Twelve Mile In Cass County Is Home Of This Hoosier's Unique Woodworking Shop (Final Installment)

ORAN W. ROBBINS inherited a skill with wood, scorn for "can't," and a zest for new challenges from his father, Bill — a fine but fiddle-footed logger, carpenter, and barn builder.

So it was natural for Oran to quit school early and follow his Dad's restless footsteps. After a chair factory wood-working hitch, curiosity about cars lured him to an early auto works.

Mechanics moderately mastered, Oran turned to barbering and in 1911, at 21, he moved from Peru to Twelve Mile and set up his own shop.

Four years later, bored with barbering and enthused about the dawning auto age, Oran opened a garage.

A BORN MR. FIX-IT, he did well until War I whisked him away for 17 months of soldiering. Back home, Oran took a machinist's job so he could marry Ruth Irvin, a Twelve Mile girl, and presently opened a new garage in nearby Mexico, along busy U.S. 31.

BY 1925, the Robbins had three daughters — Wilma, Phyllis, and Marilyn — and Oran had a new interest.

In spare time, he'd built a speedy racer. Driving himself, he won enough purses on dirt tracks at South Bend, Goshen, Lafayette, and Winchester to pay expenses.

ORAN'S SECOND spectacular crack-up kiboshed his racing career. He wasn't hurt, but Ruth stamped a firm foot.

"Enough of this nonsense!" she decreed. "You've got three fine babies."

She didn't have to twist Oran's arm. Old stuff now, racing bored him. So did garage work. He itched for something new.

"LET'S FARM," Oran suggested to Ruth one day.

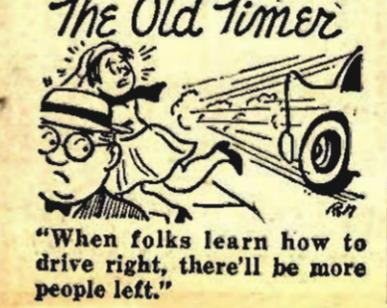

"We can't," Ruth protested. "We know nothing about farming."

The "can't" did it. Stubbornly Oran repeated what his Dad had often preached, to wit: "How do we know we can't if we don't try?"

So in 1928 they sold the Mexico garage and made a down payment on a modest farm near Twelve Mile.

"OUR RESOLVE was strong — but our timing was atrocious," Oran told me, chuckling. "Remember the crash of '29? And the long ensuing depression? Ouch!" In those bleak years, Robbins

Vernon L. Palmer Retires As E.U.B. Pastor In Culver

REV. VERNON L. PALMER
Ill Health Causes Retirement

Among eight ministers, of the Indiana North Conference of the Evangelical United Brethren Church, retiring from the active ministry, at its annual meeting at Oakwood Park, Syracuse, Ind., which closed Friday night, was the Rev. Vernon L. Palmer, who has faithfully served Emmanuel Church in Culver for the past four years.

Physical disability, caused by a heart ailment, necessitated his dropping from the active ranks of the conference, after 40 years of splendid service.

This work with the Indiana Conference of his church began in 1921, when Mr. Palmer enrolled at North Central College at Naperville, Ill. After four years of study there he spent two years in the Evangelical Theological Seminary, also at Naperville, being graduated in 1927.

Since then Rev. Palmer has served in the preaching ministry for 34 years, holding pastorates at Porter, Peru, Elkhart, Evansville, Bremen, New Paris, and Culver.

During the four years at Emmanuel Church the sanctuary was remodeled and redecorated, new carpeting and lighting fixtures installed, the floor sanded and refinished, a new entrance built to

Arthur Reed Dies Suddenly Today On Motor Trip

Fatal Attack In Chillicothe, Mo.

The entire Culver community was deeply shocked today to learn that one of our best known citizens, Charles Arthur Reed, age 62, died suddenly this morning at Chillicothe, Mo., presumably of a heart attack.

Mr. Reed, better known as Art to his countless friends, and Mrs. Reed were en route to their Culver home after having visited their son, Keith, in Denver, Colo. They were visiting former residents.

The Reeds had stopped over in Chillicothe for a brief visit with Mr. and Mrs. Sam Long, former Culver residents.

Mr. Reed had been employed as the faithful custodian of the Culver post office since 1935. He had a genial personality, was a photographer of professional status, was an ardent Republican, and enjoyed singing in the choir of the Culver Methodist Church for many years.

Art was a veteran of World War I and took pride in his membership in American Legion Post 103.

Born In China

The son of Dr. and Mrs. Charles Edgar Reed, he was born in China on March 27, 1899, where his father was a medical missionary. The family returned to the United States in 1900 and lived in Michigan and North Carolina before coming to Culver in 1911, where Dr. Reed was physician at Culver Military Academy until 1928.

Surviving with his wife, Ilah, are a daughter, Mrs. Winifred Joice, Argos; three sons, Dr. Edgar Reed, Cleveland, Ohio, Dr. Donald W. Reed, Culver, and Keith Reed, Denver, Colo.; two brothers, Dr. Donald Reed, Culver, and John A. Reed, Cleveland, Ohio; two sisters, Miss Dorothy Reed, Cincinnati, Ohio, and Miss Emily Reed, Washington, D. C.; and six grandchildren.

The body is being returned to the Easterday Funeral Home. Funeral arrangements are incomplete as we go to press.

MRS. PETER ONESTI IN PARKVIEW HOSPITAL

Mrs. Peter Onesti, 440 State St., who has been seriously ill at Parkview Hospital in Plymouth since June 7, is showing improvement.

Her room number is 110.

Andrew Coldwater Dies Suddenly Of Heart Attack

Andrew Henry Coldwater, age 67, a veteran of World War I, of 622 E. Fairview Ave., South Bend, died suddenly early last Sunday morning of a heart attack at his Lake cottage at 714 South Shore Drive.

