

## ACADEMY MELANGE

Happenings of Interest and Personal Paragraphs Gathered at the School the Past Week.

Travelers along the country roads in the near vicinity of the academy have probably encountered frequently during the last month a squad of men with note pads which they were industriously filling. These cadets constitute a class in military topography and they are following out one of the branches of military work which has not been tried before in the academy. At present they are engaged in taking copies and detailed notes upon all the topographical features of the surrounding country, paying special attention to roads, hills and the features which have a military importance. When the work of note-taking is completed they intend to draw a complete map of the territory covered. These will aid materially in working out some of the practical military maneuvers which are being planned as a part of the spring drills.

As announced in this column last week the academy was represented at the annual declamation contest held at the University of Chicago last Friday night by Cadet Mayer. In a preliminary try-out held in the afternoon twenty-six contestants gave portions of their selections. From the total number five were selected to compete in the finals held that evening in Mandel hall and the academy has reason to feel that its representative did himself credit in making the chosen group. First place was won, however, by a contestant from Fond du Lac, Wis.

The absence of Sunday school facilities for their children has long been a matter of regret to the parents in the faculty. To supply this deficiency by organizing the children of the community into a local class has been under discussion for several months, and at last the plan took definite shape on Sunday, Nov. 11, when fourteen children assembled to begin this new work. Mrs. Glascock has taken charge of the teaching of the class, and Mrs. J. S. Fleet and Mrs. Hunt look after the singing.

The second team furnished the most exciting game of football last Saturday when it defeated the Peru high school boys by a score of 22-5. The boys from Monticello proved very easy for the first team and the game soon descended into a farce. The score, 68-0, tells its own story. Both games were played in a cold rain which made conditions unpleasant both for spectators and players.

Cadets W. E. Heath of Libertyville, Ill., and O. P. Miller of Rock Rapids, Iowa, have been on sick leave for several days.

### Plymouth Man Dead.

Daniel Myers died at 8 o'clock p. m. at the home of Mrs. Cox near the Ross House. Ten minutes before his death he was laughing and talking and apparently in as good health as usual. He went into the front room to lie down and in less than ten minutes Mrs. Cox found him dead.

Deceased was 69 years old and was a brother-in-law of Mrs. Frank Lamson and Mrs. John B. Bowell.

### FIRE! FIRE! FIRE!

W. O. Osborn, fire insurance, both farm and city property. Office at Exchange Bank.

### Stove Wood for Sale.

First-class (second-growth) oak body wood, split fine ready for use. Enquire of the Culver Cash Hardware Co.

"The Measure of a Man" was the theme treated in a concrete and interesting manner by the Rev. F. N. Palmer who preached to the cadets on Sunday morning. Rev. Palmer is a Presbyterian minister who is now engaged as professor of bible study in the school at Winona Lake.

Captain and Mrs. Rarig went to Chicago on Friday in order to attend the declamation contest of affiliated schools held Friday night and the sessions of the annual conference of teachers in affiliated schools held Saturday under the auspices of the University of Chicago.

The main barracks had the Y. M. C. A. meeting of last Sunday night and the attendance was so large that the room was more than filled and several had to occupy places outside the door. A practical talk upon the religious life was given by Rev. F. N. Palmer.

The first football team will play their only game away from home on next Saturday playing the high school team of Rensselaer upon their own grounds. The second team, however, will have a game at home.

After one 0-0 game B and C companies made a second attempt on Monday to decide the company championship of the academy. As a result of this B company now bears the banner, having gained by a score of 22-4.

The ten cadets of Cadet Corporal Boon's mess in order to get in training for Thanksgiving treated themselves to a turkey dinner at the Palmer House on Saturday night.

Mr. Miller expects to take a delegation of cadets to the state Y. M. C. A. convention which meets this week at Fort Wayne.

Mrs. H. C. Bays and son left last week for a visit of several weeks with her parents in Sullivan, Ind.

Mr. Allen Kneel of St. Louis, Mo., the architect for the academy, was here last week looking over the work.

Mrs. W. C. Ellis and Mrs. Wilcox of Vinton, Ia., spent Saturday and Sunday with their sons.

Mrs. Lula Pratt and Mrs. Chas. K. Coleman of Wayne, Ill., visited the academy on Sunday.

Wm. Penn, traveling passenger agent of the Vandalia, was at the academy Saturday.

Miss Grant of Greensburg, Ind., spent Sunday with her brother, Captain Grant.

### Dedication.

The date for the dedication of the new Reformed church is Dec. 16. There will services morning, afternoon and evening. Particulars next week.

