New School Board Officers Named

Culver - Culver's school board voted 4-2 Monday evening to hold election of officers. Mrs. Peggy Clark, Hilma Hildebrand and Paul Snyder, were in favor of the election while Marvin Good and Don Keller voted against.

Keller, the boards vice

president, opened the meeting in the absence of President Paul Davidson. Mrs. Clark then nominated Snyder for president, but Snyder declined the nomination. Snyder nominated Hildebrand and the vote passed 5-1 with Good voting against. Keller then turned the meeting over

to the new president. Hildebrand continued with the election of officers by nominating Good as vice president. Good said, "Since I voted against the re-election of officers in the middle of the year, I will not accept any nominations for any offices." Mallory nominated Mrs.

Clark and the vote was 3-3 with Good, Keller and Mrs. Clark voting against her appointment. Mrs. Clark then nominated Keller and he declined any office. Mrs. Clark then nominated Snyder and he was voted in as vice president with a 4-2 vote. Keller and Good voted against. Mallory was voted in as secretary with a 4-2 vote.

The board voted unanimously to retain Thomas Mulligan as school board attorney.

A request was heard from Mrs. Joan Farmer concerning the raising of school lunch prices. Supt. William F. Mills pointed out that although food prices have been on the rise, school lunch fees have remained the same since 1972. The board voted to raise the lunch prices to 50 cents for grades Kindergarten through six; 55 cents for grades seven through 12 and 85 cents for teacher's lunches. New prices will take effect on Monday, January 22.

In other action the board: - appointed Mallory as additional board member to serve on the Corporation Negotiating Team.

- appointed Snyder and Mrs. Mallory to serve as two additional members to the Corporation Discussion Team.

- appointed Mrs. Clark, Hildebrand, Snyder and Mallory to serve on the team with the superintendent to meet with non-instructional personnel concerning salaries and fringe benefits for the 1979-80 school year.

Culver - The Maxinkuckee Federated Jr. Women's Club met on January 8 at 7:30 at the home of Mrs. Dennis Westafer. Roll call was read and three new members were welcomed into the club. They were Mrs. Kenneth Cookston, Mrs. Tom Novak and Mrs. Lester Stotler.

Under unfinished business, Jolene Westafer reported so far we had counted 2,000 Campbell Soup labels. This is a project to save Campbell labels to purchase playground equipment for the Elementary School. The club members are saving plus all school children are asked to save the labels and take them to school.

The school will decide what items to purchase. The contest ends February 23. Any one who is interested in saving these labels, can do so. There are boxes placed at IGA, Park N Shop, Library, Top Shop, Town Hall. These are labels from All Campbell products, such as Campbell soup, Franco American, V-8 juice, beans and soup for 1.

Jolene also reported on the Energy Control Contest we are sponsoring in the Elementary School. The contest will be divided in to the following groups: 1st and 2nd - Use 11 x 14 size poster board and crayons only. 3rd and 4th - Use regular size poster board 22 x 28 and may use crayons, colored pencils and magic markers. 5th and 6th - Use regular size poster board 22 x 28 and is open to the type of pen they want to use.

The pictures will be handed in to the Art teacher by January 26, and will be judged the weekend of the 26th. We will then display the pictures in the library for two weeks. There will be ribbons and monetary prizes awarded. The theme will be about saving or conserving energy.

We will also have a display set up in the Library by Komfort Kontrol. Our program was presented by Jolene Westafer and was called "Speedy Eats" Jo demonstrated her Micro-Wave Oven and told us many advantages to having one. She also made glazed pecans and Snack Mix which we then had for dessert.

The next meeting will be at the home of Mrs. Stephen Earls on January 22nd.

Neidlinger And Gleason-Lions Club Award Winners

Culver - Ralph Neidlinger, lifetime Marshall County resident and resident of Culver since 1937 was recipient of the Lions Club "Outstanding Service to the Community Award."

Ron Gleason received the "Outstanding Citizen of the Year Award" at the dinner banquet held at the Beach Lodge on January 10.

Art Birk, Culver Lions Club president, speaking about Neidlinger, said, "He has always loved animals, has been very active in work with retarded children and has played Santa Claus for 25 years (wearing out two suits) to give of his time and resources to provide a real Santa for needy children."

Neidlinger started a deer park on his farm in 1963, then added peacocks, Canadian geese, ducks, swans, wild turkeys, pheasants, quail and pigeons. In 1970 the Neidlingers bought two buffalo, Barney and Babe. In 1974 two black bears named Bess and Ben were added.

Approximately 1,000 people a year have received personal tours of the farm in the past 15 years.