For several years he had been under medical treatment for a heart condition.

Born at Aurora, Ill., on June 4, 1894, "Andy" moved to South Bend in 1918 where he resided except when spending his summers at Lake Maxinkuckee. He was a heating contractor.

His wife, the former Lulu May Overmyer, whom he married in 1921 at Plymouth, died in 1958. Surviving are a daughter, Mrs. Helen Louk, South Bend; a son, Allen, South Bend; three grandchildren; and a brother, William Smith, Aurora, Ill.

The body was removed from the Easterday Funeral Home to the Forest G. Hay Funeral Home in South Bend where services will be held at 1:30 p.m. Wednesday. Rev. Richard Haley, pastor of Epworth Memorial Church, South Bend, will officiate and burial will be at the Riverview Cemetery in that city.

The onetime newspaperman and Mrs. Palmer will move on Friday of this week to their cottage at Oakwood Park, Syracuse, for residence. Their address will be Route 4, Syracuse, Ind.

Coming to Culver as pastor of the Emmanuel Church is Rev. Walter Chisholm, who has been serving in the Ohio East Conference of the E.U.B. Church at Akron, Ohio, as associate pastor of one of the churches in that community. He, his wife, and three children, ages 5, 7, and 8, will be moving to Culver on or about July 1.

Lake Association Adds To Its Many Services

Patrol Car Gets Three-Way Radio

With the opening of the summer season the Lake Maxinkuckee Association through Secretary Don G. Trone announces the acquisition of a new three-way radio telephone for the Lake patrol car.

This new installation makes possible instant communication with the Town of Culver police car as well as the office of the Marshall County sheriff, and the Lake patrol car may be reached in turn with either of the other two points of contact.

This new service already has proven its worth in the accident at the Culver airport last week. Patrolman James R. Cox was able to call the sheriff's car at once, and within ten minutes Sheriff Jerry Greenlee was at the scene. Luckily there were no injuries, but had there been an ambulance or the fire department could have been summoned almost instantly.

No Cost To Taxpayers! The cost of this added equipment was borne by the Lake Maxinkuckee Association and Culver Military Academy, with no cost to the taxpayers of either the township or county.

Our valued and on-the-ball Lake Association is seeking constantly to improve the service to all property owners and the surrounding community, and has been highly complimented by the Indiana State Police and the Marshall County sheriff for its up-to-the-minute equipment in both the patrol car and the safety patrol boat.

DEKALB CROP AND WEATHER REPORTING SERVICE

The country's corn crop got off to a slow but uniform start because of low May temperatures with generally adequate moisture. Northern Indiana had corn and soybeans frozen in late May on muck ground. This cold wave extended south as far as Alabama where a 39° low was recorded and May ran 8° below normal. May rainfall ranged from a near normal 3" to 5" in most areas, but excess rainfall fell in Arkansas with up to 12" in May; South Central Nebraska had 11"; and Central Indiana, 6.5".

There were very few dry areas. The most unusual was in South Texas where Corpus Christi recorded absolutely no rainfall in May — the first time such an instance occurred since records began in 1897. Northern Minnesota and Northern Wisconsin had limited dry areas, but Dakota was pretty well caught up on rainfall in May.

Participation in the government's feed grain program was greater than anticipated. Many Corn Belt counties had from 60% to 75% of farmers participating with a reduction of 20% to 30% in their crop areas. The Texas irrigated high plains in the Panhandle numbered 85% cooperators as did Kearney County in irrigated Western Nebraska. However, everywhere reporters say more fertilizer is being used and in the Texas high plains, more irrigation water will be applied to fewer acres. These practices will result in higher yields per acre on the fewer acres left in cultivation.

A recent survey by the University of Illinois of more efficient corn producers showed that nearly all used soil insecticides and starter fertilizer. Their planting rates varied from 14,000 to 18,000 with the majority planting 16,000 kernels per acre.

Most of the planting around Culver is completed except for a few beans and some corn for silos.

Weddings

Hesgard - Oliver

The Culver Military Academy Memorial Chapel was the scene of the lovely wedding Saturday, June 10, at 3:30 p.m., of Karen Ann Hesgard, daughter of Mr. and Mrs. Kenneth Hesgard, of Culver Military Academy, and Bruce Irving Oliver, son of Mr. and Mrs. Russell Dwight Oliver of Culver Military Academy.

The Rev. Hardigg Sexton, Oxford, Ohio, officiated for the double-ring ceremony in an atmosphere of candlelight before the altar decorated with baskets of white gladioli.

Tom Cultice of Culver and the University of Michigan sang "The Lord's Prayer" and "Song Of Ruth" by Gounod, accompanied by Milford Myhre at the organ.

Miss Hesgard was given in marriage by her father. Her gown was a lovely white silk organza, featuring a circlet neckline of Alencon lace and short sleeves. The bouffant skirt fell from the waistline, accented by an obi sash back and lace motifs, into a chapel train. The bouffant veil of illusion showered from a Swedish crown of Aurora crystals. She carried roses and daisies on a white Bible.

Bridesmaids were Miss Lucy Howard of Plymouth, Mrs. Robert Griffin of Indianapolis, and Mrs. Allan Eckert of San Pierre. Mrs. Kenneth Bush of Mentone was matron of honor and maid of honor was Miss Helen Hesgard of Cincinnati, Ohio. The attendants' dresses were fashioned alike in orchid chiffon, featuring a high circlet neckline and cap sleeves. The sheath skirt fell from a satin yoke and a satin-edged panel back. Their headpieces were in matching color, fashioned in satin rose on a clip.