### New Real Estate Agency.

Keen Bros. have opened a real estate office in connection with their photograph business. This is a move they have contemplated for some time. They have arranged to do extensive advertising in a number of the leading farm papers of the country. If you want to sell see them now. They have a buyer for an 80-acre farm coming Friday, and expect one for a 40-acre farm a few days later. This business will not be allowed to in any way interfere with their photograph business.

## WATCH US GROW!

Culver Experiences No Halt—Several Important Changes.

The frame barns and sheds on Jefferson street, east of Main, belonging to Henry Speyer, are being cut off to make them conform to the lot line. They were erected a great many years ago before the street was regularly laid out, and projected 6 feet beyond the lot line, making an obstruction against the laying of a sidewalk. It is the desire of a number of citizens and property-owners to make this street the principal avenue to the lake, and in carrying out this plan there will be a continuous line of cement walk on both sides of the street, and it is also the intention of Dillon & Medbourn who own lots on the south side of the street to fill in and make desirable building sites. When these improvements are completed Jefferson will be an attractive street for both business and residence purposes.

D. G. Walter will at once begin the work of moving his ice house west to the street line and building a 30-foot addition. This will make a structure 30x85 with a capacity of nearly 1,000 tons, sufficient to supply the local trade.

The shingling of the school house has been completed, and the interior is now fully protected from the weather, and the inside work can go on without hindrance. Work on the cupola is well under way.

### Oyster Supper.

The oyster supper given by the ladies of the M. E. church on Friday evening at the home of S. E. Medbourn was a social and financial success. As a gastronomic production it was also entirely satisfactory. The menu consisted of oyster stew, sandwiches, celery, pickles, jelly, cake, peaches and coffee. The net proceeds were about \$12.

### The Garn Contest.

F. E. Garn gave notice to G. W. Hendricks that at the next term of the Howard circuit court he will ask to have the temporary restraining order against Hendricks made permanent. The Howard court does not convene until Dec. 31 so it will be January before the case is tried.—Plymouth Chronicle.

## PERSONALITIES

Wm. Foss made a stock-buying trip to Logansport Monday.

Pauline Hawk of Mishawaka visited Mattie McLean last week.

J. F. Weiss came to town on Thursday and remained over Sunday.

Eli Spencer spent Saturday and Sunday in Mishawaka visiting his daughter.

Edward Dreese is moving from Union township, on route 16, to Green township, not far from Argos.

Henry Haug of Kewanna, who has charge of the tin and slate work on this division of the Vandalia, made the Citizen a call last week.

Mr. and Mrs. Aaron Asper and Mrs. Ulery of Mishawaka left Tuesday for a twenty-day visit with relatives at Mound Valley, Kansas.

Mr. and Mrs. S. C. Shilling and daughter Margaret spent five days during the past week at Indianapolis and Brooke. At the former place Mr. Shilling attended the sessions of the bankers' convention.

Mr. and Mrs. George Wolford went to Plymouth Saturday to attend the marriage of Miss Louise Wolford to Ray Logan. The ceremony was performed at the Catholic parsonage. A reception followed at the home of Mr. and Mrs. John Wolford.

Stolen—Pair red wagon double-trees from rear of Cook's shop. Return and save trouble. John Osborn.

## TO OUR READERS.

The regular eight-page sheet of prent paper, shipped from Chicago last Saturday for this week's issue of the Citizen, has been lost en route, and we are obliged to go to press without the inside pages of miscellaneous reading.

## LOCAL ITEMS

—The Vandalia changes time next Sunday.

—The next free band concert will be given Monday evening.

—Rev. W. Nicely is holding a series of meetings at the Methodist church at Monterey.

—Elijah Harp has sold his farm 3 miles north of Burr Oak for \$900. He bought it for \$300 last spring.

—Every Pennsylvania employee receiving less than \$200 a month will get a 10 per cent raise after Dec. 1.

—The next meeting of All Saints guild will be held at the home of Mrs. Sam Hessel next Tuesday afternoon, Nov. 27.

—G. W. Plotner of route 16 has been raising some fine turkeys this season and has taken orders for twenty in Culver.

—Oscar, the 8-year old son of Rural Route Carrier Steve Smith, is recovering from a two weeks' illness with diabetes.

—Dr. Parker is driving a new buggy of approved style in his line of practice. The front can be enclosed against storm and cold.

—During the high wind of Wednesday afternoon the roof of A. L. Warner's barn was blown off and landed against the side of the house.

—A company of Miss Hazel Porter's friends gave her a surprise party last week Wednesday evening on the occasion of her 16th birthday.