Ralph is past vice-president and board member of the Marshall Starke Development Center (MSDC). The students from MSDC and many other groups have been invited to his farm for field days to enjoy picnics, fishing contests and pony rides.

In 1975 the Neidlingers and their son Max (an MSDC student) showed hogs in Louisville, Ky., and received top awards. In 1977 Max went with his parents to the State Fair and their 1,155 pound boar won first place.

Ralph is also a member of the Fraternal Order of the Culver Eagles and a trustee of that group.

Ron Gleason was an ordinance officer for three years in World War II. He attended college at Antioch, Indiana State, Chicago University and Northwestern (where he received his B. S. and M. S. degrees).

Gleason taught for 23 years, 14 of those at CMA as Counselor and was Head Counselor there for two of those years. He was also Commandant for four years and Director four years at Woodcraft.

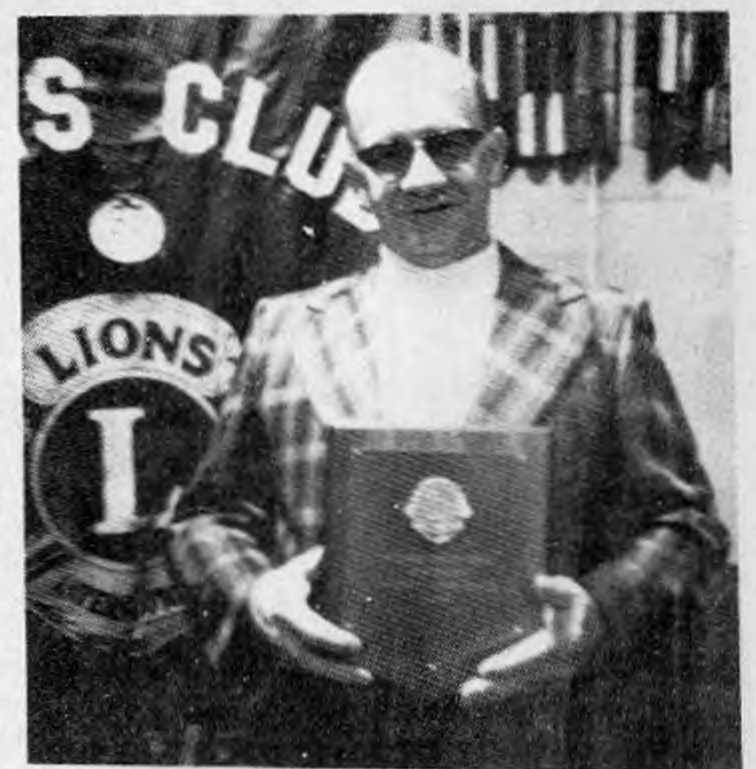

Ron retired in 1971 and became township trustee in 1973.

Retirement obviously doesn't mean taking it easy to Ron. He initiated the first "food pantry" in the township and went on to help Plymouth organize one in their community. A member of the Red Cross Board for three years, Ron is active in disaster committee work on the township and county level.

Recognizing the community's need for an ambulance service, he was primarily responsible for the establishment of EMT training classes for residents and has been a leader in the fund drive for EMT's and equipment needed. He's also active in the fund raising program for a new ambulance at present.

In 1977 Gleason received the Eagles "Outstanding Citizen Award."

Culver has reason to be proud with two such outstanding citizens as Ralph Neidlinger and Ron Gleason. Our thanks and heartiest congratulations to you both.

Student Find Us Govt. Weather Balloon

(Editor's note: The following is a report by Tim Postuma, FFA member of Culver Community High School concerning his discovery of U. S. weather balloon.)

When I first spotted the balloon, my dad and I were traveling down the road in our truck. I noticed there was a bright orange object in our cornfield in Pulaski County. We went to see what it was. It was about 100 yards from the road and I couldn't tell what it was. I got out of the truck and walked into the field. The object was a small parachute with a balloon on the end. Then I noticed that there was a white plastic box on the ground. I called my dad from the truck and told him that it was a weather balloon from the United States Government.

(The balloon is released to

measure temperature, pressure and humidity and winds of various heights above the ground. Tim took it to Ag class for classmates to

see it and it will now be returned to the United States Government as per instructions enclosed with the balloon.)

ANOTHER BIRTHDAY GIRL

The youngest child in a family is referred to in many ways. In the South they say, "the least one." Parents may say "the baby of the family" even if the "baby" is 49 years old at the time.

