TEN CENTS

Here and There Around Our Town Of Culver

By Margaret McDonald

It's beginning to look a lot like Christmas, all around our town of Culver. The ice and snow storms of last Thursday and Friday and the various snow flurries since then have plated the landscape in glittering silver beauty which remained with us through Monday and traces are still visible yet today, which began with heavy fog.

The storm worked many hardships on many people and injuries and property damage ran high from numerous area accidents. However, many breath-taking winter scenes have added ideal Christmas settings to this Season of Joy to the World. In the quiet, early, pre-dawn darkness of Thursday and Tuesday mornings, the stately Memorial Chapel on the Academy campus, its roof-line just faintly discernible against the still-dark eastern sky, its beautiful windows lighted from within, and the beckoning star-like light visible high in the graceful steeple, welcomed cadets to the bi-weekly Matins. One could travel miles before beholding an equal to this inspiring sight — a true picture-card scene.

But, now that Santa is coming to town Saturday afternoon, it is hoped the weather will cooperate so that the small fry will be able to stop at the Bank Auditorium and whisper their lists of "most wanted items" to jolly St. Nick. Santa, riding into town on the fire truck, will arrive at 1:30 p.m.

Adults are reminded to enter their outside home decorations for Christmas in the second annual Jaycee-sponsored contest. It will add much to your Christmas Season and help in decorating your home town for the Holidays.

Suspense is beginning to fill the air; organizations, clubs, etc., are holding their Christmas parties; Culverites are mailing bundles of greeting cards; stores are gaily decked for the Season:

Jaycee Christmas Decoration Prizes Are Announced

Prizes for the second annual Jaycee-sponsored outside Christmas decoration contest have been announced.

The best outside decorated residence entry will win \$15.00 in cash. Second and third place residence winners will receive \$10.00 and \$5.00 cash awards, respectively.

Special recognition will be given for the best outside-decorated business.

Culver residents are urged to decorate the outside of their homes for Christmas, then clip and fill out the handy coupon found elsewhere in this issue of The Citizen, and enter their efforts in this local contest.

The properly filled-out coupon should be mailed to one of the names and addresses shown on the coupon before entry deadline of Wednesday, Dec. 23.

BE DIFFERENT: Give a new gift every week of the year. Sound impossible? Not at all! A gift subscription to The Culver Citizen can do just that. And it's a gift you can be sure will be appreciated and used. Free gift card mailed if requested. 50-2n

School Board Sets Calendar; Other Business

The Culver 1965-66 school calendar, announced by the school board at its regular meeting Monday night, will follow generally this year's dates. School will open for registration on Tuesday, Aug. 31, and classes will commence on Wednesday, Sept. 1.

Christmas vacation will be from Wednesday, Dec. 22 to Monday, Jan. 3; spring vacation from March 21-25, 1966; and school will close on May 27, 1966.

School Supt. Frank McLane said the dates were chosen to conform with those of Culver Military Academy and avoid parent-pupil conflicts that would otherwise result.

In other business, the board took no action on salary schedules for janitors and bus drivers until it can study the possibility of eliminating combination driving-custodian jobs on the work force. McLane pointed out that greater efficiencies could be obtained if several of the janitors could be freed from driving to devote full time to inside duties.

A resolution was approved for transfer of \$3,000 from the transportation fund to other funds where appropriations proved inadequate, and the board stated it will further study ways of improving the safety factor at the intersection of School Street and Lake Shore Drive, where traffic from four directions converges in front of the school.

Grade School Christmas Music Program

More than 500 elementary students in the Culver Community School will participate in the annual Christmas Music Program on Wednesday, Dec. 16, at 2:30 o'clock in the Community Building.

All students in grades 1 to 6 will participate in the program under the direction of Mrs. Bertha May Rust, elementary music director.

"The Joys of Christmas" will include a narration of the story, songs by each grade, and combined voices of the entire student group. Other features will be numbers by the sixth grade chorus and the fourth grade song flute players.

The public is invited to attend the admission-free program.