—Mrs. Nancy Pettis, residing three miles west of town, had a serious attack of heart disease Saturday night, but at last reports was better.

—Dr. Rea's records show the birth of a son to Mr. and Mrs. Norman Beatty on Saturday, and a son to Mr. and Mrs. Geo. Ellsworth on Sunday.

—Abraham Farrell, living northwest of town, has been dangerously ill with typhoid fever. On Saturday his chances looked very slim, but later reports are more favorable.

—There will be a box social on the 28th at the Kaley school house, Harley Davis, teacher. Everybody invited to come and enjoy themselves. The school will furnish a short program.

—We trust that our pretensions to being a wide awake town will not be given the laugh by the gentlemen who inspected our postoffice about half-past one last Thursday morning.

—Col. Steer and wife, the dwarfs, have rented Uncle Billy Osborn's house for the winter. Uncle Billy will live with them. Col. and Mrs. Steer were at the White City in Chicago during the summer in the "Midget City."

—The presence in our town of the distinguished visitors who robbed our postoffice the other night shows that the outside world is sitting up and taking notice, and that Culver may yet achieve fame as a winter resort also.

—The postmaster general has kindly granted permission for rural route carriers to deliver mail in automobiles. Now if he will take one more step and provide the automobiles and a chauffeur the carriers will be nicely fixed.

—The Indiana Agricultural Experiment station has just issued a bulletin on glanders in horses which should be in the hands of every horse owner in the state. It can be had free by writing to the director of the station at Lafayette and asking for bulletin No. 112.

## POSTOFFICE ROBBED

Burglars Blow Safe and Get Away With a Small Amount of Money and Some Stamps.

Burglars broke into the Culver postoffice last Wednesday night, blew open the safe and escaped in a stolen buggy without leaving a clue to point to their identity.

About 1:30 the occupants of the Howard bakery building heard an explosion, but attached no serious importance to it.

When Deputy Clarence Behmer opened the office at 5:30 Thursday morning he found the safe open, the interior of the safe a mass of wreckage, and papers scattered about the floor.

Postmaster Wiseman's inventory of the loss revealed the theft of less than \$20 worth of stamps, a box in the safe containing \$5 or \$6 in pennies and \$1.60 in the money

order till. Stamps to the value of \$6 were also taken from Rural Carrier D. H. Smith's grip. Since the visitation of safe-blowers to the office four years ago this month and the loss of \$800 worth of stamps, Dr. Wiseman has justified his name by taking no chance of another serious loss.

Entrance to the office was made by breaking a rear window and shifting the sash-lock.

The thieves took a horse and buggy from Geo. Garn's barn, which stands isolated a couple of blocks from the postoffice, and drove to Hibbard where they left the rig and boarded a passing train. Who they are or where they went will probably never be known.

## NOVEMBER JURY.

List of Citizens Summoned to the Circuit Court.

The following jurors have been drawn by the juror commissioners for the November term of the Marshall circuit court:

Grand Jury—James Craig, Bourbon; John Bondurant, German; D. C. Voreis, Center; Harry Brosius, Tippecanoe; Abraham A. Kinzie, German.

Petit Jury—Simon Brockey, Tippecanoe; John A. Harley, Tippecanoe; Robert Erwin, Bourbon; Jacob Heckaman, Bourbon; Byron Carpenter, Center; Harrison Hatfield, Bourbon; Joseph Wood, Tippecanoe; Joel Nifong, Center; William H. Foulke, Bourbon; Charles E. Annis, German; Edward Burden, Center; Lewis Snyder, German.

## Storing Vegetables.

We have lived on a farm for over thirty years and have had good success storing vegetables in the cellar. Our potatoes and apples are put in bins and barrels and the cellar left open until freezing weather. Our cabbage and turnips we bury in pits and cover well. Two or three barrels of cabbage kept fine for us last winter by first trimming the head as when preparing to cook and then wrapping each head in a newspaper and putting them in barrels. They kept crisp and nice. This is also a good way to keep a barrel or two of choice apples and winter pears. I wrap sweet potatoes which I wish to keep any length of time in paper, put them in a box and cover with dry sand. Squash should be kept in a warm, dry place. If you have a room with a chimney running through it it will be an ideal place for Hubbard squash.—Mrs. J. Morehead of Kosciusko county, Indiana, in Farmers' Review.

—Wm. Kline contributes to the Citizen samples of the Toppy Hocking apple of which he has gathered about 18 bushels this season. They are a fall fruit, mildly acid, juicy and greenish yellow in color. The samples brought in by Mr. Kline measure 14 inches in circumference and weigh 14 pounds each.

