ON LAKE MAXINKUCKEE—INDIANA'S MOST BEAUTIFUL LAKE

VOLUME LVI

CULVER, INDIANA, WEDNESDAY, FEBRUARY 15, 1950

NUMBER 48

## Area Feels Effect Of Storm; Utilities Suffer Heavy Damage

Freezing rains and heavy snow which accompanied the high winds in this locality on Sunday evening damaged power and communication lines and trees throughout the area. Various reports indicated that the damage in this proximity was not as severe as in the neighboring communities.

Electric power was interrupted here for more than two hours on Monday morning causing a slight disruption of normal activity. Schools here and at Green Township, Argos and other surrounding schools were dismissed on Monday.

Although highways were open several surrounding communities were isolated from the communication and power standpoint. Rochester was without electricity or phone service for several hours and Plymouth was without power and telephone service. Rural phone service was interrupted for several hours but REMC officials stated that repairs were being quickly repaired. The damage in Ellettsburg county was estimated to be in excess of \$100,000.

With the service in the northern Indiana sleet belt from Fowler to Auburn suffering various degrees of damage from Monday's storm, construction and maintenance workers of Indiana Bell, 400 strong, swung into action to restore normal conditions for local and long distance customers. Approximately 500 poles have been downed by the ice and wind, and the overall damage to the company's facilities is expected to exceed \$125,000.

Here in Culver, according to Mr. C. G. Sacre, company manager, local service to 320 rural customers and 25 subscribers in the urban area is temporarily out.

Poles, crossarms and 45,000 pounds of wire for replacements were being rushed to the affected areas through the resources of Western Electric. Mr. Sacre said, and supplies were being furnished in sufficient quantities to restore all service. Damage to connecting telephone company facilities also is heavy, the manager stated.

## MONTEREY MEN ON CONSERVATION TOUR

A carload of local Monterey men motored into Ohio Thursday to visit the farm of the noted author and soil conservationist, Louis Bromfield at Lucas, Ohio. Here they observed the excellent farming practices and Pen type milking barns.

The group also visited the noted conservationist Blubaugh of Danville. Those making the trip included: Harold Mahler, L. May, Bert Hizer, Rev. Fred Schroeder, Paul and Frank Schmidt.

## UNION SERVICE TO MARK OPENING OF LENT

The opening of the Lenten season will be marked by the annual community service of Holy Communion at the Grace Evangelical and Reformed church next Wednesday evening, February 22. The service is being sponsored by the Culver Union township Council of Churches.

The ministers of local churches will cooperatively conduct the services.

A modern automobile contains about 15,000 parts.

## Clears Theatre Owner of Charges

Justice of the Peace, J. W. Riggins yesterday ruled that Evert Hoesel, owner and manager of the El Rancho Theatre, was not guilty of the assault and battery charges which had been preferred by John O'Connor following an altercation at the theatre on January 13th.

Judge Riggins rendered his decision at the close of the day's trial in which the testimony of a number of witnesses together with the summaries by Prosecutor Robert Hilles, who represented the plaintiff, Mr. O'Connor, and Attorney Albert Chipman, who represented the defendant Mr. Hoesel, were heard.

The trial was an outgrowth of an incident on the evening of January 13th when Mr. Hoesel requested that Mr. O'Connor's twelve-year old son leave the theatre. Evidence indicated that the boy was creating a disturbance by whistling, and that it was the third offense. He had been refunded the money paid for his admission ticket.

Claiming that he had left his hat at his seat near the front of the theatre, the boy claimed that Mr. Hoesel would not permit him to go back after it and that Mr. Hoesel suggested he could get it the next morning. The defense offered evidence to indicate that the boy had not worn a hat to the theatre.

Later in the evening Mr. O'Connor went to the theatre requesting his son's hat. Evidence was introduced to show that a disturbance followed in which Mr. Hoesel requested that Mr. O'Connor leave the theatre. Attorney Chipman brought out that the plaintiff was angry and struck the defendant while Prosecutor Hilles suggested that the defendant was trying to protect himself. There were several points of conflicting evidence in the trial.

Mr. O'Connor had preferred two charges, one in which Hoesel was charged with striking a minor in a rude and angry manner, and the other in which he struck the plaintiff with his glasses on. The court cleared Mr. Hoesel of both charges.

## CANCEL PTA MEETING

The meeting of the Union Township Parent Teacher's Association scheduled for last evening was canceled early yesterday morning when Mrs. Joseph Hennessey, who was to speak, called to say that circumstances had arisen preventing her from carrying out her engagement. Mrs. Howard Oberlin, president of the PTA, stated that a meeting would be arranged for the near future.

## ASSESSORS TO MEET TOMORROW

All county and township trustee assessors from Marshall, Starke, Fulton, Elkhart, St. Joseph and Kosciusko counties will convene at the Conservation Club House in Plymouth tomorrow for a district meeting. William Oberlin, Marshall county assessor said this morning.

New and more complete methods of assessing personal property will be discussed. The meeting has been called by the State Board of Tax Commissioners.

In observance of Washington's Birthday, the post office will be closed next Wednesday, Feb. 22.

## Tri-Township Farm Institute Attracts Large Audience

Joe Heiser of West township was elected president of the Tri-Township Farmers' Institute in the annual election of officers which was held at the close of the two day Institute session held at the West Township school last Wednesday and Thursday.

Other officers elected were Alfred Winenger, Green township, vice president; and Mrs. Stephen Savage, Green Township, secretary-treasurer.

The assembly attracted an estimated total of nearly 500 farmers from West, Green, and Union townships, to the three sessions. The premium listing in the Home Economics and the Agricultural division attracted 306 women exhibitors and 180 men exhibitors. Ribbons were awarded to the first seven persons placing in each exhibit division with cash awards going to the first four in each classification. Winners are listed elsewhere in today's Citizen.

West township farmers had 281 entries in the exhibits and the Farm Bureau there received the \$10 cash award for having the largest number of entries. Annabelle Ruppel of Bremen was the judge of the Home Economic exhibits while County Agent Bob Harvey and Virgil Feaster judged the Agricultural exhibits.

More than 200 attended the opening session on Wednesday evening where Dr. Oscar Wesson, president welcomed the group. Wednesday evening's program included numbers by the West High School band, directed by Mrs. John Frederick; a playlet, by a cast including Mrs. Helen Towle and Mrs. Ethel Goss, West township, entitled, "Driving Lessons," a reading entitled, "Junior's First Date," also by Mrs. Towle; a playlet entitled, "In Broad Daylight," by a cast from Green township including Mrs. Mary Fishburn, Mrs. Irene Myers, Mrs. Evelyn Hughes, Mrs. Jennie Townes, Mrs. Carolyn Hagan and Mrs. Lucille Ullery; and several songs by the Union Gospel Quartet composed of Joe Heiser, Cy Nifong, Emil Henry and Howard Henderson. Douglas Kehler of Warsaw, a guest, gave Spike Jones imitations.

The Thursday morning session opened with Rev. G. H. Lundgren of Donaldson, Ind., leading the devotionals. Mrs. Calvin Perdue of Acton, Ind., and Virgil D. Sexon of Purdue University were featured speakers.

Mrs. Perdue spoke on the subjects, "He Who Plants a Seed," and "A Farm Woman Thinks Out Loud," while Mr. Sexon talked on "The Land and The People" and "A National Farm Program — Why? What?" Dinner was served at noon in the school cafeteria. The afternoons session included several songs by the Marshall County Home Economics Club.

## SOLOIST WITH BAND

Jack Kitts, son of Col. and Mrs. I. L. Kitts, will play Mozart's "Concerto" as a bassoon solo with the Princeton University Band at Vassar College on Saturday night. Kitts arranged the accompaniment for the solo.

