## New Stop Light Now In Operation

Donald Osborn, presiding at the Town Board meeting Monday night announced that the stop light at the intersection of Ohio and Jefferson Sts. has been installed and is in operation. The board fully realizes that it will take time for people to adjust to this new installation and urges caution at that corner. Since complaints have been lodged concerning the height of the new light, Verl McFeely will investigate to determine if it has been put at the correct height.

Mr. Osborn reported that he had received a call from Mrs. Charles Peterson requesting that the town pave Wabash St. In the ensuing discussion the board members concluded that since gravel has been used to fill in the holes it might be possible to grate Wabash and oil it this summer. Mr. Becker added that the expense of paving is not in their two-year plan and that the problem of surface drainage must be overcome to prevent washing out of the street in town. He feels that paving of streets must follow after the solution is found for surface drainage.

A complaint was relayed by Mrs. Ruth Lennen concerning garbage and trash dumped in the back yard of a house on Lake St. Mr. Osborn requested town marshal, Sam Madonna to investigate and determine whether the debris is garbage or trash. Complaints against garbage accumulation should be made to the County Board of Health. Trash, however, can be handled by the Marshal Madonna since there is an ordinance possession of trash.

The board has asked local plumbing firms to make estimates for a rest room for the town clerk to be installed in the Town Hall.

Madonna reported that two summons have been served to dog owners and more will be served in the next few days. He also stated that he had noticed fewer dogs on the streets recently showing that dog owners were learning to keep them confined.

## Culver Lions Club Honors The Basketball Teams

James McCombs, Lions president - Jerry Oliver - John Nelson

John Szponar - Jerry Oliver - Dave Huffman

Members of this year's varsity and reserve basketball squads, coaches, cheerleaders and managers were honored Wednesday, March 12 at the annual Lions Club basketball banquet which was held at the Eagles Lodge.

Following the excellent dinner, James McCombs, Lions president, turned the meeting over to Gene Crosley for the program.

Introduction of squad members and cheerleaders were made by Dave Huffman, varsity coach, and Gene Crosley, reserve coach. Both coaches gave brief remarks about the season just ended.

Mr. Crosley then introduced John Nelson, athletic director, who in turn introduced the speaker of the evening, Mr. Jerry Oliver. Mr. Oliver is the assistant basketball coach at Indiana University and former high school coach at Washington of Indianapolis. He left the high school coaching ranks with one of the finest winning percentages of any coach in Indiana, 162 wins and 36 losses. His talk centered around the role of athletics in a boy's life and he used examples of athletes he has coached to show the benefits derived from participation, not just stardom, in an athletic program.

The high light of the evening was a taped television interview of Jerry Oliver by Larry Doyle of WSBT-TV which was then shown on the late sports news that evening.

## Culver Bands To Participate In Contest

The Culver Community Schools will be represented in the Northern Indiana School Band and Orchestra Association contest which will be held this Saturday, March 22 at Macanagua High School, Bunker Hill, Indiana.

Mr. Charles Byfield will direct the combined sixth grade and junior high school bands of Monterey, Aubbeenaubee and Culver at this contest.

## First Aid Course Offered Here For First Time

Senior Girl Scout Troop 276 is sponsoring a Red Cross First Aid Training Course. The first meeting of the five-week course will be held March 25 at the Culver Town Hall at 7 p.m. This course is open to the public. If there are enough interested people, the Scouts will offer an advanced course at a later date. For more information contact Mrs. Larry Welsh, 842-2107 or Mrs. Dale Long, 842-2998.

## Local Industry Adds New Product

Another industry was added to the area when Marshall County Concrete Industry was originated. Although the ready mix company has been in operation since 1951, and is the only concrete company in Marshall County with two plants, production of concrete tiles has only recently been added by its president, George Babcock and vice-president, Richard Overmyer.

Manufacture and delivery of transit mix concrete will keep the 13 employees busy during the summer. Seasonal lay-off will be averted with the production of concrete drainage tile during the winter months to build up an inventory for spring. They also make patio and splash blocks and parking blocks.

Besides its use for making existing farm lands more fertile, drain tile is a huge factor in many reclamation projects.

Concrete tile is only cheaper than clay tile, but Mr. Babcock considers it superior in that it stands up to stress without the flaking of clay. All tile produced must pass the A.S.T.M. test to be eligible for government partial payment allowed in certain use of tile.

Local production will cut out the usual cost for shipping and also eliminate much of the breakage that occurs in shipping.

Mr. Babcock will deliver or users may arrange to truck the tile themselves if they prefer.

The members of Marshall County Concrete invite you to drop by at their location on 20A Rd., R.R. 2, Culver. They'll be happy to show you around.

WELL, IT HAPPENED! The greatest combined record ever is being enjoyed by the four teams visiting the Hinkle Fieldhouse this Saturday in quest of the championship of Indiana. A total of 110 wins against a single loss (that to an out-of-state team when the Indiana school was short-handed) are the composite for these four teams. Just the fact that three times as many losses will be administered in this one day as has been all season, makes it a tribute to the four teams moving to Indianapolis.