You will be 14 years old in a few days, "baby." Your brothers and sisters call you "the long one" because you are tall and slim. I was made more aware of

the fact that prayers are answered and miracles do happen when you were born. Your birth date was "supposed" to be April 10th and you were born January 22nd weighing two pounds and six ounces. Losing precious ounces the first week, you then started your miraculous gain.

Your father and I made daily calls and visits to the hospital during your two months in an incubator and were finally told we could

take you home. What a thrill -- you were a five pound "heavy weight" at last!

Maybe this fact made me rather over protective. When you were in third grade I learned your class had won a trip to Disney World, some 80 miles from where we lived. I knew I'd worry if I let you go that far by bus without me so I conned the teacher into allowing me to go as a chaperone.

What a "fun" day -- spending 15 hours with 23 eight-year-olds. We accounted for all the children, but one of the parents came up missing. I found myself envious of her till she was finally located.

I'll probably end up going as chaperone on your King's Island trip this year. You're too quiet, except when you're screaming at your sister, and probably wouldn't tell

anyone that certain rides make you ill. Besides, it's a much longer journey and more worrying hours for me.

As you get older, I promise I'll try to give you less mothering. You can go on your honeymoon without me -- maybe. Mothers just can't break the habit over night. If your day brings you all the happiness and love you've brought to your family, you'll have enough to last a lifetime. And although you were the last, you're certainly not the "least." You'll always be a very special "miracle" to me. Happy birthday, dear.

THE CULVER GOLDEN AGERS by Adrianna Hellstrom

Culver - The January 10th meeting of the Culver Golden Agers at Grace Church was opened by Betty Coplen the director of Older Adult Services for Marshall County with a few remarks. Nyla Hafert gave the invocation prayer.

The tables were decorated with Snow Man centerpieces courtesy of Zora Craft.

The women of the Emanuel United Methodist Church of Culver Betty Linhart, Ruth Warner, Marcella White, and Veniece White served the meal assisted by Adrianna Hellstrom.

Elaine Walker from the Culver Welcome Wagon brought Birthday Cake for all and distributed cards to Pearl Bauer, Gladys Jensen, Mary Kaminski, Minnie McLane, and Helen Moore. Happy Birthday was sung to them.

Gladys Jensen and Adrianna Hellstrom brought cookies to go with the meal.

The program was "Reminiscing" led by Betty Coplen. One of the questions asked was are you saving anything for good? Some of the answers were given by Helen Moore who told about a Hand Made Linen Banquet Cloth she has with 16 napkins. Tot Stang told of her grandmother saving her burial dress. Charlie Dilt told of two wrenches he has. An enjoyable time was had by all. Next weeks program will be given by Warner Williams Culver artist. Plan to come and bring a friend.

"In 1978, The State Exchange Bank and Subsidiary Building Corporation, Culver, Plymouth, Argos; Farmers State Bank, LaPa, Bremen; and the State Exchange Finance Co., all under one management, has a record year of growth," Fred E. Adams, executive vice president, said in welcoming stockholders at their annual dinner meeting held at the Culver Inn, January 10.

Detailing growth in 1978, Mr. Adams pointed out, "combined resources of The State Exchange Bank and the Farmers State Bank totaled \$151,505,526.02, and the State Exchange Finance Co., an affiliate of the bank, a record \$42,903,713.32.

"We are again pleased to report record earnings. The increase in earnings is reflected in the declaration and payment of a 20 per cent stock dividend at the close of the year," Mr. Adams stated. Referring to the year ahead, Mr. Adams told stockholders, "although difficult to predict economic conditions especially as they refer to discount rates, credit restrictions, and inflation, we believe 1979 will be a good year."

More than 150 stockholders were welcomed by Bank Director, John Mars, superintendent, Culver Military Academy and Culver Academy for Girls, to the annual meeting on the CMA campus.

Following the invocation by Sr. Vice President Margaret Swanson, Mr. Adams introduced Dr. H. D. Kesling, LaPorte, nationally noted in the field of Orthodonty. The long time State Exchange bank stockholder presented a 15 minute film on his invention, the Kesling Electric "Yare" which is receiving wide attention in terms of energy saving transportation.

After introducing Board members, stockholders elected Mr. Adams and Charlotte J. Jung, as chairman and secretary, respectively. Mr. Adams and President W. O. Osborn were joined by bank officers in detailing the year's financial activity and future plans. Presenting reports were Ronald A. McKee, Plymouth, Jack C. Carpenter, Argos, Allen H. port. In his remarks, Mr. Osborn said, "In reporting 1978 gains we are constantly reminded of those we are privileged to serve. We are grateful too, for the excellent efforts and the cooperation of our staff. We take pride in the services which we offer to individuals, business, government agencies, farmers, and industry."