—If every business man in our town could do business on a strictly cash basis it would be a blessing to us all. It would save the loss of bad debts, which some one has to pay for. If our town could gradually work into a strictly cash system it would be better for everybody.

—Allen Gandy has bought Frank Tyner's house in the northeast part of town for \$900. The property consists of a story and a half house on one lot. Mr. Tyner will remove to Wabash county.

## GRAND CONCERT.

Culver's Opportunity for Enjoying a High-Class Entertainment.

The Acme Entertainment company which will appear at the M. E. church Friday evening of this week should be greeted with a packed house as it appears under the auspices of the public school. Its merit is beyond question as the testimonials from Chautauqua associations and the press everywhere prove.

The program will consist of light, pleasing, melodious songs, and child impersonations, songs, famous and impersonations from the famous and popular American authors. You will never forget an evening spent with Miss Stevens in the portrayal of the many different child characters; the awkward boy, the silly, giddy school girl, etc. Mr. Canary possesses a pleasing, dramatic baritone voice which has won for him a prominent place among the singers of today. Great care has been used in the selection of his solos to choose only those that please the people. Miss Horn is an accompanist of rare merit and as soloist ranks among the best.

A number of our citizens have guaranteed the company's terms, and the price of admission has been placed at 25 cents to enable everyone who appreciates this class of entertainment to afford the expense.

## Public Meeting.

The citizens of Culver and the farmers in this section are requested to meet at the band hall on Friday evening, Nov. 30, to discuss a proposition for locating the Alsapach Bros. sorghum and cider plant in Culver.

## Episcopal Service.

Rev. W. H. Howard of Plymouth will hold a regular service in Culver next Tuesday afternoon at the guild meeting at Mrs. Sam Hessel's. A cordial invitation to everybody.

—We like to work and we like to see others work, but we just rise to remark that when we get to be worth as much money as some people, work with us will cease—that is, the hard, plodding every day and every hour kind of work. We never quite understood why men 60 and 70 years of age and worth from \$50,000 to \$100,000 should continue to toil, from early until late, and in all kinds of weather. We like to see a man provide something for his family, but the average boy is better off if not left too much property. You who have labored your three score years should stop work and enjoy life the few short years you have left to remain with us.

—The Culver Cash Hardware company has placed in the store a handsome eight-foot all glass show case for the display of cutlery.

## STORING VEGETABLES.

### Earth Burial Declared the Best Way in the Winter.

The best method of storage is that which most nearly approaches nature's own—earth burial, says the Garden magazine. Some vegetables cannot be kept in any other way. In practice these conditions are met by providing a cool, dark place, good drainage, and air dry enough to prevent rotting, but not so dry as to cause shriveling. A very good contrivance is a barrel either bottomless or with holes bored in the bottom to allow for drainage. Sink this into the earth and cover the top with straw. Don't bury roots or fruits in heaps or they will taste earthy.

Whichever way you store you must see that light is excluded or the vegetables will grow, and that the roots are protected from intense cold.

For storing on the cellar floor, first put salt hay on the floor. Heap the roots in a pyramid-shaped

pile of convenient size for getting at on the hay. Cover the pile with earth, which will also fill in the spaces between the roots. A final covering of earth to the depth of two or three inches makes all snug for the approach of early winter's cold. As the weather gets more severe, add more and more hay to prevent freezing.

### Transition.

When the sun was slowly setting  
Down behind the darkened hill,  
And the owl comes out to visit  
Through the night so loud and shrill,  
And the crickets gaily chirping,  
As the wind goes sounding by,  
While the clouds are sailing swiftly  
Far away up in the sky;

While I'm standing in the corn-field

A-listening to the leaves  
Rustling all around the corn-shocks  
In the cool October breeze;  
Ah! a feeling then comes o'er me,  
Goeth deep into my heart,  
For our feet still stay by the heavy sod,

But our souls might now depart.  
Now comes the last of bitter hours  
To make us think of open skies,  
And now no more we see the flowers  
Of resisting into our lives.  
Then let us be with living nature,  
And living nature be our flower,  
For treading on unto our future  
God is only "Divine Power."

A. M. D., Culver.

### Keep Your Seat.

An order has been issued, so an exchange tells us, by the Pennsylvania road, that hereafter all brakemen, Pullman conductors, and porters must call out "All aboard" in a distinct voice exactly two minutes before a train leaves a division terminal. Previous to reaching stations on the road they must call out the name of the station. Passengers must keep their seats (fancy 'em doing that!) until the train stops. The orders have been issued to prevent any further accidents at the various terminals and large towns where trains stop for several minutes.