THE CREDENTIALS OF THE four teams included not only fabulous won and lost records, but many individual stars will continue to make headlines in basketball as they did in high school. The fact that these individuals are great takes nothing away from the fact there will be four great teams present. Indianapolis Washington is the favorite of the four with their 29-0 record. Marion, Ind., all season long, ranked either one or two, makes a 27-0 record to the big fieldhouse with all the players back from last year but one, and they picked up the hot-scoring Dan Gun from the Thorntown team to take the place of the graduated Meade. Vincennes was also a finalist last

year and also takes a 27-0 record to the finals Saturday. They complete the list of unbeaten teams while the fourth school, Gary Tolleston, the Lafayette winner, sports the 27-1 record, the only blemish on the combined records.

THE PAIRINGS PUT THE Indianapolis Washington crew against Marion in the lid-lifter and Vincennes and Tolleston will be paired in the second contest. The two afternoon victors will then battle it out at 8:15 that night in quest of the championship. This could easily be the best four teams to ever meet in a tourney together in the history of Indiana. Many are also touting the Washington team as the greatest in the history of the state, comparing them to the super-strong Attucks squads of the Oscar Robertson era. The Continentals super star, George McGinnis, is also being touted as one of the greatest players all time also as this outstanding player has made himself the complete player in his senior year after being ranked as though as any in the state last year as a junior. His ability is not limited to the hardwood alone as this great athlete was recently named as a high school All-American as a football player, an end on the gridiron.

ON SATURDAY, NOT TOO many surprises happened at the four semi-state sites. Washington, playing of course in Indianapolis, disposed of Silver Creek first by an 85-64 score. After the Silver Creek team made a run at the Continentals early in the second quarter, it was all Washington with McGinnis tossing in a mere 37 points, kind of

a warm-up for his evenings performance. Jac-Cen-Del provided what was probably the biggest surprise of the day when they topped Richmond 59-50 before going through the meat grinder at night when McGinnis capped a very successful day with a 49 point performance. Washington won this game 96-65.

AT EVANSVILLE, A BIG meeting between two unbeaten teams was set up with Vincennes and Scottsburg, both 25-0, meeting first. Vincennes topped the Scotties by four, 75-71 and Rex Mundi of Evansville, topped Bedford 65-55. Vincennes then featured a great second half at night to combine a 40 point offense with a 15 point defense to win going away 74-50.

AT PURDUE, THE GARY Tolleston team topped South Bend St. Joe in the afternoon on the basis of one big quarter, a 30 point surge in the second period while the Indians leading scorer, Dale Lesicki was injured. They eventually won 81-75 over the surprising St. Joe team. In the other game, a slick Rossville team defeated North Vermillion 90-74 and Tolleston then used that big quarter again at night to top Rossville 96-79. This time it was a 31 point fourth period that iced the decision.

FT. WAYNE WAS THE SITE personally visited and Marion of course came out of this meet. Goshen and Ft. Wayne North opened the action and despite what anyone has to say, Goshen's John Ritter was a whale of a player in the Goshen loss. North used their height, 6'10" Doug Brown, 6'7" Bill Hinga to advantage perfectly in topping Goshen. Goshen, for the second straight week in tournament play, failed to get the ball to the much-hounded, but highly talented John Ritter. Their satisfaction to shoot from the corners, out front and their failure to penetrate against the tall timbers of North, cost them the game. When they finally went to Ritter in desperation, the great senior star got the job done. However, the final score was 63-55.

MARION THEN TOOK THE floor against Huntington. It appeared early as if the Giants would blow Huntington right out of the coliseum. However, from an early 13-3 lead, Huntington began pecking away and even though they never caught up, they made some very interesting minutes before the game was over. Marion played as hard as they had to and moved on to the final game with a 55-52. It appeared to all that the Giants just weren't up for this game and after all, getting a team up that has won 25 straight and certainly waiting anxiously for a crack at Washington is a hard item. The players must get themselves up and they didn't Saturday.

AT NIGHT IT WAS A similar situation. Marion got a lead, held it and had to fight off the North team when they let their offense get stale. Marion won by 13, but just didn't look at any time Saturday as if they were playing up to their potential.

ALL QUESTIONS WILL BE answered Saturday. Is Indianapolis Washington unbeatable? Everytime this year they have

faced a top-ranked team, they have won without any trouble. Will their be that upset that keeps basketball a great spectator sport? Everyone is shooting for the Continentals and any win over them would be an upset. Will the great George McGinnis re-write the record books? He already has quite a start with a mere 86 points in the semi-state. The big question will be, who will be the next champion of Indiana basketball? Our choice — Indianapolis Washington.