Kathleen, Kirstin, and Kimberly Bush, nieces of the bride, were flower girls and wore pink nylon sheer dresses featuring a lace-edged Peter Pan collar and puff sleeves with full skirts which fell to knee length, and carried baskets of rose petals.

Russell D. Oliver II, brother of the bridegroom, was best man.

Seating the guests in pews marked with white satin bows and greenery were Walter Baumhoff of New York City, Lawrence Strait of Culver, Robert Kohankie of Cincinnati, Ohio, John Lents of Wayne, Mich., and Robert Griffin of Indianapolis.

The bride's mother chose a blue lace and chiffon sheath, complimented by blue shoes and a blue flowered hat. Mrs. Oliver wore a beige chiffon sheath, beige shoes and hat and both mothers wore a white cypripedium orchid corsage.

A reception for approximately 175 guests was held at The Culver Inn. Miss Nancy Cox and Mrs. George Sparrow presided over the reception table. Miss Dona Holloway and Kay Campbell assisted at the punchbowl.

The table, decorated with green garlands of Southern smilax, white asters, and silver candelabra, was centered by a four-tier cake, circled with greenery and topped with a miniature bridal couple. A memory candle was surrounded by greens and gardenias. Clusters of daisies surrounded the punch bowl rimmed with greens. Mrs. M. D. Baker was in charge of the dining room decorations.

The bride and bridegroom cut the cake with the sword of Col. C. F. McKinney.

For her going away ensemble, the bride chose a linen sheath of red, white, and blue with white shoes, and white pill box hat, and a corsage of white roses.

They are on a wedding trip to Northern Michigan and will be at home at Culver Military Academy after June 18.

The bride is a graduate of Culver High School and Indiana University. The bridegroom is a graduate of Culver Military Academy, Miami University, and a graduate student at Indiana University.

Wright-Hughey

The altar of St. Rose of Lima Catholic Church in Franklin, Ind., simply decorated with candles and garden flowers, formed the setting for the high noon wedding on Saturday, June 3, of Miss Mary Louise Wright, daughter of Mr. and Mrs. Robert L. Wright, Franklin, to Philip Hughey, son of Mr. and Mrs. Marshall Hughey, 351 East Adams St., Franklin.

Rev. Father Paul English officiated at the double-ring ceremony and offered the Nuptial High Mass with Mrs. W. E. Behler of Indianapolis at the organ. Jon Hughey, brother of the bridegroom, assisted as acolyte.

Given in marriage by her father, the bride was lovely in her ballerina-length gown of silk over taffeta which featured three-quarter-length sleeves and a bateau neckline of Alencon lace encrusted with seed pearls. The princess line bodice fell into a

softly flared skirt. Her two tier illusion veil was secured to a small crown of pearls. Her string of pearls was a gift of the bridegroom.

Miss Claudette Swengel was maid of honor and appeared in a gown of light blue organza with a fitted bodice featuring a scoop neckline with tiny sleeves. The bouffant skirt, was accented by a wide cummerbund with a big bow in back.

Paul Hughey, brother of the bridegroom, served as best man and Paul Adamson, Tom Foley, Joe Jones, and Richard Wright were ushers.

A reception was held immediately following the ceremony in the church social rooms. Mrs. Joe Jones, Mrs. Tom Foley, Mrs. Paul Adamson, and the Misses Marcia Foley and Mary Riser assisted in serving the wedding cake, topped with white bells and blue flowers, and punch from a table covered with a blue damask cloth and decorated with blue and white garden flowers.

For her going-away ensemble, the new Mrs. Hughey selected a silk dressmaker suit and added the orchid from her wedding bouquet. After a short honeymoon to Northern Michigan, the newlyweds will be at home at 621 Pearl Street in Culver.

The bride is a graduate of Franklin High School and St. Anthony Hospital School of Nursing, Louisville, Ky., and attended Franklin College.

The bridegroom is a graduate of Franklin High School and St. Joseph's College, Rensselaer, and attended Purdue University. He is a teacher at West High School and will teach at Culver Military Academy this summer.

Happy Father's Day . . . Father

Sunday — being Father's Day — every Father knows what will be expected of him. He'll show his surprise, delight and gratitude . . . Unmistakably.

But, as any woman could tell any man, there is no point of carrying sentiment too far. If the jacket — Campus of course — is a bit snug, the shirt — naturally a Van Heusen — is a trifle large, or the necktie — what else but a Donegal — is a touch too gay, nothing is gained by hiding the fact. Be a man and bring it back. Your family would much sooner have you enjoy the right gift than look uncomfortable in the wrong one.

If your gift comes from Schoonover's . . . as a great many gifts will . . . so much the better. For Schoonover's doesn't blink an eye or raise a quibble at exchange. No sale is final until you are completely satisfied.

"The Great Epidemic" by A. A. Hoehling is a dramatic document about the worst plague in history, the flu epidemic of 1918. The author traces the far reaching effect of this disaster from the first case in Fort Riley, Kan., to the soldiers who took it to France where it was brought back to infect every community touched by ship or train.

