## I.O.O.F. Lodge 373 Dedicates New Lodge Hall

The new lodge hall of Maxinkuckee IOOF, #373 and Maxinkuckee Rebekah Lodge #844 was dedicated to the service of Odd Fellowship, Sunday afternoon, Nov. 12. The dedication of the lodge, located at the corner of 18th B and Pine Roads, was under the direction of Harry Irick of Indianapolis, Grand Master of The Independent Order of Odd Fellows.

Brother Irick was assisted in the service by the following Grand Lodge Officers: T. Edwin Legg, deputy Grand Master; Lloyd Jeffries, Grand Warden; Marvin Pellam, Grand Secretary; Charles Barkley, Grand Patriarch; Herbert Eckhouse, Grand Treasurer of the Grand Encampment; Forest Miller, Grand Junior Warden; Charles Barton, Grand Marshall; Briardier General Ralph Ullery, Department Commander of the Patriarch Militant; Mrs. Lloyd Collins, President of The Rebekah Assembly and Howard Clark, Past Grand Master.

The Maxinkuckee Odd Fellow Lodge was instituted in 1871 and located one mile west of the present location. The present elective officers of the lodge are Larry Crow, Noble Grand; Danny Savage, Vice Grand; Herman Dinsmore, Recording Secretary; Maurice Curtis, Financial Secretary; Charles Goheen, Treasurer; and the Trustees are Paul Humbert, Everett Gibbons and Grover Shaffer.

Maxinkuckee Rebekah Lodge was instituted in 1935 and the elective officers are: Mrs. Lester McGriff, Noble Grand; Mrs. Emel Keefer, Vice Grand; Miss Wilda Kreighbaum, Recording Secretary; Mrs. Herman Dinsmore, Financial Secretary and Mrs. Maurice Curtis, Treasurer.

Other Grand Lodge Officers present were: Mrs. Helen Finley, Vice President of the Rebekah Assembly; Mrs. Julia Loveless, Secretary of The Rebekah Assembly; Mrs. Ralph Ullery, Past Association President of The L.A.P.M., Kenny Guess, deputy Grand Ruler of the Junior Odd Fellows; Jack Heintz, district deputy Grand Master of District 8; and Mrs. Merle Newcomb, district deputy of District 23.

There were 225 guests registering from Indianapolis, Rochester, Burr Oak, Bourbon, Liberty Center, Waynetown, Portland, Muncie, South Bend, Argos, Plymouth, Woodlot, Tyner, Winamac, Kewanna, Mishawaka, LaPorte, Walkerton, Dyer, Leiters Ford and Rensselaer.

The Lodge Hall is identified by an Indiana Limestone tablet erected in memory of the late Mr. Laurence Hissong. Mr. Hissong was a member for 63 years of the Odd Fellow Lodge and donated the ground for the new building.

Refreshments were served from a white linen covered table with the emblem of the order used as the centerpiece.

## Methodist Pastor Is Elected To National Office

At last week's meeting of the Methodist Conference on Christian Education held in Dallas, Texas, the pastor of the Culver Methodist Church, Carl Q. Baker, was elected to serve on the executive committee of the section on General Church School Work for the Conference. Mr. Baker's election is for two year's tenure and the responsibilities will include planning for the national group's activities and meetings during that time. The Culver

## Culver Indians Open Basketball Season With Pair Of Week End Road Games

The Culver Indians, who will open their season Friday night at LaSalle in South Bend, are pictured here at an early week practice session. Kneeling left to right are: Sam Jackson, Corky Overmyer, Jack Lucas, Kerry Haenes and Steve McCombs. Standing left to right: Phil White, Brian Lindvall, Danny Spencer, Jeff Krueger, Terry Gentry and Stu Lowry. Missing when the picture taken was Gary Davis.

Four Lettermen 18 Only four lettermen returned from last year's Indian team. Pictured here with coach "Gene" Crosley are, left to right: Jeff Krueger, Terry Gentry, Corky Overmyer and Stu Lowry.

## Work Progresses On New Culver High School

Work progress on the new Culver Community High School has been hampered somewhat by the severe wet weather conditions of the past two weeks. While the progress is ahead of schedule in some areas, in others it is on schedule quite a bit.

Fred Zeek, forman, Van Keppel Construction Company, indicates that if weather holds for two weeks, it will be possible to inclose much of the area and this is a prime interest as winter approaches.

In the case of Section C, South area, 80 per cent of the masonry work is complete. During the week of November 13, weather permitting, bar joists will be installed on the Gymnasium.

Much of the finishing material is arriving on the job and heating units are being placed in operation.

## VFW AND AUXILIARY TO HOLD JOINT MEETING

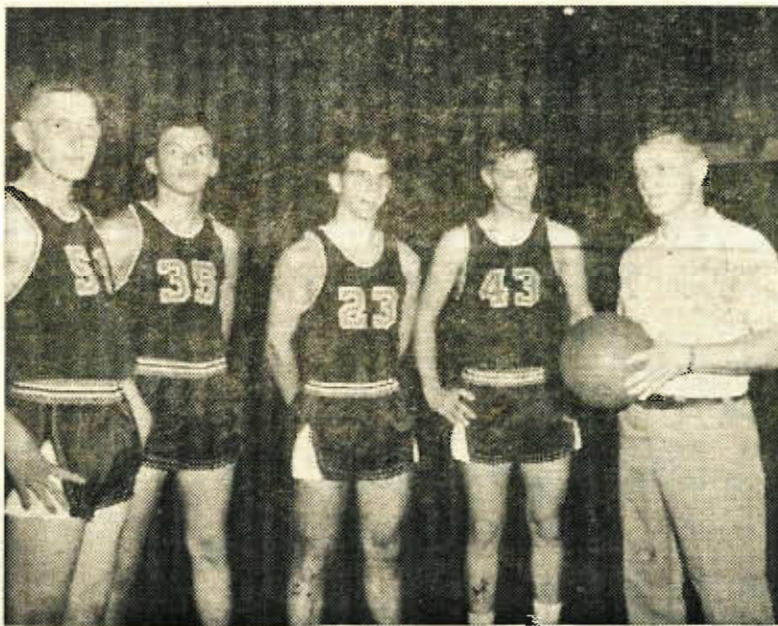

The VFW Post 6919 and the Ladies Auxiliary of the VFW will hold a joint meeting Thursday, November 16, at the Post Home. All members are urged to attend. This is a special meeting.

## Coach Crosley Has Four Lettermen To Build 1967-68 Team Around

Culver's six returning lettermen, from left, Rich White, Tom Matlock, Chip Linnemeier, Mark Bodem, Gordie Delk, and Don Baron listen as Coach Tom Baker explains a new fast break play.

## Culver Indians Open Basketball Season Friday

The 1967-68 Culver Basketball team will open the season this week end with two road games. The Indians will visit a strong LaSalle team in South Bend on Friday night and then travel to North Liberty on Saturday night as these two South Bend schools open the play. Both schools are on slow time and due to this the preliminary games will begin at 7:00 p.m. EST. Both are governed by the same ticket policy, with advance adult tickets selling for \$1.00 and advance students for 75c. At the door, admission is \$1.25.

## NOTICE

The dedication of the Family Thanks Offering will be held Sunday, November 19, at 10:30 a.m. in the Grace United Church. Dr. Harry Bredeweg, a conference minister of the Indiana-Kentucky Conference of Indianapolis, will be the guest speaker. There will also be lay participation in the service.

## Culver P.T.A. Holds Opening Group Meeting

The opening meeting of the Culver Community Schools' PTA was held in the Culver High School study hall with President Adolph Massa presiding.

In the absence of Mr. Robert Osborn Chairman of the 1967 Carnival fund project, Mr. Eugene Crosley reported that \$300 had been spent thus far on the outdoor basketball court. It is hoped that lights will be installed later to permit evening use of the court.

Mr. Charles Downing, assistant to the superintendent, called attention to the adult education survey sheet that have been mailed to each family and stated that following the return of the questionnaires the amount of interest shown in each subject and the availability of teachers would determine what classes could actually be offered.

Speaking on the athletic program for the public opinion of a school is often formed on the basis of athletic contests. Football, wrestling, gymnastics, tennis, and an intramural program were named as possible sports in which to involve a greater number of students.

The attendance award of \$10.00 was divided between Mrs. Truelove's and Mrs. Allen's rooms.

Members were encouraged to participate in a question and answer period and it will be the policy of Mr. Massa to carry this idea thru all of the PTA meetings this year.

Following the adjournment of the meeting refreshments were served in the school cafeteria by Mrs. Elmer White, Mrs. John Cleveland, Mrs. L. K. Moore, Mrs. W. H. Fish, Mrs. Edward Easterday, and Mrs. Ted Strang.

Mr. Massa would like it known that they are still short of their membership goal and that membership is open to all adults of the community, not just parents with school children.

Membership may be obtained for 50c thru Mrs. Margaret Jewel 432 School St. or Mrs. Angelina Massa, 421 N. Plymouth St. Mail your dues in or just drop by. Mr. and Mrs. Hugh Harper were their first Senior Citizen members.

## NOTICE

Sunday, November 19, the newly organized Jr. High Fellowship will meet at 5:00 p.m. in the Grace Church social rooms.

## NOTICE

The Golden Key Club will meet Tuesday, November 21 at 8:00 p.m. in the Bank Lounge. Mrs. David Miller of Walkerton will give a demonstration on cake decorating. The members will also bring in their own cakes and decorate them with Mrs. Miller's help and guidance. Guests are invited to attend.

## "The Little House" To Have Grand Opening November 17 & 18

Barbara Flora and Rosalee Spahr would like to announce the Grand Opening Friday and Saturday, November 17 and 18, of their art workshop called "The Little House."

On numerous trips to Brown County they were impressed by the many shops selling handcraft articles. They knew of the amazing number of talented people in the community and got the idea of providing a market for the hobbies of these people. It is their plan to take these handcrafted works on consignment, thereby enabling these people to earn enough money to sustain their hobbies. Everything on sale will carry the name of the person who made it.

The shop contains such a wide range of these articles that it would be impossible to name all of them. In addition, they will

also carry some hand-made imported objects.

"The Little House" is located on the Russel Spahr property approximately one-half mile North of the Academy off Road 10 on Sycamore Road.

They invite everyone to stop in for a cup of coffee, look around, and register for the door prizes that will be provided by the people who are displaying their works. Barbara and Rosalee will open the shop Monday through Friday from 1:00 p.m. to 5:00 p.m., Saturday from 9:00 a.m. to 9:00 p.m., and Sunday from 1:00 p.m. to 9:00 p.m.

If you have someone on your gift list that has everything, you are sure to find something unusual that will please them.

We were deeply impressed by the warm reception and homey atmosphere that was given us at "The Little House."

# SPORTS CORNER

REGARDED BY MANY  
AS THE GREATEST  
RECEIVER IN PRO BALL—  
**LANCE  
ALWORTH**  
OF THE  
SAN DIEGO  
CHARGERS...

THE MIDDLE OF THE month of November can mean only one thing in Indiana, that being the start of "Hoosier Hysteria". Snow storms may come and go, blizzards even can only mildly effect this disease. Christmas makes only a slight improvement in the convalescent stage and everyone walks around just a little in a fog as basketball, the king of Hoosier sports, takes over. Normal boys in schools become statewide heroes, local kings or leader of the bad guys to opponents. Personalities change, normally quiet people become raving maniacs, and any man who has enough nerve to run around a gym floor in a black and white striped shirt blowing a little whistle, is the target of the boo birds from the Michigan State line to the banks of the Ohio.

BASKETBALL SEASON IN Indiana is something else. For

many years basketball was "It" in sports to Hoosier lads. Now, with the school consideration program eliminating the number of schools in the state, a much more varied athletic program is coming to every school, but still that period from November 1 to about the third Saturday in March, basketball is still king.

INDIANA HAS LONG BEEN known for its basketball and the boys from the high schools all over the state have certainly maintained their own all over the country. All-Americans have popped up from the Atlantic to the Pacific and not just from the large schools of Indiana, but every place that has enough room to put up two backboards, has contributed to the program.

BASKETBALL GETS THE official nod to start practice on October 1. Most coaches take

advantage of this although some schools with football programs where the same boys are competing in both sports, doesn't get with the meat of the practice until around the first of November. Actual competition can begin on November first and it isn't unusual to see the round ball start flying about this time if football isn't in the sports program.

ALONG WITH THE MORE modern way of life we live, habits of people, young and old alike, change. Cars have become a major part of many high school students a way of life, but cars or no cars there is always time to flip the old ball at that 18 inch hoop mounted on a pole, side of a garage or barn. This is the place basketball players are made. The advanced practice is the things that makes a shooter like Oscar Robertson, Jimmy Rayl or Bob Ford. These boys have that desire and have certainly been a real part of basketball history in Indiana.

THE NEW SEASON SET TO start for most schools this week, will bring about many more headlines. New names will be appearing before the public as they will become household words as they progress in this great sport. Maybe a local boy who used to deliver your paper or carry your groceries at the neighborhood store will emerge as the big star this year. It might be a returning name that will continue to set the pace and move to the top like cream in a can of milk. It might be your son or nephew, boyfriend of your daughter, or just the kid next door who used to be just a little to mischievous to settle down to anything like basketball.

BASKETBALL IS KING AND treats those who play royally. It is a rare day, but always the one that gets the publicity, when an athlete gets into trouble. Take the number of cases handled by the juvenile officials and then take the number of athletes involved and you will find the Jimmy Ward cases or the Jim "Goose" Ligon case are the exception and not the rule.

PARTICIPATING IN A DEMANDING sport like basketball can keep a boy well occupied. It also gives the boy one more thing, that being leadership and the ability to accept orders all at once from a person that many put on the same pedestal as their parents, that being their high school coach. The influence a coach can have on a boy is tremendous. More boys have probably been talked into continuing their education after getting out of high school by a high school coach than all the other teachers in the school system. Often a boy "follows" his coach into this profession, taking education in college and majoring in physical education to be a coach like the one they so remember from high school days. This is often seen in the similarity of coaching tactics and even the way the coaches handle the boy.

YES, BASKETBALL IS STILL king in Indiana and in return, it treats those who follow it like kings as well. A great lesson can be taught from competition and also the burning desire of winning and the heartbreak of losing. Later in life these three assets can man more to a person than all the book learning and instruction they have received as school kids. Welcome the return of the "King of Indiana."

### Posh Pineapple Puff For Parties

Pineapple Growers Association Photo

This cool puff of a pineapple soufflé is a beauty to serve for summer parties. It stands high, light and handsome with beaten egg whites, gelatin and whipped cream. Distribute canned crushed pineapple generously throughout the soufflé for tangy, tropical flavor. This handsome pineapple dessert can be made several hours or a day ahead of time so there's no last minute preparation.

#### CHILLED PINEAPPLE SOUFFLE

4 eggs  
1 (1-pound 4 1/2-ounce) can  
crushed pineapple  
2 envelopes unflavored gelatin  
1/2 cup sugar  
1 teaspoon salt  
2 tablespoons lemon juice  
1 teaspoon vanilla  
1/2 teaspoon almond extract  
1 cup whipping cream

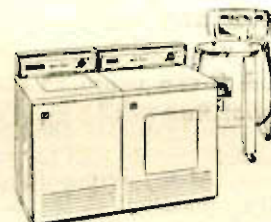

Separate eggs. Beat yolks with undrained crushed pineapple. Add gelatin mixed with 2 tablespoons sugar and salt. Cook, stirring constantly, over medium heat about 5 minutes until gelatin dissolves. Remove from heat; blend in lemon juice and flavorings. Chill, stirring occasionally until mixture mounds slightly when dropped from spoon. Beat egg whites until stiff; beat in remaining sugar. Fold in pineapple gelatin and stiffly beaten cream. Turn into 4-cup soufflé dish with 3-inch collar.\* Chill. Garnish with additional crushed pineapple and fresh mint, if desired. Makes about 10 servings.

\*Make collar by tying double thick strip of foil or waxed paper around soufflé dish. Top edge should extend 3 inches above edge of dish.

## Reservations Are Being Taken For 1968 Licenses

Reservations for 1968 Indiana License Plates are now being taken by the Plymouth Auto License Branch, Marshall County residents who wish to retain the same license plate number on their 1968 plates, may do so by applying before December 9, 1967. Any number not reserved by December 9, will be open and can be reserved by anyone requesting that number whether they have previously held that number or not.

No reserved plates can be released from the branch until such number is up in the order of sale. We are therefore requesting reserved plates be mailed.

Applicants must have their "B" copy of their personal property tax receipt and either their pretyped registration, title or registration certificate from the car.

Because there were some cases of fraud perpetrated by false signatures on applications, the State of Indiana requires all applications must be personally signed by the applicant whose name appears on the registration. If the registration is signed outside the license branch, they must be notarized outside the branch. If the application is mailed to the branch, the notary is not required.

All State Offices will be closed Thanksgiving Day, November 23 and Friday, November 24. The

Plymouth Branch will be closed Thursday, Friday and Saturday, November 23, 24, and 25. We urge all persons whose birth month is November, to renew their licenses in the earlier part of the month.

The local branch is open from 8:30 to 4:30 Monday thru Friday and from 8:30 to 12:00 on Saturdays. Drive Test are given from 8:30 to 4:00 Monday and Tuesday and from 1:15 to 4:00 on Wednesday.

Culver, Ind.

A Big Job Ahead!

Culver had a new board elected last Tuesday. Chosen by the people at this time, to represent the people of Culver, were: George E. Becker, Donald P. Osborn and Esther S. Bowers. Re-elected to serve again as clerk-treasurer, was Ruth B. Lennon.

Seeking the office of a trustee on a Town Board, means one of two things. Either a person is interested enough in the town and how it is run to seek such a nomination, or the person has been "talked into running" by the party to have a representative from that district. For the best of the town and the people involved, we hope it is the first of the two choices.

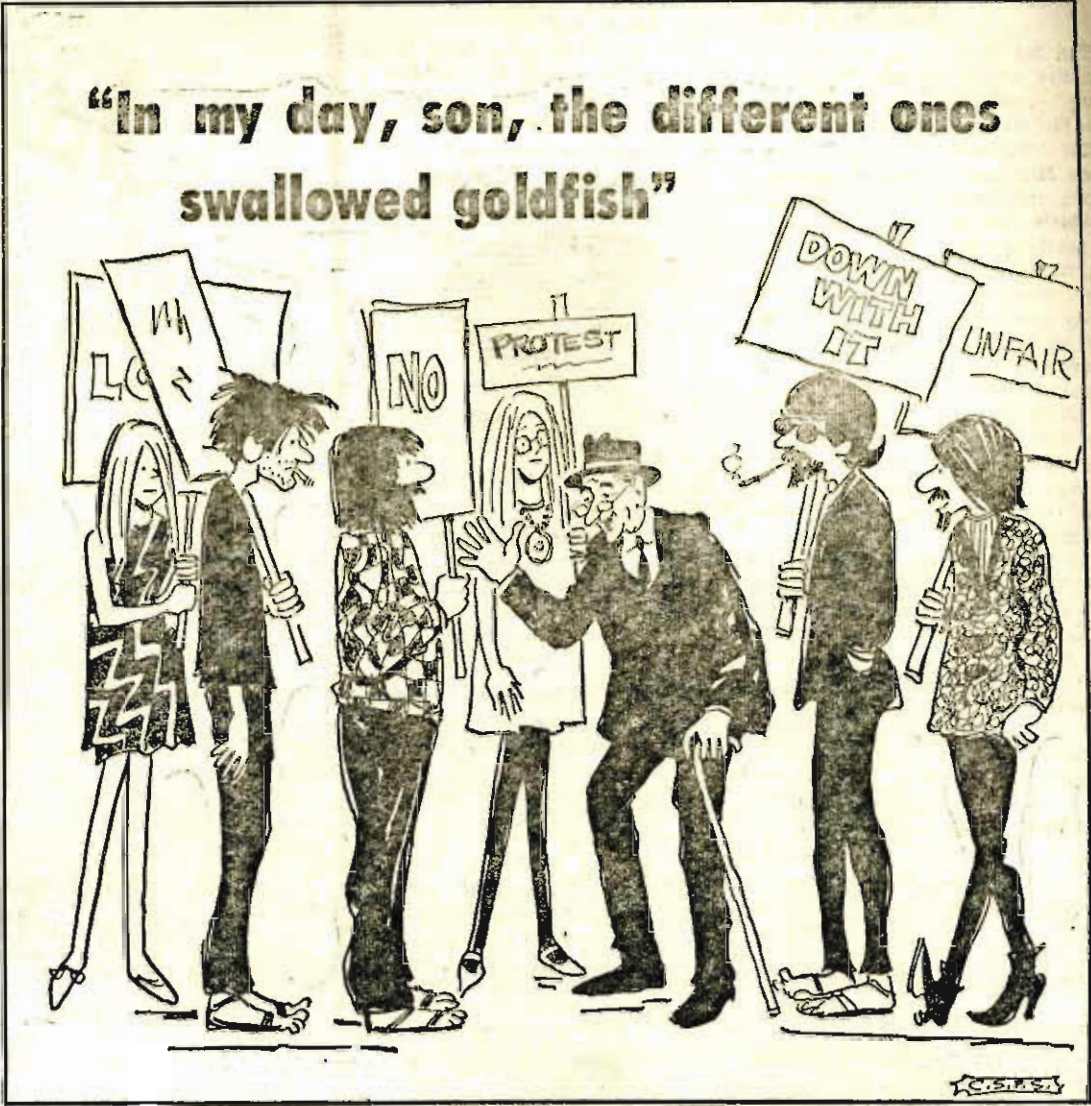

Operating a town of any size is big business. Your responsibility is not just among the board members, but involves every resident of the town. Your decisions effect them every day and the results of your decisions can make or break your town.

Every person who pays taxes in Culver is your responsibility.

They are the shareholders of Culver and you are the board of directors that govern their money invested in one of the dearest investments anyone can make, their hometown.

For the next four years, your decisions are the choices you make for these people. Listen to them, you are merely representing them in order to keep business on a business like basis not mob rule. You are members of a town council and should be governed by the people you represent. You have to answer to no minority group or individuals but should govern yourself by the people.

Congratulations on being selected to your position which you earned through the greatest freedom we have, a public election. However, remember that the four years ahead are important to everyone in Culver and in order to keep the town progressing and content, make your decisions carefully and live up to the faith the voters have placed in you.

HELP STOP HUNGER

Hunger stalks our world, Floods, droughts, and earthquakes produce victims. Population increases. Agriculturally-deficient area have not kept pace. A billion and a half people are hungry. 10,000 will die today from hunger or malnutrition.

Giving to CROP won't halt the spread of hunger immediately, but it will help thousands in fighting root causes of hunger in their own communities through agricultural development programs. CROP provides seed, tools, equipment and money for improving agriculture, water development, family planning and other programs. Your gift to CROP will also help to feed tens of thousands of persons this year for CROP is a cash value of needed high protein foods for disaster relief and food-for-work projects.

CROP has sent help to people in 50 countries. CROP is the Community Food Appeal of Church World Service.

The goal in St. Joseph this for CROP is a cash value of \$10,000.00, commodities of corn and soybeans from 80 acres of Friendship Acres included; one friendship acre farm of 40 acres; one of 20 acres and 20 individual acres.

Canvas week is from November 13 to 19 with Willard E. Stump, St. Joseph County CROP Director. Give willingly.

## "Operation Shop Early" Is Very Successful

The Marshall County American Red Cross "Operation Shop Early", goal of 500 ditty bags was far exceeded.

The combined efforts of numerous Marshall County churches, social, and civic groups and individuals enabled this program to nearly double its goal by sewing, filling, and mailing 943 ditty bags, which will be given to 943 lonely servicemen this Christmas. The mailing of these bags was assisted greatly by a Plymouth Industry, Mid American Container, which manufactured the shipping cartons to specification and donated them to the Red Cross. Postage was paid by contributions from various organizations and individuals.

The servicemen who receive these gift-filled bags will appreciate the time, money, and effort put forth on their behalf. Those who have worked in this program, can be proud and happy knowing that they have helped to make Christmas a little brighter for nearly a thousand boys in Vietnam.

### CULVER GIRL SCOUTS NEWS - TROOP 47

Twenty-six members of Brownie Troop 47 met on Monday, Nov. 13, with their leaders, Mrs. Donald Davis and Mrs. Marshall Brown. Table decorations for Thanks-

giving were made out of marshmallows and pipe cleaners. Girl Scout calendars were distributed to the girls and will be sold. Each girl received her Girl Scout registration card.

Arrangements have been made for the Brownies to attend a movie at the public library on Monday, November 20.

# Geodesic Dome Is Original In Structure And Houses Art Studio In Culver

## Interior Is Beautiful, Roomy And Practical As Studio

A boy was going with his mother for an appointment and said, "Aw mom, the other guys don't have to wear lipstick." The mother replied rather disgustedly, "Shup up, you stupid idiot, can't you see we're almost at the draft board now."

We don't know just how many people in Culver know of the structure in back of the Warner Williams' home at 309 White St., but it is safe to say that this art studio is indeed unique in this area.

This Geodesic Dome is based on the principle of the rigidity of the triangle and is a geometric joining of materials in such a fashion that it covers a maximum area using a minimum of materials. The dome was built from 69 pre-fabricated triangles bolted together with the joints caulked and covered with pressure sensitive tape. To the north, three of the triangles have been made into a skylight using one-fourth inch burlap textured glass for maximum light diffusion. It is also interesting to note that this building was designed by Buckminster Fuller, who designed Expo 67 and won the architectural award for prize designer.

As you enter, you are absolutely amazed at the size because the outside view gives the illusion of a much smaller studio. It actually has a diameter of 39 feet and is 16½ feet high at the center. The inside is painted juniper green and white with earth colors used on bookshelves, floor and draperies.

The building was planned as a retirement studio for Mr. Warner Williams, who is the artist-in-residence at the Culver Military Academy. The most amazing aspect of this superb studio is the fact that it was a family building project and took them five months to complete.

Until Mr. Williams retires, Mrs. Williams is using the studio to teach classes in sculpturing, ceramics, painting and lettering and she invites anyone who is interested in these subjects to call.

Mrs. Williams' pet project seems to be ceramics and her experiments with different textures give all her creations a special quality, but it is her sculpture, "Sitting Woman", that reflects the grace and charm of this very talented lady.

A husband and wife were entering a party and he, being a gentleman, leaned over and whispered, "Honey, your left stocking seam is crooked." After making a quick adjustment she asked about the right one and was alarmed at the reply, "Sure, it's O.K., it's seamless."

The wheel or fortune turns many a successful fellow's head.

# CENSORSHIP

Libraries are supposed to be establishments in which one can acquire books with which to augment his knowledge. Books are the instruments of learning. It is through books that one learns of people and of the world. Yet many of our libraries today censor books and magazines by either refusing to buy them or by keeping them under the librarian's desk where impressionable children can't get their hands on them. I'm not talking of smut, but rather I'm speaking of good literature which is considered vulgar and filthy because it contains a few hell's or damn's. It is true that many of these books are crude and disgusting, but then so is life. People consider it immoral to let naive children read these coarse books; however, it is much more immoral to give them a perfume-smelling picture of life by sheltering them from the truth and to, then, suddenly send them ignorant into a fierce world. Libraries are established to increase knowledge by providing books to aid our understanding of life. Why do they defeat their purpose by employing the hypocritical practice of censorship?

## NOVEL SURVEY

Fred May — My favorite book would have to be "The Ugly American". It exposes some of the ways other powers have of taking over countries. The book was very interesting and kept moving at a steady pace, never dull.

The human brain is a wonderful thing. It starts working the moment you are born, and never stops until you stand up to speak in public.

## "HANS"

The Great Hans has returned after a great eight-month vacation from Hoosier hysteria and is back on the scene predicting 100% correctly as usual. This year's predictions should be harder to make than before because of the equality of the local powers. My informers tell me that this should make a very interesting year. Well, enough of the chit chat and on with my glorious predictions.

On the local scene the mighty Indiana will travel to South Bend LaSalle this Friday to start a marred-season. LaSalle's three-year veteran team is too much for many including just one tribe. With other hardwood action I see Triton downing New Carlisle; Mishawaka bowing to Plymouth; LaVille squeezing past Bremen in a tight one; Argos taking command of Kewanna.

On Saturday two teams return to the floor. North Liberty will shave our Indians in a game closer than Friday night's contest. The other game pairs Argos and Aubree with Argos coming out on top.

As an added attraction, I've been trying my skill with football and have been doing quite well. I'll predict the Irish over Georgia Tech; Purdue slugging Michigan State; and Minnesota slipping by Indiana. See you next week.

## Club And Class News

The pep block was organized this week and pep blouses have been passed out. Pep sessions have begun with the cheerleaders showing off the new yells they learned at camp.

The Juniors' Ham Supper went quite well Saturday night. Congratulations to the Juniors that accomplished this feat.

The Sophomores are still raking leaves, when weather permits.

The Sunshine Society members are busy selling their candy this week.

Order blanks have been sent to students and faculty to fill forms for the new 67-68 Tomahawks. Lots of luck to the staff as they again make the "best yet!"

The tenth, eleventh, and twelfth grades have been invited to the academy on Monday the 13th for a jazz concert convocation.

Season basketball tickets are now on sale so don't forget to purchase one. Student tickets will be \$3.50.

## 1967-68 Culver Homecoming Plans Set

By Nancy Overmyer

This year candidates for homecoming, along with alternates, were chosen from the upper four grades and National Honor Society, Pep Club, Senior Band, and Sunshine Society.

The candidates from grades 9-12 are: Jan Shock, freshman; Connie Morrison, sophomore; Debbie Triplet, junior; and Lyn Macky, Senior.

The candidates from the clubs are: Susie Thews, Senior Band; Karen Stevenson, National Honor Society; Susie Riester, Pep Club; and Karen Banks, Sunshine Society.

The homecoming queen will be chosen by the varsity basketball team and the B-team. She will be crowned November 24, at the Bremen-Culver basketball game. We certainly wish all of these girls the best of luck!

Do your best today and you'll be hard to beat tomorrow.

## MONTEREY SCHOOL NEWS

### News Tips From Monterey - Tipp Public Library

The Monterey Tippecanoe Public Library has been the scene of much activity this week. On Wednesday, the fifth and sixth grade students of the Public School visited the Library, the 5th grade are being instructed in the many uses of the Card Catalog by Mrs. Claire Zehner, Librarian, the 6th grade are learning how to use the Reader's Guide to Periodical Literature. This is very good practice for the children because after their days at Public School, they will find that the Libraries, where ever they are, holds the key to education; if you know how and are willing to use them. Mr. Don Franklin accompanied the class to the Library. Also on Wednesday, the 1st and 2nd grade students visited the Library accompanied by Mrs. Mabel Brucker. 18 children attended, each was given a registration card to have filled in by their parents and returned to the Library on their next visit, so they may receive their borrower's card, the class was presented a very interesting and exciting play entitled "School Bell Fever" by the staff of the Library. A very appropriate play for this season of the year. Each child received a cat or dog name tag, the story of "Angus and the Cat" by Marjorie Flack was told to the group by Mrs. Zehner. The children then checked out books and were given a little treat. On Thursday, the 7th and 8th grade students of Aubree High School visited the Library accompanied by Mr. Howard, the principal and their sponsor, Mr. Rex Good. The students listened as Mrs. Zehner related many interesting events in past history leading up to the opening of Public Libraries in Indiana and then to the opening

of our own Public Library almost 50 years ago, this could only have been accomplished with great help of the community minded people and Mr. Andrew Carnegie. A film "Research in Public Library" was shown the group, after the group divided and were given tours of the Library, introduced to the Card Catalog, acquainted with Reader's Guide to Periodical Literature, and many of the other useful tools of the Library. This is very helpful information as soon all the students will be writing Term Papers. Some of the various materials distributed to the students consisted of: Borrowing Procedures of the Public Libraries, Hour slips, How to write a good Book Report, Your own Research or Term Paper, Dewey Decimal classification lists, and etc. Lists of the Periodicals subscribed to by the Monterey Tippecanoe Public Library was also distributed. Registration cards were distributed to all the students. The students of Aubreenaabee Twp. High School and all the persons of Aubreenaabee Twp. have borrowing privileges at the Monterey Tippecanoe Public Library through a reciprocal borrowing agreement of the Monterey Board of Trustees and the Rochester Fulton County Public Library Board of Trustees. We hope the students will use the Library for all the needs for their term papers and book report or just general reading pleasure.

The November Story Hour will be held on Saturday, Nov. 25 at 2:00 p.m.

December 16th has been picked as the day for the annual Christmas Craft and Hobby Show at the Monterey Tipp Public Library. Everyone should be thinking and planning for this great event. More information will be distributed soon. The Christmas Story Hour will be on this day also. Don't forget to mark your calendar.

## SPORTS

Monterey High School Highlighted it's Homecoming activities Saturday, November 11 by honoring the 1916 Monterey basketball team and by crowning the Monterey Homecoming Queen. The program centered around Monterey's opening basketball game with Bethany Christian High School of Goshen. The Basketball game played last Saturday night was the only game which will be played at Monterey this season, and due to impending consolation in the Culver Community Schools, will also be the last varsity game played here.

Plans for the evening announced by Monterey Principal James E. Truelove also included the introduction of the 1961 Monterey squad, sectional winner and regional runners-up, and recognition of past Monterey players and cheerleaders. Coach Dave Burkett crowned the queen, Marsha Redlin, nominated by her class and elected by the student body.

Bennie Bair, long-time member of the Monterey faculty, was master of ceremonies for the program. During ceremonies he recognized members of two former Monterey teams. Special invitations had been sent to living members of the 1916 team which included C. C. Brucker, Valentine Reinhold, Sr., Cecil Lewis, Hugh Hoot, Harry Overmyer, Jack Keitzer, Jim Cunningham and

Lawrence Reinholt.

Special invitations were also sent to the team members of the 1961 team, who won the only sectional title claimed by Monterey. The 1961 team was composed of Terry Hoover, Jerry Reinholt, Mike Kelsey, Jack Winters, Bill Kusturin, Joe May, Alan Burch, Roger Burkett, Bill Manikowski, Arnold Brandt, Clem Keller, and Rich Drang.

Season basketball tickets may be obtained for Monterey Home games by calling the school 542-2601. Adult tickets are \$7.00 for nine games with students tickets priced at \$3.50.

Monterey won it's opener varsity game over Bethany Christian by a score of 65-64. Monterey, sparked by Rick Pugh's 27 pts., trailed 14-13 at the first quarter stop and led 35-33 at half time. Bethany led by a slim one point, at the end of the third stop 50-49.

The game remained close the rest of the time, until a charging foul on the visitors, turned the ball over to Monterey. With 13 seconds left Dan Warkentien, a 5'6" junior, put in a 18 ft. jump shot to clinch the game. A last second desperation shot by the visitors fell short, giving Monterey it's first victory of the season.

**WSGS MEETS**  
The Womens Society of the Culver Methodist Church met Thursday evening Nov. 9 at the Fellowship Hall. Mrs. William Trone started the meeting by reading a Japanese version of the 23rd Psalm. Mrs. Fred Masten gave the devotion, a concern for peace in remembrance of Veterans Day taken from the 10th Chapter of Luke.

During the business meeting it was voted to send money to clothe a child at the Methodist Childs Home at Lebanon.

Miss Sheryl Hobman gave an interesting talk about her experiences in Japan and showed slides as she gave her talk during the social hour.

The Tea Table was decorated in an oriental motif that was in keeping with the program. Mrs. Robert Osborn and Mrs. James Piersol presided at the table. Mrs. Eugene Benedict was chairman of hostesses.

# Thanks

"It is good to give thanks to the Lord, to sing praises to thy name, O most High; to declare thy steadfast love in the morning, and thy faithfulness by night."

— Psalms 92:1,2

How often do you thank God? Are you grateful for good health? For loved ones? For the success that is yours in business?

Most of us, when we want something very much, do not hesitate to pray. And, when our prayers apparently are answered, we are grateful. We may even say, silently, Thank you, Lord."

Why not, just once, thank God for a bright and clear day, for the touch of a friendly hand, for all that is your share of the world in which you live?

Culver Military To Open 1967-68 Basketball Season This

Coach Tom Baker is beginning to see some of the results of his work as he enters his third year as Culver Military Academy's head basketball coach.

He has six returning senior lettermen and is beginning to see increased speed and better ball handling.

Baker, a veteran of 19 years coaching experience plus four years on Frank Keaney's University of Rhode Island Rams in the late 1940's took a page from the Keaney book of speed and hustle.

His squads have racked up 11-7 and 13-7 seasons after changing from pattern to fast break offense, and Baker believes that this year's squad can improve in the winning column.

"We are continuing the fast break ball of the last two years, man-to-man defense for a better start than we had last year," he said. "We were 2-6 before our defense jelled, but we ended the season winning 11 of our last 12 game. We will be as good as our defense.

"Culver lost four boys to graduation and four are ineligible due to Indiana's nine-semester ruling. I am trying to fill the gap left by Tim Schultz, last year's leading rebounder and second highest scorer. We will also be at a definite height disadvantage for the first game Saturday against Caston. Three of our tallest boys will be eligible Dec. 1 for our second game against Bethany Christian when they complete the 10-practice requirement after football season.

"If we get by this first game with Caston, we have a good change of extending our win streak to 14 before Christmas."

Culver won nine games in a row at the end of the last season. The Academy's longest consecutive undefeated record is 23 games played from 1926-1928. The school has won 469 and lost 306 in the last 63 years of record keeping.

Forward Tom Matlock, 6'1, 170 from Cincinnati, leads the team in seniority and scoring. He is

entering his third season and is leading scorer with 236 points in 16 games for an average of 15. Coach Baker also labels him as one of the better defensive players. The team will elect a captain after Christmas.

The team's best percentage shooter is Mark Bodem, 6'0, 165, from Indianapolis, a guard who completed 42 percent of his shots last year for an average of 11 points per game. Entering his second season, he was the leading junior varsity scorer.

Coach Baker's "real defensive hustler" is guard Rich White, 5'9, 150, from Selma, Ala., who enters his second year as the team's play maker.

Center Gordie Delk, 6'2, 178, from Punta Gorda, Fla., was the team's second highest rebounder last year. He pulled in 137 for a game average of eight. Baker labels forward Don Baron, 6'1, 170, from Lagrange Park, Ill., as a steady player. He will be a starter in the first game against Caston as he enters his second year.

Leading the grinder turned basketball players will be senior forward Chip Linnemeir, 6'1, 210, from Culver. The extent of a sprained ankle from his last football game is unknown, but Baker believes he will be ready for the home opener Dec. 1. He expects rebounding help if he regains his sophomore form. He was leading rebounder and second leading scorer on the "B" team. ing scorer on the "B" team.

Two of last year's junior varsity players are making the transition from football to basketball. John Crimmins, 6'4, 192 from Galt, Ontario, was the leading "B" team rebounder and second highest scorer. Gene Harrison, 6'4, 194, from Danbury, Conn., was the second leading junior varsity rebounder.

Culver will continue to compete with five perpetual rivals in series dating as far back as 1916. The Academy will meet Culver High School with a 7-4 series record dating back to 1916. Cul-

ver's next-oldest rival is Howe Military School. Howe holds the short end of the 17-9 record for games begun in 1924.

The Academy has played the most games with St. John's Military Academy, Delafield, Wis., and leads the 36-25 series begun in 1927. Culver also leads in its series with Park School, Indianapolis, Ind., 20-12, and Cranbrook, Bloomfield Hills, Mich., 10-4, both starting in 1933. The Eagles also have an 18-2 record against Culver alumni in record against Culver alumni in games played since 1947.

Coach Baker expects tough action from five more recent adversaries. He looks for lack of depth and experience as the biggest problem Saturday at Caston. Other problems include LaVille's leading area scorer Carl Herbster, four returning starters at Argos, and away games "always tough" Clay and Jackson. He added that the strong rivalry with Culver High School and last years slim victories over

Park School had to be contended with.

Culver's 19- game schedule and roster are as follows:

Double action bars give the REMINGTON MODEL 870 PUMP SHOTGUN its lightning-fast operation

At least once every minute this season, some hunter will be using chain lightning to connect with his bird. And the double action bars on a Remington Model 870 pump shotgun will have paid off again. Double action bars give the 870 its lightning speed and effortless action. Over a million 870 shooters can so testify. And they can tell you some other solid facts: A receiver machined from solid steel. A breech block that locks into the barrel extension. A finish that looks like a million.

# CMA Drops Final Football Contest 19-0

Culver Military Academy's football Eagles closed their season with a 3-3-1 record with a loss Saturday at the hands of undefeated Mishawaka Marian. The Marian Knights, ranked eighth in Indiana last week, ended the season with a 10-0 record.

The Eagles' season, which was described at the beginning as a rebuilding year, ended with victories over Lafayette Central Catholic, Terre Haute Honey Creek and West Lafayette; a tie with St. John's Military Academy; and losses to Bremen, Fort Wayne Bishop Luers and Marian. After Saturday's game, Culver

players and parents attended the annual football awards banquet. Craig Edwards, center from Rensselaer, and Paul Gift, full-back from Dahlgren, Va., share this year's Edward A. Logue Award for excellence in football.

Lettermen elected Jon Hobson from Kokomo, and Roger Bird, end from Birmingham, Mich., to serve as next year's co-captains. Coach Russell D. Oliver presented varsity letters to 13 seniors, two juniors who will be ineligible next year because of Indiana's nine-semester ruling, and 14 underclassmen. Nine junior varsity players earned letters.

Coach Oliver also introduced Culver's four honorable mention players on the Northern Indiana AA-Star football team at the banquet. They are Gift, Edwards, and halfbacks John

Casner and Chip Linnemier. Hosts for the banquet in the Culver Inn were Mr. and Mrs. Wm. F. Schumacher, Hartsville, Ohio, parents of this year's captain, John Schumacher.

Saturday's loss to Marian was principally due to the passes of Knight quarterback John Ferrittie. He tossed two tackle eligible passes and a flare pass which gave Marian its three goals. Culver's deepest penetration came in an early drive to the Marian 23 on the rain-soaked field.

Winter sports begin as fall sports end Saturday with basketball at Caston at 6:45 and the final soccer game in Bloomington against the city soccer club. Culver lost to Caston by seven points last year. The soccer team currently has a 9-2 record. Wrestling and swimming teams begin their seasons Nov. 30.

**Firefighters Fought More Than Fires**

As dangerous as home fires can be today, consider the plight of the American living about 125 years or so ago. The odds were against them all the way.

Their first problem was the telegraphic fire alarm box on the corner. It was locked. To prevent false alarms, the key to the box was kept in a nearby store.

Then there was the fire department.

According to the Federated Insurance Companies of Owatonna, Minnesota, the first half of the 19th century was the heyday of volunteer fire brigades. The system was a colorful one, and remarkably effective. But it did have a few weaknesses.

In their struggle to be the first and the best at every fire, firefighters as well as the "cracker and cheese boys" who ran alongside every truck, were sometimes harder to control than the fires they fought.

Two brigades in New York, for example, were suspended after a free-for-all over the use of a fire hydrant. Two others got the same treatment when they fought over which would go first on a narrow street. They never did make it to the fire.

Occasionally a water hose was sliced or a fire flattened, and one or two firemen rushing into a building to rescue a victim were knocked out by other volunteers with similar intentions.

The incidents made for good stories at the Irish Firemen's Ball, but in 1853 the city fathers of Cincinnati decided this type of rivalry was not the most effective way to fight fires. They established the first permanent paid fire department, and most other major cities followed suit during the next 20 years.

The idea of paying firemen had been tried on a small scale by Boston almost 200 years before, when bucket brigades

proved ineffective against devastating fires.

But most American cities relied on their volunteer firemen. In 1736 Benjamin Franklin took the first step toward the glorious days of the fire brigades when he organized Philadelphia volunteers into a trained group, giving each man a specific assignment at the scene of the fire.

Prime consideration of the volunteer firefighter was always the honor and reputation of his company. But he had another incentive — also thanks to Ben Franklin in his capacity as founder of the first American fire insurance company. Like the English firm on which it was modeled, Franklin's "Philadelphia Contribution for the Insurance of Houses from Loss by Fire" placed a distinctive metal "fire mark" on the buildings it insured.

Firemen soon learned that preventing total loss of a marked building meant rewards from the insurance company.

Today's firefighters are professionally trained. Their equipment is a far cry from the old hand-pumped water tubs used as late as the 1860's. And they aren't afraid of sabotage from another engine company at the scene of the fire.

But there's one part of the volunteer fire brigade's operation that might be viewed with a little more nostalgia. Jobs for the crackers-and-cheese boys included keeping a plentiful supply of liquid on hand for the hard-working volunteers.

Water? Nope. Whiskey, gin and brandy.
