Chamber of Commerce Installs 1967 Officers

Photo by Lawrence White

Pictured above, left to right, are Rev. Carl Baker, Culver Park and Recreation Board President; Bob Reichley, Secretary; Fred Adams, Executive Assistant to the President, The State Exchange Bank, who was the keynote speaker of the January Chamber meeting; Chamber President Dr. Joseph Howard, holding the new Certificate of Merit; Ray Wicker, Vice President; and Ron Tusing, Treasurer.

The Culver Chamber of Commerce met Monday, Jan. 23, at noon at The Culver Inn for the monthly luncheon meeting.

The 1967 officers were installed including Dr. Joseph Howard for his second year as president. Other officers seated were Ray Wicker, vice president; Bob Reichley, treasurer; and Ron Tusing, secretary. Eddie Amond, who served as co-chairman of publicity with Mr. Reichley, was re-appointed as publicity director.

Fred Adams, executive assistant to the president of The State Exchange Bank of Culver, as keynote speaker, told the Chamber the past history of the development of the Bank Credit Card and that, quote, "The Town and Country card will be handled through the State Exchange Bank and various customers of the Bank will be receiving the card within from four to six weeks."

Rev. Carl Baker, president of the Culver Park and Recreation Board said, "We're waiting now for the Town Board to hire an adult to work at the Park this summer, full time." Rev. Baker commented that, "The Culver citizens can still influence the Culver Community School Board in regard to adding the swimming pool to the general school contract. The swimming pool was figured in the original plans, but recently dropped. Rev. Baker added, "If the citizens still wish to have the swimming pool built, he should be contacted and the information will be relayed to the School Board."

General D. T. Spivey of the Culver Military Academy said, "The pool would be a great addition to the new school and serve a vital need for the community in the long winter months." Eddie Amond remarked that, "Prior to drawing up the plans for the new Culver school the Culver Jaycees took a community survey which indicated the majority of Culver area citizens wanted a swimming pool. The Jaycees then voted approval of this project with a formal presentation to the School Board."

Following the discussions the Culver Chamber of Commerce voted to support the re-addition of the swimming pool plans to the general contract and a letter will be sent to the Culver Community School Board.

Dr. Howard appointed a clean-up, paint-up committee to meet at 7 p.m. Wednesday, Feb. 1, at the new Chamber information office on Lake Shore Drive. Among the committeemen are Andy Vernum, Harold Fritz, Rev. Baker, Bob Cultice, Eddie Amond and the new officers.

During the Feb. 1st meeting Dr. Howard said, "There will be a creation of an awards commit-

tee to honor with an appreciation certificate merchants and citizens who excel in making the Town of Culver more attractive and progressive."

At the Chamber office there will be a display featuring the McGill Corporation, the Culver Military Academy and works of arts and crafts created by Culver people. A year-long schedule of coming activities and promotions will also be drawn up. The continuation of a merchant of the month will begin in the near future."

The next meeting of the Chamber of Commerce will be at noon Monday, Feb. 13, at the Culver Inn.

"Oh, she's all right, I guess. But just like Pop says, there are lots of things we needed worse."

Bienvenidos

A charming 18 year-old "senorita" has come 2,500 miles from her home in La Falda, Argentina to attend Culver High School for the next two months. Her name is Ada Maria Barrionuevo and she is an International Exchange Student.

It was a warm summer day when Ada and six other Argentine students left Buenos Aires Jan. 1 by Peruvian Airlines. In Santiago, Chile, 30 more students boarded the Peruvian jet, and together the 36 students anxiously and nervously anticipated what their new families and friends would be like in that strange wonderful country they had read so much about.

After spending two days in Peru, the students arrived in Miami, Florida, Jan. 3. Ada said a last goodbye to her companions and started by bus for Culver. It was 11 o'clock p.m. on a snowy Wednesday night, Jan. 4, when a Greyhound bus pulled into the Plymouth bus station. Ada hurriedly descended the bus and happily embraced each member of her new family—Mr. and Mrs. Francis Zink, Ron, Cheryl, and Rex of Culver.

Ada attends a private Catholic school for girls in Argentina. There are five years of high school and 14 subjects each year are obligatory. She says that the girls must also wear white uniforms. Ada has one brother, 12, and a sister, 16. Her father is a banker and her mother works in their dry cleaning shop which is in front of their home. Ada enjoys all sports, dancing, and travelling. She was particularly impressed by the organization of school and civic activities in the U. S. She attends classes as a senior at Culver and is adapting very well to her new environment.