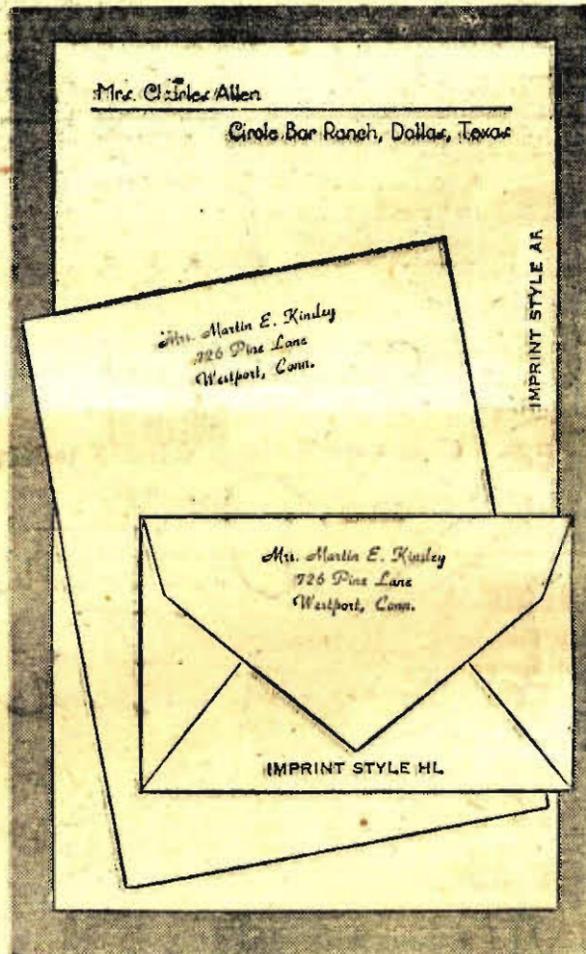

Much research was done by the author and he quotes personal interviews and source materials. He has shown as never before the extent and ferocity of the Great Epidemic of 1918.

Mr. Hoehling is the author of "The Last Voyage of the Lusitania" and "Last Train From Atlanta."

William J. Martin Heads Up Summer Theatre Course

An intensive eight-week course in theater will be offered at Culver Military Academy from June 26 to Aug. 19. William J. Martin, director of theater, recently announced.

The course will include classroom and laboratory experience in acting, dramatic theory, stage movement, lighting, and stage make-up. It will be conducted in the completely equipped Eugene C. Eppley Auditorium, built in 1959 at a cost of \$1,600,000.

Martin announced that the course will be co-educational but will have a limited enrollment of 30 students. A minimum age for students enrolling in the course is set at 16.

During the two months of study, Martin plans to produce three full-length plays. In addition to theater, high school credit courses in English are available along with instruction in Naval courses of the Culver Summer Schools.

Martin, who will direct the professional staff, is a graduate of the University of Missouri and holds a Master of Fine Arts degree from Yale University. He has served on the faculties of Sarah Lawrence College, Bronxville, N.Y.; Middlebury (Vt.) College, and Williams College, Williamstown, Mass.

Included in Martin's extensive background are positions as general manager of the Williamstown (Mass.) Theatre Foundation and the Berkshire Playhouse, Stockbridge, Mass.

Inquiries should be addressed to the Dean of Admissions, Culver Summer Schools, Culver, Ind.

Joan Freiden New Playhouse Director Of Public Relations

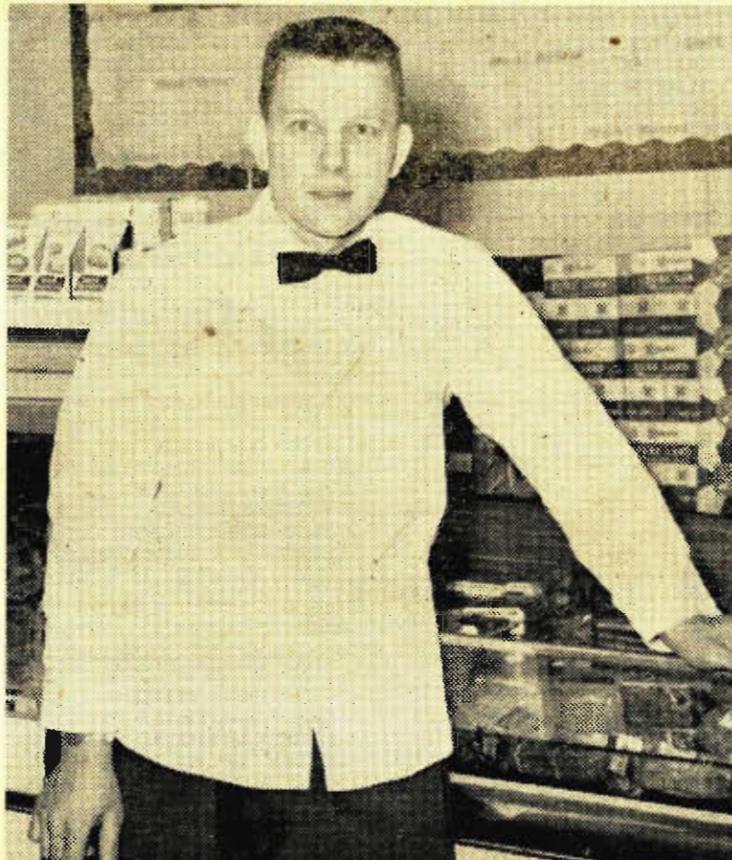

MISS JOAN FREIDEN

A new position, that of public relations director, has been established at the Maxinkuckee Playhouse this summer. Holding down the office for the first time is Miss Joan Freiden of Cincinnati, Ohio.

Miss Freiden has recently graduated from the University of Cincinnati where she majored in journalism and theater arts. She hopes to work in the area of dramatic criticism. As a student at the University, she was president of the University Theater Group and served as its public relations director for two years. She has recently been interviewed by the Dayton Times of Dayton, Ohio, where she may soon become editor of the Woman's Page.

Miss Freiden's first production for the Playhouse has been that of the successful "South Pacific" and her work gives evidence of enhancing still farther the reputation of this excellent summer stock theater.

In Charge Of Deckard's Enlarged Meat Department

RAY BANAZAK, formerly of Mishawaka, is making a lot of Culver friends these days as the person in charge of Deckard's Park 'N Shop new meat department.