Home sewers bought \$50 million worth of patterns in 1948.

## Local Dinner-Meeting to Mark Brotherhood Week

Dr. John Kane, professor of Sociology at the University of Notre Dame, will be the speaker for the annual Brotherhood dinner to be held at the Lions Den next Monday evening. Dr. Kane's subject will be "Economic Problems of the Minorities."

Sponsored by the St. Mary's of the Lake Catholic Church and the Union Township Council of Churches, the local dinner meeting will be one of a series to be held throughout the nation during the week of February 19-26 in recognition of National Brotherhood week.

The speaker is widely known. Dr. Kane completed his undergraduate work at St. Joseph's College in Philadelphia and his graduate work at the University of Pennsylvania. A native of Philadelphia, he taught at St. Joseph's College before coming to Notre Dame. He is a member of the American Sociological Society and the National Arbitration Association.

Col. J. H. Bishop, chairman of the History department at the Culver Military Academy, will introduce Dr. Kane.

The National Conference of Christian and Jews is the sponsor of National Brotherhood week, which has as its fundamental purpose "To Promote justice, amity, understanding and co-operation among Protestants, Catholics and Jews, and to analyze, moderate and finally eliminate intergroup prejudices which distort religious, business, social and political relations, with a view to the establishment of a social order in which the religious ideals of brotherhood and justice shall become the standards of human relationships."

Tickets for Monday evening's banquet here may be purchased through various church groups. Mrs. Charles Dickerson is chairman of ticket sales.

## Rev. Hand Heads Red Cross Drive

The Rev. Quentin Hand of Culver will head the Red Cross fund drive in Union township, it was announced today by Clayton L. Robinson of Plymouth. Mrs. Robinson was recently appointed as chairman for the county.

The drive will begin on March 1. The quota for Union township is \$1,180.50. The county quota has been set at \$10,800 for 1950. Of this total national would receive \$4,732 and the local organization, \$6,068.

Red Cross was set up in the United States by the federal government to act in case of disasters, to assist in serving the armed forces, and other miscellaneous activities. One of the newer projects of the organization is a national blood bank set-up.

## CITY MAIL DELIVERY TO BE LATE FRIDAY

According to the local Post Office officials a Civil Service examination will be given here on February 17th for mail carriers.

Two regular city carriers are taking the exam and as a result city mail delivery will be made in the afternoon instead of the forenoon that day.

About 26,400 miles of 295 U. S. rivers are navigable.

## Announce Sectional Drawing Thursday; Plan Ticket Sales

Culver Indian fans will join thousands of Hoosier hardwood followers in more than 760 school communities throughout the state tomorrow as they examine closely their respective drawings for the basketball tournaments.

The drawings will be made tomorrow in Indianapolis. Inasmuch as the Plymouth sectional will be one of the most hotly contested tournaments, tickets are expected to be at a premium. Lucky holders of tickets will probably see more closely fought contests

## Arrange for Special Fan Dope Sheet

Handy folders containing the tourney drawings for both the Plymouth sectional and the Winamac tourney may be obtained by local fans at Taylor's Ben Franklin 5 & 10 store late tomorrow evening. The unique cards will allow all fans to dope out the tourney in advance. Bob Taylor stated that the cards were free of charge and would be given out on a first come first served basis.

than will be seen in many regional and semi-final meets.

The outcome will depend entirely upon the draw since there are so many evenly matched teams. There are several strong contenders for the title including: Culver, Lapaz, Plymouth, Bourbon, Knox, North Judson, Bremen, Hamlet, Grovertown, and Tippecanoe. In fact, there is not a team among the fourteen entries which isn't a contender for the title which was won last year by North Judson.

The fourteen teams playing in the Plymouth sectional will be paired in such a manner as to follow the pattern of the recent county tournament. Seven teams will play on Wednesday and the other seven on Thursday. The two winners of each day's play will constitute the four teams going into the semi-finals on Saturday.

Floyd M. Annis, principal of the high school, stated today that there will be three sets of tickets for distribution and schools will receive tickets only for the sessions in which they play. He pointed out that Culver would receive someplace between 203 and 500 tickets.

It was indicated that a drawing for sectional tournament tickets would be necessary for adults. The drawing will be held in the gymnasium on Monday, Feb. 20, at 2:00 p. m.

Prices for this year's tourney tickets are \$1 each for Wednesday and Thursday sessions and \$1 for the Saturday sessions. These prices include tax.

No further announcement concerning the rumors that the state tourney program might be delayed because of the coal strike has been received locally. Commissioner L. V. Phillips of the IHSAA stated last week that the tournament would be conducted "even if we have to wait for warmer weather."

## IN HOSPITAL

Beverly Hayward is in Parkview Hospital, Plymouth, where she underwent an operation on Saturday.

## Local Church Women To Observe World Day Of Prayer

The Union Township Council of Church Women will observe the World Day of Prayer on Friday, Feb. 24, with an afternoon service to be held at the Grace Evangelical and Reformed church at 2 o'clock, it was announced this week by Mrs. I. G. Roeherer, president of the Council.

On the set date, February 24th, 1950, millions of women in ninety countries in six continents will kneel at the altar of God to pray. It is the World Day of Prayer, sponsored nationally by the United Council of Church Women, and locally by the Union Twp. Council of Church Women.

On this day, unceasing prayer will span the earth, beginning as the sun rises on the Fiji Islands near the International Date line, and continuing westward until the Amen is sung in the cold Arctic more than 24 hours later.

World Day of Prayer has been an annual occurrence since 1915, and is interracial, interdenominational and international in scope. The order of service, as long ago as July, 1949, was mailed to distant parts of the earth, and is now being adapted for use in 1,008 different dialects.

The program which is built around the theme "Faith for Our Time" was written this year by Michi Kawai, an American educated Japanese woman, and author of one of the mission study books chosen for this year, "My Lant-

ern," which is also an autobiography.

In Indiana, more than 375 churches and communities will observe the day with special services. In almost every town, radio stations will give time to publicize the day, and merchants will add their co-operation by including special recognition of the day in their advertising.

A return to religion and prayer is being urged today not only by great church men and educators, but by military leaders, politicians and scientists who see hope through no other course, save through a Higher Power. General McArthur has appealed to the people of the United States for millions of copies of the Bible, for Christian teachers, and for our prayers. On February 24th, a chain of prayer will be made of millions of people worshipping in all corners of the earth, and praying in sixty different languages.

### THREE LOCAL AUTO DEALERS IN PLYMOUTH SHOW

Three Culver auto dealers will participate in Marshall county's first Automobile Show to be held in Centennial Auditorium, Plymouth, on Friday, Saturday and Sunday of this week.

Hattens Garage will cooperate in the showing of the Chrysler and Plymouth cars, A. R. McKesson will participate in the Ford showing and the Lake Shore Garage will take part in the showing of the Oldsmobile.

### Sounds Funny But USDA Says There Are More 'Farms' Yet Fewer Farms

Rural homes that are not on real farms have been increasing rapidly in the United States in the last quarter century, says the U. S. Department of Agriculture. In a new publication on Changes in American Farming, Sherman Johnson, assistant chief of the Bureau of Agricultural Economics reviews this situation.

He points out that from 1920 to 1945 there was a 106 percent increase in the number of "farms" of less than 10 acres listed by the census. "Farms of that size," he comments, "are mostly part time units, rural homes, and retirement units. Very few are con-

sidered as actual farms in the localities where they are found."

The census lists them as farms because they have 3 acres or more or because they have products valued at \$250 or more. Also the number of farms in the 10 to 19 acre group increased slightly in the quarter century.