Ada has brought unbelievable pleasure to her new family of which she is truly considered a second daughter, and to Culver High School where she has made new friends and is especially popular.

"I know I will be very sad to leave my new home," she said.

Mrs. W. R. Zechiel Dies In Hospital At Age Of 77

Mrs. Zechiel was born on Feb. 21, 1889, in Payne, Ohio, and had lived in Culver for all but about 20 years of her lifetime.

In 1911, at Fremont, Ohio, she was married to Willard R. Zechiel, who survives with a daughter, Mrs. Everett (Catharine) Easterday, Culver; a sister, Mrs. Hazel Zechiel, Dover, Ohio; and six grandchildren.

Funeral services were held at 2 p.m. on Saturday, Jan. 21, at the Culver Grace United Church of Christ of which she was a member. Rev. Harold Hohman, pastor of the church, officiated at the services. Burial was made in the Culver Masonic Cemetery.

"Silver Tea" To Benefit M-S Development Center

The beautifully decorated Culver Inn at Culver Military Academy will be the setting Sunday Feb. 5, for a "Silver Tea" sponsored by the Maxinkuckee Junior Woman's Club. The proceeds are being donated to the Marshall-Starke Development Center.

Mental retardation is a word we hear more and more each day. But how many of us know the facts? What are they? How many people are afflicted with this condition? What can we do about retardation?

Mental retardation is a condition resulting from incomplete or arrested development of the brain. As a result, the individual capacity to learn is therefore limited. Three out of every 100 people are affected by mental retardation. More than 120,000 babies born each year in the United States are mentally retarded.

Medical research has already achieved very promising results and more intensive study is now needed in the treatment and prevention of mental retardation. Educational research has demonstrated that through diversified programming and adequate training opportunities, the retarded can be helped.

Won't you, the people of Marshall and Starke counties, please help the dedicated and devoted people at the Center with further projects by helping us fill our Silver Bowl at the Culver Inn on Sunday 2:30 to 6:00 p.m. CST. May we see you there?

We Need The Pool

In the Editorial opinion of the CITIZEN the Community School Board has allowed a serious omission to occur in awarding contracts for the new high school which do not provide for the construction of a swimming pool in the new building. The Citizen firmly holds to the position that construction of the pool would have been in the best interests of our community and in failing to provide for the pool the School Board has deprived our citizens of a direly needed educational facility.

The pool could provide many benefits to our community. The first, and most obvious, benefit is to provide daily opportunity for every student in our junior and senior high schools to include swimming in their school activities. The physical benefits to every child are well known. Every graduate of our high school would be equipped to enjoy water activities, boating, fishing, skiing, with the distinct safety factor of knowing how to swim. Every child in our school system, even the physically and mentally handicapped boys and girls, could participate in the program made possible by a pool. Varsity swimming could become another major sport for our young people. A summer swimming program, for boys and girls of all ages, could be included in our summer school offerings. Swimming is one of the few sports which a child can learn and then participate in actively during his entire life.

The benefits to our community in general which a pool can provide are limitless. Evening classes in swimming and life saving could be offered our adults. Family swim nights could be provided. Pre-school and grade school children could have afternoon swimming during the winter months. Our Boy Scout and Girl Scout programs could utilize the pool facility.

Located as we are we have long winter months when no one can use the lake for swimming. There is no chance at all of a YMCA or a similar organization being able to provide us with a pool. We have been warned that even the limited access we have to the Academy pool may soon be closed to us. Inclusion of the pool in our school is not only our best but only means of providing such a facility.

However, the die is cast for our present construction. To ask the School Board to reverse its decision and include the pool now would result in a major delay and could even jeopardize the entire project. The contractors have been selected and final figures agreed upon. The issuing of the bonds has progressed and even now the prospectus is being prepared to invite purchase of the bonds.

But this does not mean that our community need be deprived of the pool for all time. There is a way for interested parties to move. As soon as the new school is completed another Holding Corporation could be organized for the sole purpose of building the pool as it was originally planned. In THE CITIZEN'S opinion there is wide public support for this pool. The Chamber of Commerce last Monday voted to build the pool now. In a 3-2 decision the School Board itself chose to delete the facility.

THE CITIZEN offers two suggestions to those who would like to see a pool constructed.