WELL DONE — The Brown County Democrat was printed recently with a rich brown ink instead of the customary black. Some surprised subscribers thought the publisher, Margaret L. Wyatt, might have her seasons mixed and was intending to call attention to Brown County's autumn foliage. But in a note on page one she explained the color was to remind the readers of the county Historical Society's forthcoming ox roast at which the meat would be served well done and brown.

Mrs. John Cannon, Miss Lillian Barnes, and Miss Carol Grim of Washington Court House, Ohio, and Mrs. Marshall Ensign and Mrs. John Robbins of Jeffersonville, Ohio, were weekend house-guests of Misses Edna, Clara, and Osie Stahl.

"South Pacific" At Playhouse For Two Weeks

Twelve years of theatrical know-how were certainly in evidence at the Maxinkuckee Playhouse on Tuesday night when the magnificent production of "South Pacific" played its opening date. The Playhouse's new set designer, Bill Akin, deserves a personal accolade for his ingenious sets and fast paced changes. Beautiful curtains and unique sets follow one after the other, some rolling, some raising, and some traveling in real Broadway style. This is summer theater at its best and manager Paul Rutledge who is an experienced hand at mounting exciting musicals has spared nothing to make this one the best. The cast without exception is superb.

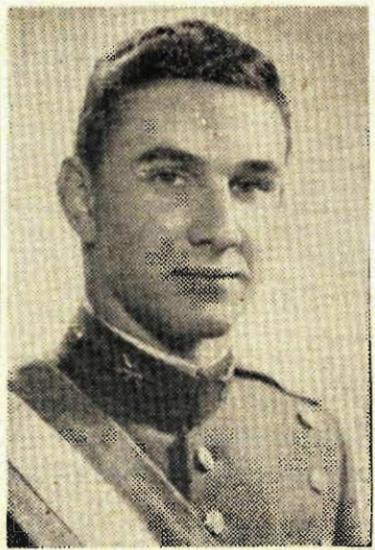

Following in the footsteps of Mary Martin and Ezio Pinza on Broadway and Mitzi Gaynor and Rossano Brazzi in Hollywood the Playhouse version features delightful Suzanne Scherer and handsome Joe Zima in the leading roles. It was a delight to see them work and no one doubted for a moment their professional standards. Both Miss Scherer and Mr. Zima are students at the University of Cincinnati where they recently enacted these same roles in that school's production of the famed musical. Comedy leads, Luther Billis and Bloody Mary, are played by Dick Von Hoene and Donna Donnelly. Miss Donnelly's singing of "Bali Hai" and Mr. Von Hoene's version of "Honey Bun" were show stoppers. Von Hoene has appeared in many productions in Cincinnati and Miss Donnelly has toured Kentucky in summer opera companies and has appeared in the "Wilderness Road" production in Berea, Kentucky. Billis's sidekick "Stewpot" is played by Vaughn McBride who will be remembered by Maxinkuckee audiences for his outstanding performance as "Rocky" in last summer's production of "Damn Yankees." "Liat," the lovely native girl, is portrayed by beautiful Marie Mastruserio, a native Cincinnati, who attends Mari-on College in Indianapolis. Lt. Cable, "South Pacific's" second romantic lead, is played by Lee Reams who in addition to attending the University of Cincinnati appears regularly on television there. John Hess, technical assistant at the Playhouse is seen as Cmdr. Harbison.

Two delightful additions to the cast are Erie Hughes and Donna Dawson from Culver as the two native children. Others included in the large cast are Irene Myers who comes to the Playhouse from Salt Lake City; Diane Turner, a former theater arts student at Cincinnati and Sandra Schwars who is handling choreography for "South Pacific." Important supporting male players include Ken Smith from Cincinnati who plays the "Professor" and Dan Weaver of Earlham Col-

lege, Richmond, Ind., who plays the pilot, Buzz Adams. Bob Young, Bob Pullit, and Paul Rutledge complete the large cast.

The glamour and enchantment of these Pacific Islands will be filling the Culver area for two weeks with performances every night, except Monday, through Sunday, June 25. "Some Enchanted Evening" is the hit song of the show but it could also be the motto for every audience member who gets a chance to see this unusually fine production. "South Pacific" sets a standard that will be hard to maintain but the Maxinkuckee Playhouse has the talent and the imagination this season to do it. Tickets for "South Pacific" can be obtained by calling Viking 2-2500.

Freak Squall Hits South Shore Area; Damage Is Heavy

A freak squall, accompanying the late Saturday afternoon wind and rain storm, caused considerable damage to the South Shore area from the Robert J. Discher home to the Herschel L. Rector residence.

The Discher pier, along with Carl M. Adams' pier, were demolished. The canvas top of a pontoon anchored at the Culver Boat Company's outer pier was a casualty and benches and lawn furniture securely fastened on piers and the lakefront were torn loose and carried long distances.

High waves and strong winds lashed the vicinity and sent small craft adrift and littered the water with debris.

Lake Patrolmen R. J. (Doc) Ives and Jim Cox remained on duty until dark collecting the debris in an attempt to make the Lake safe for the boaters who flock to the area early every Sunday morning.

MIDWEST OUTDOORS

On a hot summer day, "gunk-holing" is about as close as your family can come to reliving Huckleberry Finn's water-borne larks.

You simply get together some sun-kissed Saturday morning with a few like-minded boat owners, play pin the tail on the donkey with a local map, and in the time it takes to trailer your rig to the nearest sizeable waters—why, you're gunk-holing.

You can explore the small, shallow bays and inlets, the tiny tributary streams that feed into a large body of water, or the desolated, picturesque harbors off the regular boating lanes.

Aside from water-skiing, skin-diving, fishing and off-shore hunting in season, gunk-holer's have thought up a handful of organized cruises to while away a lazy weekend.