In contrast, the quarter century shows a sharp decrease of 23 percent in what the Bureau of Agricultural Economics classifies as "small farms"—those with from 20 to 99 acres. There was also a 14 percent decrease in the size group of 100 to 259 acre farms. The 260 to 500 acre size farms about held their own in numbers. Two groupings that include farms of 500 acres and more, the quarter century showed an increase in numbers.

In spite of the large increase in the number of very small or nominal farms to total of farms in the United States has decreased from 6,448,000 in 1920 to 5,859,000 in 1945, according to the census count. The trend is toward fewer and larger "farming units." This change was made possible, Johnson says, "by technological changes, especially by adoption of mechanical power and complementary equipment."

### Name Members of Board of Review

Bill Oberlin is president of the Marshall County Board of Review which will hold their 1950 forty-five day session beginning on April 1. Actually the forthcoming session is expected to be a particularly busy one for the five-man board and may go over the minimum 45 day limit because of the new assessments which go into effect this year.

The board which meets a minimum of 45 days each year, reviews and corrects assessments equalizes property valuations and assesses that property which has not been previously assessed.

Action of the Board is subject to review by the state board of tax commissioners.

County Assessor Oberlin; Fred Kuhn, auditor; and Harold Rose, clerk are automatic members of the board by virtue of their offices. Fred Kuhn is secretary of the board. Judge Alvin Marsh in accordance with the law which provides that appointments must come from each of the two major parties, last week named Vernon L. Swihart, republican of Walnut township, and Homer Marburger of German township as 1950 appointees to the Board of Review.

### Corinne Leland To Play With College Orchestra

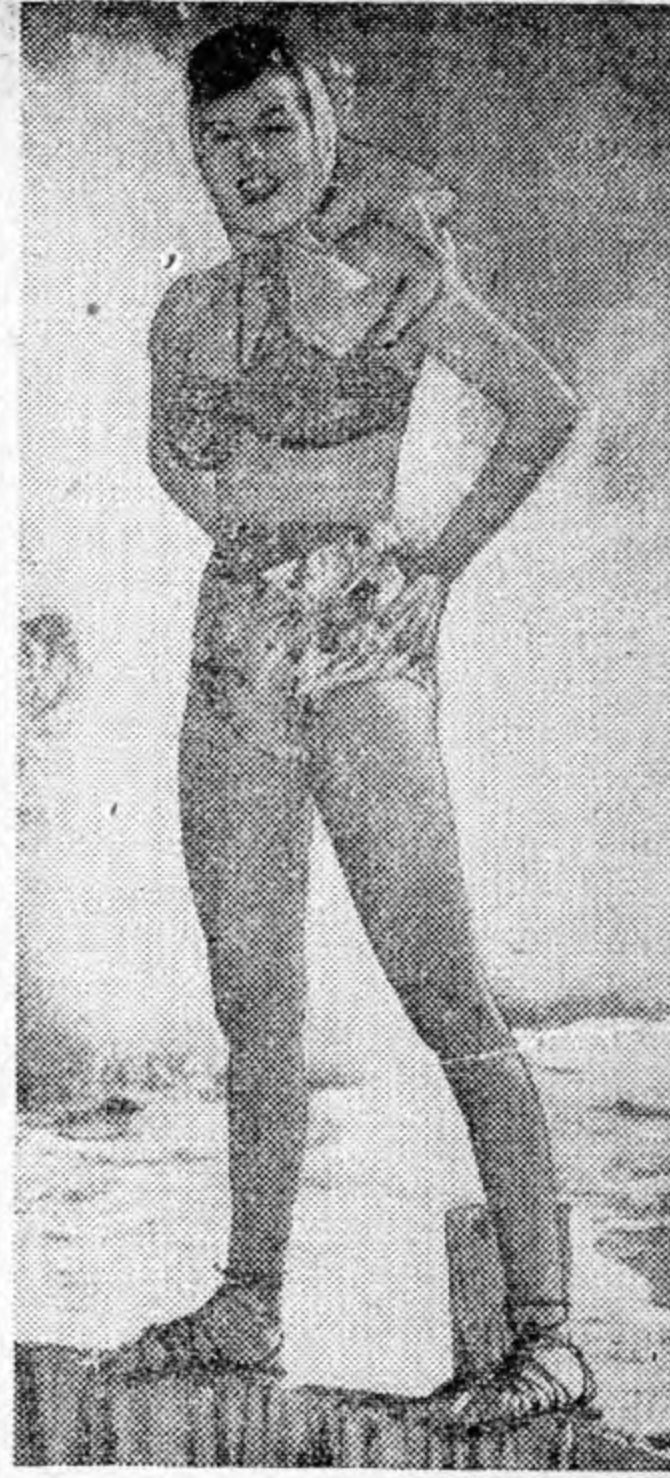

Corinne Leland, daughter of Colonel Wallace Leland of the Culver Military Academy, will play the bassoon in the home concert of the Albion College orchestra to be given in the Albion college chapel on Sunday afternoon, February 19, at four. Selections from Schubert, Boccalari, Ippolitow-Iwanow, Grofe and Gliere will be presented under the baton of Dr. Conway Peters, conductor of the Albion college orchestra. Miss Leland is a freshman at Albion.

### MARSHALL-FULTON NFIA SETS MEETING FOR MARCH 1

The Marshall-Fulton National Farm Loan Association will hold its annual meeting of members at the Lions Club Hall in Argos on Wednesday, March 1, announces Keith G. Felix, secretary-treasurer of the organization.

For the past several weeks committees have been at work making plans for the meeting which will feature an outstanding speaker in addition to the regular business portion of the meeting.

The association has members in Marshall, Fulton, Cass and Miami counties.

### Today Marks 125th Anniversary of Indiana State Library

The Indiana State Library is celebrating its 125th anniversary with an open house and reception at the library building in Indianapolis this afternoon. Harold F. Brigham, director, announces.

Indiana's library was established 9 years after the state was created and was one of not more than twelve state libraries in existence at that time.

Once a small group of books and pamphlets in the Secretary of State's office, the library now comprises over 250,000 books, 100,000 pamphlets and thousands of manuscripts. Its comprehensive collection of state and federal documents is consulted by state officials and members of the legislature in the preparation of reports and studies of the accomplishments of other states in relation to those of Indiana.

Services which the library provides today developed gradually with the years. State-wide circulation of books by mail, one of the library's major functions, was begun in 1903. Books and pamphlets not available locally, pictures, and sheet music are now loaned to libraries throughout the state to supplement their collections. Loans are made to individuals living in areas without library service.

The Reference Division also furnishes information on a wide range of subjects to libraries, to individuals and to other state departments, making particular use of the wealth of material in government publications.

Early in the library's history acquisition of Indiana state and territorial laws and journals was made obligatory, thus forming the nucleus of the library's present collection of Indiana documents. The Archives Division, headed by Margaret Pierson, archivist, contains and services the official papers of the state departments and institutions. A file of newspapers from every county in the state is also kept in this Division.

The Genealogy Department, set up in 1934, is one of the largest genealogical libraries in the Middle West. Its Indiana county records, census records, family histories, town and county histories of other states are search by visitors from practically every state in the union who are seeking to trace their ancestry. Much of this material is in microfilm form.

The cataloging of the library's books, manuscripts, pamphlets, maps and embossed books for the blind is the responsibility of Nellie M. Coats (Lafayette,) and her

staff catalogers. Exchange arrangements for the Indiana Academy of Science are maintained by Miss Coats, acquiring for de-

posit in the library the publications of scientific societies throughout the United States and from many foreign countries.