Board Members Will Attend Meet On Sewage Needs

Routine matters engaged the attention of the Town Board, meeting in regular session on Monday night. The meeting was presided over by Wilfred Craft in the absence of President Theodore Ervin, who was ill, and unable to be present.

The Board announced that it will be represented by several or all of its members at a meeting called in Indianapolis for Tuesday, Jan. 5, by the State's Stream Pollution Board, to discuss the problems of odor in the vicinity of the sewage treatment plant.

The state board, in its letter, said it will consider the summary report of an inspection of the Culver sewage treatment facilities conducted, by its representative, in Culver on Sept. 29, as well as "possible improvements in maintenance and operation of sewage works facilities."

Street Commissioner Don Mikesell reported that new park tables of the same size and type used by the State Highway Department are available for purchase from the state at a price of \$28 each. The board took under advisement his report, while it determines the number of tables to buy and the total cost. The tables will be an addition to Town Park picnic facilities.

Mikesell also reported that only 1/2-ton of road salt remained of the quantity purchased last January for snow and ice control, and he had placed an order for 20 tons of salt at a total price of \$428. Delivery is expected this week.

The Board waded through and approved for payment, a goodly number of bills for materials and services as it seeks to balance and clear the books at the end of the calendar year.

Santa To Visit Here Saturday At Bank Auditorium

Santa Claus will make his annual pre-Christmas visit to Culver next Saturday afternoon, Dec. 12. He will arrive at The State Exchange Bank Auditorium at 1:30 p.m. where he will not only present treats to the children, but will talk with each one.

The jolly old St. Nick tells us he will come into Culver on the fire truck, so boys and girls, be on your toes Saturday afternoon and make sure you are at the Bank Auditorium to welcome Santa and tell him your desires for this Christmas.

Santa's trip from the North Pole to visit here in Culver is made possible through the civic-minded Culver-Union Township Chamber of Commerce and the Culver Jaycees.

C.H.S. Annual Christmas Concert Sunday

Glazed, icy, slippery streets — bare, coarse tree limbs frozen and laden with snow — jolly snowmen made by happy children — chilling winds brisk and biting — town decorated with bright lights and chubby Santas. These are sights of December and a holiday season.

With just a few days left to practice, the Culver High School bands and choir are utilizing every extra minute to prepare for their annual winter Christmas concert. This holiday concert will take place Sunday, Dec. 13, at 2 p.m. in the gayly decorated local gymnasium.

The high school chorus will sing three harmonious songs: a light rendition of "Jingle Bells," the unique "Holy Angels," and "Christmas Time is Here," a lively description of Christmas bells, busy shoppers and, anticipating, wide-eyed children. All three are Hal Leonard publications.

In their Sunday best the high school band will present four selections. "Prelude to Christmas" (Continued on Page 2)

The history of the song of the month, "Deck The Hall," was given by Mrs. Ferris Zechiel who led the group in singing the song. Roll call was responded to by giving some foolish thing I ought to give up.

During the business reports of chairmen were given and it was decided that the club will adopt a resident of the Marshall County Home to be remembered at Christmas and at other times during the year.

Mrs. Craft then read an appropriate thought and her Christmas wish for each member. She thanked all her officers and committees and then turned the meeting over to Mrs. Herman Siems who conducted a candlelight installation of new officers.

from St. Luke by Mrs. Kerrigan and from St. Matthew by Mrs. Adrian Snapp. The story of Christmas was then given in dialogue by Mrs. Craft, Mrs. Kerrigan, and Mrs. Baker, with the group singing Christmas carols between each speaker.

The program concluded with a prayer by Mrs. Behmer and the group singing of "Silent Night."

During the social hour there was a gift exchange and refreshments were served at tables decorated in the festive motif. Hostesses were Mrs. Craft, Mrs. Kerrigan, Mrs. Behmer, and Mrs. Baker. The door prize was won by Mrs. William Easterday.