1. Be certain that your School Board knows how you feel. They must be convinced to lease the pool if any Holding Corporation is to build it. Residents of the town of Culver are particularly urged to discuss the matter with their representative, Mr. Walter Johnson.
2. Interested citizens should begin immediately to ascertain the procedures for forming a second Holding Corporation and move forward as soon as it is practical to accomplish the task.

Within a few short years the construction of a pool in all new high schools will be required by our state. Even now communities which have built schools in recent years are seeking means whereby pools can be added to their new buildings. Without the pool our new school will be out-moded before it is even built. This is a serious omission which should not be allowed to remain.

(This editorial, which reflects the convictions of the management of THE CITIZEN, was written at our request by Mr. Carl Baker.)

Kay Van Der Weele And Larry Davis Are Wed In Lovely Church Ceremony

Miss Kay Van Der Weele and Larry Davis exchanged marriage vows at 2:30 p.m. Sunday, Jan. 22, in the Argos Methodist Church.

The Rev. Douglas Stanwyck read the double-ring ceremony before the altar at which there were candelabra and baskets of white gladioli and mums.

Mrs. Guy Thayer presented organ music and accompanied an uncle of the bride, Wayne Van Der Weele, who sang "Because," "Sunshine of Your Smile" and "The Lord's Prayer."

The bride is the daughter of Mr. and Mrs. Gene Van Der Weele of Argos and the bridegroom is the son of Mr. and Mrs. Dale Davis, R. R. 1, Culver.

Preceding the bride down the aisle were her cousin, Mrs. Stauffer of Argos as matron of honor, Miss Susan Robbins of Indianapolis, cousin of the bride, and Mrs. Edward Davis, South Bend, sister-in-law of the bridegroom, as bridesmaid and bridesmatron respectively.

White chiffon velvet fashioned along princess lines was chosen by the bride for her wedding when her father gave her away. Venice lace appliques enhanced the empire bodice which was made with a scoop neckline and long pointed sleeves. The floor-length skirt was A-line and the detachable train was held at the waist by small self bows.

The bride's bouffant illusion veil was caught to a pillbox of velvet which matched her gown and she carried a bouquet of white roses and carnations.

Floor-length gowns of deep red velvet were worn by the bride's attendants. Each was made with an A-line skirt, shaped high-rise bodice, scoop neckline and elbow sleeves edged with a flare of velvet. White fur pillboxes were the attendants' head-dresses and each carried a white fur muff adorned with red carna-

tions.

Edward Davis of South Bend, served his brother as best man. Groomsmen were Ken Van Der Weele, Argos, brother of the bride, and Larry Zechiel of Culver. Seating the guests were Gary Dillon, Carl Adams, Jr., Ronald McKee and Lance Overmyer, all of Culver.

A reception was held in the church social room. A four-tier cake centered the serving table. Miss Martha Zink was assisted by Mrs. Art Haas and Mrs. Robert Thomas.

Miss Patsy Snyder was in charge of the guest book and taking care of the gifts were Mrs. Carl Adams, Jr. of Culver, Mrs. Betty Reinhold of Leiters Ford and Miss Cheryl Shivers of Argos.

As the couple left for a two week trip to Florida, the bride wore a three-piece wool knit ensemble in tangerine color with black accessories and a corsage of gardenias.

After Feb. 5 the couple will reside at their home, R. R., Culver.

The bride graduated from Argos Community Schools and Mr. Davis from Culver High School. Both are employed at the Culver State Exchange Bank where he is assistant cashier.

Mrs. C. W. Cleveland Attends Welfare Meeting Explaining Proposed Food Stamp Plan

Mrs. Chester W. Cleveland of East Shore Drive attended the special informational meeting arranged by the Marshall County Department of Public Welfare in Plymouth last Thursday, Jan. 19.

Mr. Perry Peck, representing the Indiana Department of Public Welfare explained details of a proposed government food stamp plan for some Marshall County residents.

People at the meeting included township trustees, representatives of the County Council and County Board of Commissioners, members of the county welfare department and welfare board, representatives of the County Extension Office, the Agricultural Stabilization and Conservation office, and Soil Conservation Service office.

Mr. Don Patton, the County Welfare Department Director, introduced Mr. Peck.

Peck summarized the proposed food stamp plan by saying it is an attempt to put more and better food on people's tables. He noted that 19 Indiana counties now participate in the program, which was given permanent status by the U. S. Congress in 1964.