More than 1,000,000 persons in the United States have diabetes and don't know it, according to the Illinois public health depart-

ment. A single teaspoon will hold more than 1,000,000,000 grains of ragweed pollen.

### **4-H Meeting Called**

On Tuesday evening Feb. 21 the Tippecanoe Township Boys and Girls 4-H clubs are to meet in the school building at 7:30.

### **Town Isolated**

Monterey was virtually isolated Monday due to an ice and sleet storm. The town was without electricity three a. m. until noon. Many telephone lines were down making it impossible to call outlying towns. Both schools were closed, the garment factory also was unable to operate. ## **Dr. Pritchard to Speak At County Guernsey Meeting**

Dr. Norris T. Pritchard, Agricultural Economist, Purdue University, will be the main speaker at the annual meeting of the Marshall County Guernsey Breeders' Association, to be held in the Conservation Club House, Plymouth, Thursday, February 23rd. Mr. Pritchard will discuss the economics of dairy production, related dairy problems, and the dairy outlook.

President Wayne Grossman urges all persons interested in Guernsey cattle to attend the meeting, which will begin at 11 a.m. with a business meeting. At noon there will be a carry-in dinner, with the meat and coffee being furnished by the Guernsey Association.

The theme of the annual meeting will be "A Half Century of Guernsey Breeding in Marshall County." 1950 marks the fiftieth year that Guernseys have been bred in Marshall County. The first purebred Guernseys were brought to Marshall County in 1900 by Henry Schlosser. At this time two animals, a male and a female, were purchased at the Indiana State Fair and brought to the location of the original Schlosser Creamery, 1 mile south of Bremen.

Mr. Grossman invites all interested persons to attend the afternoon program to hear Dr. Pritchard and representatives of the State Guernsey Breeders' Association.

## LEGION NOTES

## Rossow To Head Carnival

Legionnaire Robert Rossow has been named chairman of the Legion Carnival to be held this year on April 14. To assist him he will have the following committee: Legionnaires Al Thessin, John Dalton, John Edgell, Judd Stinchcomb, Hugh Harper, Tommy Walker, Harvey Bishop, Russ Fisher, J. P. Carter, Rex Mawhorter, C. B. McKinney, John Wagner, Jim Rich, Steffan Rector, George Hardin and Don Trone.

## Surprises To Feature Carnival

The most popular features of the past will be present on the 14th of April at the Culver Community building, but Col. Rossow promises that there will be new acts, new concessions, and surprises galore.

Entertainment suitable for all ages will be presented. The 1950 Legion Carnival will be an event worthy of the 31st anniversary year of the Legion and of the half-way mark of the century. It will set a standard of merriment which will be hard to equal by any entertainment in the future.

## Carnival Queen To Be Elected

One of the high spots of the Carnival will be the crowning of the Queen in the midst of her lovely Court of Honor. Who will be the Queen? Who will compose the Court? The biggest surprise of all is — who will crown her?

## Proceeds To Community, School

The proceeds of the Carnival will be applied to the purchase of steel refuse cans and to funds for the use of the school. It is hoped that the placing of attractive steel refuse cans in strategic positions Culver citizens will have an opportunity to keep the streets free of disfiguring litter. The allotment to the school will be expended in a manner to be determined by the school authorities.

## Plaques To Be Unveiled

## Memorial Day

The bronze plaques commemorating the servicemen of World Wars I and II will be placed on a double concrete base, the first level with the ground, the second about ten inches high, with sockets for flags at the front two corners.

It is planned that the unveiling will be accomplished by the child or grandchild of a deceased veteran of World War I, and by the child of a deceased veteran of World War II.

## Effort For World Peace

## To Be Stressed

The keynote of the Memorial Day Ceremony will be a re-dedication to the cause of World peace as the fitting obligation of posterity to those who fell in the past wars of the nation.

## Patriotic Societies to Participate

The Veterans of Foreign Wars and their Auxiliary will participate with the Legion in the dedication of the plaques, and other patriotic and civic organizations

are invited to take part in the dedication.

## Medals For Eighth Grade

## On Display

Medals for the boy and girl of the Eighth Grade who best exemplify the qualities of good citizenship are now on display in the Eighth Grade Home Room in a mahogany case constructed by Legionnaire Roy Kellam. Certificates for the runners-up will be awarded. Associated with Legionnaire Kellam in the project is Legionnaire Vernon Davis.

## Legion Home

## Investigation Progressing

Plans for a Legion Home in Culver are progressing rapidly. Local Legionnaires are marking down their desires for facilities, location, etc., on a specification sheet. The chief consideration has been a home which can best be used for the community's good.

## Local District Represents

## State At Lincoln's Tomb

The Third District, of which Post 103 is a part, represented the State of Indiana at the Legion's Day Rites. Steve Kollar, Commander of the Third District, laid the wreath on Lincoln's tomb at Springfield, Illinois. The Third District was awarded this honor because it has the largest proportional membership of all the Indiana Districts.

At the Cub Pack meeting held at the Methodist Church Sunday evening, February 12 Byron Studebaker was named publicity director by the chairman, Coke Smith. All publicity is to be called to Mr. Studebaker at 346 or stop at the Marathon Station. The awards made at the meeting were as follows: Wolf badges to Daniel Little, Kenneth Butler, Thomas Ott, Buddy Seese and Donald Reed; Bear badges to John Shaw, Carl Wagoner and Robert Ott, and Lion badge to Tom Cultice.

## LOCAL SCOUT PACK WINS FIRST PLACE FOR DISPLAY

Pack 90 of the Culver Boy Scouts, with its display of medieval armor for knights and horses, took first place in the Menominee district competition during the Fortieth Scout Anniversary Week activities, it has been announced by Howard Graves, district executive.

The display was exhibited in Gordon's Service Station window last week. A Scout Sunday Service was held for the troop and pack sponsored by the Methodist church. Awards made included seven wolf, three bear, and one lion badge to cub scouts, and seven tenderfoot and two second class

# JOHN DEERE DEALER to ENTERTAIN FARMERS and THEIR FAMILIES

JOHN DEERE DAY

IS

Wed. Feb. 22

## "Roots in the Soil"

is feature picture in BIG JOHN DEERE DAY SHOW

The Plymouth Farm Supply, Marshall County John Deere Dealer, invites all farmers and their families to attend their big "John Deere Day" Program which will be held in the Rees Theatre and in their newly redecorated store in Plymouth on Wednesday, February 22nd.

The feature picture, "Roots in the Soil" is a dramatization of life in rural America. Its action

centers around a small town banker and his family who play an important part in community activities.

Rochelle Hudson and several other outstanding Hollywood actors and actresses have the leading roles. It will prove to be top entertainment for the entire family.

Several other brand new all-talking pictures will be shown.

They cover modern farm equipment and the latest farming practices every farmer will find interesting and worthwhile to see.

Be sure to plan now to spend that day with the Plymouth Farm Supply. More than 1100 farmers attended their "John Deere Day" program last year, and they expect this February 22nd program to top the one of last year.

badges to Boy Scouts. Officers of the troop and pack were installed and a charter presented officially by Rev. Quentin Hand and Mr. Graves.

### Cadet Quintet To Meet Strong Ashland, O., Team

One of the two basketball games which the Academy plays this next week end will be broadcast over station WATZ, of Ashland, Ohio, Saturday night at 6:15.

The Ashland High School team, rated No. 3 in their home state, is expected to supply the cadets with their most formidable opposition of the current season. In the two previous engagements of the two schools Ashland has come out on top in each game, 49-42 and 49-45.

On Friday the Maroon and White will play Lake Forest Academy, one of the three team to whom the cadets have lost so far this season. The game will get under way at 8:30 p. m. in the Little Gym.