Culver Teacher Recalls Living Abroad

By Kay Thomas

Hello out there! Rollicking reporter Noz-Fer-Nooz here. Today I shall bring you an extra-exclusive interview with Culver High School's ever-smiling English teacher, Mrs. Mary England. Several years ago Mrs. England was fortunate enough to have lived in both Japan and Australia, two cultures quite different from that of America. But let us start at the beginning.

When Mrs. England graduated from college, she attended mid-shipman and communication schools for 16 weeks. She then worked as a naval WAVE in Washington, D.C., using her skills in cryptography — the art of writing in cipher and secret code.

She later joined the Army Signal Corps en route to oriental Japan. She was very excited about the journey. She visualized sailing there on a huge luxury liner and anticipated all the wonderful times she would have. She packed a sparkling evening gown and high-heeled shoes. But, alas! Her "luxury liner" turned out to be a doorless, broken-down, scrawny ship called the Marine Devil. Mrs. England was surprised to find the ship without chairs.

Each morning from 9 to 12 o'clock, everyone on board was required to stay top deck — even if it drizzled or rained. She and the other few women aboard were not allowed to speak to any of the hundreds of troops about them. Appetizing army meals on board included such delicacies as bacon broth and yummy peanut butter soup.

The only entertainment was an occasional game of bridge or an engrossing book. The bright evening dress stayed packed in the suitcase; slacks were worn almost all the time. The 10-day sojourn ended as the relieved crew landed at Yokohama, Japan, welcomed by a merry, blaring band.

From Yokohama, a bus took Mrs. England to a Tokyo "hotel", an old Japanese business building taken over by American occupation.

While Mrs. England was in Japan she met the family of Japan's crown prince and liked them very much; she often got to see General MacArthur since she worked in the same building in which he had his headquarters. She worked

in the methods and procedures division, dealing with the training of personnel. While in Japan, she met her husband-to-be, an Australian.

On May Day, 1952, there was a great celebration in the streets of the vicinity consisting of mostly vibrant Japanese youth marching up and down yelling "Yankee, go home!" These young people went about overturning American cars and setting them on fire. That sleepless night Mrs. England was all alone in her house in a Japanese quarter of town, her husband being away. Fortunately no mishaps occurred near her home that night.

In June, 1952, the Englands moved to sparsely-populated Australia. They first toured a great part of the sport-loving continent including Tasmania, Sydney, and Melbourne. They resided in Brisbane, where the climate was warm and beautiful year 'round. In all the 10 years they were there, it didn't snow once.

One confusing problem that took time getting accustomed to was that the seasons in Australia were reversed. Christmas found the Englands relaxing along the glorious, sunny beach or fishing in its shining warm water. If the temperature ever dropped below 58 degrees it was considered cold!

Now living in Culver with her son, Robert, Mrs. England happily recalls her many experiences in the countries of Japan and Australia. She feels she was very fortunate to have seen the two countries and hopes some day to be able to travel again.

Mrs. England is the youngest daughter of Mrs. Grace O'Callaghan, 921 Baker St., Culver. Her father was the late Col. W. J. O'Callaghan, well known Academy music instructor.

The timing is always right when you call VI 2-3377 for a result-getting Culver Citizen Classified Ad.

Basketball Pep Blocks

By Cheryl Zink

Basketball is a very important sport at Culver High School. That is why a pep block was formed. Can you imagine what a basketball game would be without a pep block and cheerleaders?

This year something new has been added — a boys' pep block. They wear black felt hats with an orange feather. Besides looking and sounding terrific, they contribute a lot to our school spirit.

The girls' pep block wear black pinafores and pep block badges. The senior girls are distinguished by their black sweaters, senior cords, black berets, and "SENIOR" badges.

Both the Varsity and the B-Team cheerleaders have new uniforms this year, and some very novel cheers.

All these little extras make a ballgame more interesting. They create enthusiasm and school spirit, and thus psychologically make the team play harder.

Is This An American?

By Marsha Guise

Written by Pat Seslar

Is this an American? —

... who staunchly quotes Patrick Henry's "Give me liberty or give me death", yet refuses equal rights to those whom he considers to be inferior because of their color or heritage?

