 P.M. to 4:30 A.M.**

Like to get double your money's worth?
You can do just that tonight . . . or any night!

Reduced rates for "station-to-station" long distance calls between any two Indiana telephones from 9 P.M. to 4:30 A.M. make this bargain possible. (Station-to-station calls are those on which you are willing to speak with anyone at the number you are calling.)

Talk Twice As Long

Under the low Hoosier Night Rates you can talk twice as long, and pay no more than formerly on calls of 25 miles or more. In other words, from 9 P.M. to 4:30 A.M., the initial period has been increased from 3 minutes to 6. And when your call lasts longer than 6 minutes—the additional charges above the 6-minute base rate are measured by each extra

2 minutes you talk, instead of 1 minute as in the past.

Ideal for Family Visits

We recommend "station" calls if you want to save time and money. They are ideal for family visits when you are calling an out-of-town residence telephone number.

Please remember that the Bargain Hoosier Night Rates affect only station-to-station long distance calls made between any two Indiana telephones. They do not affect calls to points outside the state . . . those rates remain the same.

Evening and Sunday station-to-station rates and the three-minute minimum period still apply within Indiana from 6 to 9 P.M. on weekdays and all day Sunday until 9 P.M.

TALK TWICE AS LONG AND PAY NO MORE!

Modern Homes Have Handy Phones

...Just a Reach Away

Extension phones are such handy helpers—they serve the entire family 24 hours a day. They can be installed wherever the family needs them—in the kitchen, living room, bedroom, laundry or workshop.

Extensions come in many beautiful colors too—there's one to blend with any color scheme.

To order your extension phones, just call the Business Office (the telephone number is on page 1 of this directory)—or ask any telephone employee.