**Avoid alum and alum phosphate baking powders. The label law requires that all the ingredients be named on the labels. Look out for the alum compounds.**

NOTE.—Safety lies in buying only Royal Baking Powder, which is a pure, cream of tartar baking powder, and the best that can be made.

**A** Warm House makes a comfortable and happy home, and there is no reason why you should not have it if you go at it right. There are of course, all kinds of heating stoves, but common sense teaches us that a stove with a national reputation is the safest to invest in. We think so, and for this reason recommend the Famous Art Garland and Beckwith Round Oak Heaters above all others

**C**ALL and we will explain the principle of construction, fire holding qualities, ability to burn any kind of fuel with economy and give out more heat than any other stove. There are many reasons why these stoves have the largest sale and are called the stoves with a good character, and you should know them if you're going to buy a heating stove.

# COLE'S ORIGINAL HOT BLAST=THE CLEAN STOVE

Cut No. 1  
Shows how Dustless Ash Cover is used—the modern method. (Patented.)

**DUST PROOF**  
Cole's Original Hot Blast is the cleanest stove ever placed on the market. Our method of removing ashes shown by cut No. 1, is perfectly clean and overcomes the many objections to the ash pan used in other stoves. The elbow draft casting with its upward slant allows the empty coal-hold to be set under the draft so that no ashes or coals can be spilled on the floor. Our patented dustless ash cover shown by illustration is furnished free with Nos. 122, 152, 182 and 196 stoves. It keeps down every particle of dust in removing ashes, a feature that will be appreciated by every housekeeper.

The ash pans used in other stoves are too small to hold a full 24 hours' accumulation of ashes. They are usually over-filled when removed, and the ashes in the bottom of the stove are dragged out on to the carpet, as shown by cut No. 2. You are all fam-

iliar with the ash pan method, and have, no doubt, gone through the process many times of spreading a newspaper or cloth under your stove every time the over-filled pan is removed.

The ash pan is not only dirty, but is a great evil in stove construction. It adds a door and joints which can be made only temporarily air-tight by the use of stove putty. These joints open after a few weeks' use, rendering ash pan stoves worthless as fire keepers. It makes them fuel-eaters rather than fuel-savers. The ash pan and the shield for guiding ashes into the pan, also prevent base heat.

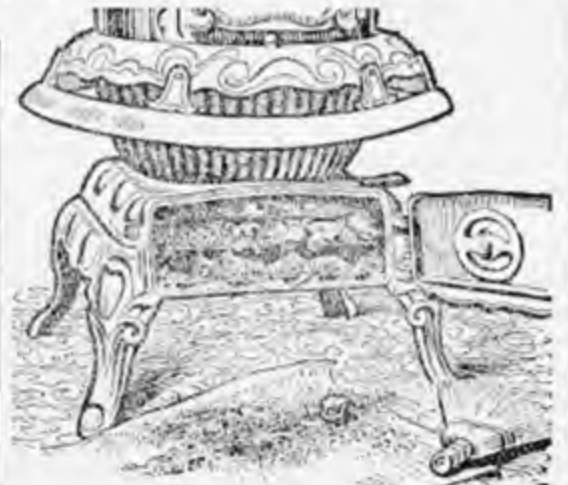

**Our method is the only clean way. The whisk broom, turkey wing and dust cloth are dispensed with.** There are no joints to leak air, base heat is not retarded and Cole's Hot Blast is the cleanest stove, the best floor heater and the only stove in the world which can be guaranteed to remain always air-tight.

## SMOKE PROOF

The feed door on this stove is guaranteed smoke proof and does away with the escape of smoke, soot and gas into the house. Side feed doors used on other stoves discharge a cloud of gas and soot-laden smoke into the house and scatter soot and ashes over the carpet when opened.

Another point: In feeding coal into a side feed door it has to be thrown into the stove, which usually results in scattering much of it over the floor. With our cleanly smoke proof feed door the coal is poured into the stove even to the dust in the bottom of the hod without a particle being spilled on the floor.

This clean and economical stove burns the gases which often escape into the rooms with other stoves. The annoyance and dirt from kindling new fires is dispensed with, as the room is heated up in two or three hours each morning with the fuel put in the night before and the fire is never out. **COLE'S ORIGINAL HOT BLAST** is the cleanest stove made and will more than save its cost in fuel each winter.

Cut No. 2  
Shows the dirty ash pan method.