Peck described the plan as "bi-partisan," noting that it would use the same basic requirements as the surplus commodity program now used in the county. He added that the food stamp program would be substituted for the surplus commodity program if the new proposal is accepted.

THIRD DISTRICT VFW TO HOLD ANNUAL LOYALTY DAY PARADE

Louis Lovechio, Commander of the Third District Veterans of Foreign Wars, has announced that the annual Loyalty Day parade will be held in Mishawaka on April 30, this year.

The parade is rotated among the 22 posts of the Third District, which covers Elkhart, Marshall, LaPorte, and St. Joseph Counties.

Lovechio has appointed Paul J. Reese, of Mishawaka Post No. 360, as General Chairman. Reese brings much experience to this assignment. He has been active in Mishawaka's Memorial Day and United Nations Day parades as well as taking part in other civic events.

Reese stated that applications have been mailed to several organizations and requests that other interested parties contact him by telephone (255-4607) or write him at 416 W. Lowell, Mishawaka, 46544. The VFW requests the participation of other Veterans organizations, Civic groups, schools, Boy and Girl Scouts, marching units, Armed Forces units, and the public a whole.

The VFW started the Loyalty Day program as an answer to the Communists' May Day spectacle. The results, in this country, have been very gratifying.

Roland M. Strader, Public Relations Director for the District, stated that, while the announcement may seem premature, the several hundred man-hours of committee work involved makes the early announcement necessary.

Academy Sports

Culver Military Academy came out on the winning end last weekend with a 58-57 win over South Bend LaSalle in basketball, a 27-17 win over LaSalle in wrestling, a 50-45 win over South Bend Jackson and a 55-40 loss at the hands of St. Joseph, Mich., High School in swimming.

The 6-7 basketball Eagles traveled to Argos Saturday for games at 6:45 and 8 p.m. The 7-2 swimmers host top-ranking Kokomo Saturday at 2 p.m., and the wrestlers open their invitational the same day at 9:45 a.m.

Culver's fourth annual quadrangular wrestling invitational will take place in the varsity gymnasium. Semi-finals are scheduled for 9:45, and the consolation and championship rounds begin at 2 p.m.

Coach Colin W. Stetson has invited Niles, Mich., High School; Penn High School of Mishawaka; and Knox High School, Penn. is the only school remaining in the competition of the teams in the original tournament. Both Niles and Knox are participating for the first time.

Culver won the first two invitational, but Penn took the honors last year. Penn will return with two of last year's champions. Ron Colburn at 105 and Jeff Primer at 120, compared with Culver's only returning champion, Scott Wood, at 140.

Stetson anticipates a closely-contested tournament this year since Niles, Penn. and CMA have tough contenders in certain weight classes and all four teams hold win-loss records in dual competition.

Academy winners in the wrestling match against LaSalle were Lou Schlotterer at 105, 4-0 decision; Platt Hill at 114, pin at 1:28; Jack Scharff at 127, 4-2 decision; Guy Berry at 145, pin at 4:27; Roger Bird at 150, 10-0 decision; Dan Webster at 167, pin at 4:42, and Pete Cantwell at heavyweight, 1-0 decision.

Culver beat LaSalle by one point in the last six seconds of their basketball game. Tom Matlock again led Academy scoring with 20 points against Joe Kagel's 16 points.

The Eagles won the game with a jump shot by Tim Schultz who added six points to the cause. Although both teams shared a 34 percent field goal average, Culver led at the free throw line with 55 percent versus LaSalle's 52. The junior varsity lost to LaSalle, 52-45.

In the swimming victory over South Bend Jackson, Culver took the 200-yard medley relay with Swale, Orton, McKenzie and Krone in 1:54.3, and took first in the 50-yard freestyle with Smith in 25.0; diving with Reitman at 151.30 points; 100-yard freestyle with Smith at 55.0; 100-yard backstroke with Smith at 1:07.2, and the 100-yard breaststroke with Richmond in 1:11.1.

Culver lost the swimming meet against St. Joseph, Mich., High

School in some photo-finish races. Only Academy winners in the meet were Mark Krone in the 60-yard freestyle with 29.8, Rick Richmond in the 160-yard individual medley with 1:46.6, and the 400-yard freestyle relay team of Bob King, Bill Brown, George Roulhac and Perry Smith with 3:38.9.

Varsity teams from Culver Military Academy split the six contests in which they competed Jan. 12-17. The basketball Eagles recorded a 68-63 loss to LaVille and a 72-59 win over Academy alumni; the swimming team beat West Lafayette 64-31 and Penn Township 56-39, and the wrestling team lost to South Bend Washington 28-12 and Lafayette Jefferson 31-19.