There's the mystery cruise (nobody knows where you're going but the leader); camera cruises to scenic and historic spots; moonlight cruises after dark, topped off with a wiener roast and song-fest on a beach, and there's the boatarama, with prizes for the best-decorated boat in the parade.

If you plan to take off your shoes and join the gunk-holers soon, now's the time to play cupid and make sure your boat and motor and propeller make a good match. You could be wasting half the power of your motor on the wrong boat. To find out for sure, you can obtain a free pamphlet, "What You Should Know About Propellers," from any Mercury outboard motor dealer.

U.S. PRETZEL-MAKING 100 YEARS OLD

PRETZELS WERE FIRST MADE AND SOLD IN AMERICA 100 YEARS AGO IN LITIZ, PA. IN THE HEART OF THE OLD PENNSYLVANIA DUTCH COUNTRY. TOURISTS CAN STILL SEE THE ORIGINAL BAKERY WHERE THIS POPULAR FOOD WITH THE FUNNY SHAPE WAS MADE IN THE OLD HAND WAY AND BAKED IN THE BIG "DUTCH OVEN".

THE FIRST PRETZELS WERE MADE IN 1654 BY AN ITALIAN MONK AND GIVEN TO CHILDREN AS A REWARD FOR SAYING THEIR PRAYERS. THE NAME DERIVES FROM THE LATIN "PRETZOLA" WHICH MEANS "LITTLE PRAYER" BECAUSE ITS SHAPE SUGGESTS A CHILD'S ARMS FOLDED IN PRAYER. IT BECAME "PRETZEL" OR "BREITZEL" WHEN IT CROSSED THE ALPS INTO GERMANY.

THE PRETZEL CAME TO AMERICA DIRECTLY FROM GERMANY WHERE IT OFTEN FIGURED IN THE MARRIAGE CEREMONY-BRIDE AND GROOM LINKING THEIR FINGERS IN THE LOOPS AND PULLING AS WITH A WISHBONE. THE PRETZEL'S SHAPE WHICH HAS NO END IS A SYMBOL OF LONG LIFE AND HAPPINESS.

A Guest Editorial

In a recent Page 1 column of his sprightly West Springfield (Mass.) News, editor Ray Winans turned from world problems to concentrate on baseball.

You don't have to agree with what he says — but you'll have to admit it's provocative.

We quote Mr. Winans in part:

"We submit the thought that there is far too much adult organization of juvenile sports and activities.

"Time was when kids gathered in a vacant lot — of which there used to be plenty in every neighborhood — and of their own accord whipped up a scrub game of baseball.

"The games were far from professional, and the diamond was adopted to the contour of the terrain and such hazards as trees, boulders, and such.

"But every kid played his own way, amid a lot of dust, confusion, noise, and plenty of action.

"They had fun, and while each team sought to win, victory was not the life and death matter that it has become in the organized junior leagues of today.

"Grownups run the entire show now. Under such control, undue emphasis is placed on winning; and the adults place heavy responsibility on little fellows who should be playing for fun and making their own decisions.

"Shouldn't we maybe let the boys be boys and play in their own way without so much adult meddling and bossing?"

"Wouldn't the kids be better off playing their own games in their own way when, as, and how the spirit moves them?"

Professors Urge Kennedy To Ease Credit Buying

Installments Can Be Pain In Neck

BY ROGER W. BABSON
 No. 1 U. S. Economist

Babson Park, Mass., I hear that some of the college professors who are advising President Kennedy on means of increasing employment favor expanding consumer installment buying.

Roger W. Babson

Credit comes in two forms: — (1) When your wife goes to her favorite store and has her purchases "charged." The store looks up her record through the municipal Credit Bureau.

If she has no black marks against her, the goods are given her or sent to her home. When the monthly bill is sent for these goods, the store expects a payment in a short time, — 30 days later as a maximum.

Charge Accounts Encouraged

The stores really like to encourage such accounts, as your wife is likely to buy more if she can charge the goods rather than pay cash.

(2) The other form of credit purchase is where the buyer gives a note, or several notes, payable on specified dates, with power of repossession of the goods on a certain date after reasonable notice in case a note is not paid.

I do not object per se to such installment buying, especially on refrigerators, clothes dryers, and other household appliances which can be repossessed in good condition.

Read The Fine Print!

I, however, earnestly urge that you read the light fine print on the agreement and really understand what you are asked to sign.

As I read the advertisements today on new homes for sale, I am astounded at the way they can be bought by veterans without any down payment, or can be bought by anyone at very small down payments and a long mortgage of 30 or more years.

This is very different from when I was a young man getting married. Then we were compelled to pay one-third in cash and the

mortgage would be written for only five years.

Economics Of Birds

When talking to students of Babson Institute of Business Administration, I call to their attention the economics of birds, which build their "houses" before they are "married" and raise any little birds.

To young people buying furniture on the installment plan, I am not prepared now to give definite advice.

The laws of different states vary as to the rights of repossession. If you are behind in the payments on a house, it is a long legal process for the mortgagee to get you out of the house, especially if you are willing to pay a reasonable rent.

If you are behind in your payments for a television set or some other luxury item, and default on these payments, you must be prepared to let the store take it back before you damage it. This also applies to certain household utilities.

Buying On Installment Plan

When it comes to buying furniture on installment, a young couple should carefully consider each item purchased.

One installment note and agreement should cover the bedroom furniture; another note and agreement should cover the living room furniture; and a third note and agreement should cover the dining room set.

All incidentals should be paid for in cash. Furthermore, the three sets of furniture should not be bought at the same time; but in the order above outlined, say at least a month apart, even if you are obliged to "camp out" for a few weeks.

As I look back to my early married days, we got considerable pleasure out of gradually furnishing our little house. Surely more pleasure comes in striving than in arriving.