ON THE SUBJECT OF basketball, now in its closing minutes of 1968-69, the two big meets, the NCAA and the NIT will conclude this Saturday as well. To date, the NCAA has been quite a tourney. Saturday the conclusion of the two televised games, North Carolina and Davidson and Purdue and Marquette, gave basketball fans something to talk about action goes again this Thursday night. Two great All-Americans, Charlie Scott of North Carolina, and Rick Mount of Purdue, played the role hero in the Meriwell finishes. Both hit baskets at the conclusion to put their teams in the finals this Thursday at Freedom Hall in Louisville.

WITH JUST 16 TEAMS playing this past week, one from Indiana in the person of Purdue, the Big Ten champs, a real tribute to Indiana basketball was noticed when no less than 24 former Hoosier High School stars were playing in the NCAA. This exemplifies the rank Indiana has year in and year out in basketball circles. The NIT in Madison Square Garden, also winds up the week and the finals of this meet, sort of a second place as all conference champs in major competition are in the NCAA, will conclude Saturday afternoon. Saturday will wind up a lot of post-season action with many thrills for all.

Successful is the man who has the unusual ability to make the usual unusual.

## Deaf Man Perfects Tiny Hearing Aid

### OFFERS FREE MODEL

A remarkable tiny hearing aid has been perfected by a man who has been hard of hearing for nearly ten years.

This small device has no jangling cords or separate transmitting units and represents a new unusual design idea in a product to restore natural hearing.

It was developed especially for those persons who can hear but can't understand. This new hearing instrument provides "ear-level" hearing with the wearer picking up speech, sounds, television and radio at his ear. Due to the use of transistors, the user cost is extremely low.

A true life actual size replica of the smallest all-in-the-ear hearing aid ever made will be given absolutely free to anyone while supply lasts. So we suggest you write for yours now. No obligation whatsoever. Write to A. J. Wilder 809 Steuben St., Wausau, Wis. 54401.

## Promises; Promises!

Governor Edgar Whitcomb remains in the spotlight as he set the state agog last week end by keeping the veto pen very busy in his continued effort to confuse the growing dissatisfaction of his constituents. When seeking election, this product of a strong and rich political machine made campaign promises that simply appear to be ridiculous. The situation is the state is becoming ridiculous at a very fast pace.

Indiana has arrived on the brink of disaster in several phases, and the wedding of the veto pen, continues the pace rapidly. A surge of vetos occurred before the deadline that will effect many programs in the state. Whitcomb's promise to not raise taxes is forcing his vetos of several bills that had passed the legislature that would call for money. Regardless of the need, the money will not have to be spent on the vetoed accounts.

Add to this another veto that just added further confusion to Indiana was the governor's veto of the time bill. This puts Indiana in further confusion. The time situation has long been a problem in Indiana and until someone wises up and puts the state all on one time, confusion will continue. As long as someone like Whitcomb gives little or no attention to the bulk of the state, confusion will continue. What will develop in the next month remains to be seen, but most look upon the switch to "double fast time" with little or no enthusiasm.

The way the current situation is, Indiana will move to Eastern Daylight Savings Time, while the present Central Standard Time neighbors will

move only to Central Daylight Savings Time. This means we continue with New York and separate from Chicago. This further means that the same 12 or 14 counties that have been staying with their Illinois neighbors, will probably once again make a shift. The state stands to have different time in the various sections 12 months a year and what many consider worse yet, daylight until 10:00 p.m. and after for most of the summer.

This also appears to be a "promise" of Whitcomb's to his Evansville friends. By this time if he has friends in Evansville, he better keep them because his is fast losing friends in the rest of the state.

Whitcomb's busy week end included several other vetoed bills which appear to be a little "out". One included the commission to study the Indiana outdated constitution and this is the one thing that is keeping Indiana mostly in horse and buggy laws in this jet age. The General Assembly displayed more sense by their amendments to the constitution, of which will appear on the ballots in 1970 for the public to vote on. One, as before mentioned, is the amendment making annual sessions of legislature the case instead of the every other year sessions that keeps the state behind the times.

Only time will tell what will result in the four years of Whitcomb's reign. But it appears after less than three months that four years could be "something else." Common sense seems to be in the back seat to personal feelings and promises at this time. Sometime in the near future, changes will have to be made.

## The Attack On The Anthem

For several months our National Anthem has been under attack. It all started when 26-year-old Jose Feliciano gave a "soul" rendition of the Anthem preceding the fifth game of the world series. Something shook up the St. Louis Cardinals that day. They scored 3 runs in the top of the first, and didn't do anything the rest of the day, losing 5-3.

Whether or not it was the Feliciano rendition which did the trick is hard to say, but there is no doubt that a lot of people were rubbed the wrong way. Still a recording by the blind Puerto Rican later became a top-seller, and he now begins every public performance with his "soul" rendition of the "Star Spangled Banner".

Many personalities have jumped into the controversy. Frank Sinatra has called it "a terrible piece of music." Joan Baez, who has found nothing that we can recall which she professes to like about this country, calls it "just so much trash." Mitch Miller calls it "a joke."