Tracing the history of the bank, the veteran banker, related from personal experiences, many highlights in the development of the financial institution. "From the early years to the present our growth is a testament to our effort in serving people. Though there are many concerns, we view the future with confidence."

Resources for all three corporations, combined, reached \$194,234."

Reviewing the Farmers State Bank year end statement, Mr. Cummins said, "this statement represents our best year ever. During the year, we served more accounts, both demand and savings, than in any previous year." He told stockholders, "with the opening of our new Farmers State Bank, Bremen in June, 1979, the number of new accounts served far exceeded our expectations and we anticipate a greater bank service role in the community areas we serve."

PUBLISHER'S 'PINION

With the temperature dipping to more than 10 below zero last week, everyone must be aware of the possible freezing and/or breaking of water pipe. The water departments of the local communities recommend that the water faucet be turned on to a slight trickle if your pipes have a tendency to freeze. The motion of the water running through the pipe will keep it from freezing.

Another alternative is the use of heat tapes available at any hardware or similar store. These tapes are wrapped around the pipes and supply heat to keep the temperature of the pipe above freezing.

Whatever type system will work for you must be explored. The cost of having broken pipes replaced can be quite expensive. A little prevention can save a lot of money.

Be prepared for the cold weather. Purchase a set of Jumper Cables and put them in your trunk. A frustrating experience is to have a car that won't start and not have a set of jumper cables available.

Basketball sectional time will be coming in approximately 6 weeks. The home team needs your support now to get them fired up. Attending a basketball game is an exciting activity. Get together with another couple and attend a weekend sporting event right here in your hometown.

All area tax preparation businesses have been very busy the last several weeks. The tax rules and regulation have changed during the past year causing many individuals and businesses to wonder about their tax situation.

Changes have occurred in the Investment Credit Program, Social Security withholding, dependent exemptions, and Capital Gains to name a few.

Many people have a good idea of their tax bite prior to officially making out their returns. This year, however, the changes have caused more people to file early so they know where they stand.

OLDEN DAYS RECREATED BY PLAQUES

Folks who hanker for the good old days can re-create scenes of the past right on their walls, using sculptured wall plaques depicting small-town America around the turn of the century.

Made by Burwood Products Company, Traverse City, Michigan, the scenes include:

The General Store, harking back to an era when folks from town and nearby farms would gather around the pot-bellied stove and talk politics, crops and weather. The cracker barrel, kerosene lamp and even a white kitten napping on a chair are part of the plaque.

The Blacksmith Shop, showing a massive brick hearth towering above the anvil, along with the bellows and other assorted tools associated with once-rival service business.

The Train Station, in which the ticket window stands untended as a collie dog awaits his master's return to piled luggage and a hard wooden bench. Beyond, the station clock is half-hidden by a baggage room sign.

Barber Shop, complete with traditional striped pole, unyielding iron-framed chair and an aspidistra plant by the window.

The four plaques, all in multi-color finish, are reproduced in unusual depth from original sculpture, to be arranged in pairs or used as individuals accents.

They're available in furniture, gift, and department stores.

FARM PROGRAMS WORKED IN 1978

"The 1978 farm programs were successful in strengthening the farm economy," William E. Elliott, Chairperson of the Marshall County Agricultural Stabilization and Conservation committee said.

He pointed out that U. S. producers had enrolled 1.2 million farms in the voluntary wheat, feed grain and cotton programs. They cut back production by setting aside a percentage of their crop acreage and by diverting additional acres to conservation uses. They used the three year reserve to keep their grain off the market and established a wheat and feed grain reserve of one billion bushels. And farm facility loans were used by farmers to build 754 million bushels of new on farm storage space.

Elliott said the voluntary programs were designed to bring some stability into the production and marketing of grains.

"The effect of the new programs is seen in the prices received by farmers," Elliott said, "which were nearly 23 percent higher than a year earlier when the 1977 farm bill was passed." Average corn prices are up 18 percent; wheat, at \$3.04 a bushel is 32 percent higher and soybean prices increased 21 percent to \$6.41 a bushel. Cattle, after four years of losses have rebounded nearly 52 percent, while hog returns to farmers continue 28 percent higher than in October of 1977.

The ASC official said the next year farmers can be in an even stronger bargaining position than they are now through the loan, reserve and farm storage facility loan programs. They will control six out of every ten bushels of wheat and corn, and the grain will not be for sale until farmers get a decent price.

MIXING FOODS & DRUGS

Watch what you eat if taking certain drugs, suggests a recent publication from the U.S. Food and Drug Administration.