### MINCE PIES—AH!

**Indulgent Housewife Now Preparing the Dyspepsia Dope.**

Mince meat is appearing in the stores to be in readiness for the heavy demand due about Thanksgiving. Those who are fond of mince pies will rejoice despite the fact that they will be compelled to pay slightly more for the product than in former years. The pure food law is responsible for this. Formerly water and preservative were used to give the proper consistency and coloring. Now boiled cider must be used, which improves the flavor and is better in many ways. Once mince meat sold at 10 cents per pound, but now it is generally sold at 12½. With the approach of colder weather the demand is growing stronger. However, not a great deal is sold in Culver as most of the housewives adhere to the good old fashion of making their own mince meat, using lots of meat, lots of apples, lots of suet, lots of fat raisins, plenty of citron and spices, a little lemon and orange peel and everything else that's good.

### Corn Shrinkage.

Corn shrinkage is a matter of general interest to farmers, and very few realize how much ear corn will shrink from the time it is considered dry enough to crib to the time it is thoroughly dried out, as it is in May or June. September 24 we hung up in our office five ears of corn which were pronounced dry enough to crib. The five ears weighed 98½ ounces. On October 24 we weighed them again and they weighed 65½ ounces, shrinking or drying out 33½ ounces, over 34 per cent.—Pontiac, Ill., Sentinel.

—Our citizens deserve credit for the pride they take in our schools. We venture the assertion that not a student ever went forth from our little city, but went away with the best wishes of our people; they gave him encouragement during school life and when he departed took him by the hand and said, "God speed thee." Not one who has finished the course in our schools, wherever he may now be, but wishes our town and her people well, for it was among our christian people, surrounded by an influence that was elevating and noble, animated by the splendid example of our citizens, that he received the foundation which makes him today the upright citizen in any community in which he may live.

### A Stove Bargain.

Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel capped glass jar, 50 cents. Sold and recommended by T. E. Slatery, druggist.

### Typhoid Fever.

Typhoid fever is a filth disease. If every family would take care of all sewage in a sanitary way, typhoid fever would disappear from the land. Every county has reported this disease present this fall and the cost it has put the people to is enormous. The misery, sorrow and family troubles it has brought can hardly be estimated. If we deposit sewage into pits and allow it to soak down into and below the ground, it is liable to get to our wells and frequently does, and this is one way we acquire the disease. If pits are not covered, then in the summertime, flies can get at them and carry sewage into the houses and place it upon food where it will be eaten.

### A REMARKABLE TREE.

A White Oak that is Perhaps the Biggest in Indiana.

A white oak tree in Kosciusko county, on the 80-acre strip that belongs to Hollis Tucker, is a giant of its kind. The tree measures 27½ feet in circumference three feet above the ground, and would make five 12-foot logs to the first limb. Forty-four walnut trees were cut in this strip a few years ago and they brought \$6,500. Three years ago, when Mr. Tucker was 80 years of age, he planted thirty-five bushels of walnuts on the tract. Mr. Tucker recently refused an offer of \$19,000 for the eighty acres.

### NORTH UNION NUGGETS.

Miss Ruth Castleman, Correspondent.

Mrs. Grover Castleman and her mother, Mrs. Philip Sickman, visited in Argos a few days last week. George Osborn returned from Nebraska last Wednesday. He likes the country very well. Mr. Harry DeMoss visited his uncle, William Castleman, and family a few days. There will be services at the North Union church next Sunday afternoon at 2:30. Everybody invited to attend. Miss Pearl Pettis of Culver is visiting her cousins, Misses Myrtle Grove and Ruth Castleman. Misses Mamie and Gertie Wolf and Earl Wolfe were the guests of Miss Edith Carpenter Saturday and Sunday. Mandes Myers and wife spent Sunday with the former's parents, Mr. and Mrs. J. Myers. Philip Sickman, wife and daughter Pearl and L. Ke Burkett dined with the family of Wm. Castleman Sunday. On account of the bad weather Saturday night the box social at the Castleman school house was postponed until Thursday night, Nov. 22. An invitation is extended to all. Come and enjoy yourselves.

### WASHINGTON WARBLINGS

O. P. Jones, Correspondent.

Owing to the threatening weather Sunday there was no Sunday school at this place. A company was formed in Green township and purchased a four 12-roll corn shredder and gas engine and are new ready for business. Miss Susie Shilling of Culver was the guest of Ethel Alden Sunday. Will Peoples, wife and sister Emma called on Ollie Jones and wife Sunday evening. Debolt Kline and wife of Argos visited relatives in this neighborhood last week. They will soon leave for the South for the benefit for the latter's health. Frank Kline and wife of Delong took dinner with John Kline and family Friday.