On the other hand there are several great stars and composers who defend the song. Marian Anderson is "well satisfied" with it; Irving Berlin, who composed the great "God Bless America," (which is often mentioned as a replacement for the Star Spangled Banner) thinks that it would be a "terrible mistake" to change. Richard Rodgers is on record as saying that "tradition is more important than simplicity," in answer to those who protest the difficulty of singing of the song is not the issue. "It's the symbol of our great nation — and that's all there is to it."

Meantime, a national magazine is conducting a poll, with coupons for voting, on whether or not the anthem should be changed — and to what. The results are to be submitted to the Congress, the magazine proudly proclaims.

If you feel strongly about this, we'd suggest you write your Congressman and Senator. If you don't, somebody else will.

As for us: Frank Sinatra may trouble with the range of the "Star Spangled Banner"; it may be a "joke" to some, and "trash" to others; but it is the most beautiful — and meaningful — piece of music ever composed to so many Americans who were at Bataan, Panmunjom, and a thousand other points of tearful pride, that it would be a travesty and a tragedy even to consider making a change.

Too many men have wept, unashamedly, at the relief of hearing it played.

## CULVER COMMENTS

By Allenor T. Osborn

Although the free stamp plans have lost their former glamor, there are still a goodly number of people collecting and pasting them in books.

It has occurred to me that the town of Culver might get into the act and give stamps for a few things. For instance the police department could give stamps with each ticket issued for going through a stop sign. One and one-half books could be good for a free ride in the squad car or anyone collecting 3 books could automatically become an auxiliary policeman.

The town could also issue stamps when you pay the water bill. I would suggest as a premium for 3 books of stamps, a set of genuine hand painted ice tea glasses portraying the new water plant in full color.

Think soap operas are exciting? The following is an account of the episodes and questionable performances of certain four-legged members of a local Culver family.

The first shock came when Dorothy was sent home from college in a delicate condition.

The trauma of this affair barely had time to heal when Beatrice was ordered to stay off the streets. Rumors spread like lightning that the police suspected Bea of cannibalistic traits.

After all since Dorothy is a hamster, you have to expect some indiscretions. And Beatrice isn't the only feline to be a suspect in birdnapping. Happily, Beatrice isn't pregnant he is a tom cat. The family, at last report, was trying to explain to Priscilla, the dog, that she may have to wear a bridge if her teeth don't tighten up soon.

Before all of you start grumbling about the addition of the stop light at the Post Office corner, consider the hidden blessings. Now when you want to park in a "no parking" zone. Just wait 'til the light turns red, then dash in and mail your letters, Jimmy Jones specializes in fast service.

NAME THE HALL CONEST Shame on all of you! You are just not getting into the swing of this contest. So far only one person has come up with a name for Veri Shaffer's meeting room and I'm not too pleased with the one. Veri's Vault - now really!

PERSONAL - Please come home, Arnold, Staying away until Forest St. is resurfaced won't hurry the job but it could break up our marriage. The children will forget what you look like by the time the ditch is filled in. Signed "Donna".

We have had such a good response on the sighting of the first robin that we were simply overwhelmed. Either one bird was pretty active or a whole flock arrived about the same time. Anyhow they're here.

QUESTION OF THE WEEK - Just who in the heck is the dog catcher in this town?

## Voice Of The People

Editor: to personally express my appreciation for the very outstanding cooperation and press coverage that your media gave our basketball team this past season. We are certainly proud to have been included within your circulation area.

Also, I have enclosed a copy of our final team and individual statistics for the season. Of course, you do what you wish with this material.

I will keep you posted on the college development of our John Szponar and Rick Pugh; they are the only members of squad that have specific scholarship offers at this time.

Thank you again.  
Respectfully,

# MAJOR POINTS AND MINOR, TOO

It's about time: For more serious efforts to combat pollution . . . of our air, our lakes, our streams and our ocean.

Everywhere we see evidence of how our very existence is being threatened by pollution . . . whether it's oil pouring from a faulty ocean well, the imminent death of Lake Erie as described recently in the Wall St. Journal, or the poisoning of our city air as pictured so powerfully in LIFE Magazine.

You don't have to look far from home to find pollution . . . raw sewage from individual homes and entire towns and villages going into streams . . . industrial wastes dumped into lakes and rivers . . . poisonous smoke from burners and factories filling the air you breathe.

Do something . . . get aroused . . . see that your local government becomes concerned . . . and that your state and national legislators do more . . . much, much more!

**EAGER BEAVER:** A girl down home wears nothing to speak of but leaves plenty for us to talk about . . . one of the most difficult secrets to keep is your opinion of yourself.

— Wilfred Beaver

Spring travel is just ahead. It's wise to do your planning early, the Allstate Motor Club advises, as a heavy travel rush is predicted.

**MINOR ITEMS:** One of the more exotic books I've read recently is "Wonder Healers of the Philippines, Is Psychic Surgery True?", by Harold Sherman, relating to the so-called bloodless operations performed by several men in the Philippines. Evidence pro and con is given, and there are illustrations of operations supposedly taking place . . . Don Frankel says he has an uncle who has made many organ transplants . . . and pianos, too . . . he's a mover for a musical instrument company . . . London Lee says his favorite exercise is rolling in money . . .

The National Observer advises house hunters to make sure the furniture in new model homes is standard size. Rooms in some

homes seem larger than they are because the furniture is undersized! Also make sure when buying so-called "furniture from model homes" that it is from model homes, and not used stuff put there for display purposes . . . and make sure, too, that it is standard size.

## Old Timer Revived

The salesman pulled into his

When it was over, I took my secretary home and she asked me to come in for a drink. Well, one drink and I was so exhausted that I had to catch a few hours of sleep on the couch in her living room."

"A likely story," screamed his wife. "I'll just bet you were out playing poker with the boys again!"

**MINOR POINTS:** Don Frankel has a friend who used to be a heavy drinker . . . then he went on a diet, and now he's a light drinker . . . ## PDQ Bach Coming To Epply Aud.

PDQ BACH is coming to Epply Auditorium at Culver Military Academy Friday night at 8:15 p.m. P.D.Q., a "discovery" of Prof. Peter Schickele (above) is said to be the last and least son of Johann Sebastian.

One of the most successful musical satire programs of recent years will play at Culver Military Academy Friday, March 21.

"An Evening with P.D.Q. Bach," under the direction of "Professor" Peter Schickele and featuring a full complement of musicians, is a parody of classical music styles and conventions.

Critics, while guffawing at its musical antics, have praised it for its scholarly authoritative-ness. The initial presentations in New York's Town Hall and Philharmonic Hall brought forth articles in Time, Life and News-week as well as the New York press and these led to the current national tour.

"P.D.Q. Bach" is the name of a dubious son of the great Johann Sebastian Bach. Many people suspect he is the invention of Professor Schickele and most

of the music on the program is ascribed to his authorship. Among these compositions are such works as the Cantata "Iphigenia in Brooklyn," the "Pervertimento for Bicycle, Balloon and Bagpipes" and the "Unbegun Symphony."

These works are performed by an instrumental ensemble called the "Royal P.D.Q. Bach Festival Orchestra," one of whose many bizarre instruments is a "left-handed sewer flute" which life magazine described as "a masterpiece of intricate plumbing."

Schickele himself is a former instructor at the Juilliard School of Music who decided to have some fun with music after years of teaching it. He introduces each work on the program with an incoherent lecture about its history and significance.

His researches into what a Boston critic recently described as "a distressingly large variety of works that have come down to us intact," have left audiences in convulsions.

As another Boston critic wrote, "The Pervertimento for Bicycle, Balloons and Bagpipes" is probably most offensive to good taste, although in deference to P.D.Q.'s total lack of ability, the others are scarcely less hideous in their own right."

Professor Schickele himself has said "the composer's plagiarism was limited only by his faculty technique."

The professor first discovered the unknown Bach when he found, by chance, a scrap of strainer in Bavaria. It was, of manuscript being used as coffee course, a fragment of the "Sanka Cantata."

Since P.D.Q. was a notorious

drinker, Schickele toured the taverns of the Continent, intent on finding any bits of paper that might further his research. He claims he was able to date the manuscripts by the beer stein marks on the manuscripts. As a musicologist, he calls this "the stein way."

The Culver performance begins at 8:15 p.m. (EST) March 21 in Epply Auditorium. It is the last in this year's concert-theater series and tickets for the public are available at the door. They may be reserved in advance by writing Harvey Firari, director of theater, CMA, or by calling 842-3311.

## The Justice Of The Peace Court... It's Functions And Duties

By J. A. Hafert

Justices of the peace are township officers; and Justice of the Peace Courts, created by the State Constitution, are courts of record with their powers fixed by statute, being limited and inferior in character, the findings and judgements of such courts impart absolute verity and cannot be attached or contradicted by either pleading or evidence.

Justices of the Peace are judicial officers and as such are conservators of the peace, and they may arrest persons who are found violating any law of the state, and detain them until a warrant can be obtained (186 IND. 581).

The office of Justice of the Peace is elective, and the term is four years, except that when a vacancy occurs, the county board of commissioners shall appoint a person to serve until the next election. The appointment shall be certified to the governor by the county auditor, and the governor shall commission the appointee as Justice of the Peace.

The J. P. shall take an oath to support the constitution of the U.S. and the State of Indiana, and that he will faithfully discharge the duties of his office, a certified copy of the oath shall be deposited in the office of the county clerk.

The J.P. must be bonded for not less than \$6000 for the faithful discharge of his duties and the payment to the proper persons of all moneys that may come into his hands as Justice.

The number of Justices in a township are set by statute and depend on the size of the population. Union Township of Marshall County comes under class three having less than 20,000 population and can have two Justices, but the board of commissioners can establish but one office.

The township trustee and advisory board are required to make provision for courtroom facilities and appropriate sufficient money for necessary supplies and equipment to maintain the courtroom. The trustee shall not pay rent for a part of the premises of a J.P. for use in conducting court.

In civil actions before the J.P. court each Justice shall have jurisdiction up to and including the amount of \$500, said jurisdiction shall be coextensive with the boundaries of the county.

The jurisdiction of the J.P. court in criminal cases are concurrent with the criminal and circuit court to try and determine all cases of misdemeanor punishable by fine only; and in trials before Justices, fines to the extent of \$25, plus costs, may be assessed.

The J.P. Court has exclusive original jurisdiction in all cases where the fine assessed cannot exceed \$3. Certain exceptions are made for cities and larger township - a city court may have jurisdiction in that city while the J.P. has in the rest of the township.

A Justice of the Peace has the power to: solemnize marriage; take affidavits and administer oaths; issue warrants, summons, subpoenas; execute judgements and attachments; issue search warrants, surety of peace, cite for contempt in the business of the court; commit a defendant to jail for failure to pay fine and costs; impanel a jury for civil trial; accept bail; change of venue; take away a drivers license for up to 60 days or recommend suspension for up to one year; take up a fishing or hunting license for one year. In all criminal cases the justice must properly inform the defendant of his constitutional rights.

A Justice of the Peace cannot: practice law, or give counsel or advice in any J.P. court in the county of which he lives; operate a collection agency; act as notary public; put a person in jail as part of his sentence; try felonies or juvenile

traffic offenses he can try juveniles; handle a civil case involving over \$500; cannot fine a person over \$25; suspend sentence nor suspend fine and costs.

The J.P. is responsible to the State Board of Accounts for all financial transactions and records. All checks issued and receipts given are officially numbered and a cash record book is maintained daily. They are subject to auditing at any time by State Board Accountant. Also the civil and criminal dockets are kept up to date.

A quarterly report is made to the county auditor in three copies showing the total received for the quarter. A check is made out to the County Treasurer for all fines and forfeitures, prosecutor fees due county and prosecutor fees due State, fish and game fees are sent direct to Dept. of Conservation. Safety responsibility fees are sent to Bureau of Motor Vehicles. Certification fees and docket fees are sent to township trustee, constable fees are paid direct to Constable, J.P. fees are paid direct to J.P. All monies received must be banked within 48 hours and all payments made by numbered check. Fines, up to \$25, are assessed according to the nature of the offense and attitude of defendant. The costs taxed by law are \$16 or offenses not involving motor vehicles or fish and game; motor vehicles \$18.25 and fish and game \$21.

**NOTICE BY J. P. HAFERT:** Any person who feels aggrieved, injured, put upon or disturbed on his person or property should not seek relief by going to the town marshal, as the police can arrest only for acts committed in their presence or upon a warrant issued by an official body such as State Police, Sheriff Dept., Prosecutor or J.P.

Such offenses as vandalism, throwing trash on roads or property, dog nuisance, trespassing, etc. should be handled by swearing an affidavit under oath before a J.P. against the offender by name but the evidence must be clear, positive and defensible before it will be taken and a summons issued. As a defender of the peace, the Justice will cooperate as long as due process of law is adhered to, and vengeance is not sought.

### WSCS Will Entertain Two Ladies Groups

The ladies of the Emmanuel Church will entertain the ladies of Wesley United Methodist Church and of Grace Church of Christ, at 7:30 p.m. Thursday evening, March 20, in the social rooms of the church.

Miss Regena Marsh, a long time friend of Rev. and Mrs. Givens, will be the guest speaker. She will talk on a program which she promotes with enthusiasm in the city of South Bend. Miss Marsh and others give freely of their time to "Meals On Wheels," which is a service of preparing and delivering meals to elderly people who desire this service at a reasonable cost. Miss Marsh is known for her Christian life in kindness, service, and concern for others.

A period of fellowship will follow the program. We urge all ladies and friends of our church to attend. Mrs. Givens is program chairman for this meeting. Special music will also be a feature.

### CARDS OF THANKS

We wish to express appreciation to all who gave their support to the Band Uniform Fund.

Band Boosters

I wish to thank Dr. Rosero, Parkview Hospital, Dr. De Jesus, the nurses and aids who helped during my stay at the hospital. Also Rev. and Mrs. Givens for their prayers, my family and friends for their prayers, flowers,

cards, gifts and many other thoughtful deeds.

Agnes Cabell

We wish to thank all those who were so kind at the loss of our mother and grandmother, Mrs. Grace Overmyer. The many acts of sympathy, cards and floral remembrances were greatly appreciated.

The Family of  
Grace U. Overmyer

Mrs. Thomas, Mrs. Shei and Mrs. Mahler accompanied the girls.

## Spring Classes Scheduled At Bremen Center

The Bremen Art Center Spring classes are scheduled to start the week of March 24th. New courses will include Enameling taught by Beryl Jankowski. This simple process will enable the students to make their own jewelry, ashtrays and numerous other objects.

Portrait painting taught by Betty Mougin will be a Wednesday afternoon class. This class is for the beginner who is interested in the fundamentals of portraiture.

Drawing and sketching on Wednesday night will be taught by Edward Harding, a South Bend Artist. Mr. Harding has previously instructed at the University of Michigan and the South Bend Art Center.

Saturday there will be an outdoor painting class. The instructors will be Zygmund Jankowski and Ed Herrmann, both well known artists and teachers. This will feature "on location" painting in areas chosen for their interest to the painter. Some of the locations are: Bonnevillie Mill, Bremen elevator and flour mill, Plymouth railroad Station and the St. Joseph River Dam in South Bend.

The full schedule of classes is as follows: Monday; painting 1 to 4 p.m. Zygmund Jankowski;

### Musical Set For CMA Theatre

One of the most successful  
musical satire programs of re-  
cent years will play at Culver  
Military Academy Friday, March  
21.

"An Evening With P. D. O.  
Bach," under the direction of  
"Professor" Peter Schickele and  
featuring a full complement of  
musicians, is a parody of class-  
ical music styles and conventions.

Critics, while guffawing at its  
musical antics, have praised it  
for its scholarly authoritative-  
ness. The initial presentations in  
New York's Town Hall and Phil-  
harmonic Hall brought forth ar-  
ticles in Time, Life and News-  
week as well as the New York  
press and these led to the current  
national tour.

"P. D. O. Bach" is the name of  
a dubious son of the great  
Johann Sebastian Bach. Many  
people suspect he is the invention  
of Professor Schickele and most  
of the music on the program is  
ascribed to his authorship.  
Among these compositions are  
such works as the Cantata  
"Iphigenia in Brooklyn," the  
"Pervertimento for Bicycle, Bal-  
loon and Bagpipes" and the "Un-  
begun Symphony."

These works are performed by  
an instrumental ensemble called  
the "Royal P. D. O. Bach Festi-  
val Orchestra," one of whose  
many bizarre instruments is a  
"left-handed sewer flute" which  
Life magazine described as "a  
masterpiece of intricate plumb-  
ing."

Schickele himself is a former  
instructor at the Juilliard School  
of Music who decided to have  
some fun with music after years  
of teaching it. He introduces  
each work on the program with  
an incoherent lecture about its  
history and significance.

His researches into what a  
Boston critic recently described  
as "a distressingly large variety  
of works that have come down  
to us intact," have left audiences  
in convulsions.

As another Boston critic  
wrote, "The Pervertimento for  
Bicycle, Balloons and Bagpipes is  
probably most offensive to good  
taste, although in deference to  
P.D.Q.'s total lack of ability, the  
others are scarcely less hideous  
in their own right."

Professor Schickele himself has  
said "the composer's plagiarism  
was limited only by his faulty  
technique."

The professor first discovered  
the unknown Bach when he  
found, by chance, a scrap of  
manuscript being used as a  
coffee strainer in Bavaria. It  
was, of course, a fragment of  
the "Sanka Cantata."

Since P.D.O. was a notorious  
drinker, Schickele toured the  
taverns of the Continent, intent  
on finding any bits of paper that  
might further his research. He  
claims he was able to date the  
manuscripts by the beer stain  
marks on the manuscripts. As a  
musicologist, he calls this "the  
stain way."

The Culver performance begins  
at 8:15 p.m. (EST) March 21 in  
Epley Auditorium. It is the  
last in this year's concert-theater  
series and tickets for the public  
are available at the door. They  
may be reserved in advance by  
writing Harvey Pirari, director  
of theater, CMA, or by calling  
842-3311.

**RIGHT COURSE**  
Education probably won't make  
us all leaders, but it can teach us  
which leader to follow.

**PROGRESS**  
A good way to test your  
telligence is by checking your  
action to new ideas.

## HIBBARD CIRCLE MEETS

The Hibbard Circle held the  
March meeting at the home of  
Mrs. Charles Wynn in Hibbard.  
Mrs. Richard Behmer gave a  
devotional program which fol-  
lowed the life of Jesus from the  
four gospels, contrasting the  
writings of each. She ended with  
thoughts of the Resurrection to  
remind us of Easter.

After roll call, when each told  
of a sign of spring she had  
noticed, a short business meeting  
took place. Several women paid  
1969 dues.

The group then busied them-  
selves at card tables and made  
St. Patrick's day favors for  
Pilgrim Manor. Also, cards were  
signed by those present for some  
absent members.

Some of the members who had  
not read "Galena" written by  
Janet Jeffrey, sister of Mrs.  
Vance Albert, examined the  
book. Mrs. Jeffrey is well  
known by the members as she  
often visits here. Her novel,  
which has the setting on a 1940  
Galena Township farm in La-  
Porte County, was published re-  
cently by the Carlton Press, New  
York.

Refreshments were served by  
Mrs. Wynn and Mrs. Noah Ker-  
sey to the twelve present.

The next meeting will be April  
10 at the home of Mrs. Homer  
Albert. Mrs. Jack Quivey will  
give a book review and Mrs.  
Behmer will again give devotion  
using the same study book she  
used for the March meeting.

by Debbie Boetsma and the 4-H  
Pledge was led by Gretchen  
Bieker. The Motto was given by  
Judy Kemple.

Next we had songs led by  
Susan Thomas. "Battle Hymn  
of the Republic" was sung and  
we had a Birthday Girl so we  
sang "Happy Birthday" to Kim  
Thompson.

Next we had roll call and the  
minutes of the last meeting. Two  
members did not attend this  
meeting.

The meeting was turned over to  
treasurer, Linda Ringer who  
asked members to bring in their  
dues by the next meeting.

Next Mrs. Thomas handed out  
the 4-H workbooks. Health and  
Safety was given by Debbie  
Boetsma and a demonstration  
was by Mari Babcock and Susan  
Thomas about the care of hair.  
Lu Ann Vories gave a demon-  
stration on the tape recorder.

## News From The Monterey-Tippy Public Library

The 1st, 2nd, and 3rd, and 4th  
grade students of the Monterey  
Public School visited the Mon-  
terey Library on Tuesday. The  
smaller grade children enjoyed  
a story told by Mrs. Zehner, all  
about Little Pinnichie, each child  
was given a picture of him to  
color, then checked out books on  
their reading level. This class was  
accompanied by Mrs. King. The  
3rd and 4th grade students en-  
joyed a film entitled "Museum  
Man", a very interesting and edu-  
cational film concerning a  
Natural History Museum in the  
making. The children then check-  
ed out books, they are traveling  
along very fast on their "Read-  
ing Road" to building their own  
Library of reading. Mrs. Richter  
accompanied this group.

On Wednesday, the 7th grade  
Literature class accompanied by  
Mrs. Daniels visited the Library.  
Mrs. Zehner discussed the var-  
ious topics to be covered in their  
visits. Two film strips were  
shown. "The Dewey Decimal  
System" and "Card Catalog",  
the students are learning more  
about the uses of the Library.  
they each checked out books to  
help increase their individual  
reading ability.

The March Story Hour will be  
held on Saturday, March 15th at  
1:30 p.m. at the Monterey Li-  
brary. All children of the com-  
munity are welcome to attend.  
Saint Patrick's day will be dis-  
cussed, along with some films.

On Monday evening, a com-  
mittee from the Pulaski County  
Historical Society met with the  
Director of the Indiana State  
Museum, Mr. Robert Starrett  
and the President of the Indiana  
Historical Society, Mr. Hubert  
Hawkins to begin laying the  
groundwork for the acceptance  
and cataloguing of various ar-  
ticles given to the Historical So-  
ciety and the many things ex-  
pected to be donated in the  
future. At present the Pulaski  
County Commissioners have  
loaned the use of one room in the  
Court House for the storing of  
items all ready donated. The  
committee included officers of  
the Historical Society Pres.,  
Charles Fisher; Vice-pres.,  
Claude Conley; Sec., Mrs. Carol  
Eckridge; Treas., Lester Spoor,  
along with Mrs. Charles Fisher,  
Miss Pam Fisher, Mr. and Mrs.  
Richard Duff, Mr. Richard Zell-  
era, past pres.

The next regular meeting of  
the Pulaski County Historical  
Society will be on Monday, April  
28th at the Winamac Library  
meeting room. Anyone wishing  
to join the Society, dues are \$2  
for adults membership, \$1 for  
Juniators. Mail dues to Mrs. Carol  
Eckridge, Monterey. Everyone  
is welcome and urged to join and  
attend the meetings. We need  
all the support we can get to get  
our project started.

Thirty five children attended  
the St. Patrick's story hour on  
Saturday, March 15 at 1:30 p.m.  
Each child was given a shamrock  
name tag. Pledge of allegiance  
was led by Laurie Zehner, the  
only birthday celebrant present  
for March.

The legend of St. Patrick  
was discussed. The group enjoyed  
the films "I'm no fool" and  
"Stone Soup". A printed duck  
and shamrock to color, cut out,  
and assemble was given to each  
child to take home. Treats of cup  
cakes and green kool aid were  
furnished by Laurie Zehner.

The Three Bears and Gold-  
locks, made by Mrs. Pauline  
Good were given to the Monterey  
Library. These are a very nice  
addition to the children's section.  
They are made of cloth. The  
children especially enjoy these in  
taking part in telling the story of  
the Three Bears. The Librarian,  
Board of Trustees and staff wish  
to give Pauline a vote of thanks.  
We are accepting items to be  
used at our story hour for other  
programs at the Library.

quires only that you be a parent,  
single or by reason of death, separa-  
tion or divorce, and that you be  
of good character. If you meet  
these requirements, you are  
cordially invited to attend our  
meetings and get more informa-  
tion, or call an officer of the or-  
ganization. They will be pleased  
to help you.

The janitor, who reported 10  
minutes late one morning, was  
asked by the manager: "What  
did they do in the army when you  
were 10 minutes late in the  
morning?"

"Every time I came in late," re-  
plied the janitor, "they all stood  
up, shouted, and said "Good  
Morning, Colonel."