Also on Saturday the Academy boxing and wrestling teams will meet delegations from Chicago's St. Mels High School and the cadet third-string polo team will play the Chicago Plush Horse Stables.

Last week end Culver's recent string of victories was brought to a sudden end as the cagers lost to North Shore, and the swimmers were defeated by Fenwick High School, 42-33. The wrestlers also lost to six-times undefeated Mt. Carmel, 32-18. On Friday the basketball team managed to pick up one week end victory by downing Glenwood, 63-39.

The freshness of a vegetable or fruit depends not so much on how long it has been harvested as on the temperature to which it is exposed.

### Horace Heidt Presents Show At Academy

Valentine Day, 1950, will be remembered a long time by members of the cadet corps at the Acadamey, for yesterday afternoon in what might be called a special Valentine Assembly, Horace Heidt and his entire group of musical stars gave the corps a thrill with a complete show.

The nationally famous band leader and radio star is a graduate of the Academy. His twin sons, Jack and Jerry, are members of the corps of cadets. Graduating in 1920, Heidt, a member of the cadet band, was active in various campus organizations.

At present time the Heidt organizations is appearing in various cities in Indiana in another of their series of the popular Radio talent search shows.

Peter McKinney, son of Col. and Mrs. C. F. McKinney, was recently initiated into the Beta Theta Pi fraternity at Williams College, Williamstown, Mass. He is also a member of the chapel choir and glee club at the college.

## Lions Minstrel Scores Big Hit; Laud Cast for Super Performance

The 1950 Minstrel Show produced by the Culver Lions Club scored a tremendous hit in its three-evening performances here last week judging from the glowing comments of several of the hundreds of persons who enjoyed the delightful presentation.

The entire cast carried out their individual roles in such a capable manner that many who saw the stage performance declared the talent to be on a professional level. Smoothly executed there was plenty of fun packed in the two hours of entertainment.

It would be most difficult to single out any one act or performer for particular credit. From the men who handled the properties and the ladies committee in charge of makeup through those that were actually on the stage the show was notable for its excellent organization.

The High School orchestra under the direction of Richard Gohn set the mood for the performance by its pre-curtain ensemble music. The clever repartee of six end men kept the audience in a humorous mood.

Solos by Ed Stephenson, Keith Reed, Jim Little, F. M. Annis, Herbert Keller, Jim Miracle, Fred Wallstead, and the Harold Sering family brought forth rounds of applause. Tone Shaw as the minister, Harry Smeltzer and his German band, Morley Skinner as the Drummer Boy, a lovely chorus of Crinoline girls, and the Stephenson-Strow-Miracle-Harris quartet were responsible for splendid acts. The chorus of male voices was one of the finest to be assembled here.

J. T. Stinchcomb, who managed and directed the Minstrel show, was well pleased with audience reaction to the efforts of the performers and all those who had a part in the production. He particularly wished to express his ap-

preciation "to all Lions in the cast for an excellent show; to Frank McLane, interlocutor, script writer, stage manager and director of the Crinoline girls; Bill Washburn and his capable end men; James Miracle and his outstanding chorus and quartet; Richard Gohn and his fine High School dance orchestra.

"Mrs. Richard Bowles for her enthusiasm and excellent and alert accompaniment; J. P. Carter and his staff of ticket sellers for their capable handling of reservations and ticket sales; Mrs. Betty Wallstead and her committee of ladies for the makeup of the large cast for so many occasions; Don Milner, Bud Craft and John Hoesel for their work with properties transportation and general all around work; Colonel W. E. Gregory for his co-operation and approval of the use of equipment; Trustee Maurice Curtis for the use of rooms for practice and show; Mr. Hoffmeister for help in securing white jackets for the

"Jack Easterday for constructing six end men seats; ushers club of Culver High School for their assistance; the Library Board for use of basement rooms for practice sessions; State Exchange Bank for use of the Lounge; Fred Adams, publicity; to members of the cast who were not Lions including: Ed Stephenson, Bill Strow, Travis Harris, Vernon Davis, Keith Reed, Charles Wyland, Jesse White and Ray Ault; Howard Warner, Colonel Mather, Pete Pederson, Col. Dalferes, and Sgt. Heffernan for their able assistance."

## YOUR LIFE INSURANCE . . .

Very often I am asked about policies which provide funds for the college education of children.

Such policies are usually taken out on the life of the father.

If you had an Educational Endowment policy, the New

York Life would pay a guaranteed amount, if you live, on a specified date, when your child is, say, 18. Or, if you do not live to the specified

date, premium payments would cease at your death but the Company would pay the full face amount on the same specified date. Thus, whether you live or not, funds would be ready for college expenses.

Perhaps you feel you cannot afford to pay the premium rate for the Educational Endowment. You might take some other policy with a lower premium rate which, with a Special Settlement agreement, would provide for payments (in case of your prior death) beginning at a specified date when your child is, say, 18. And if you live, the cash value of the policy might, if necessary, be used to pay at least part of the expenses.

You can select the plan best suited to your individual requirements. I will be glad to give you full details.

### SCHOOL LUNCH PANTRY

The National school lunch program has become big business for grocers, John I. Thompson of the U. S. Department of Agriculture pointed out recently. For the last fiscal year the cash business—practically all spent in local stores—amounted to \$168 million. Funds raised within the States accounted for about two dollars for each dollar in Federal grants in aid. The Federal contribution was \$58.8 million plus food commodities donated by the Department of Agriculture. For the current year, the estimate is for about \$180 million for the program.

Thompson, who is an assistant administrator of the Production and Marketing Administration, gave some of the highlights in the school lunch program. These schools are:

Serving about 1½ billion pounds of food annually.

Serving more than 7,500,000 school children under grants-in-aid.

Supplying about 245 million quarts of fluid milk; 18 million dozen eggs; 170 million pounds of butter and other dairy products; and 83 million pounds of meat.

Using about one-third of their budgets for fresh and canned fruits and vegetables.

Serving about 100 million pounds of bread and other foods made from grain; about 31 million pounds of sugar and other sweetenings; and 24 million pounds of fats and oils other than butter.

Thompson emphasized that "millions of children are developing eating habits that will make them better grocery customers for the rest of their lives."

### FIRST ANNIVERSARY

Today's issue of The Citizen marks an anniversary for the present management of The Citizen printing and publishing establishment. It was a year ago this week that Charles Maull, Jr., became the owner and publisher of Culver's 55-year-old newspaper and printing plant.

At the time of the transfer of ownership the new management heartily acknowledged a healthy respect for the high standards which had been maintained by predecessors. It was indicated at that time that every effort would be made to maintain and further the high ideals of community and business service.

Perhaps not all the goals have been achieved, however the wholesome work of a veteran staff deserves a high grade for effort. It hasn't been easy, but it has been fun in an interesting sort of way to serve a cooperative and growing list of Citizen readers and printing customers.

Along the way there have been many experiences which might have been sensed at the outset, but certainly never fully appreciated. For instance there was the case of a new printing customer who brought the copy for a four-page bulletin to the office at 10 o'clock in the morning and at 2 p. m. called to inquire if he could pick up the 500 finished copies by 4:00 p. m. It wasn't quite possible to accomplish this, but we learned to explain to customers something of the time element in printing production.

Then there was the case of a careful reader who insisted that The Citizen weather reports were grossly inaccurate. After careful explanation, our friendly but serious critic suggested that we should purchase a thermometer like hers so we could be sure of more dependable reports.

There have been phone calls, scores of 'em, covering a variety of queries—Do you spell Monterey near here like the city of Monterey in Mexico? How many shots did Schrimsher take in the Flora game? Didn't you have the wrong name for the picture in the last Citizen? (yes, we did, and was our face red as we answered this quistion dozens of times).