... who screams the merits of his favorite candidate, yet is out playing golf on election day?

... who crossed the ocean to obtain freedom of worship yet goes to the beach on Sunday and outlaws prayer in school?

... who cries for equality yet constantly seeks to surpass "the Joneses"?

... who loudly criticizes the national debt yet owes for nearly everything he possesses?

... who proclaims foolish government spending yet installs a swimming pool beside his lakeside cottage?

... who expounds on the faults of our government yet refuses to participate in any effort to correct them?

... who sympathizes with the starving of the world while putting half of his meal in the garbage disposal?

... who despises gambling yet quickly plays poker "with the boys" or bets on the outcome of a game?

... who works hard at play and plays while hardly at work?

... who seeks to preserve life, but goes to automobile races hoping to see a gruesome slaughter?

... who complains about "those crazy teenagers", yet as a teen himself was probably just as wild but won't admit it?

... who spends more than he has for what he doesn't need?

... who must have the most modern cooking appliances yet retires to his back yard to burn steaks over charcoal?

... who is an individual yet allows himself to be reduced to a seven digit phone number or a zip code?

... who appears calm and secure while gulping pills to stay awake — go to sleep — gain weight — lose weight — and remove those unsightly blemishes?

Yes, there are some Americans like these, but when you get right down to the facts, an American is:

The collective embodiment of many of the ideals of some of our less fortunate foreign neighbors when these ideals are put into action.

Eat, Drink, and Be Merry!

By Sue Cole

One of the biggest events of the school year was just completed by the Junior Class. This is a night to eat out for many parents and students. I'm speaking of the Junior Ham Supper.

Weeks before the actual supper, sponsors and committee heads meet to arrange committees for the preparation. Certain parents (those chosen to head the food committees) are invited. These people select their committee help. The students are in charge of making the salad. All other food preparation is done by the parents. Approximately six or seven parents are in each committee. The menu contained: ham, scalloped potatoes, perfection salad, green beans, hot buttered rolls, pie, milk, water, and coffee . . . all you can drink. Pickles are placed on the tables.

Mr. Dillman and Mr. Lawson, the sponsors of the Junior Class, ordered 220 lbs. of ham, 40 gallons of green beans, 300 lbs. of potatoes, and a case of canned ham to put in the potatoes. Each student was responsible for bringing three pies — of any kind. Every year two class members make a big cake to raffle. This year it was won by Margery Cihak.

Bruce Lindvall was the host, and Holly Thompson was the hostess. These two welcomed 619 adults and 136 children to the gym for supper . . . a total of 755 people. This entire number was served in two hours and fifteen minutes . . . an average of approximately five and one half people per minute. The meal cost \$1.25 for adults and \$.75 for children under 12.

Last year the Junior Class made \$1100 PROFIT. The sponsors think this year's class might have done as well . . . even though the date was changed from the spring to the fall.

In this school, this class project surpassed in importance only by the Senior magazine drive. The Junior class thanks you for all your help.

Sidewalk Surfing

By Suzanne Overmyer and Patti McCombs

Com' on surfing with me!

Here we are in Culver, Indiana, with snow on the ground. Burr, we're still surfing — "sidewalk surfing" that is! This southern California sport has swept across the nation to good ole' Culver. Some people think this is merely a fad, but it is the new sport of the era.

All you need is an old pair of skates nailed to the bottom of a piece of wood two feet by four inches, a good smooth asphalt, and lots of nerve!

The goal is to stay on the board and off the pavement. This can only be accomplished by good body balance.

After you have mastered this feat you're ready for the "big time". This involves learning new stunts such as: "red dog", "hang ten", "five", "goofy feat", and "head dips".

Doctors aren't in favor of this new sport. They say it is too dangerous. After seeing some of the accidents caused by "wipe-outs", some states want a law to ban surfing.

Many patients have been hospitalized with broken arms, collar bones, legs, etc. Even so, they all get back on the surf board as soon as possible.