Statistics Given

Let me close this column by giving some statistics for bankers, merchants, and parents to read. These figures are based upon a survey by the University of Michigan.

Which Is Your Group?

The survey showed that 68 percent of American households are in debt one in form or another; 48 percent of the families are saddled with periodic installment debt repayments; 31 percent owe mortgage debts; 24 percent owe on non-installment debt.

According to the study, 14 percent of the families owing installment debt are in "hock" for over \$1,000 — double the proportion only five years ago.

The survey had one encouraging note. Namely, that about one-third of the families owing installment debt report that they have enough savings to offset their debt. For those who rationalize that installment buying keeps their savings intact, I would like to point out that statistics show this is a very costly practice.

TWO ARRESTED FOR SPEEDING IN CULVER

Larry C. Dawson, 18, 315 W. Madison St., Culver, was arrested last Friday evening for exceeding the posted speed limit on W. Jefferson St. by Jim Cox. He appeared in Justice of the Peace Court, entered the plea of guilty, and paid a fine and costs totaling \$18.75.

William Ralph Cochran of Mentone will appear in court on June 17 to answer the charge of exceeding the posted speed limit on South Shore Drive. R. J. Ives was the arresting officer.

What's in a Name?

Smiley Roberts let us in on one of his story-telling secrets the other night. He was coming to the punch line of one of his tales when Curly Rice piped up.

"It wasn't Skinny Wheeler who stopped that runaway horse," he says, "I ought to know 'cause it was my dad."

"Guess you caught me," says Smiley. "You see, if I can't think of the right name I just fill in quick with any one that pops into my head. If I hem-and-haw trying to think of a name, you fellows will lose interest. Besides, names are just

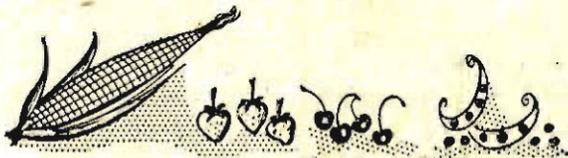

details and don't affect point of the story one bit.

From where I sit, Smiley system teaches a lesson a living with our neighbors. tails about people aren't as important as we make them someone doesn't vote the I do, or share my preference for a glass of beer, I should let it interrupt our friends. Understanding that we have a right to be different the "secret" of the "true story of life.

"Is the Universe, Including Man, Evolved by Atomic Force?" is the subject of the Lesson-Sermon to be read Sunday at Christian Science churches.

The superiority of divine law over the laws of matter will be emphasized. Included in the Bible readings is the account in John (6) of how Christ Jesus walked on the sea to join his disciples in their ship.

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read (p. 273): "God never ordained a material law to annul the spiritual law. If there were such a material law, it would oppose the supremacy of Spirit, God, and impugn the wisdom of the creator. Jesus walked on the waves, fed the multitude, healed the sick, and raised the dead in direct opposition to material laws."

The Golden Text is from Revelation (11): "We give thee thanks, O Lord God Almighty, which art, and wast, and art to come; because thou has taken to thee thy great power, and hast reigned."

FORT LEAVENWORTH, KANS. — Army Pvt. Robert L. Calhoun, whose wife Phyllis lives on Route 2, Plymouth, Ind., recently was assigned to the Finance Division in headquarters at Fort Leavenworth, Kans.

Fort Leavenworth is the home of the Army Command and General Staff College. The college, the Army's senior tactical school, was established in 1881 as the School of Application of Infantry and Cavalry.

Calhoun, entered the Army in December 1960 and completed basic combat training at Fort Riley, Kans.

The 23-year-old soldier, son of Mrs. Edythe M. Calhoun, 617 Pearl St., Culver, Ind., is a graduate of Culver High School. Before entering the Army, he was employed by the Farmers State Bank, at Lapaz.

Rev. H. Hoeflinger Speaker To Christian Schools Association

A prisoner turned preacher, the Rev. Harold M. Hoeflinger, will speak at a public meeting of the Marshall County Christian Schools Association at the Plymouth Conservation Club Friday night, June 16, at 7 o'clock.

Rev. Hoeflinger, better known as "Duke," served time for bank robbery in Indiana Reformatory. In 1936 he was converted to Christ and since that time has served as a missionary to Radio Station HCJB in Quito, Ecuador, staff member of the Moody Bible Institute in Chicago, and a pastor in Elkhart, Ind.

Presently Rev. Hoeflinger is executive-director of "The Christian League to Forgotten Men," which he founded. The League presents a program of rehabilitation to the inmates of 17 prisons in 16 states. The effectiveness of his work is shown by the fact that less than two per cent of the men whom the League has rehabilitated have violated their parole, as compared to the national average of 40 per cent.

Red Cross Small Craft School In Progress At CMA

Eighty students have begun a 10-day training course in the American Red Cross National Small Craft School conducted on the campus at Culver Military Academy.

Culver is among the oldest schools supporting the Red Cross program of first aid, water safety, and craftsmanship, and has been host to the leadership training school since 1930.

During the time the students are on campus, they will use facilities and crafts of the Naval School unit of the Culver Summer Schools. They will also be housed and fed on the Academy campus during the period the school is in session between June 12 and 22.

The small craft school is directed by George Reading, first aid and water safety representative assigned to the Ohio district. Fourteen faculty members and the 80 students come from the East and Midwest areas.

Ideal Place For School

"Because of the facilities and equipment placed at our disposal," said Reading, "Culver is an ideal place in which to conduct our school. With the tremendous increase in small craft owners across the nation, we feel our school is growing in importance. Eighty per cent of the American people do not swim well enough to take care of anyone in the event of an accident. Our aim is to help reduce the number of accidents and drownings associated with the use of small water craft."

A large portion of those involved in the course are college students who will be instructors at summer camps or who will return to their Red Cross chapters as instructors. Classes are conducted between 8 a.m. and 6 p.m. daily, with evenings reserved for practice, studies, and recreation. Swimming instruction is also given for those who lack the requirements to safely instruct in boating and sailing.

Culver is one of 30 sites in the nation at which the Red Cross will operate schools this summer. The Academy is providing the use of its sailboats, canoes, and other equipment, while several Midwest manufacturers and distributors are providing outboard craft equipment for instructional purposes.

The school will conclude on June 22 with the awarding of certificates for those who have passed the course.

raised some of the area's best crops and got more eggs than most poultrymen from laying hens — but financially he was licked.

"We finally lost the farm in 1941," he said without rancor. "But at least it fed us when many others were going hungry."

BY THEN, there was a fourth child — William, born in 1931. To house his brood, Oran sank his last \$600 in a long-vacant Twelve Mile store building and got a machinist's job in a war plant. Ruth also worked, and together they remodeled and renovated their dwelling.

In the better years that followed, Wilma went to Ball State, Phyllis to Indiana University and Marilyn to nurse's training at City Hospital in Indianapolis. Bill — too young for War II — finished high school and his military service and became a trucker.

With all their offspring married and gone, the old urge to try something new hit Oran. One day Ruth, an avid auction fan, came home with a very old chest of drawers.

It was fine cherry — but shabby and begrimed by years of neglect. Knowing her spouse, Ruth slyly said, "Bet you can't restore this!"

"SHA!" SNORTED ORAN — and forthwith did a beautiful job.

Ruth soon found another grimy but genuine antique . . . and another. Then a friend asked if Oran could duplicate a fine piece of period furniture. He could — and did.

Thus out of two hobbies grew

the Robbinses' present enterprise in Twelve Mile — a delightful antique shop and custom furniture business.

"The cycle is complete — from wood to wood in one lifetime," Oran chuckled. "I'm happy. Every job is a challenge . . . and I work as I please."

RUTH IS HAPPY, TOO.

"Now when I come home from an auction with too much I don't get heck for straining the budget," she smiled. "I say it's for the shop."

Plymouth Defeats Baseball Indians Here, 2-0

By EARL D. MISHLER

In one of the finest high school games played here in years, Plymouth's powerful Pilgrims nipped our Culver Indians, 2-0, Monday evening.

Culver, blessed with two fine pitchers this year, used both, with Senior Tom Boswell and sophomore Sammy Lowry sharing the hurling. Boswell, who tired in the grueling heat, was touched for two unearned runs in the four innings he pitched, to suffer his first loss of the season.

Junior righthander Tim Connell blanked the local sluggers on two hits, just a week after Culver had rapped Argos, 17-4. Plymouth centerfielder Elliott singled home two runs in the fourth, after an error, a walk, and a wild pitch had put two men in scoring position. The Pilgrims backed up Connell with errorless fielding, as they recorded their third straight Marshall County league victory.

Culver's hits were made by Lowry and Paul White, both hard-hit singles. The Indians played without the services of slugging shortstop Jimmy Carter, but freshmen infielders Jim Boswell and Paul Liette sparked defensively for the hosts. Next on the Culver schedule is Tyner, in a home game Thursday.

Little Leaguers Win Opener At Bourbon Monday

The Culver Little League opened the season with a 13-2 win over Bourbon there Monday morning.

Bruce Lindvall was the winning pitcher and star of the game as he came through with hits at the right time to bring in several runs. According to Coach Norm Baker, though, the win was the result of splendid team cooperation.

The next game will be Monday, June 19, at 9 a.m. here.

Local Girls Attend Sunshine Camp

From June 4-10 three Culver girls attended the State Sunshine camp. They were Lana Berger, Janice Neidlinger, and Pat Wesson. Miss Ruth Shanks, also of Culver, was director of the camp. The week was filled with many activities aimed at improving the local societies.

It's in the cards

Dad is in for more than his fair share of ribbing come Father's Day, June 18.

The studio type greeting cards, for example, proclaim all sorts of true things about Dad. For example:

"To Dad who is always calm, cool, and . . . collected from!"
Or, "Happy Father's Day to the man who has everything . . ."
"Inside caption reads: "Mortgaged to the hilt!"

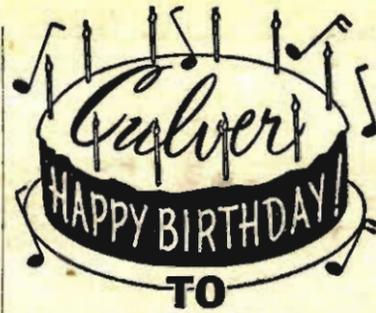

And then there is always the Dad "who fixes everything . . . so that we have to call the repairman!"

Dad rates an "A" for effort in all endeavors, however, and come his big day, many Dads will be receiving special recognition with this card from Rust Craft. "Dad, you deserve a special award." Inside is a cut-out gold leafed medal inscribed with: "A-1 type Daddy-O, Winner of Bread, Lender of Automobile, Doer-of-it-Yourself, and Long Suffering Martyr."

Michael Oberlin left Sunday for his home in Greencastle after spending the past week with his grandmother, Mrs. Marie Cowen, and attending the commencement of his brother, William C. Oberlin, who graduated with honors from Culver Military Academy.

Mrs. Merl Crabb is spending a few days at the home of Mr. and Mrs. Allan Crabb at Elmhurst, Ill., caring for her new granddaughter, Bonnie Lee.

Mr. and Mrs. Herbert Bunch of New Castle spent from Thursday until Sunday with the latter's parents, Mr. and Mrs. Robert Rieboldt.