Has the state said that there is a polio epidemic in Culver? Who ran the classified four or five months ago on the 1938 Ford 2-door? Why don't you publish the gossip that everyone is talking about? Will you write a story about the card party our group is giving, telling of the prizes and place it on page 1 in the center and at the top? (We couldn't tell about the prizes, but we carried the story only it wouldn't fit at the top of the first page.

We have been extremely happy over each and every inquiry for they reflect a keen interest in The Citizen and in community affairs. We hope that they will keep coming and while we may not be able to adequately answer each inquiry, we will certainly try.

Readers of The Citizen have been most patient and courteously cooperative during the past 52 issues. It is sincerely hoped that we can more effectively carry out our responsibility to them as we go along.

## LETTERS to the EDITOR

Mr. and Mrs. Guy Davis are now enjoying a vacation in sunny Florida. Mrs. Davis, veteran Citizen correspondent in the Mt. Hope Area and active in civic groups in the community writes as follows:

"Greetings from the Sunshine State. We are having a wonderful time in Florida. We do not expect to get home until the first of the month. In the meantime I trust you get the Mt. Hope items as usual.

"I was very disappointed when we arrived here (Bradenton) to find that the (Charles Berg's) had not been receiving the Culver Citizen. I thought I had subscribed for them last fall. Will you please send the paper to them. Also please send the February 1 issue also so we will not miss out on the Culver news.

Sincerely

Mrs. Guy Davis.

### SHOULD NOT ACCEPT SOCIAL SECURITY CARDS FOR IDENTIFICATION

Every year business people and even banks are defrauded by individuals who pass worthless or stolen checks, using social security cards for identification purposes, according to R. A. Hoyer, social security office manager in South Bend.

The Social Security Administration frequently has issued warning to business men not to accept a social security card to identify a person cashing a check. Possession of a card doesn't mean a person has a bank account, nor does it always mean he is the individual he claims to be, for many cards are lost or stolen each year.

Since social security records are confidential and can be used only for social security purposes, it is impossible to give addresses to business men or police officers trying to trace passers of bad checks. Anyway, the administration does not keep a record of current addresses, according to Mr. Hoyer.

### Obituary

#### INFANT GREEN

Dennis Lee Green, two days old, infant son of Mr. and Mrs. Irving Green of seven miles northwest of Culver, died Saturday morning at the home of his parents. He was born on Thursday. Surviving with his parents are two sisters, Betty and Beverly Sue and one brother, Donald, all at home.

A short service was held at 3:00 o'clock Sunday afternoon at the home with Rev. I. G. Roederer officiating. Burial was at the North Union cemetery.

#### ADDRESS WOMEN

The twentieth annual conference of the Indian Farm Bureau women to be held February 21-22 in the Murat Temple, Indianapolis, is expected to attract 2,000 from all parts of the state, according to Mrs. Russell Cushman, Fortville, who is Indiana director of the organization.

Indiana people who will address the conference are: Governor Henry F. Schricker, Willis Conner, Indianapolis banker, Hassil E. Schenck, president of the Indiana Farm Bureau; Larry Brandon, vice-president and secretary-treasurer; Dean Mary Matthews of Purdue University, and Mrs. Cushman.

Awards will be made for outstanding work done by the township and county units of the Farm Bureau. A style show and public speaking contest will highlight the afternoon of the first day. Music will be provided by the Butler University chorus, a miniature barbershop quartet from Evansville, and organization personnel. A pageant will terminate the two-day program.

## THE CULVER CITIZEN

Every Wednesday hundreds of folks in Culver look forward to receiving The Citizen. They get their copy at the Post Office or the news stand. On Thursday those on city and rural routes anxiously await their copy. In California, in New York, and other far away places, former residents and friends receive their copy on Friday.

No matter what the day of the week, readers of The Citizen look forward to each issue. An estimated readership of 4200 people scan an average of 1280 column inches of material of the home town news.

HERE THEY FIND items of general interest—births, deaths, accidents, community improvements, unusual happenings, reports of neighborhood correspondents, and the doings of hundreds of persons, telling of the events of local hometown life.

NEWS OF THE COMMUNITY—What fraternal, civic, and social groups are doing. Activities of the township schools, the Academy, and rural organizations.

COMMERCIAL NEWS—The display and classified ads in which merchants and business services are explained in detail. In both the classified and display advertising they find commercial news and vital information which means a real advantage in fulfilling their day-to-day needs.

ALL OF THIS, and more too, in each week's issue of The Citizen. Unlike a daily paper, it is saved throughout the week for ready reference.

## Scientific Film To Be Shown At Methodist Church, Friday Eve.

The old hocus-pocus of fish that supposedly lay their eggs on dry land has been proved at last.

For years Californians have claimed that a small silvery fish in the smelt family, the grunion, chooses certain moonlight nights to come up on the beach and spawn. Non-Californians have claimed the story sounds as fantastic as a chicken laying its eggs on the bottom of the ocean. Few people have ever seen the phenomenon occur.

But in a new scientific film, "Dust or Destiny," the peculiar spawning habit of the grunion have actually been photographed. A showing of this 40-minute production is scheduled for the Methodist church, Friday, Feb. 17, at 7:30 p. m., according to the Rev. Quentin Hand, pastor.

## TEN, TWENTY AND THIRTY YEARS AGO

Wednesday, February 14, 1940

Rev. John Everett Young, age 71, retired Evangelical minister, died at his home here Sunday morning after an illness of several weeks.

Mr. and Mrs. Ronald Baker announce the arrival of a son, on Monday.

Mrs. E. C. Marmon, this community's friend and benefactor, died at her home in Indianapolis, Saturday morning.

Mrs. May Kurtz, age 34, died Monday evening after a brief illness.

Culver's population has increased by 21 persons from 1930 to 1939.

Mr. and Mrs. Byron Studebaker planned and carried out a surprise Sunday in honor of the latter's parents, Mr. and Mrs. Ira McLane, for a celebration of their fifty-seventh wedding anniversary, which will occur Wednesday.

Miss Mary Ellen Overmyer, daughter of Mr. and Mrs. Charles Overmyer became the bride of Warren Stokes of Marion, Sunday afternoon.

Wednesday, February 12, 1930

The local Chamber of Commerce joins the National organization.

Wayne Flagg has been confined to his home with scarlet fever and William Wagoner is quarantined with the smallpox at his home west of town.

On Tuesday evening, February 11, the local Parent-Teacher association observed with a fitting program, its thirty-third anniversary. After the program, the group transferred to the gymnasium, where there was held the ceremony of unveiling the Memorial fountain to Dr. C. E. Reed, one of the greatest workers that the Culver P. T. A. has ever had as its leader.

Walter Johnson, owner of Johnson's Tire Shop, announces that he will move the present building off the corner of Main and Washington Streets and will erect a modern structure, in which he will have a complete service station.

Mrs. Roy Cromley entertained five guests at dinner Wednesday evening in honor of the eleventh birthday of her daughter, Erma Jean.

Captain J. T. Stinchcomb, instructor in the mathematics department at the Academy, has been promoted to major in the infantry reserves.

On July, 1918, while on overseas duty, during the World War, he received his promotion to his captaincy.

Wednesday, February 11, 1920

S. E. Medbourn and C. W. Newman left today for Los Angeles, Calif., where they will spend the next two months in the frivolities of that great tourist resort.

Eggs today are retailing at fifty cents a dozen.

Mrs. Jess Zechiel entertained a few friends last week in honor of Marguerite's sixth birthday.

While trimming buzz poles Saturday afternoon, Ellis Clifton cut his foot. The injury is not considered serious.

Born to Mr. and Mrs. Emmett Pitchard, February 10, a son.

Charley Medbourn took the Chester Zechiel household goods through to Indianapolis last week. The roads were good and the truck made the round trip without missing a spark.

### MRS. BERTHA THOMPSON, 82, SUCCUMBS TO BRIEF ILLNESS

Mrs. Bertha I. Thompson, 82, died Feb. 13 at the home of her son Alva southwest of Argos. She died of complications and had been bedfast only four days.

She was born on July 11, 1868, six miles east of Culver. Her parents were Pulaski and Lettie Wickizer. She was married to Isaac Thompson on Jan. 29, 1885. After her husband's death in 1939, Mrs. Thompson made her home with her children. Her lifetime was spent in Marshall county.

Survivors include two sons, Ernest, of LaPaz, and Alva, of Argos; four daughters, Mrs. Ethel Myers, Mrs. Carrie Carpenter, and Mrs. Ada Duff, all of Argos, and Mrs. Blonda Martin, of Rochester; one brother, Roy Wickizer, of Culver; three sisters, Mrs. Adie Kepler, of Culver; Mrs. Blanche Lowry, of Hibbard, and Mrs. Lottie Hiatt, of Rochester; eighteen grandchildren, twenty-five great-grandchildren, and one great-great-grandchild.

The body was removed to the Grossman Funeral home, Argos, where friends may call until the hour of service. The Rev. Albert Vermillion, of Jamestown, will conduct the services in the Poplar Grove church at 2 p. m. Thursday. Burial will be in the cemetery adjoining the church.

## County Agent Announces Plans For Dairy Show

Plans for the winter Dairy Caravan, to be held from 10:00 a.m. to 3:00 p.m., Thursday, March 2nd, at the Centennial Auditorium, Plymouth, have been completed by the Marshall County Dairy Extension Committee, according to County Agent R. C. Harvey. Specialists from Purdue University will appear on the program. The full co-operation of the dairy industry of the county has been pledged.

This year's dairy program will be entirely different than the previous winter dairy schools, in that the Dairy Caravan type program has been arranged. The exhibits with the caravan will include: Quality milk (cooling and causes of rejection), Artificial breeding, Milking parlors, including tramp sheds and milk houses, Pasture improvement, Magic in milk (milk in the diet), Safe water system, Farm Safety, and Brucellosis.

The morning program will be devoted to the inspection of exhibits. The afternoon will be devoted to problems of dairying, along with a discussion of exhibits by the specialists present. At noon the dairy industry will furnish coffee, donuts, and ice cream to the persons attending the dairy school. Persons attending are invited to bring a light lunch, if they care to, and spend the noon hour at the Dairy school.

Marshall County is one of the 31 counties in the state in which the Dairy Caravan is being exhibited this year.

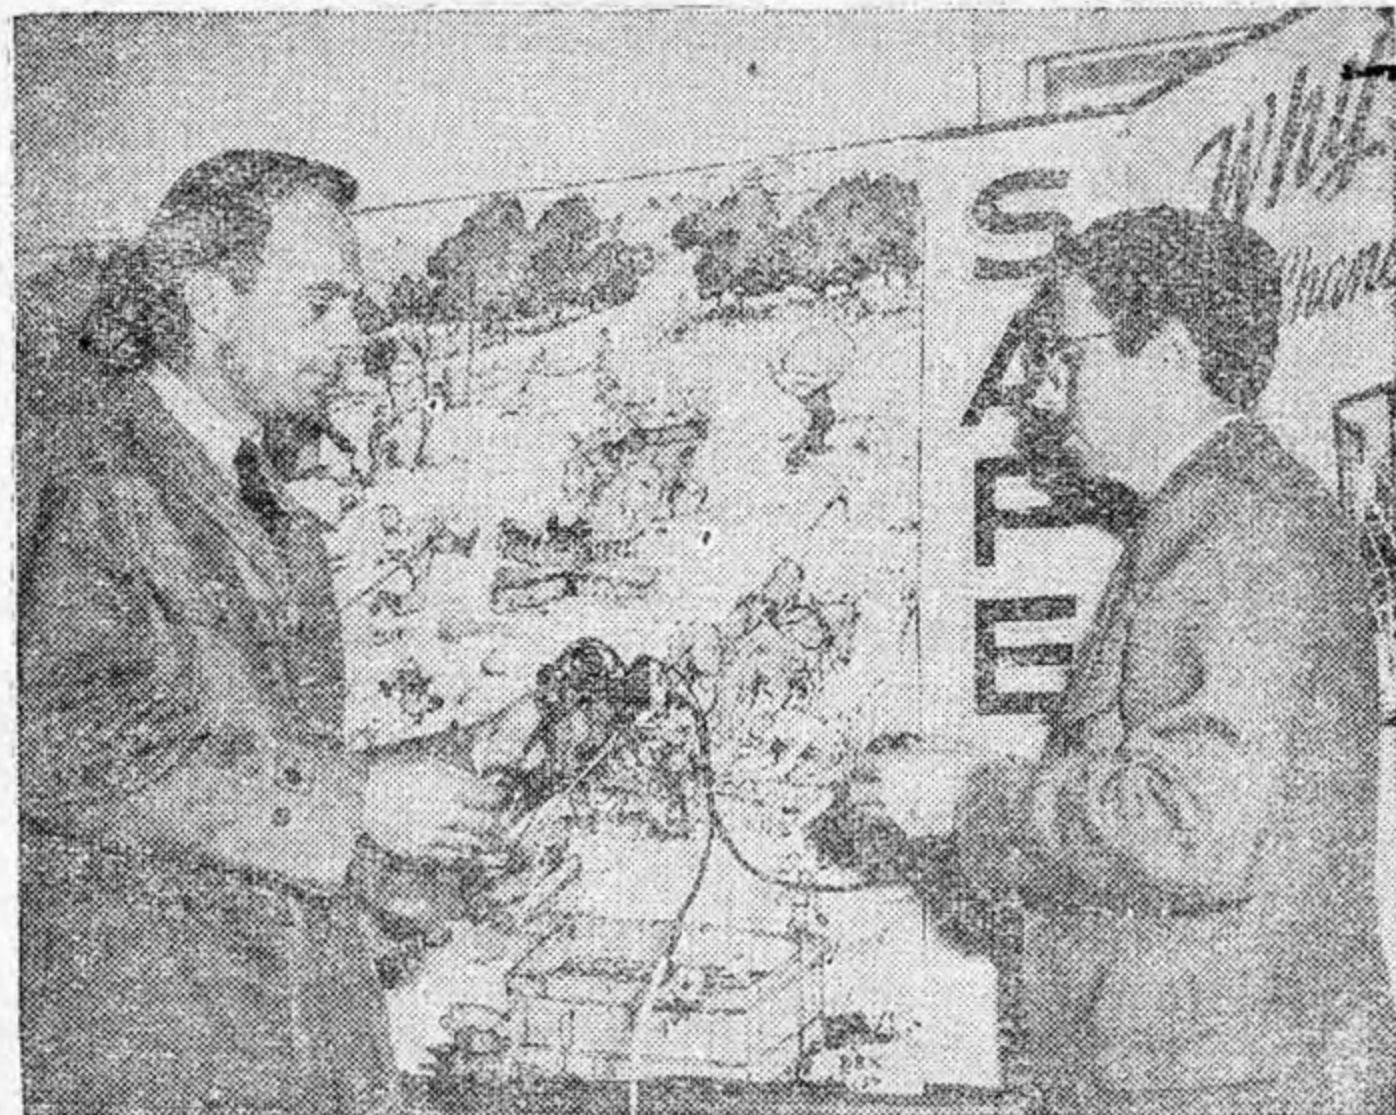

## State Veterans Dept. Predicts Bonus Jam-Up

Over 175,000 Indiana World War II veterans are "waiting" themselves into a gigantic jam, according to figures released today by the Indiana Department of Veterans' Affairs, administrator of the Indiana World War II Bonus.

If the present slow trend of applications continue, the gigantic jam will occur during the last three months of this year preceding the December 31, 1950 deadline for applications.

Out of the jam, if it does materialize, will come some loud complaints from the late-filing veterans who will not be able to get their original discharge back for several months and will be making frantic efforts to secure last-

## Farm Safety Exhibit Feature of Dairy Caravan

F. R. Willsey, left, Purdue University extension farm safety specialist, and Donald Schild, one of the managers of the Purdue Dairy Caravan, discuss the farm safety exhibit which will be included in the caravan when it visits Marshall County on Thursday, March 2nd. One of eight educational exhibits in the Dairy Caravan, the safety display, points out 30 common safety hazards on the farm.

HAVE A LAUGH, CHAPS . . . It is carnival time in the south of France, playground of the wealthy, with parades and pageants in order. Someone had the bright idea of sending some of the carnival spirit to fog-laden England. So at Nice they loaded this big figure into a seaplane for flight to England. ## Scientific Film To Be Shown At Methodist Church, Friday Eve.

The old hocus-pocus of fish that supposedly lay their eggs on dry land has been proved at last.

For years Californians have claimed that a small silvery fish in the smelt family, the grunion, chooses certain moonlight nights to come up on the beach and spawn. Non-Californians have claimed the story sounds as fantastic as a chicken laying its eggs on the bottom of the ocean. Few people have ever seen the phenomenon occur.

But in a new scientific film, "Dust or Destiny," the peculiar spawning habit of the grunion have actually been photographed. A showing of this 40-minute production is scheduled for the Methodist church, Friday, Feb. 17, at 7:30 p. m., according to the Rev. Quentin Hand, pastor.

This year's dairy program will be entirely different than the previous winter dairy schools, in that the Dairy Caravan type program has been arranged. The exhibits with the caravan will include: Quality milk (cooling and causes of rejection), Artificial breeding, Milking parlors, including tramp sheds and milk houses, Pasture improvement, Magic in milk (milk in the diet), Safe water system, Farm Safety, and Brucellosis.

The morning program will be devoted to the inspection of exhibits. The afternoon will be devoted to problems of dairying, along with a discussion of exhibits by the specialists present. At noon the dairy industry will furnish coffee, donuts, and ice cream to the persons attending the dairy school. Persons attending are invited to bring a light lunch, if they care to, and spend the noon hour at the Dairy school.

Marshall County is one of the 31 counties in the state in which the Dairy Caravan is being exhibited this year.

## State Veterans Dept. Predicts Bonus Jam-Up

Over 175,000 Indiana World War II veterans are "waiting" themselves into a gigantic jam, according to figures released today by the Indiana Department of Veterans' Affairs, administrator of the Indiana World War II Bonus.

If the present slow trend of applications continue, the gigantic jam will occur during the last three months of this year preceding the December 31, 1950 deadline for applications.

Out of the jam, if it does materialize, will come some loud complaints from the late-filing veterans who will not be able to get their original discharge back for several months and will be making frantic efforts to secure last-

## Farm Safety Exhibit Feature of Dairy Caravan

F. R. Willsey, left, Purdue University extension farm safety specialist, and Donald Schild, one of the managers of the Purdue Dairy Caravan, discuss the farm safety exhibit which will be included in the caravan when it visits Marshall County on Thursday, March 2nd. One of eight educational exhibits in the Dairy Caravan, the safety display, points out 30 common safety hazards on the farm.

HAVE A LAUGH, CHAPS . . . It is carnival time in the south of France, playground of the wealthy, with parades and pageants in order. Someone had the bright idea of sending some of the carnival spirit to fog-laden England. So at Nice they loaded this big figure into a seaplane for flight to England. No, we don't know if it dispelled the fog—or the austerity. It might have dispelled the citizens if they didn't know it was coming—from the looks of the face.

minute proof of residency, etc.

Only 185,000 out of the expected 370,000 applications have been received by the Bonus Division, and with less than eleven months left in which to file, the present rate of filing will have to be greatly accelerated if all claims are to be handled before the deadline date.

Already 175,000 original discharge documents have been returned, going back to the veteran

now within ten days from the time he applies.

Approval has been given to over 80,000 claims and orders-to-pay will soon be written to these veterans. However, almost 100,000 claims are in either the irregular section or the "suspense" section, the Bonus Division reports.

### Announces Plans For Handicraft Instruction

Something new in the way of business ventures was announced last week by John Sheehan of Plymouth. Better known as "Pop," Mr. Sheehan opened the "Whittlin Room," a place where an aspiring craftsman, adult or boy or girl, may receive instruction and inspiration all free of charge.

The "Whittlin Room" is located in Mr. Sheehan's Hobby Hub on West Washington street in Plymouth. The opening on last week end was marked by a display of all types of individual hobby projects.

The proprietor, who sells handicraft supplies, has announced a schedule for hobby training classes; wood carving on Monday evening, model airplane building on Tuesday evening, railroad club on Wednesday evening, leather craft on Thursday evening, and plastics on Friday.

### Mishawaka Hands Indians Fourth Loss of Season

The winning momentum of the Culver Indians ran into a snag up Mishawaka way last Friday evening where the local quintet lost its fourth game of the season, 61-40. It would be difficult to accurately report just what the snag was. It may have been John (Big Ben) Benjamin, six foot, six inch Mishawaka center who had a field day as he broke the gym scoring record, racking up a total of 34 points.

The snag which rudely interfered with any Culver victory hopes may have been the absence of injured Eddie Davis plus the lameness of Vern McKee. The latter played but appeared to be far off his normal stride. It may have been due to generally poor playing or a slump on the part of the entire team. Regardless of the cause of the poor showing, Culver was soundly trounced.

Bright spot in the game for the local team was the stellar play of Bill Snyder who led the scoring for the Indians with 18 points. The team will ring down the curtain on the 1949-50 schedule this week meeting Nappanee there on Friday and Delphi here on Saturday evening. Coach Red Sering's proteges will then have a couple of days to ready their attack for the opening of the 1950 Sectional tourney, the first round of which will be played next Wednesday evening, February 22.

### Past Season Depleted Nitrogen In Soils

The chances are that nitrogen can be profitably used as a top dressing on wheat this spring. Purdue University agronomists say that weather conditions experienced during past several months will likely create a shortage of readily available nitrogen in the soil during the early part of the season.

R. R. Mulvey, agronomist, said that farmers could expect an increased yield of seven bushels per acre on silt loam soils and ten bushels per acre on sandy loams. The cost of the nitrogen will be from 36 to 45 cents per bushel increase — a profitable expenditure, Mulvey points out.

The Purdue man also cautions that supplies of nitrogen materials are rather low. He recommends the use of ammonium nitrate as it is quick acting. Ammonium sulphate, uramon, and cyanamid are other sources. He recommends 65 to 75 pounds of ammonium nitrate per acre for wheat on silt loams and 100 pounds of the same analysis on the sandy soils when materials averaging around 32 per cent are used — more if only 20 per cent nitrogen analysis are spread.

The best time to top dress

wheat in southwestern Indiana will probably be in early March and in early April for the northern part of the state, depending on weather conditions. It is necessary to be ready to take advantage of the few days when both wind and soil conditions are favorable for the operation. However, there is usually a ten day to two week period to get the job done, Mulvey said.