So drivers of Culver — BEWARE OF US "SURFERS"!!

Do you enjoy greeting cards and expensive gifts? The best way to receive them is to have your birthday listed in The Citizen's popular weekly column. Just phone your name and date to Viking 2-3377.

"South Of The Border"

By Sue Cole

Miss Cindy Allen, the new Spanish teacher at Culver and Aubree, is a former Peace Corps member. Since the government places so much importance on this organization, an interview with Miss Allen proved most interesting.

While teaching at West High School, Miss Allen read some of the literature about the Peace Corps. She became very interested and decided she would like to join the organization.

The interested teacher wrote for an application — which may be acquired at any post office. She struggled through the completion of the application, filling out the 12-page form . . . in triplicate. Part of the application is an examination containing questions on every subject. This test is not used to determine passing and failing, but for what field the applicant is best suited. Miss Allen stated that the test was not hard and was much simpler than the application form.

After being chosen as a potential Peace Corpsman, (she was informed in a telegram from Sargent Shriver), Miss Allen was assigned to a training camp — at U.C.L.A. Here the volunteers underwent stiff mental and physical programs.

The intellectual curriculum included language training, U.S. government, Communism classes, instruction on the procedure of teaching English as a foreign language, and the history, geography, government, and customs of the country to which they are to be sent. In the country's government class, the students were required to give speeches. During and after the speeches, fellow classmates would heckle and criticize the speaker, just as Communist agitators would. The classes lasted 10 hours daily.

The teachers that were to be sent to cities did not have to pass physical tests as rigid as those going to the lesser inhabited areas. Miss Allen only had to learn life saving, soccer, and track events, and run cross country. This training period lasted eight or nine weeks.

From this station our subject was sent to her place of inhabitation and work for a year — LaPaz, Bolivia.

First Miss Allen stayed with a family in an entire second floor of an apartment building including five bedrooms, a living room, dining room, kitchen, pantry, entry room, and servant quarters. The view from her window was one of majestic beauty. She could see snow-capped mountains. Later she and a fellow corpswoman shared a four room apartment on the outskirts of town. Unpaved streets ran in front of the building. The women were bordered by Indians on one side and a garbage dump on the other.

Ten other Peace Corps volunteers were stationed in LaPaz. Of these, eight, including Miss Allen, were stationed in one university. Here Miss Allen taught English. It is a brand new school and the result of combined U.S. and Bolivian effort. Unlike most other universities, this one was run on a nonpolitical basis. If the government runs the university, each time the government changes hands, the University is at a loss

for some time. The public school system is poor in Bolivia. This problem is mainly caused by teachers' strikes. Teachers in public schools received 40 dollars a week for salary. Those who can afford it send their children to private schools run by Catholic priests. The rich send their children out of the country to school.

LaPaz is in the mountains. The altitude here is about 12,000 feet above sea level. Three hours away, across the mountains, the jungle is prominent. Although most of the country is jungle, most of the people inhabit the mountains. During the rainy season, hail storms prevailed every afternoon.

The city atmosphere is very different from that of the rural areas. The change of one area to another is almost like moving from one century to another. The people of the city speak Spanish and carry on activities that are more civilized, as we know civilization, than those of the country people. The Indians, as most of the rural people are, have languages and cultures of their own.

Rarely are tourists seen in LaPaz. LaPaz is difficult to reach. Most tourists are elderly people and cannot take the atmosphere of such heights.

Miss Allen observed that the Bolivian people are aloof. Their contact with the individuals from America is quite different from the ideas about our government. The U.S. government is distrusted because of the power it controls in the lives of the people because of our aid. Miss Allen said some Bolivians told her they like the Peace Corpsmen, but not the U.S. government.

Communism was not to be found in the university that our teacher was employed by, but it was prominent in the city. There is a Communist newspaper in LaPaz. The Communists are continually agitating, always stirring the emotions of the people, eternally propagandizing.