### DUTCH STREET.

Miss Dola Shrock left for Chicago Monday where she will remain for the winter. Mrs. Anna Triplett is on the sick list at this writing. Mrs. Morris Agler returned Saturday from a visit with relatives in Chicago. They have been doing lots of good work on the roads in this district the past two weeks. Ollie Clemons bought some hogs of Mr. Mattox last week. Ed Stuck purchased a fine driving horse last week. Now girls, for horse ride. Now girls, for a buggy ride. Mr. and Mrs. George Skibbe of Chicago were here Saturday and Sunday visiting Hibbard friends, and looking after farm interests. Henry Listenberger made a business trip to Culver Saturday. Anyone wanting to buy a good horse farm call on E. D. Schrock 1/2 mile north of Hibbard. Miss Nettie Stuck returned to Plymouth Monday after a week's visit here with her parents, Mr. and Mrs. Daniel Stuck. W. H. Listenberger has made a great improvement by painting his house.

### NEIGHBORHOOD NOTES.

Miss Louisa Fear, Correspondent.

Mrs. George Fear is on the sick list. Al Johnson called on Mr. Oliver Johnson Sunday. Jacob Kaley and George Fear were in Monterey last Saturday. Misses Dessie and Esta Overmeyer were entertained Sunday by their cousin, Winnie Hosmer. C. Eller has moved on to the farm known as the Fred Zechel farm. Mr. and Mrs. Schuyler Overmeyer were guests of George Fear and family Sunday. Edward Hosmer and wife entertained Mr. and Mrs. Isaac Wolfe Sunday.

### NORTH BEND NOTES.

Mrs. Jane Castleman, Correspondent.

Farmers are hustling and some are about done husking corn. Miss Gust and Harry Doyle made a trip to Monterey Saturday. Mrs. T. P. Davis and Jennie Chaney drove to Mr. Barley's Sunday. Joe Castleman was very sick last week but is able to be about again. Mr. Baker and Wm. O'Conner were visitors at Alvin Good's Sunday afternoon. Miss Abbie Demont and Mr. Hall, formerly of Knox, were married in Chicago a few days ago. Wm. O'Conner shipped a carload of potatoes to Hoopeston, Ill., one day last week. Solomon Wolfram, the Monterey lumberman, made a business trip to this vicinity one day last week. Tom Chapman and wife drove to Monterey Sunday afternoon. Mrs. J. E. Demont visited at Harry Leopold's last Sunday.

### BURR OAK BRIEFLETS.

G. A. Maxey, Correspondent.

G. A. Maxey and daughter Louise spent ten days in Minot, N. D., and Minneapolis visiting his sister whom he had not seen for 25 years. Born, to Mr. and Mrs. Zenith McCrory, a son. Miss Maude Maxey has recovered her health and returned to her school last Monday. The steam shovel has shut down for the season and the work trains have gone. There was no Sunday school at the U. B. church last Sunday on account of quarterly meeting at Donaldson. Prayer meeting next Thursday night; after that it will be after Sunday school for awhile. Miss McDonald of Plymouth taught for Laura Maxey during the latter's absence. The items from Burr Oak will appear regularly hereafter as the writer has returned from his visit and will give proper attention to the news of interest to the readers of this paper.

### OBER OBSERVATIONS.

S. Shepherd, Correspondent.

Mrs. Bertha Heath and children of Wheeler, who has been visiting relatives at Ober since death of her husband, Chas. Heath, returned to her home Monday. H. C. Hisey and Mr. Kelley started to the Soldiers' home at Johnson City, Monday. Mrs. Ira Green is seriously ill. F. O. Hisey and son Willie spent Sunday at home. Albert Heath of Laporte county was home over Sunday. Mrs. Anderson of Summerset, mother of Mrs. W. W. Osborn, came to Ober to remain throughout the winter. Mrs. E. H. Poland and Mrs. Boots are visiting relatives in South Bend this week. There will be church at Ober every Sunday evening during winter. Protracted meeting commences Dec. 2, conducted by Rev. Veach of Hamlet. Miss Izora Rea entertained friends from DeMotte, Ind., over Sunday.

### MOUNT HOPE MAGNETS.

Miss Della Edgington, Correspondent.

Miss Norah Strong of Akron visited the family of Lee Slonaker over Sunday. Mrs. John Brugh is very low at this writing. Mrs. Elmer Sturgeon and baby and Miss Nela Wagoner of Logansport are visiting their mother, Mrs. Elizabeth Wagoner. Mr. Noah Large of Huntington is visiting his niece, Mrs. Isaac Edgington, and family for a few days.