Tim Schultz, Chip Brewer and Gordie Delk shared scoring honors against LaVille with 12 points each. Shooting percentages increased to 34 percent on field goals and 45 percent at the foul line, but LaVille made hay on fewer attempts. Carl Herhster led LaVille scoring with 31 points. The junior varsity beat LaVille 45-39.

Tom Matlock and Mark Bodem joined forces to lead scoring in the traditional alumni game with 17 and 15 points. Returning alumnus John Teeter scored 21 points. The series now stands 18-2 in favor of the varsity, but every year around 20 alumni come back for more.

Winners in the swimming meet against West Lafayette were Rick Richmond, 200-yard freestyle, 2:00.4; Bill Brown, 60-yard freestyle, 30.1; Doug Doerge, 160-yard individual medley, 1:45.9; John Reitman in diving with 146.85 points; George Roulhac, 100-yard freestyle, 55.4; Joe Cummings, 400-yard freestyle, 4:49.0, and the 400-yard freestyle relay team of Doug Schaff, David Brown, Roy Cronacher and Ken Fister, with a 3:54.3.

The Academy swimmers beat Penn in the 50 free; 200 free and individual medley; 100 butterfly, free and breast, and the 400 free relay. Winners were Rick Richmond, Bill Brown, Bob King, Mike Schneider, George Roulhac and the relay team of Doug Schaff, Dave and Bill Brown, and Roy Cronacher.

Wrestlers lost hold of their undefeated season against both South Bend Washington and Lafayette Jefferson. Winners in the 28-12 Washington rout were Lou Schlotterer at 103, Platt Hill at 114, Jack Scharff at 129 and Dan Webster at 165.

Hill was the only wrestler to come out of the 31-19 Lafayette match with a pin. Decisions were in favor of Chuck Snider at 120 and Guy Berry at 145, and Brock Brownrigg, 95; Schlotterer, Scott Wood, 138, and John Hobson, 154, ended up in draws.

The January story hour was held at the Monterey Library on Saturday, Jan. 21. There were 57 children present with one visiting mother. Roll call was answered with "What I want to be, when I grow up?" Each child was checked on the attendance sheet. There were seven children with perfect attendance. They each received a special award ribbon or stamp. The story of "Three Bears" was read and dramatized for the children by the staff and Mrs. Claire Zehner, the Librarian. The Three Bears and Goldilocks along with a miniature table and chairs com-

plete with bowls, porridge, and spoons were used for this skit and furnished by Mrs. Pauline Good who made the Bear dolls for her son, Chuckies' Christmas, the furniture was made by Edward Master, Chuckies' grandfather. The Library was very fortunate to have these props for a display earlier in the season. "White Snow, Bright Snow" was also read "The Brave Little Indian" was read and the children helped with the sound effects for this. Each child was given a snow man name tag and a "BEAR" to color. Paul-

ette Robbins, Linda Reinbolt Maurice Leehmer, Debbie Large Rory Smith, Mike Ketter, Mike Kowatch, Vickie Fox, Brett Master, Carol Rainford, and Mar Master were the birthday children for story hour. This group included birthdays for December as well as January. A small treat of snow man made of rice krispie and marshmallows were given the children. They're finding more and more of these all the time as Indiana's network of super-roads continues to grow. The trucking industry is a vital part of this growth. Junior High Style Show

By Virginia Shidler

The 7th and 8th grade Home Economics class finished their semester's work by showing their sewing skills in a Style Show on Jan. 11. The eighth grade girls planned the style show and were in charge of its production. In charge of decorations was Barbie Baker, who used the theme "Come to the Zoo." Karen Dehne was responsible for the background music which carried out the theme. Posters which advertised the Style Show also followed the theme with Sandra Burkett in charge.

The script and narration was under the guidance of Terry Smith. Others who worked on the script were Claudette Moran, Angella Liette, and Debbie Martin.

Both the seventh and eighth grade classes prepared cookies to be served. In charge of the refreshments was Nancy Reichley.

A home project table was set up and Karen Tanner was in charge. Set up and clean up was performed by all of the class with Mary Wieringa in charge.

The girls would like to thank all who came and also Mrs. Winters and Marilee Herrmann for all the help they gave them.

Hans And His Undercover Agent

Well students I'm glad to see you all survived from the semester exams. Your poor little minds must be all burnt up by now. After undergoing such a strenuous CIVICS test, you seniors must be ready for a one week vacation (New York maybe). It can't be all that bad can it?

Well now I've been informed by my very efficient agent No. 67 (funny ring to that number isn't there) that we have 3 pretty good secretaries in the Junior and Senior classes, and they are Carin Manchester (jr.), Elaine Epley (sr.), and Diane Nelson (sr.). I would like to interview each one of these girls. My agent (No. 67) will contact these girls, and I will tell you next week which one I have chosen.

Oh! If you were worrying about the unveiling of my picture, it will be soon. I think the photographer is making extra pictures for himself. Please be patient.

If you think you have a very good choice of the ideal boy and the ideal girl, you should see the boys and girls back home. Why, I remember Jane Mansfieldins-kee, and Jerry Lewiske. They were real ideals.

And now without any further delay, I'll make my predictions. 27th

We didn't have semester tests.

We seem to be having trouble with the heating system in our teepee lately because of the cold weather which has come recently. But we can see a few items happening around the battle field so let's go see what we can report.

Really Tom O., do you like to eat your cakes with your fingers? You say no! Well, you seemed to be doing a fine job with it at the last Junior Dance.

It also seemed like the Junior girls tried to invent their own Junior dance at the last dance, but weren't too successful with it. Better luck next time, girls!

May K., we hear you had a few problems Sunday night while working? May, don't be shy and tell all your friends.

There seems to be some secret admirers around Culver High so gang be on the look out.

We would like to congratulate our Varsity basketball guys and coach for a great game on Wednesday night. Even if we did not win we are still behind you all the way.

We would also like to thank the pep block for their fine job of yelling. Although there seemed to be a few people who should have acted their age!

Corky O., how did you like your flying into the audience? Really if you want to fly that bad why not take some lessons before you decide to do it on your own!

Jack L. how is your car holding out after having seven people in it at once? We wouldn't want to see it go to pot on you.

It seems like we are hearing a lot of music lately or is it our imagination. We got a report on the subject and found out that contest is coming up next weekend so everyone is trying to get things ready. Good luck to all that are participating!

With cold weather here, there seems to be a few cars that won't start. What about it Terry C.?

Thinking about Terry, we heard that you had a few prob-

lems with your car the other night after basketball practice. Oh you say it wasn't the cold weather that did it but someone who pulled your sparkplugs out. Well, we will be on the look-out for that someone!!

Well gang, semester exams are around again so we hope you all study a little and try to pass all your subjects.

It seems like it is getting awful cold in our teepee so we will have to go and fetch some more wood to stay warm until the next time we meet which will be next week. Until next week, Adios amigos!!

Junior High Sports

By Toad Bair and Tim Overmyer

On Monday, Jan. 16, the Culver Junior High basketball teams and fans traveled to Oregon Davis to play the Bobcats. The 7th grade squad came out on top by four points. Top scorer was Doug Mikesell with 14 points. However, the 8th grade was not as successful losing to the Bobcats by 14 points.

The seventh grade's record is 3 and 7, and the eighth grade's is 2 and 8.

There was the wife who complained to her husband, "Look at the old clothes I have to wear; if anyone came to visit, they would think I was the cook."

The husband replied, "Well, they'd change their minds if they stayed for dinner."

The Current Problems Trip

By Kathy Taseh

The halls seemed quite empty of SOPHOMORES the first four periods Tuesday, Jan. 11, 1967. Would you believe they took a field trip to the Siani Synagogue in South Bend? You're right! Mrs. Ulrich's current problems class had been discussing Israel and its religion, Judaism. It was thought that seeing a Jewish place of worship would be educational and a good experience. By ten Tuesday morning the class had arrived and been received warmly by Rabbi Pachino. The rabbi showed us their beautiful synagogue where he explained and answered questions about the Jewish religion. Did you know that Zalman Shazar is the president of Israel? All the students were back for their fifth period classes.

The Culver Currents Problems Class would like to thank Rabbi Pachino for his time and the good time we all had.

"How long will it take to pull my tooth?" the patient asked the dentist.

"Only two seconds."

"How much will it cost?"

"Five dollars."

"For only two seconds work!"

"Well," the dentist answered coolly, "I can pull it very slowly if you prefer."

A.S.C.S. Feed Grain Program Has Benefits

In the hustle and bustle of starting off a new calendar year, farmers should not forget the signup dates for the 1967 Feed Grain Program, cautioned Darwin Roahrig, Chairman, Marshall County Agricultural Stabilization and Conservation Committee.

The 4-week signup begins February 6 and ends March 3. The 1967 Voluntary Program is similar to the Program for 1966, although it has been strengthened in some respects. The Chairman listed these changes:

The price-support loan rate has been increased. For 1967-crop corn the rate is up 5¢ from \$1.00 to \$1.05 per bushel. The loan rate for grain sorghum is up proportionally -- from \$1.52 to \$1.61 per hundredweight. "These changes will mean an average increase of about 5% in price support for 1967 participants. They should provide a higher floor price for the market, according to USDA program forecasters," Mr. Roahrig said.

The support payment rates continue at the 30¢ per bushel level for corn and 53¢ per hundredweight for grain sorghum production on 50% of the farmer's base acreage.

The loan rate on barley is up from 80¢ per bushel to 90¢, national average. This rate is available to all producers on their entire acreage. Barley is not included in the Feed Grain program this year. Farmers who grow barley and also participate in the 1967 Wheat Program may arrange with the County ASCS office to plant wheat as a substitute on barley base acres, on a full acre-for-acre basis.

Chairman Roahrig also outlined some of the benefits that are continued in the 1967 Program from preceding Voluntary Feed Grain Programs:

There will be advance payments. If a farmer wants to take it he may receive one-half of his total payment at the time of signup. This provision will be of particular interest to farmers who earn only a price-support payment in 1967. The small base provision remains in effect. Small farms with feed grain bases of 25 acres or less may divert more than the qualify-

ing minimum of 20% on up to as much as the entire base. They will be eligible for payment on all of such diversion.

Farmers may plant soybeans on any or all of their permitted corn and grain sorghum acres in 1967 without loss of program payments or loan eligibility.

Chairman Roahrig said the need to expand feed grain production in the range of 12 to 15 million acres in 1967 and divert 15 to 18 million acres is indicated by the reduced carryover this year.

"The marketing year begins October 1 each year. Last October 1, the carryover of old corn was 886 million bushels, down one-fifth from a year earlier. Grain sorghum stocks in October were 393 million bushels, down nearly one-third from a year earlier.

If we add in barley and oats, the total feed grain carryover is about 43 million tons. This is about the cushion or reserve that is desirable."

NIPSCO Records New Gas Send-Out Peak

A new firm gas send-out peak was recorded by Northern Indiana Public Service Company in the 24-hour period ending at 12 noon, Wednesday, Jan. 18, as temperatures across the company's 12,000 square mile service area dropped to an average of zero.

Approximately \$16 million cubic feet of natural gas was distributed during the new peak period, up from a previous record of 772 million during a similar period ending Friday, Jan. 28, 1966.

Thomas R. Howarth, NIPSCO manager of gas operations, said the new send-out record was met with flow gas from the company's fine pipeline supplies plus 180 million cubic feet from underground storage at Royal Center, Ind., and Herscher, Ill.

He revealed NIPSCO's largest distribution system -- the Northwest system -- also reached a new high, supplying customers with an estimated 700 million cubic feet, compared to 657 million during last year's cold snap.

"How do you like my hat?" asked the wife innocently, as she preened herself before the mirror. "It looks silly," said the fact-less husband. "Why don't you take

it back?"

"Oh, I can't take it back," said the wife. "You see, it's my old one. But I can go buy another."

CHERYL BOSWELL RECEIVES DEGREE
Cheryl Dillon Boswell, daughter of Mr. and Mrs. A. Judson Dillon of Culver, received her Bachelor of Science degree at Purdue University's midyear graduation on Saturday, Jan. 21.

First semester classes ended at 12:30 on Saturday and it was graduation day for approximately 1,267 of 30,269 students.

The list of midyear graduation candidates, subject to possible changes after processing of semester grade reports, is expected to represent about one-fourth of the 1966-67 crop of degree awards. The annual commencement ceremonies will take place June 4.

The midyear graduation candidates included 699 for bachelor degrees, 338 masters, 135 doctorates, 92 associate (two-year) degrees in technology and three education specialist degrees (an advanced school administrator degree ranking between master and doctoral degrees).

LOCAL CLUB RECEIVES HONOR

Stephen L. Ulery of the Marshall County Rural Youth Club was recently congratulated by Carl Eiche of Prairie Farmer and his club was presented an award during the annual Rural Youth State Day Program at Purdue University on Jan. 21.

The award is based on an evaluation of the clubs' organization, education, recreation and community service activities conducted during the past year.

Even the ash tray rides smoother in Chevrolets

When you're down at your dealer's trying out a new Chevrolet, be sure you pull out the ash tray. Notice how nice and easy it glides, never hanging up or even scraping. The reason is, it rides on ball bearings. Four shiny little ball bearings. (Take the tray all the way out and you'll see them.) You say you don't even smoke? Then look at it this way. That ash tray is a symbol of the way we make cars: Paying extra attention to the little things as well as the big ones, as a way of making extra sure your '67 Chevrolet gives you

that sure feeling

Indians Lose To Cass High School And New Carlisle

By STEVE BAIR

I am very sorry about missing my article last week, due to a heavy exam load and preparing for the bi-county tournament. Therefore, I will give you my report on the Cass game this week.

Cass High School made the long journey to Culver for a basketball game worthwhile by scalping the host Indians 62 to 47. A cold third quarter, when the tribe could only manage five baskets out of 15 attempts, and many second period turnovers (9) proved to be the Indians downfall.

The tribe started out fast out-scoring the visiting Kings 12 to 10 the first period. Paul Hatten led the Indians hitting four of six fielders for eight of the tribes points. Costly errors in the final three periods put the tribe out of commission early in the second quarter. Unable to stop making mistakes, the tribe let the game get out of hand.

Paul Hatten, who fouled out midway in the fourth stanza, collected 16 of the tribes 47 points. Terry Gentry pitched in 11 markers to aid the Indians' cause. Stauch, a sophomore sharpshooter, was the games high scorer with 18 tallies for the Kings.

The Indians drew New Carlisle in the bi-county tournament. The hapless tribe figured that they could handle the young Tigers, but not so. The Tigers caught fire the third quarter, scoring 23 points, to ice the game and install them in the semi finals of the tourney.

As usual the Indians jumped off to an early lead in the first quarter. At one time the Indians had the Tigers down 8 to 3, but the Bengals fought back to a 9 to 7 count at the end of the stanza.

Also as usual, the Indians fell apart in the second quarter. The

Indians hit only 3 of 11 fieldgoal attempts and failed to score from the charity stripe.

Behind by a 20 to 15 count at the end of the second quarter, the Indians faced a grave problem and couldn't cope with it.

The tribes defense fell apart in the third stanza allowing the normally low scoring Tigers 23 markers. The fourth period proved fruitless as the two teams finished in a 12-12 tie making the final score 55 to 39.

The Indians were led by Paul Hatten's 15 points and 17 rebounds. Bob Palm and Lyn Plumb back led the tigers with 14 and 15 points respectively.

This weekend the Indians are on the road. On Friday the tribe travels 60 miles to New Paris to face the Cubs. Saturday night brings the big game of the year. Culver travels to Plymouth to face the highly touted Pilgrims. The Pilgrims have lost only one ballgame but records mean absolutely nothing in this do or die rivalry. All fans going to the Plymouth game are urged to arrive early because of the shortage of seats. The Pilgrims have never played in an empty gym this year.

The bi-county championship is back in Marshall county. The quick Bremen Lions defeated Triton in a come from behind game Saturday afternoon and defeated the Shamrocks of North Liberty for the championship.

Mishler One Of 15 To Pick State All-Star Basketball Team

Earl Mishler, son of Mr. and Mrs. Ben Mishler and former Culver High School sports reporter for The Citizen, has the coveted honor and distinction of being one of a 15-man committee, including sports writers and broadcasters from all parts of Indiana, who were named Saturday to choose the members of the 1967 Indiana High School All-Star basketball team.

A Culver High School graduate in 1961 and a 1965 Valparaiso University graduate with a B. A. in English, Earl is an employee of the Pharos Tribune & Press of Logansport and was named to the 15-man committee because of his opportunities to cover many teams in the north central portion of Indiana. He is the only "non-editor" among the newsmen named to the committee except those from the sponsoring newspaper, The Indianapolis Star.

Mishler is well-known in the Culver area for his avid interest in and past attendances at sporting events. His bylines appeared in The Citizen's sports stories from the mid 1958-59 season through the close of the 1964-65 sports season.

On an old temple wall was found this picture: A king forging from his crown a chain and, nearby, a slave making of his chain a crown. Underneath was written, "Life is what one makes it, no matter of what it is made."