Many students from South America go to Cuba or Red China to school. The Communist nations offer free scholarships to those who wish to study. Of course any trouble that occurs is easily blamed on the Communists.

Miss Allen exclaimed at the appeal that most Spanish dishes contain. She also had to admit that they prepare a few less desirable foods. The Bolivians use many types of potatoes — white, brown, black, purple, etc. Two foods that were served that Miss Allen did not particularly care for were mutton and chuno — frozen, dehydrated black potatoes used for soup or stew. Everything is smothered in a thick sauce of red hot peppers. There is no refrigeration for foods. Markets are open. Men carry carcasses through the

streets on their backs to take them to the markets. The Americans must be careful of fresh fruits and vegetables. They also had to boil their water.

Miss Allen developed a deep interest for the folk music and dancing of the South Americans. She is so intrigued by the Indians that she plans to work for a masters degree on South American Indians. Some of her souvenirs are records, books, slides, a miniature mask of a devil dance, and several blankets. The blankets and materials are hand crafted. The materials made from animals are earthy colors. Those made by the Indians are quite colorful from the plant dyes utilized to produce the color. The people don't match their clothes. The women may wear six or seven skirts at one time — of various shades.

Miss Allen declared that she received much more from the people than she gave to them. She believes the Peace Corps very worthwhile if you don't plan to change the world in two years.

Postmaster Urges Mailing Early

Postmaster E. W. Mattox reports that the Post Office Department is confidently predicting that the volume of mail during this year's Christmas rush will hit a record high. "Actually", he says, it's an easy prediction because mail volume has been rising at a rate of nearly three per cent a year for the past several years and this is most strongly reflected around the holiday season."

Well over 12 billion pieces of

incoming and outgoing mail are expected to move through the system during December — with about ten per cent of the year's mail moving in less than three weeks.

The Culver postmaster reports that public cooperation is one important reason that post offices around the country are able to handle this huge mountain of mail in such a short period.

"Without the assistance of the public, we'd be in a jam. People who shop early and get their cards and parcels into the mails early make it possible for the

holiday mail to be delivered on time. Imagine what it would be like if we were to get all the holiday mail the last week before Christmas?"

There are 15 employees working night and day in the Culver Post Office to assure you a Merry Christmas. The post office service windows will be open all day on Saturday, Dec. 12, and Saturday, Dec. 19. By following Postmaster Mattox's advice, you can help the employees and yourself to a more relaxed and happier holiday.

evening, Dec. 20. Rev. R. J. Mueller is pastor.

Continuing a custom which was begun when Trinity was first organized, Reverend Mueller announces that the congregation will observe Christmas Eve with the traditional Tenebrae candlelight service at 11 p.m.

Visitors and guests are cordially invited to attend these services.

Local Outreach Center Channels Charity Needs

The Social Concerns Commission of the Culver Methodist Church has felt for some time the need for a Christian Outreach Center which would start as a "clearing house" for the needy within our local community.

It seems that every Thanksgiving, Christmas, and various times throughout the year, organizations and individuals are seeking to help families who have real needs. In the past, local organizations have called here and there, relied on previous lists, or heard about the need by word of mouth.

As a result, only a few needy families were receiving everything and most went without anything — or with only a token of their needs being met.

By setting up this Center, all names and needs can be filtered through one central organization. We have the cooperation of the schools, the County Welfare office, and various groups within our community.

Now, we need your help! If you know of a family in need, or if your organization wants to share your blessings with others, will you please call us so we can help channel these needs so that everyone can receive assistance, and not just a few. If you have already planned to help some needy family, will you call us so that we can be certain to check off their names so that several people will not be taking gifts to one family.

Each organization will continue to deliver the package (s) and

function in every other way they normally have, the only difference will be that they will let us know what they are doing, so the masterlist can be checked.

This means that by calling VIKING 2-2900, Monday through Friday, from 9 a.m. to noon:

1. A master-list of needy families will be available with their specific needs.

2. You can give us the names and needs of families which may not yet be included.

3. You can share with us the names of those you plan to help.

Calls may also be placed to this number from 2 to 4 p.m. from Dec. 16 through Dec. 23.