### MONTEREY MORSELS.

From the Winamac Democrat.

Jeanette, the youngest child of Celestine Brucker, met with a painful accident. An older child was moving a lamp, and Jeanette, not seeing her, ran against the lamp, breaking it and cutting a three-inch gash above one eye. It bled excessively, but a doctor was summoned by phone and cared for the ugly gash. Anthony Bender died at his farm home after three months sickness. The disease seemed to be a general bodily overthrow, against which Dr. Overmeyer and Dr. Thomas found all the organs of the body disordered, and death hovered over him during all the weeks of his indoor confinement. Anthony or "Andy" as he was called, was a prosperous farmer, and he leaves to his widow and one son a good 140-acre farm.

J. W. Daugherty is down with typhoid fever. Mr. Daugherty and family have had very little else but sickness since early in the summer. They were among the first to have smallpox, not one of the seven members escaping. Prior to that two daughters nearly met death by being thrown from a buggy, one of the girls being badly injured. Monterey Sun.

Preventies, as the name implies, prevents all colds and grippe when "taken at the sneeze stage."

Preventies are toothsome candy tablets. Preventies dissipate all colds quickly, and taken early, when you first feel that a cold is coming they check and prevent them. Preventies are thoroughly safe for children, and as effective for adults. Sold and recommended in 5 and 25 cent boxes by T. E. Slattery, druggist.

## THE GREATEST OF SALES

Mighty Purchase of the Highest Quality of Goods!  
We have closed out the entire surplus stock of A. B. Kirschbaum & Co., the great manufacturing tailors of Philadelphia, at Fifty Cents on the Dollar of actual cost to make. They sacrificed their profits on all these fine goods because they were compelled to devote their time to the making

of spring clothing. We were "Johnny-on-the-Spot." We bought the goods and will place them on sale Wednesday, November 21, at unheard of prices. Don't miss it, as this is positively the greatest offering in the highest-grade clothing ever placed before the people of Marshall County.

## LAW AFFECTS OFFICE TERMS

Recent Decision of Attorney General Changes the Tenure of the County Offices

### WHAT THE MARSHALL COUNTY OFFICIALS WILL DO

To Avoid all Risk they will Proceed at Once to Qualify for Their Positions

Prosecuting Attorney J. A. Molter will qualify at once so as to take no chances so far as getting his office is concerned, says the Plymouth Independent. If the supreme court upholds Attorney General Miller's opinion, he is inclined to the belief that he could not get the office if he delays until Jan. 1 to qualify. Sheriff-elect Dan Voreis and Surveyor-elect Percy Troyer will also qualify at once. If the supreme court sustains, Molter, Voreis and Troyer will take their office at once. Auditor-elect Walker will get his office in March, Auditor Singrey being obliged to surrender after holding the office only three years and three months. Clerk-elect Whitesell would get his office next November instead of Jan. 1, 1907.

Concerning the opinion, the Indianapolis News says:

"In an opinion filed, the attorney general decided that the act of 1903, which attempted to make uniform the beginning of the terms of county officers, is unconstitutional, and that all county officers, including judges and prosecuting attorneys, whether their office is constitutional or legislative, will enter on their new terms at the expiration of the terms of their predecessors, whenever that may be. In effect, this opinion, if followed, entirely abrogates the act of 1903, and leaves the situation, so far as the beginning of terms is concerned, exactly the same as it was before the enactment of that law. All judges of the state, together with other county officers, will enter on their terms at the expiration of the terms of their predecessors, and not wait until Jan. 1, 1907, as the law of 1903 provided.

"This decision affects judges of circuit, superior and criminal courts, all prosecuting attorneys, all county auditors, treasurers, clerks, sheriffs, recorders, assessors, coroners and surveyors. Instead of taking office Jan. 1, 1907, as the law provides, they will begin their duties the day the term of their predecessors would have expired regularly, that is, had the law of 1903 not been passed. These expirations come at different times, mostly in November."

Local attorneys at Plymouth seem to take issue with the attorney general, declaring that the law of 1901 fixed the terms of office to begin with Jan. 1. In pursuance of this deliverance it is now stated that the Marshall county officers will not qualify before that date. The attorney general either does or does not know the law, but presumably he does. The vagueness which characterizes the acts of state legislative enactments, and the variance with which they are interpreted by lawyers are among the queer and mysterious things of our legal machinery.