For instance, if you're taking high blood pressure medication from the class of drugs known as "MAO inhibitors," you should avoid at all times such fermented or aged foods as salami, sharp cheese, yogurt, sour cream, beef and chicken liver, bananas and avocados, beer, sherry, Chianti and other wines in large quantities.

Foods can also hinder the effectiveness of certain drugs. For example, milk and other dairy products impair absorption of the tetracycline antibiotics. (Do not drink milk one hour before or after taking this medication.) Excessive consumption of foods rich in vitamin K, such as liver and leafy green vegetables, may reduce the potency of anticoagulants.

More details on what to watch out for are available in a reprint of a recent article in the FDA Consumer. For a free copy of "Food and Drug Interactions write to Consumer Information Center, Dept. 698F, Pueblo, Colorado 81009.

THINKING

If you think you bare beaten, you are
If you think you dare not, you don't
If you'd like to win but you think you can't,
It's almost a cinch you won't.

If you think you'll lose, you're lost,
For our of the world we find
Success begins with a fellow's will--
It's all in the state of mind.

If you think you're out-classed, you are;
You've got to think high to rise;
You've got to be sure of yourself before
You can ever win a prize.

Life's battle don't always go
To stronger or faster man;
But soon or late the man who wins,
Is the one who thinks he can.

CAVALIERS JIMMIED
(BY JIMMIES) 65-54

Culver - The Cavaliers dropped their second straight game last Friday night, as they lost to the Jimtown Jimmies, 65-54. Make sure you read the key word -- LOST. Jimtown didn't really win the game. The Cavaliers LOST it. Thirty percent shooting plus way too many turnovers equals loss.

Don't get me wrong. The Cavaliers didn't throw in the towel. They lost trying. But someone kept throwing a lid over our basket or the rim was too small, whichever the case, the basketball wouldn't go through the hoop and that

is what it's all about.

Everyone knew it was going to be a high scoring affair when the score was still 0-0 after the first half of the first quarter. Kevin Miller finally broke the ice, as he hit for a bucket giving the Jimmies an early 2-0 lead. After a 4 1/2 minute scoring drought, Greg Mishler tied things up with a bucket. Both teams loosened up a bit with the Cavaliers taking the lead, 8-6, with 0:11 on the clock, as Jason Young scored. Dave Moss hit his sixth point of the quarter with one second left in the quarter tying the score 8-8 at the first stop.

Miller again started the scoring giving the Jimmies a quick 10-8 advantage. Ralph Neely began his aerial attack as he traded baskets with the Cavs in keeping his team ahead. At 3:40 the Cavaliers forged ahead again 15-14 on a Don Higgins shot. On the next play, Tony Reinhold was fouled. Reinhold hit both ends of a one-and-one putting CCHS ahead by 3, 17-14. The Jimmies came back to take the lead, 20-19, on an Arden Hershberger shot with 25 seconds left in the half. Reinhold again put in two free throws at 0:15 to give the Cavaliers their last lead of the evening, 21-20. Jimtown again scored just before the buzzer as Dale Smith scored with 2 seconds

showing on the clock to take his team into the locker room at halftime with a one point lead, 22-21.

The Cavaliers shot a dismal 29 percent (8-28) from the field in the first half, while accumulating 14 turnovers.

Jimtown quickly opened up a 5 point lead in the third quarter as Hershberger and Neely connected, before Scott Burke threaded the net. Neely and Miller again scored putting the Jimmies up 6, 29-23. The Cavaliers called a timeout to regroup, while the Jimmies recharged. Neely and Miller went to town again, as the Jimmies went on a wild scoring binge hitting 11 unanswered points upping their lead to 14. Down 41-27, the Cavaliers dug in to score 8 unanswered points themselves to cut the score back to 41-35 at the end of the third stanza.

The Cavaliers continued where they left off as Don Higgins hit on 2 free throws closing the deficit 41-37. Following a Jimtown turnover, Jason Young scored and was fouled in the process. Young connected on the charity toss to put the Cavs within one, 41-40. The Jimmies scored 8 straight points to again lead big 49-40. The Cavaliers, thanks to some fine free throw shooting by Tony Reinhold, pulled within 6, 51-45, the closest the Cavaliers would come.

The roof then caved in on the Cavaliers, as the Jimmies pulled away by as many as 16 points, 59-45. A final free throw by Ralph Neely with no time remaining closed the scoring for the night, 65-54.

Greg Mishler led CCHS with 12 points, while Don Higgins and Tony Reinhold each scored 10. Reinhold shot the eyes out of the basket at the free throw line hitting 10

straight before missing. Higgins meanwhile may have had his worst night offensively hitting only 4 of 17 shots from the field for a meager 24 percent.

Doug Carlberg's JV team was more successful, as they evened their record (5-5) with a come from behind win, 46-37.

A lot of talk has begun to go around that this year's CCHS Cavaliers are pretty good. After all, they have won 5 games after only 10 games. In the last 2 years, it's taken an entire season to accumulate that many wins.

That last team to post a winning season here was during the 1975-76 season. That team finished 14-8, while winning the Bi-County Tournament along the way.

Many comparisons can be made between that team and this year's edition. First, both teams finished in second place in the CCHS Holiday Tournament. The 1975-76 team entered the Bi-County tourney with a 6-6 record, while this year's team enters with a 5-6 mark.

Going into the Bi-County, both teams had losing streaks of 2 and 3 games, while the 1975-76 also had a 3-game winning streak. The 1978-79 team has had a 4 game win streak.

Both teams lost to Argos before the Bi-County. Both teams played an overtime game before the Bi-County, the 1975-76 team lost to Glenn 76-74 while this year's team beat North Liberty 75-73.

The 1975-76 team won a game by 3 points (North Miami, 70-67) and lost a game by 1 point (Caston 56-55). The 1978-79 team has whipped Glenn 62-59, while losing to Knox 57-56.

Before entering the Bi-County, the 1975-76 team lost to North Judson by 28 points, 103-75.

In the 1975-1976 Bi County Tourney, the Cavaliers had to win 3 games in order to claim the championship. In two of the games they got revenge for 2 of their earlier losses (over Argos and Glenn).

This year it will take 3 games to win. First, the Cavaliers play LaVile, a team they lost to in the first game of the year. Chances are they would then play Argos in the final, again another team they have lost to.

After 10 games this year, the Cavaliers were 5-5. In 1975-76, they were 4-6. The 1975-76 team had a better offensive team. This year's team is better defensively.

Will the 1978-79 team indeed have an outstanding season? Will history repeat itself? Time will tell.

All the Cavelles saw action during the remaining half and the game proved to be a true team effort. Fourth quarter shooting from the field was 82 percent for the Cavelles which has been their best quarter shooting of the season. The Cavelles ended on top with a score of 60-44.

ER FFA Reporter
ver - The Culver FFA
ade an intensive study
causes of accidents
hainsaws. This topic is
ely interest at this time
se of the number of
ies that have taken
in this community as a
of chainsaw accidents,
y have found that the

number one cause of accidents has been saw kick-back. The defense against this hazard is to never let the tip of the saw contact a log, branch, or other object. Other suggested defensive measures are to bring the saw up to cutting speed before starting to cut, keep the chain sharp and properly adjusted.

In addition to classroom

discussion and demonstrations in the agricultural laboratory, the FFA has also ordered a film from the Homelite Corporation. Also they recommend reading the operator's manual for more information about felling and trimming trees, care of the saw, and more safety suggestions.

Following their slogan "doing to learn," they plan

to visit Mike Reinhold's farm on Sunday, January 21, where they will have an actual cutting demonstration under the supervision of their instructor, Mr. Schmidlapp.

Also refreshments will be served to those members who attend. Even though "going to school" on Sunday afternoon may take some extra time, they believe the

important safety lessons may be worth far more than the time that could be lost from a serious accident. They plan to cut wood to help provide funds for a trip to the National Farm Machinery Show at Louisville, Kentucky. Persons who would like to buy wood or have trees cut can get more information by calling Ulysses Good, 542-2042 or Steve Braasch, 842-3762.

Students From Peru Arrive In Culver

Culver - Two exchange students arrived in Culver on January 10 and were present at the Lion's Club Awards Banquet that evening at the Beach Lodge.

Cesar Watanabe and Fredrico Hamann, both 16, from Lima, Peru will spend eight weeks in the community as part of the Lions International Youth Exchange program.

Following their 25 hour journey, the boys found the cold climate here quite unlike that in Lima this time of the year. The welcome was warm, though.

Cesar is staying with Paul and Joyce Winn and Fredrico with Delores and Pat McCarthy. Other families the boys will be staying with during their visit are Rev. and Mrs. Richard Bennett, Mr. and Mrs. Art Birk, Mr. and Mrs. Carey Flora and Dan Adams.

REMEMBER WHEN

Argos - This news story taken from the Argos Reflector dated November 16, 1950, tells the interesting history of Harvey's Cafe.

"Mr. and Mrs. Edwin Umbaugh, proprietors of Harvey's Cafe, bought the building in which the restaurant is located from Mr. and Mrs. Mark Lane yesterday. The consideration was not named.

The building has an interesting history. It was the first "modern" store building, with ceilings of reasonable height, erected in Argos. Its construction marked the end of the old structures with their 12 and 14 foot ceilings.

The building was erected for the Lanes by W. B. Butler and R. W. Shafer, early Argos contractors. The building is 24 feet wide and 85 feet deep, and was originally intended as both a restaurant and hotel. Hot water is still piped into the upstairs rooms, which are used as living quarters for the Umbaughes.

The restaurant passed through several hands. The Lanes, after many years, sold to Harvey Hommon who gave the cafe its present name. Miller operated it alone and in partnership with Fernin Cox. The Umbaughes purchased the business on June 25, 1949.

Through the years, Harvey's Cafe has built up an enviable reputation among travelers along U.S. Highway 31, for the excellence of its meals. The Umbaughes plan a continuation of the present high quality of the restaurant, and also certain building improvements

Letters to Editor

DEAR CITIZEN EDITOR

Thank you for printing our statement as delivered to the Culver Community Schools Board at their meeting of January 8. We regret that the copy provided to you contained some errors which we feel should be corrected. These were our errors, not the paper's.

In the first column of the article which appeared on page 6, 3rd paragraph, in reference to Mr. Good's ideas, the words, ".....he intended to help preserve the decision of the Board....."

should read: ".....he intended to help reverse the decision of the Board....."

Also, on page 7, 3rd column of the article, 2nd paragraph, the words ".....has not had an operating school building within its boundaries....." should read: ".....has not had an operating elementary school building within its boundaries since long before the corporation was formed and no operating high school building since the forming of the corporation....."

Once again we thank you for printing our statement. We hope that it will further community understanding and help promote unity within our School Corporation.

Sincerely,
The Schoolboard

LETTER TO THE EDITOR

I'm not sure it's proper for the editor to write a letter to the editor, but I thought I'd take this means to let people know about a good neighbor of mine.

No one likes the task of clearing snow off the walk and if the job were left to me it would probably remain there until the spring thaw. Living in the first block of

School Street makes the task unnecessary. Lee Jewel, my next door neighbor, not only clears snow on the walk in front of his home, he takes his snow removal machine and does the entire block. I learned he's been doing this since acquiring the machine in 1975.

Many thanks, good neighbor.

Neat and Tidy Are Four Letter Words

People who know me know how I feel about neat and tidy. I am organized. I envy them who make me ill. I realize one must adhere to certain time tables and in life or the whole of things becomes

My mother always told "a place for everything everything in its place." I didn't tell me I'd run out

of places before I ran out of things.

She would do certain tasks at certain times and each day progressed smoothly -- like clockwork. I was brought up in a neat, tidy, well organized atmosphere. Any railroad agent would have marveled at mother's timely schedule for getting things done.

But, somewhere along the great train ride of life, one of her offsprings got derailed. Guess who.

The best laid plans of mice and men and mothers sometimes goes awry and produces a throw back like me. I've tried, though.

Take New Year's resolutions, for example. Mother had hers made by New Year's Eve. And kept them. The only time I recall her failing was the year she made one that read, "Try to instill orderliness in Arlene."

For instance, take this year. January's over half gone and I just got around to locating my list of resolutions. To make it easy on myself, I'd only written down six. The list reads:

1. Read more and try to improve your mind. (One of the kids asked me, "what's a nom de plume?" I replied, "a featherless cap." See, I am improving).

2. Don't ignore your children -- take time to listen

and answer their questions. (I made a good start on that already in resolution number one).

3. Post a sign above your desk which reads, "Never put off until tomorrow what you can do today." I intended to do that this month, but I'm sure to have more time in February).

4. Don't make New Year's resolutions that will be too hard to keep. (No problem, so far, I'm doing great).

5. Plan each task you wish to accomplish for the day and don't go to sleep till each is completed. (I'm not doing too badly on that one either, but my eyes are red and I yawn a lot).

6. Should leisure time present itself, don't goof off. Use this opportunity to tidy up. (Should that happen I'll try to recall what "my mama done tole me when I was in pigtales").

At any rate I was proud of myself for at least finding the list before the year was half over. Then I noticed at the top it said, "New Year's Resolutions for 1978."

I'm sure there's one around here for 1979 -- someplace.....

PUBLISHER'S 'PINION

The Argos Tribune salutes Dr. James Hampton for his recent election as President of the Indiana State Board of Medical Examiners. We are extremely proud that a local physician has been selected to this high state honor.

According to all area sports writers and local fans, the Argos Dragons are favored to win the Sectional Tourney again this year. In fact many sports writers suggest a regional championship is also very possible. The teams making up the Elkhart Regional are very evenly matched. This is unusual since the large metropolitan schools usually walk away with the honors. The Argos Dragons will need the strong support of everyone in the community. Make plans now to attend the remainder of the games - Jan. 26th at LaVie, Jan. 27 at Wash. Twp. Feb. 2nd Triton (Home), Feb. 9th at Culver, Feb. 16th, John Glenn (Home), Feb. 20 Bremen (Home), and Feb. 23rd at Mish. Marion.

Don't wait until late February in the midst of the tourney to develop your enthusiasm. The team needs your support now.

Congratulations CCHS girls! Winning a Bi-County is quite an accomplishment. You've shown a lot of people that desire and determination can bring about results.

The team has come a long way this year. It's finally jelled with the sectional coming up, hopefully the

team will continue to show improvement, and not rest on their laurels.

Rochester may be rated, but they better not underestimate the Culver Community team in the sectional. They've come a long way. Good luck girls!

Argos - The Argos Dragons varsity basketball team include, front row, left to right, Jim Montgomerie, Chuck Evans, Mark Malone, Dave Calhoun and Don

O'Dell. Standing Head Coach Phil Wehrhight, Mike Scheetz, Doug Jennings, Rich Tuttle, Bill O'Dell, Kevin Heier and Asst. Coach Lee Zimbaugh.

gon - The R.E.A.L. bus made its usual trip to pick up the Argos seniors on Monday, Jan. 1, and everyone was ready to get busy on the picnic pieces they had made last week. Everything was ready for

Sharon when she came in with the pieces they had started last week. They had been fired and were ready for paint and it didn't take long for each one to pick their colors and get busy. Frogs, vases, pots and small trays soon took on a new hue. Now they are ready for the final firing. Everyone seemed to enjoy this work and we wish to thank Sharon

for the time and work it took for this project.

Sharon said grace and the ladies of the Walnut Extension club called for everyone to put away their brushes and come to dinner. The tables were decorated with bare limbs with all kinds of birds perched on them and a little card on the table said "Show them we care, feed the birds when

limbs are bare" and we need to with the ground covered with snow.

29 people were served, chicken, au gratin potatoes, buttered broccoli, and twist rolls.

The ladies serving the meal were Alberta Mid-daugh, Marcele Sickmiller, Harriette Winterrowd, and Ruth Gordon. They also furnished door prizes won by

Floyd Hite, Conrad Singpeil, Fannie Stoughton, Pearl Longstreth and Dorothy North. Our daily bread, guides to daily reading in large print, were distributed from the First Baptist Church Mission Fellowship.

Happy birthday was sung to Elmer Hann and Dorothy North. Also cards and letters were read from our

snowbirds from Tampa, Bushnell, Bokelie and Avon Park.

Next week our program will be by Cindy Flagg who will be telling us something about diet. She should know she has lost over 70 pounds. Good work Cindy. She will also be sharing some recipes with us.

The menu will be tomato juice, pancakes with hot syrup, sausage, scalloped apples with cheese, margarine, milk, tea and coffee.

Please call reservations in to Koma Singpeil, 892-5012 before noon Friday of each week, and tell her if you need a ride on the R.E.A. L. Rider.

ESTHER CIRCLE
INSPIRED BY
104 YEAR OLD

Argos - The Esther Circle of the Argos United Methodist Church held their regular meeting with Hazel Mowiser. Devotions were given by Bonnie Bunch. She read an article from the Miami Herald about her cousin, age 104, who still attends Sunday school and church and her positive outlook on life. The lesson was given by Mable Barnhart.

Each member participated in the sharing time during the meeting. Esther Wickizer was selected to represent the circle at the lebanon children's home.

The next meeting will be on February 14 at 1:30 p.m. at the parsonage. Bonnie Bunch will be the hostess.

The Culver City Club will meet on Thursday February 1, at 7:30 p.m. in Zion Hall at Grace Church

by Joan Tapp

After two winters of practicing with our snow, ice and zero temperatures, do you have every problem under control?
If you need more ideas of coping, the Argos Public Library can help you with a book, **WINTERING IN SNOW COUNTRY** by William Osgood. The book has "people-tested ways to save heat, energy and money - and be mobile and happy in the cold five months of your life."
Chapters include weather proofing the snow-country house, heating the house, emergencies, cars, dressing for winter, and winter health and diet, and most important - keeping happy and the wind chill chart.