This is merely a united effort to bring the greatest possible assistance to the largest number of people.

APPLY BEFORE DEC. 14 TO RESERVE AUTO LICENSE NUMBER

Marshall County residents who wish to retain the same license plate number they had this year, on the 1965 plates for their car, may do so by applying now at the Plymouth Branch of the Bureau of Motor Vehicles according to Rosemary Bergman, manager of Indiana Auto License Branch 116. They just apply between now and Dec. 14. All numbers will be held for previous holders until then.

Applicants must bring their "B" copy of paid personal property tax receipt, and their container card from their car or title. No plates can be reserved this year without a paid personal property tax receipt.

After Dec. 14, any number not reserved will be open and can be reserved by anyone, requesting that number whether they have

previously held that number or not.

No reserved plates can be released from the license Branch until such number is up for sale. Therefore it is requested that all applicants have their plates mailed to them.

Dr. M. G. Rosero To Be Associated With Dr. Howard

DR. M. G. ROSERO, JR.

Dr. Joseph D. Howard, 921 Lake Shore Drive, announces that Dr. Marciano George Rosero, Jr., of Cincinnati, Ohio, will be associated with him in the practice of general family medicine.

Doctor Rosero has been in charge of the emergency room at Good-Samaritan Hospital, Cincinnati, the past four years. He

graduated in medicine at Santa Tomas University, Philippine Islands, the oldest university in the Far East, founded in 1611, in 1954 and after practicing in Manila a short time came to the United States for further training at Deaconess Hospital, Cincinnati, and surgical residency at Good Samaritan.

Born near Manila, Dr. Rosero received his early and secondary education in Manila and during World War II spent much of his school days in air raid shelters.

Mrs. Patricia Rosero, a Cincinnati native, is a registered nurse. They have two children, one and three years old.

Dr. Rosero will arrive Friday and the family will follow when moving arrangements are completed.

God's perpetual care for man in all facets of his life will be the theme at Christian Science services this Sunday. The Bible Lesson is titled "God the Preserver of Man."

Golden Text: "The Lord is my

rock, and my fortress, and my deliverer; my God, my strength, in whom I will trust; my buckler, and the horn of my salvation, and my high tower" (Ps. 18:2).

Related readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include these lines: "We shall obey and adore in proportion as we apprehend the divine nature and love Him understandingly, war- ring no more over the corpore- ality, but rejoicing in the afflu- ence of our God" (p. 140).

XIII

THE TOWN CRIER

He used to be the bearer of news—both good and bad. And he announced the merchandise available in the various places of business. Newspapers have long since replaced him.

He would cry the hour night and day for he was timekeeper to the town. Clocks and wrist-watches crowded him out of our life.

But when he announced the hour he liked to reassure his neighbors: "Tis three o'clock—and all's well!" Why has no one taken up this func- tion in our modern world?

Probably because no one is certain that all is well. And because merely saying that all is well doesn't calm our fears or lighten our con- cern.

More and more we are coming to realize that our crucial need is spiritual. Men are seeking truth and power in the faith and worship of our churches. With each passing hour it becomes more evident that all will be well only when ALL discover God.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor in our life for the building of character and good citizenship. It is a store- house of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regu- larly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regu- larly and read your Bible daily.

Indians Attempt To Rebound At Caston, Rochester

By EARL D. MISHLER

After two games of rugged defensive play, the Culver Indians may find the action opening up somewhat this weekend as they face Caston and Rochester in successive road games. Neither team stresses defense, so the scoring should increase quite a bit.

Caston, a new consolidation of North Caston and South Caston, will carry a 3-2 record into Friday's encounter at Fulton. The Comets under Coach Ron Lebo own victories over Aubbee, Sharpville, and Pioneer, losing only to Mentone and Triton. They are unbeaten at home.

Lebo will field a rather small unit with the exception of 6'5" pivotman Bruce Zabst, a junior in his first year of high school basketball. Leading Caston's attack has been 5'11 1/2" senior forward Jerry Lee, while guards David House, a senior and junior John Maudlin also contribute heavily. The fifth starter will be either 6'1" junior Jim Hook or Tony Kirk, a 6'1" senior.

Coach Ken Pennington, in his second year at Rochester, boasts six fine seniors as his entire attack. This sextet, small in size but extremely fast, will play all the way unless foul trouble or a one-sided game occurs.

The Zebras have defeated Argos, Plymouth, and a strong Lewis Cass team, while losing only to Winamac. All six seniors are averaging in double figures. The only two non-letterwinners, 6'2" Gordy Bathrick and 5'9" Lynn Rhodes lead the attack with 61 and 56 points, respectively, in the four games. Lettermen Bill Betz, 5'6", 5'9" Steve Coplen, 6'1" Pete Terpstra and 5'9" Pat Rowe have respective point totals of 46, 45, 42, and 40 — an amazingly well-balanced attack. Coplen is probably their most talented player, but does not start, as Pennington uses him as a swing man between guard and forward.

While both games figure to be difficult for Culver, Saturday's game at Rochester will be the game of greatest interest. It brings together the top two teams in February's Plymouth Sectional. The Indian's problem is to keep the Zebras from running, as Pennington emphasizes the fast break, sparked by the clever Betz and the speedy Rhodes.

Next week The Citizen will preview the Walkerton Indians.

Judson Snaps Culver's Streak At Four, 44-41

Knox Bows, But Not Blue Jays

By EARL D. MISHLER

It was the same old story of the big victory followed by the big letdown last weekend for the Culver Indians. Coach Gene Crosley's boys battled their way to a 51-47 victory over a strong Knox team Friday night, then fell to an unspectacular North Judson team Saturday, 44-41.

Friday night, in the local gym, the Tribe committed only eight errors, and their zone defense outshone Knox's formidable zone.

Dave Lemar paced the Indians with 18 points, and grabbed 10 rebounds against the taller Knox men. The Redskins used 6'8" Jerry Johnson and 6'6" Dave Pinson simultaneously throughout much of the game. Jim Boswell chipped in with 14 markers, while Steve Harbison and Larry Richie passed the losers with 14 and 13, respectively.

Saturday night at Judson, the Indians and the Blue Jays tangled in a lackluster encounter which featured strong defense but little offense.

Culver's offense sputtered throughout the first three quarters, then came to a complete standstill in the final quarter. The Tribe led from the start, holding leads of 23-12 and 27-16 in the second period.

A pair of free throws by Johnny Young, Judson's hero for the evening, gave the Blue Jays their first lead at 38-37 late in the final stanza. The Tribe had plenty of opportunities to win, but a long

jumper by Jim Lewis and two free throws by Andy Lowry were all the points they could muster.

Culver hit only one of 10 shots in the fourth period, and only 30% from the field for the game. Lemar and Boswell again paced the Indians with 12 and 10 points, while Doug Lindvall led with nine rebounds.

Young paced the winners with 14, getting 13 in the second half. Denny Frey, a regular on last year's undefeated San Pierre team, added 13 points. Judson's record became 1-2 after the victory, and Culver fell to 4-1.

Culver's B-Team, hampered by injuries to forwards Mike Eustis and George Jewell, also split in the weekend's activity. The Pa-pooses lost at Judson, 41-37, after toppling Knox, 43-40. Larry Washburn tallied 14 points against Knox, while Danny Haennes' 13 were tops at Judson. Coach Bill Stegemoller's squad now owns a 3-2 mark.

It should be remembered that last year's Varsity lost only one close game similar to Saturday's defeat; that was an overtime defeat at Knox. The significant factor is that following that heart-breaker, the Tribe went on to win 10 straight games. Certainly this year's crew has the ability to run up a similar streak; it remains only for them to prove that they can bounce back after Saturday's letdown.

Culver has two more road games this weekend, travelling to Fulton to face Caston on Friday, and to Rochester the following evening. Box scores:
